Schools Close Early Because Of Hot Weather

Hot, humid weather led to the unprecedented early dismissal of Garrett County public school students Tuesday. As temperatures surpassed 85 degrees and the relative humidity was approximately 86 percent, School Superintendent Jerry Ryscavage decided that the resulting discomfort for students and teachers was counter-productive to the teaching-learning process.

"Many of the school buildings in Garrett County are designed with little natural or built-in ventilation," Ryscavage said. This combined with the hot temperatures and even more heat generated by 25-30 persons in a classroom led to his decision to send students home.

Ryscavage noted that he recognized the early dismissal may have caused difficulties for parents or guardians who were not at home at the early hour to accept students. He expressed his appreciation to local radio stations for airing the decision promptly so that these parents knew to expect the students home early.

AN ICE CREAM CONE from the corner store really hits the spot when the temperature and humidity both rise to 90 or above, as they did several times this past week. These youngsters in Accident went for a spin on their bikes, but discovered that sitting in the shade with their favorite flavor was more enjoyable. For the first time in the history of the county, local schools were closed early on Tuesday, the second day of school, because of the extremely uncomfortable conditions in many classrooms, making teaching and learning a virtual impossibility. A cool front arrived Tuesday evening, however, bringing some much needed showers (although widely scattered) and reducing the temperatures. More scattered showers are predicted for today and tomorrow, with a pleasant weekend to follow. Photo by Craig Phillips.

Edwards, Hafer To Hold Series Of Town Meetings

In an effort to be of assistance to the citizens of Garrett County District 1 Senator John J. Hafer and District 1-A Delegate George C. Edwards have scheduled a series of town meetings throughout the region during the month of September.

Hafer and Edwards will be available to discuss problems concerning state agencies or to receive questions or comments about legislative concerns. No appointments are necessary for the times designated, and all residents are encouraged to visit.

The schedule is as follows: Wednesday, Sept. 8, from 5-7 p.m., at the Oakland Town Hall, 15 S. Third St.; Monday, Sept. 13, from 6-7 p.m., at the Friendsville Municipal Bldg., 313 Chestnut St.; with the regular mayor and council meeting beginning at 7 p.m.; Wednesday, Sept. 15, from 6:30-7:30 p.m., at the Accident Town Hall, with the regular mayor and council meeting to begin at 7:30 p.m.; Monday, Sept. 20, from 6-7 p.m., at the Grantsville Fire Hall, with the mayor and council meeting beginning at 7:30 p.m.; Monday, Sept. 27, from 6-7 p.m., at Kitzmiller, with the mayor and council meeting at 7 p.m.; and Thursday, Sept. 30, from 5-7 p.m., a regional meeting for Mtn. Lake Park, Loch Lynn Heights, and Deer Park at the Mtn. Lake Town Hall.

GCMH Foundation Receives $25,000 Memorial Donation

The Garrett County Memorial Hospital Foundation recently received a memorial donation of $25,000 from Edward B. Hinebaugh that will be used to fund a new nurse/patient call system at the hospital.

Hinebaugh presented the donation in memory of his wife, Hazel P. Hinebaugh, who died several years ago. The Hinebaughs were residents of Garrett County until leaving to follow their careers in the Washington, D.C., area. Mrs. Hinebaugh worked with the National Rural Electric Cooperative Association while Mr. Hinebaugh was an officer with the McIntire Corporation, which operated a chain of hardware stores and managed several apartment buildings in the Washington area.

The Hinebaughs returned periodically to Garrett County for summer vacations. Although Mr. Hinebaugh now spends the winter months in Florida, he still visits friends and family in Garrett County during the summer months.

In reviewing the commemorative options, it was determined by the Foundation that the new nurse/patient call system would benefit every patient who is admitted to Garrett Memorial. This is the system

Friendsville Area House Seriously Damaged By Fire

A one and one-half story log house located along Frazee Ridge Road near Friendsville sustained major damage as a result of a fire Monday evening.

Volunteer fire fighters from Friendsville and Accident were summoned to the residence of Roland and Shirley Fisher at 6:06 p.m. and, upon arrival, found heavy smoke coming from the structure. According to Terry Spear, chief of the Friendsville VFD, the fire originated in the basement and was basically contained there; however, heat and smoke damage throughout the house was extensive.

Spear said that the cause of the blaze was believed to be lightning or electrical in nature. Steve Wendling, fire investigator for Allegany and Garrett counties was called to the scene to investigate and determined that the fire originated in the basement of the home near the electrical service panel. He estimat-

Three Local Attorneys File For G.C. District Court Judgeship

Thayer Seeks Re-Appointment

Three local attorneys have filed for judgeship for Garrett County District Court. That seat is being left vacant by the September 2 retirement of Judge Jack R. Turney, who has served that position for over 10 years. Also, Judge Frederick A. Thayer is seeking re-appointment to his current position - Garrett County Circuit Court judge.

The attorneys seeking the District Court judgeship include Ralph M. Burnett, 50; Robert C. Hesson, 43; and James L. Sherbin, 48. They have filed applications and will be interviewed on October 7 by the Judicial Nominating Commission which submits nominees to Governor William Donald Schaefer.

A partner in the law firm, Burnett, Eiswert, and Janes, which he established with Leonard J. Eiswert in 1976, Burnett is a former Garrett County State's Attorney. He serves on the Rocky Gap Foundation Board of Directors and the Garrett County Economic Development Corporation. He also served on the Governor's Western Maryland Economic Development Task Force.

Burnett received his juris doctor degree, cum laude, from the University of Baltimore in 1972 and a B.A. degree in English literature from Dickinson College in 1965.

Sherbin is a four-term Garrett County State's Attorney. He graduated cum laude from the University of Baltimore School of Law in 1970. He also obtained a B.A. degree in history and

Maryland Education Coalition To Meet With Commissioners

As a result of an earlier meeting with the Garrett County Board of Education, representatives of the Maryland Education Coalition (MEC) have agreed to meet with the Garrett County Commissioners on Tuesday, Sept. 7, at 11 a.m.

MEC has been the primary moving force in encouraging the state to thoroughly study the adequacy and equity of the state funding of Maryland's schools, according to a board office spokesperson. The current Governor's Commission on School Funding has been working this summer conducting such a review and plans to report its findings to the governor by November 1.

Arthur Boyd and Rod Clark, representatives of MEC, will present their proposal entitled the New APEX. The proposal, which has significant support from various members of the General Assembly, the spokesperson said, proposes

Waste, Recycling Group Recommends $20 Garbage Fee

During the second meeting of the Garrett County Solid Waste and Recycling Advisory Committee, a recommendation was made that an annual fee of $20 be charged for each vehicle belonging to a Garrett County resident or property owner that is used to transport garbage to any of the six dumpster collection sites within the county.

The recommendation is being made to partially offset the costs associated with manning the collection sites -- an action also recommended in order to help recyclers with proper sorting techniques, to provide safety, and to minimize theft of recyclables.

Individuals who have their vehicles registered under this system will be issued a sticker to place on the windshield or bumper of the vehicle. The sticker will provide those vehicles access to all the county sites, which would only be accessible to homeowners. Business, contractors, and commercial haulers would be required to haul refuse to the county landfill.

"Restriction of access to these sites is also critical to avoid the excess costs the county has incurred in the past from non-county residents' illegal use of these facilities for disposal of their refuse," stated Rodney Glotfelty, director of the Garrett County Solid Waste and Recycling Office.

In addition to the recommendation that the rural satellite collection sites remain available to the public in order to dispose of household refuse at convenient locations, the committee recommended that the county continue to operate six collection sites at or near the current locations.

Garrett County also plans to operate a homeowner's drop-off station at the new solid waste disposal and recycling facility which is currently being constructed just off the Oakland-Sang Run Road.

The committee also recommended that the sites be open to the public between 40 and 45 hours per week with specific hours of operation to be determined at a later date.

Committee members were briefed on a requirement of the Maryland Department of the Environment that the public participate and be afforded comment in the

Beall's Trial Never Begins, As He Pleads Guilty To 2nd Degree Murder

The trial of accused murderer George H. Beall Jr., 39, was over before it began this morning as Beall immediately pleaded guilty to second degree murder. Judge Fred A. Thayer accepted the plea and ordered a pre-sentence investigation, according to a spokesperson for Garrett County Circuit Court.

Jury selection was scheduled to take place this morning, but before the process was initiated, Beall made his plea, the spokesperson said. The defendant was arrested in February of this year following the death of Virginia E. Brady, 31, who was mortally shot in the parking lot of Razzberry's Sports Bar, McHenry.

According to reports, Beall was involved in a domestic altercation with his estranged wife on the night of the shooting, February 14. The two quarreled at the bar, according to police reports, and Beall went out to the parking lot. While Mrs. Beall remained inside the bar, Ms. Brady apparently followed him, and she was fatally shot a short time later. After allegedly shooting the woman, Beall apparently shot himself in the head through the chin. Critically injured, the defendant convalesced over several weeks before being formally charged with the murder in late March.

A sentencing date was not indicated by the court spokesperson. Coverage of the sentence hearing will appear in *The Republican*.

Gypsy Moth Population Being Monitored; Task Force To Make Recommendations

The Garrett County Gypsy Moth Task Force is currently reviewing information regarding the present status of the gypsy moth population in the county, and is gearing up to make its recommendations for a course of action to the Garrett County Commissioners, according to Jim Simms, Garrett County Extension Agent.

The unofficial results of a phone survey conducted by the extension office -- with approximately 150 responses reported -- revealed that infestation is "pretty widespread but, in general, the population is not tremendously large," stated Simms. "That population could explode pretty fast, though."

Several options are open to the county in dealing with the resurgence, said Simms, who noted that his office is "in the midst of negotiating with the Maryland State Department of Agriculture but nothing is finalized yet."

Simms reported that the plan being offered by the state is among those options under review by the task force, and indicated that, while that plan might prove to be the most cost-efficient, it may not suit all residents and all situations.

The state and county conducted their most intensive and widespread spray program several years ago when gypsy moth infestation was at its peak in certain areas of the state. Bob Tichenor, chief of Forest Pest Management for the Maryland Department of Agriculture, stated that an increase in the gypsy moth population is expected in the next couple of years, statewide, and that "we are seeing signs of a resurgence in Garrett County, although there seems to be higher infestation levels in Allegany County."

Currently, however, no formal survey has been initiated to determine even an approximate level, he said.

Tichenor said that no defoliation had taken place in Garrett County for the past two years, and emphasized that spray programs

Oakland VFD To Host Meal, Parade, Oktoberfest During Autumn Glory

The Oakland Volunteer Fire Department will open Garrett County's 26th Annual Autumn Glory Festival with a variety of events on Thursday, October 14, in downtown Oakland.

The first event on the Autumn Glory agenda will bo an Oktoberfest meal at the Oakland fire hall on Third Street, featuring German-style food and drink. Advance tickets for the dinner will be on sale at noon at the fire hall, and the meal will be served from 4 p.m. until 7:30 p.m.

The Firemen's Parade at 7 p.m. will feature bands, drill teams, fire equipment, antique fire apparatus and rescue apparatus from the surrounding area. Participating departments are judged in several categories. Firemen from Maryland, Pennsylvania, West Virginia and the surrounding areas are invited to join the parade. Prior to the parade, apparatus judging will be held at the Farmers' Market parking lot on Route 219 north of Oakland from 5:30 p.m. until parade time.

Wrapping up the evening will be the annual Oktoberfest Celebration, beginning at about 8 p.m. at the fire hall. The celebration includes German-style food, drink, and the OVFD Oktoberfest Band, directed by Manning Smith. The Fireman of the Year Award and the Training Award will be presented at this time by the Garrett County Firemen's Association. There is no admission charge.

For more information on this event or a free festival brochure, persons may contact Festival Headquarters, Deep Creek Lake-Garrett County Promotion Council, Courthouse, 200 South Third Street, Oakland, MD 21550; telephone (301) 334-1948.

SKETCHING A FUTURE GOVERNOR? Local artist Gayla Prantica recently captured the likeness of Parris Glendening, a candidate for governor of Maryland at the annual Bull Roast, sponsored by the Garrett County Democratic Club and the Garrett County Democrat State Central Committee. An educator, Glendening speaks out for better education, excellence in government services, balanced economic development, and environmental protection and preservation. Pictured below, in a mix of party affiliations, left to right, are Louis L. Goldstein, Democratic comptroller of the state and honored guest at the Bull Roast; and from the "other party" are District 1-A Delegate George C. Edwards and District One Senator John Hafer. See story on page A-9.

A MAJOR DONATION was presented recently by Edward B. Hinebaugh to the Garrett County Memorial Hospital Foundation. As a memorial to his late wife, Hazel P. Hinebaugh, Mr. Hinebaugh donated $25,000 to the Foundation, which will be used to purchase a new nurse/patient call system in the hospital. Pictured left to right above are: Joyce R. Andrews, R.N., GCMH director of nursing; Kathy R. Graasar, director of the GCMH Foundation; and Mr. Hinebaugh. See story for details.

DAV Forget-Me-Not Campaign To Be Held In Sept.

September has been selected as the month of the annual Forget-Me-Not Campaign of the Mountain Top Chapter #29 of the Disabled American Veterans (DAV). Throughout the month, DAV volunteers will hand out forget-me-not flowers in all parts of Garrett County.

Funds raised in this project will be applied directly to the assistance of local disabled veterans an their families in the coming year, according to Edward C. Nazelrod, commander of the Mountain Top Chapter.

Funds collected in last year's forget-me-not drive were used for the Garrett County veterans' service, relief, and assistance. Transportation was provided for veterans to make appointments at the Cumberland Veterans Affairs Clinic, Martinsburg (W.Va.) Veterans Medical Center, or Clarksburg (W.Va.) Veterans Medical Center, and weekly visits to the local nursing homes.

"It's easy to show that you remember and appreciate the sacrifices of the men and women who became disabled in the service of their country by wearing a forget-me-not during the month of September," Nazelrod said.

FORGET-ME-NOT MONTH PROCLAIMED - The Garrett County Commissioners this week proclaimed September as Forget-Me-Not Month in recognition of the Disabled American Veterans (DAV). During this month, DAV volunteers will be handing out forget-me-nots, small blue flowers, to help citizens remember all who became disabled in the service of the United States. The proclamation states that the glory and the promise of this great nation has been fostered as a direct result of those brave men and women who have served the country in times of conflict, and this includes members of the Disabled American Veterans, Department of Maryland, Inc. The proceeds of the annual Forget-Me-Not campaign are used for the benefit of the disabled and needy veterans and their families. The proclamation urges the citizenry's support of the campaign to "help show, at least in a small way, that we still truly appreciate the tremendous sacrifices these veterans had to make in the honorable name of liberty." Seated from left to right are Commissioners Brenda Butscher, Elwood Groves, and John Braskey. Standing in the same order are Clara Gauer, DAV commander; Hazel Meyers, treasurer; Howard Boltz, adjutant treasurer; Ed Nazelrod, commander; and Bill Meyers, past commander.

CDS; Assault, Battery Arrests Noted By MSP

The Maryland State Police, Barrack W, McHenry, reported two separate arrests this past week. One arrest involved drugs and the other involved an assault and battery case.

Kevin B. Ham, 22, and Robert J. Rhear, 41, both of Iuka, Miss., were arrested and charged with one count each of possession of marijuana and possession of drug paraphernalia last Thursday.

That arrest occurred when a female attendant at the Youghiogheny Overlook Rest Area on Interstate 68 called police to report that two males had stopped at the rest area and had been there approximately two hours. She told police they were acting "strange" and that she feared for her safety. When officers arrived at the scene, they reportedly "patted down" the two men and found 22.8 grams of suspected marijuana and two homemade smoking pipes.

Tfc. J.R. Tindal made the 5:59 p.m. arrest.

A&B ARREST

An 18-year-old Oakland man was charged with two counts of assault and one count of battery following an August 24 incident in Deer Park.

Todd W. Riley was charged with those offenses after he allegedly struck a 16-year-old male with his fists and allegedly threatened to kill the 16-year-okl and another 14-year-old male while they were camping in Deer Park. Tfc. D.W. Broadwater was the arresting officer.

DOP REPORT

American Trust Bank, Deep Creek Lake branch, was the scene of a destruction of property sometime between August 25 at 8:11 p.m. and August 16 at 9:15 a.m.

Bank officials told police that someone jammed 13 out of 15 keys on the keyboard panel to the automated teller machine. The cost to repair the damages was estimated at nearly $200.

Tfc. D.W. Broadwater is continuing his investigation. Persons with any information should call state police at 387-5511.

Suspects Sought By MSP For Truck Stop Theft Tues.

A black male and white female are being sought by the Maryland State Police, Barrack W, McHenry, in connection with a theft that occurred Tuesday at noon at the Keyser's Ridge Truck Stop.

Police reports indicate that a female kept a cashier busy while a male stole a cash bag containing approximately $3,800 in cash and checks.

The man is described as being 5'6" tall and weighing approximately 180 pounds. The women is 5'4" tall and weighs approximately 110 pounds. They were last seen in a small grey or silver vehicle on U.S. Rt. 219 near Interstate 68.

Persons with any information about this crime should call the state police barrack at 387-5511.

Barton Man Found Guilty Of Fourth-Degree Sex Offense

A Barton man was found guilty of a fourth-degree sex offense in Garrett County District Court proceedings last week by Judge Jack R. Turney.

Troy C. Colmer Sr. 29, was found guilty of that offense and was sentenced to six months in jail (suspended), fined $100, and placed on 18 months of supervised probation. He was also ordered to pay for counseling services for the victim and to have no contact with the victim.

Colmer had been charged with that offense by the Maryland State Police after it was learned that he was having consensual sexual intercourse with a 15-year-old female.

In other District Court news, Curtis B. Ridder, 37, Oakland, was found guilty of two counts of possession of marijuana. Turney sentenced him to six-month concurrent jail terms (all was suspended but time served) and placed him on two concurrent terms of 36 months of supervised probation. Fines were waived. Two counts of conspiracy and two counts of distribution of marijuana were not prosecuted because of plea agreements with the State's Attorney's Office.

Ridder was ordered to seek counseling and enroll in a drug rehabilitation program.

He had been arrested in November of last year after he reportedly sold marijuana to an undercover police officer on two separate occasions.

Charles R. Nolf, 57, Confluence, Pa., pleaded not guilty but was found guilty of felony theft. He was handed a six-month suspended sentence, fined $50, and placed on six months of unsupervised probation. He was also given 60 days to return the items he stole.

Nolf had been charged by the Maryland State Police after an investigation revealed that he stole several rifles from Evelyn Bittinger. He was reportedly living with Bittinger and after an argument he moved out and took the rifles and reportedly refused to return them.

Gary Ashby, 21, Oakland, was found guilty of malicious destruction of property and sentenced to 90 days in jail. He was also fined $50. Charges of battery against him were not prosecuted.

He had been charged with those offenses by Kenneth Helmick following a December 5, 1992, incident, in which Ashby reportedly entered Helmick's apartment and refused to leave. Helmick also contended that Ashby battered him in the parking lot later.

Stephen J. McGreevy, 38, Swanton, was found guilty of operating a boat while intoxicated. He was handed a one-year jail term (all was suspended but 10 days), fined $1000, and placed on two years of supervised probation. A second charge of speeding was not prosecuted in a plea agreement with the State's Attorney's Office.

McGreevy had been charged with that offense by the Department of Natural Resources Police on June 11 at the Arrowhead Cove on Deep Creek Lake.

Larry W. Reid Jr., 21, Mtn. Lake Park, was found guilty of disturbing the peace and handed a 30-day suspended sentence and placed on two years of supervised probation. He was also found guilty of petty thett and handed an 18-month sentence (all was suspended but

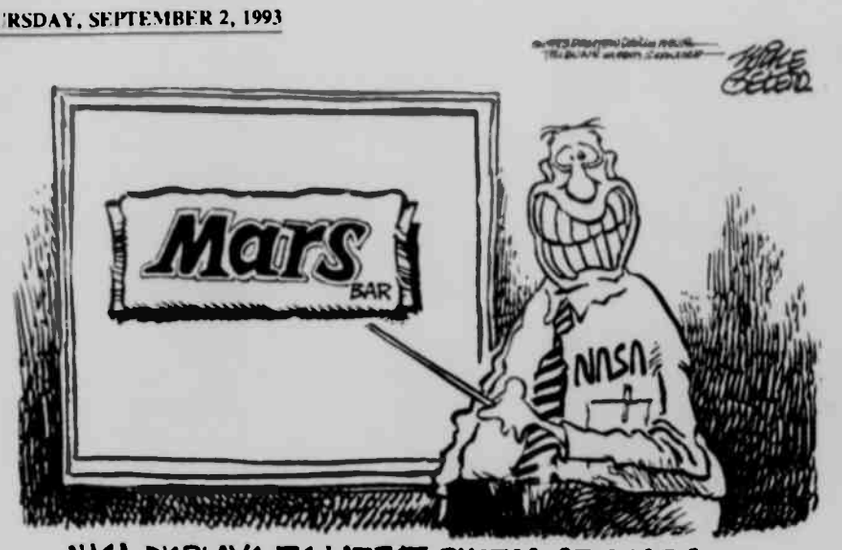
Pleased and Proud...

Dodge City - That is the description some have used when referring to the town of Friendsville; and granted, the somewhat rough but colorful history of the town may have made the nickname appropriate many years ago.

However, the town of Friendsville has much to be proud of; indeed, all of Garrett County should be proud of those approximately 560 residents for a recent project of charity that was spearheaded by the Friendsville Lions Club.



The Lions' hearts were touched by the misery and suffering of fellow Americans 1,000 miles away in Iowa who were devastated by the recent flooding, so they decided to do what they could to help. The fact that the Friendsville Lions Club is among the smallest in terms of membership, and the fact that the population of the town is so relatively small, made no difference. They decided that they could still reach out to those suffering in the midwest and really make a difference.

The result of their efforts was the collection and delivery of a staggering 20 tons, or *40,000 pounds*, of food, supplies, and household items, plus nearly $3,000 in cash. While we realize that some of these donations came from outside the town of Friendsville, these totals nonetheless represent $5 and 80 pounds of supplies from every man, woman, and child in the town of Friendsville. Surely no other town in America that conducted such a drive achieved this level of per capita giving.

We salute the coordinator of the project, Marlin Lawson, as well as the other club members and all of the residents of Friendsville, who demonstrated that they truly comprise a "village of friends."

Not only have they extended their friendship to strangers far away, but they have also done many things to enhance the quality of life in their own town. Many of these same people are responsible for extensive work on the Town Park that is destined to be one of the finest in the county. They, the Rotary Club, the fire department, and many others also coordinate and conduct special events during the year, such as Friendsville Days and the annual Friendsville Fiddle and Banjo Contest.

So, residents of Friendsville, this is one Garrett County "southerner" who is pleased and proud to be your neighbor.

Letters to the Editor

To the Editor:

We are writing this letter to express our deep appreciation for your recent coverage of our Lions Club food drive in Friendsville and surrounding areas. We want to thank Don Sincell and the staff for their diligence in giving us coverage in the paper by going that extra mile.

If *The Republican* had not gone that extra mile, we would not have been able to reach as many people as we did. The food drive was a great success, thanks to your paper and everyone who contributed to the drive. We were able to send $2,726.00 in cash and approximately 20 tons of food, clothing and appliances. When the truck arrived in Chelsea, Iowa, it was met by TV and newspapers and the driver was given the red carpet treatment by the Ames, Iowa, Lions Club.

Thanks again!

Sincerely,
Marlin Lawson, President
Friendsville Lions Club

To the Editor:

Recently I contacted a spokesperson for the transportation department of Garrett County schools to ask how to obtain a school bus stop shelter. I explained that my 11-year-old son needed this shelter, as we live 1 3 of a mile off the main road, and that he had no place to get out of the weather while waiting for the school bus.

I was told that I would have to supply one for myself if I needed it. I was told that the "state" no longer would allow "transportation monies" to be used for the supplying of school bus stop shelters. I asked this particular person how the "state" expected minimum wage earners to supply school bus stop shelters for their children?

I will ask the people of Garrett County: does that mean only children of wealthy parents get shelter from the weather while waiting for their school bus? A large percentage of the children who go to our schools are children who live at or below the poverty level. They are rural children who must walk quite a distance to await their school bus. Who will buy their bus stop shelters?

I intend to write a letter to: Don LaFonde, State Superintendent of Education, Md. Dept. of Transportation, 200 W. Balt. St., Baltimore, MD 21201. I urge other caring and concerned citizens of Garrett County to do likewise.

Thank you,
Norma J. Rodeheaver

To the Editor:

Although Deep Creek Lake may no longer by Maryland's "best kept secret," there is one relatively well kept secret in Garrett County that does not deserve to remain that way.

Last week, my wife and I attended a first-class presentation of the musical *Grease* at the Deep Creek Dinner Theatre. The entire production was highly professional and this new dinner theatre is a cultural resource of Garrett County that should be nurtured and encouraged. The proprietor, Charles Rittenhouse, is obviously engaged in a pioneering effort and is rapidly transforming a former bar into a dinner theatre operation that will enhance the cultural opportunities in this county, not only for those who spend their leisure time here, but also for the residents as well.

With a little bit of patron support, the Deep Creek Dinner Theatre should join the Deer Park Inn in adding still further to the richness and diversity of this beautiful county.

Sincerely yours,
Roger W. Titus

Oakland Update

by Mayor Asa McCain

Now that school is back in session, I would like to point out that the speed limit in Oakland is 25 miles per hour, unless otherwise posted. Please pay special attention in the areas posted "Children at Play" and "School Zone."

Please realize that there is a new "School Zone" on Center Street and Pennington Street near the old Center Street School. The building has recently been renovated and is occupied by Garrett Community Action. The building is also utilized by children through a Head Start Program. The speed limit in this area is 15 miles per hour.

Please be particularly alert and conscious of school buses and children, and remember, rules and signs are made for a reason.

To the Editor:

It is a known statistic that being on the public highways can be life threatening. When workers are doing road construction or repairs, it makes for a much more dangerous situation.

Not all trucks speed on I-68, but many do. It is necessary for us to travel I-68 for many reasons: shopping, doctor, dentist, and to visit relatives. When the speed limit of 55 miles per hour is obeyed, many vehicles pass. Some trucks almost blow a car off of the road with speed vibrations.

It was with sincere gratitude that the road workers on I-68 last week were being protected by a police cruiser being present. This protection could have prevented a terrible tragedy, or maybe Lee Coddington would be alive today, had the same service been available another day on I-68.

However, Lee Coddington is dead. A road repair foreman, a husband, a daddy, and friend, a victim of a tractor-trailer accident on the highway.

Lee left a widow, 33 years old, and two young sons. Could this accident have been prevented? Do some travelers on our highways have special privileges? How long will two little boys visit their dad's grave to tell him goodnight, and not fully understand why their daddy is gone?

These are unanswered questions, but we hope no other family goes through such a tragedy on the highway.

Sincerely,
Reba E. Riffle

To the Editor:

In July 1991, the governor doled out thousands of dollars in raises to high-level state government officials to be paid throughout the fiscal year. Yet, just 90-days into the fiscal year, the State Board of Public Works declared a "fiscal emergency" and, in so doing, fired hundreds of career state government employees. It should be noted here that none of the high-level officials was included among the hundreds who were fired. (For the record, career state employees are those who initially file applications for state work, the applications are then reviewed and a determination is made that the persons are qualified. The applicants are then tested, most often through a written examination, and the tests are scored. Thereafter, the state publishes an eligible list containing all the names of the successful candidates, their respective scores and their standing on the eligible lists. In order to be hired, candidates must stand within the top five eligible on the lists. The candidates are then interviewed to determine their adaptability for the jobs and may be subsequently hired. Upon being hired, the new employees are placed on probation and, after having successfully completed probationary periods, are then treated as *permanent* classified employees. Once the employees have completed five years of state service, they are vested in the State Retirement Systems.)

At this point, the state basically guarantees two things: One, if employees complete 25 to 30 years of service, they will be eligible for a pension and, two, if funds are cut from the programs in which they work, they are entitled to bump less senior employees in order to continue their careers. This basically describes the condition of the hundreds of career state government employees who were fired by the Board of Public Works. First, no thought was given to their tenure and, second, the classified employee protections written into the law, were abrogated. Many of these career state employees are still unemployed and are hoping that the Maryland Court of Appeals reverses their illegal terminations.

A year later, in October 1992, the Board of Public Works once again declared another "fiscal emergency" and again fired hundreds of career state employees who met the same awful fate as their brothers and sisters the previous year. Two months later, to further emphasize the "fiscal emergency," the governor reduced by 25 percent or $50.00 a month, the state grant to 22,500 enrollees in the General Public Assistance Program by cutting their average monthly benefit from $201 to $151. These must truly be tough times, times of fiscal austerity, the kind of times envisioned by the legislature when it wrote the State's Fiscal Emergency Law which permits the Board of Public Works to reduce by 25 percent any appropriation of government that it finds unnecessary.

As it turns out, the "fiscal emergency" exists all right, not by the state, obviously, but it does exist for hundreds of career state employees and the thousands of general public assistance recipients. The fiscal year in which both of these "fiscal emergencies" were implemented is the same fiscal year that the state just ended with a $10 million surplus.

To make matters worse, as soon as the fiscal year ended, the fiscally strapped state government turned around again and granted $3,000 in pay raises to hundreds of its highest paid officials.

What in the world is going on here? Ten raises at $3,000 each is equivalent to the livelihood of one career state employee who was fired with no benefits. One $3,000 raise is equivalent to restoring the state grant level to 63 medically unemployable citizens for one month.

Incredibly, the governor, the comptroller and the treasurer have decided that the fired career state employees and the general public assistance recipients are *unnecessary*. Yet, the earlier and recent $3,000 raises to the highest paid state officials are obviously deemed necessary. Whose fiscal emergency is this anyway? When Mr. Schaefer publicly speaks about all the good deeds of state employees, we now know to which category of employees he is referring.

Sincerely,
John F.X. O'Brien

House Damaged

Continued from Page A-1

ed damages at $125,000.

Spear said that the Fishers have insurance on the property. He added that the couple lost their previous house to fire three years ago. It was located just across the road from their present house.

Also responding to the scene were tankers from Addison and Marklevsburg VFDs, the Northern Rescue Squad, and the county air cascade vehicle, presently being housed at Oakland VFD. Spear said there were no injuries.

The last unit left the property just after 8 p.m.

Another structure fire was reported in the county Tuesday morning shortly after 7 a.m. along Walnut Bottom Road off State Rt. 135.

Fire fighters from Deer Park and Bloomington were called to the residence of George and Virginia Tichinell at 7:15 a.m. after fire was discovered in their garage. The blaze was brought under control and the structure was saved, although the roof and rafters were damaged.

The cause of the fire, which was investigated by Wendling, was believed to be electrical in nature and related to a dusk to dawn light that may have "shorted out."

Also called to the scene was the county air cascade vehicle from Oakland VFD. Responding via Allegany Civil Defense were fire and rescue units from Westernport VFD.

Fire fighters left the scene at 8:47 a.m.

Health Care Reform
by Pam Ashby

Am I the only middle class person who feels that total health care is only for the rich and the poor? Or do others like me believe that there is something terribly wrong when the middle class has to save for two years to go to the dentist or the eye doctor. We do, somehow, manage to get to the doctor when absolutely necessary, but we usually don't meet the yearly deductible on health insurance policies, so we scrape up the money for those bills and still continue to share the burden of weekly premiums with our employers - in case we get a catastrophic illness, in which case we can actually reap the benefits of our health insurance. That is, if the costs are approved by the insurance company.

I'm not blaming anyone because I'm not quite sure who or what to blame, but I do think reform is long overdue. Just when you think it's safe to make a routine dental or eye examination appointment for the kids, WHAM, the four-year-old hot water heater blows up and the water storage tank springs a leak and, hey, there goes the money for such luxuries as health care.

Even the rules for using health care are mixed up in many cases. The insurance company won't pay for well baby check-ups that insure the health of one's children, but they will pay (in part, at best) if little Susie swallows a bottle of poison or breaks her arm, or get this, develops measles because the parents didn't bother with immunizations. We should be rewarding parents who keep up with their infants' health checks.

Now, I didn't mean to make a blanket statement earlier saying that health care is only for the rich or the poor, but it is a fact that wealthier people make enough money to pay for better health policies or work for government agencies that provide adequate insurance at my (the taxpayer's) expense. And the poor have access to free or reduced-cost health care at my (the taxpayer) expense. Deservedly so, perhaps, but what about those of us who can't afford to touch a health care policy that would dare include dental or eye care? Must we forego clothing our children for a year so that they can go to the dentist or the eye doctor?

We taxpayers also pay for the total health care of prisoners. Must we turn to a life of crime to obtain health care? I know a lady who has a wisdom tooth that, for the past few months, has been falling out little by little. Her choices for getting it fixed include a small crime that would land her in jail for a while or going and getting the work done and then smiling weakly at the dentist and saying, "I can't pay for this now. You'll have to send me a bill." Then if she gave up one meal a day for a few years, she might be able to send the dentist $20 a month until the end of time, in hopes of that, God forbid, nothing else goes wrong with her teeth for the rest of her life.

Actually, it's time for the blaming to stop and for action to begin. And it's going to take the combined giant effort of government, health care providers, health insurance companies, the legal system, and all citizens to finally realize that health care should be provided fairly to every citizen in the nation. It's called a conscience, people. Use it!

Ninth Rabies Case Confirmed By GC Health Department

The ninth rabies case of 1993 in Garrett County was confirmed this week by the Garrett County Health Department. A raccoon, later confirmed positive for rabies, reportedly entered property located on Route 38 near Kitzmiller on August 26. The rabid animal fought with a dog which was tied to its dog house. The owner of the property shot the raccoon, according to a health department report.

The dog, which received injuries in the fight, had a current rabies vaccination and received a booster shot. It will be observed for 90 days, according to a health department spokesperson. One individual from the home is currently receiving post-exposure rabies treatment as she apparently handled the dog shortly after the altercation with the diseased animal.

The public is reminded by the health department of the importance of not handling pets for at least two hours after possible contact with a wild animal. The rabies virus is transmitted through the saliva of the infected animal and can survive on the coat of a pet for up to two hours. Persons should wear protective gloves if they must touch the pet within the first two hours.

GCMH FOUNDATION PURCHASES MICROSCOPE – The Garrett County Memorial Hospital Foundation recently purchased a new Storz-Urban microscope for Garrett Memorial's surgical services department. The instrument is used during ophthalmologic surgery to magnify the inner eye and produce a detailed enlarged image on a screen to assist the surgeon performing eye surgery procedures. "This microscope is the most current technology available for microsurgery of the eye and is used to treat eye problems such as cataracts and glaucoma," commented ophthalmologist Dr. Stephen Powell. One of the Foundation's goals has been to provide state of the art equipment to meet the needs of the citizens in our service area," said Elaine McDonald, vice chairman of the Foundation. "The residents of our community have been very supportive of the Foundation and we're pleased that we are able to provide equipment that will be of great benefit to them." Shown from left with the new microscope are: Mrs. McDonald; Cathy Miles, R.N., operating room nurse manager at Garrett Memorial; and Dr. Powell.

The health department will offer low-cost rabies clinics in September, the schedule of which is to be announced. It is Maryland law that cats and dogs over four months of age be vaccinated against rabies, the spokesperson said.

Enrollment Up In Six Academic Programs At GCC

The six academic programs at Garrett Community College recently identified in the statewide survey by the Maryland Higher Education Commission as having "low-degree productivity" are all showing good enrollment this fall semester, according to Joan B. Crawford, director of enrollment development.

The survey listed 393 programs at Maryland public institution campuses that had graduated fewer than 10 students annually over a five-year period, 1988-92. Thirteen programs at Frostburg State University and seven at Allegany Community College were designated as having low productivity.

"Our programs are now showing good enrollments," Crawford stated, "and with the efforts we are now making toward student retention, we should be seeing the graduation rates increase in the next few years."

Of the GCC programs listed, business administration, a transfer program, now has an enrollment of 40 students, 24 of whom are full-time. Business management and office technology, two-year career programs, have 54 and 14 students enrolled, respectively. Natural resources and wildlife technology now has 30 students enrolled. Human services, a one-year certificate program, has an enrollment of 17. The other GCC program named, environmental and renewable resources, was discontinued several years ago, according to Crawford.

Crawford pointed out that with two weeks still remaining for fall registration, enrollments in these programs will likely increase.

The survey was conducted to enable the Board of Regents to eliminate or reduce non-productive programs.

Pa. Man Seriously Injured In Friday Night Accident

A Bethel Park, Pa., man remains a patient in Garrett County Memorial Hospital following a single-vehicle crash Friday night. A hospital spokesperson reported Wednesday that Ronald M. Eisaman, 52, was still a patient and was listed in "satisfactory" condition.

According to reports filed by the Maryland State Police, Barrack W, McHenry, Eisaman was injured when the 1989 Mercury Marquis he was operating on Deep Creek Drive crossed the center line and ran off the roadway. The vehicle then struck a cinder block garage and damaged the garage and boats stored inside.

Eisaman was transported to the hospital by the Northern Garrett County Rescue Squad. Tfc. P.R. Brown investigated the 10:35 p.m. mishap and said charges were pending. Deep Creek volunteer firemen were also dispatched to the accident by Garrett County Emergency Management.

DWI MISHAP

A Grantsville man was charged with driving while under the influence of alcohol and or drugs, failure to keep right of center, and negligent driving, following an early Wednesday morning mishap on U.S. Rt. 40.

Ronald J. Helmick, 29, was charged with those offenses after the 1982 Ford EXP he was operating westbound on Rt. 40 west of the Lower New Germany Road failed to negotiate a right-hand curve. The vehicle then reportedly crossed the center line and traveled onto the eastbound shoulder where it struck an embankment and overturned.

Helmick was taken to Frostburg Community Hospital by the Northern Garrett County Rescue Squad where he was reportedly treated and released. A passenger in the vehicle, John G. Wiland, 31, Grantsville, was apparently not injured.

Tfc. S.H. Anderson investigated the 2:07 a.m. mishap for state police.

MORE DWI ARRESTS

Two additional motorists were apprehended and charged with driving while under the influence this past week.

Byron R. Payne, 18, Oakland, was charged with DWI on Saturday by Tfc. J.R. Tindal.

Daniel E. Eggleston, 22, McHenry, was stopped on Sunday by Tfc. S.H. Anderson and charged with DWI.

Governor Promises Counties No New Regs Without Funds

Maryland Governor William Donald Schaefer addressed the most recent summer conference of the Maryland Association of Counties (MACo) with a commitment to the counties that he would not introduce any new state mandates or regulations unless funding is provided for their implementation, according to John Braskey, Garrett County Commissioner and former MACo president.

Braskey explained that county officials throughout the state (especially those from the poorer jurisdictions) have had a difficult time attempting to implement and/or maintain programs with little or no financial help from the state.

For instance, said Braskey, the state had mandated that the county implement a stormwater management program several years ago and the county hired a director for that program. But only start-up money was provided, he noted. Since then, the county must maintain that program using only local funds.

Governor Schaefer took that commitment a step further, initiating an effort to review state regulations affecting the counties. During the conference, he reportedly asked those in attendance, "From your perspective, what is the state requiring from counties that is unnecessary or unreasonable?"

The governor then offered "to initiate a serious review of specific state regulations that are submitted to him by September 20," according to a MACo news release.

According to that release, "This proposal should not be viewed as an opportunity to initiate a debate on the merits of state policy reflected in the legislation upon which a specific regulation is based. But it does present an important opportunity to raise legitimate concerns regarding the manner in which state policy is being implemented by state regulation or practice. Thus, the county response should focus on identifying regulations or practices which are unnecessarily onerous, illogical, or exceed legislative intent."

The counties are being asked to submit a list of target regulations or practices by September 15 to MACo officials for their review.

Braskey noted that copies of the report form have been distributed to the various county department and agency heads so they may identify problems specific to them.

Susan Crawford Receives Award From Bucknell

Another "first" in the career of Judge Susan J. Crawford occurred this summer when she was one of two initial recipients of the Bucknell Universalty Alumni Athlata Achievement Award. The award was presantad at tha Annual Benlor Athletic Awards dinner on the Bucknell campus.

Given for the first time thie year, it ie presented to former Bucknell athletes who have made significant achievement in their chosen careers. The co-recipient of thie year's award was Dr. Bartley Griffith, noted heart surgeon and chief of cardiothoracic surgery at the University of Pittsburgh Medical Center.

While a student at Bucknell, Ms. Crawford participated in the sailing club, women's field hockey, and basketball. She later taught history at Radnor High School near Philadelphia where she also coached field hockey, basketball, and lacrosse.

At the New England School of Law she was the first woman elected president of the Student Bar Association. Upon graduating from that institution, she practiced law in Garrett County for several years.

Her career with the Pentagon began with her appointment by President Reagan in 1981 as deputy general counsel of tha U.S. Army. She later was appointed general counsel of the Army special counsel to Secretary of Defense Dick Cheney, and inspector general of the Department of Defense. In 1991 she was named to her present position as judge on the U.S. Court of Military Appeals, the first woman to serve on the court and the only member of the court who has been a civilian all her life.

Judge Crawford is the daughter of Bill and Joan Crawford, Deep Creek Lake. She and her husband, Roger Higgins, maintain residences in Garrett County and Falls Church, Va. They are the parents of one daughter, Callow.

Local Couple Arrested For CDS Violations

An Oakland couple was arrested last Wednesday on several drug charges by officers of the Garrett County Sheriff's Office. Henry L. Steyer, 33, and Sherry D. Steyer, 28, were arrested by Charles Nolan following an investigation.

The charges against both defendants were manufacture and distribution of a controlled dangerous substance (CDS), possession with intent to manufacture/distribute, maintaining a common nuisance, and possession of CDS.

Mrs. Steyer was released on her own recognisance, and Mr. Steyer posted $5,000 bond for his release, according to a Sheriff Office spokesperson. Further details about the arrests were not available.

In other Sheriff Office news, officers logged two DWI (driving while intoxicated) arrests, and served several defendants with bench warrants.

James L. Brown, 45, Woodbine, was arrested for DWI after he crossed the center line on Sand Flat Road, apparently forcing Dep. J. Green, who was traveling the opposite direction, off the roadway. Green stopped Brown and detected the odor of alcohol, according to the report, which led to the DWI charge. The arrest took place at approximately 1:45 a.m. on August 29, according to the report.

An Elk Garden, W.Va., man was cited for DWI last Friday after he was stopped for a moving violation. Kenneth A. Dawson, 44, was charged with DWI at approximately 8:45 p.m. on Rt. 135.

Two bench warrants were issued for the arrest of Gary C. Moore, 34, Swanton. Moore is reportedly accused of violating probation and of failing to pay fines and costs.

Shawn L. Gittere, 20, Mtn. Lake Park, was reportedly arrested on the strength of a bench warrant for violation of probation.

A bench warrant was issued for the arrest of Russel Slagle, 18, Oakland. The defendant is accused of violating probation.

Bradley K. Lewis, 19, Mtn. Lake Park, was arrested on the strength of a bench warrant for violation of probation. His original charge was apparently DWI.

Gayle W. Holler, 47, Oakland, was arrested on the strength of a bench warrant for violation of probation. DWI was the original charge against the defendant.

Man Guilty

time served) and placed on 24 months of supervised probation (concurrent).

Reid was arrested on the disturbing the peace charge stemming from a December 26, 1992, incident in which a private citizen found him along U.S. Rt. 219 South and brought him to the Sheriff's Office to help determine his identity. While at the Sheriff's Office, Reid reportedly became verbally abusive and loud and refused to calm down after being asked to do so several times.

The petty theft charge was filed by Jonathan Jacks who stated that Reid had entered his bedroom and stole a car title and two lease agreements, along with $80 in cash. That incident occurred on March 20.

Charles A. Craver, 24, Oakland, was found guilty of haressment after pleading not guilty. He was given a 30-day suspended jail term, fined $100, and placed on one year of supervised probation. He was also ordered to have no contact with the victim and to obtain substance abuse counseling.

Craver reportedly violated court orders not to harass Yolanda M. Martin by continually following her, trying to take their child, badgering her parents and friends by threatening her through them. She said he also sent letters and called her at work.

Welton Lane, 47, Mtn. Lake Park, pleaded guilty to plumbing without a license. The judge accepted his plea and sentenced him to a 30-day suspended sentence, fined him $100, and placed him on one year of supervised probation. The judge also ordered Lane to secure the required license.

A state investigator had filed charges against Lane after it was discovered that he provided and attempted to provide plumbing services to the Rosedale Faith Chapel although he was not licensed by the State Board of Plumbing.

Myra L. Ellifritz, 50, Mtn. Lake Park, was found guilty of one count of welfare fraud. The judge then changed the verdict to probation before judgment and placed her on 36 months of unsupervised probation. The fine was waived. Two counts of felony theft and an additional count of welfare fraud were not prosecuted in plea agreements with the State's Attorney's Office.

Ellifritz had been charged by the Garrett County Sheriff's Office after an investigation revealed that she was receiving welfare and food stamps fraudulently while employed at a restaurant in Oakland. She failed to report employment while still receiving benefits from Social Services.

She reportedly received $2805 in benefits and $1362 in food stamps while employed.

At a sentence revision hearing last week, Turney overturned a guilty verdict for Jeffrey L. Siders, 24, Salem, W.Va., and granted probation before judgment for a drug paraphernalia charge. He had initially been found guilty of that charge in June court proceedings. He will serve 90 days of unsupervised probation. A second paraphernalia charge and a marijuana possession charge were not prosecuted because of plea agreements with the State's Attorney's Office.

Siders had been arrested for DWI on March 7 by the Maryland State Police. A search of Siders's vehicle reportedly revealed a marble pipe containing marijuana residue and a plastic bottle containing marijuana residue.

In separate sentence revision hearings last week, three Oakland men were granted probation before judgment on charges of unauthorized use of a vehicle (amended from felony theft).

Richard L. Welling, 29, David W. Terrant, 27, and Jeffrey G. Meyers, 27, were all granted probation before judgment. In earlier court proceedings, they were each fined $500, and placed on six months of unsupervised probation. They were also ordered to pay restitution of $2,372.40 to Mettiki Coal Corporation and to James Taylor and Randall Friend.

The three co-defendants reportedly took a pickup truck from Mettiki property and drove it on several private properties, destroying numerous pine trees. They also allegedly took items out of the pickup and scattered them on the ground and destroyed an electronic meter. The three then returned the pickup and left the area. Police said they all admitted to taking the pickup without permission in statements taken a few days after the April 17 incident.

Turnout Is Strong For Democrat's Annual Bull Roast

Over 100 guests attended the annual Bull Roast, co-sponsored by the Garrett County Democratic Club and the Garrett County Democratic Central Committee, held recently at the Garrett County Fairgrounds in McHenry.

The invocation was given by Father Martin Feild. The honored guest for the event, State Comptroller Louis L. Goldstein, who is no stranger to Garrett County, asked those in attendance for support in the coming election.

Other Democratic political hopefuls attending included Parris Glendening, who plans to run for governor; Pat Smith, who will be a candidate for attorney general; and Don DeArmon, who has filed for Maryland Sixth Congressional District.

Glendening was introduced by John T. Willis, past vice chair of the Maryland Democratic Party, who is now serving as Glendening's Chief of Staff.

Glendening made history in 1990 when he was elected for a third term as county executive of Prince George's County by an overwhelming 80% of the vote. Education has reportedly been the top priority of his administration. He holds a doctorate in political science and is an associate professor at the University of Maryland, where he teaches part-time. He continues to write books and scholarly articles on government and the financing of government services. His textbooks have been used in over 400 colleges and universities in 49 of the 50 states.

The Washington Chapter of the American Political Science Association in 1985 presented him with the annual award for distinguished contributions to both the practice and study of government - an award usually given to individuals at the federal level. He earned his bachelor's and master's degree at Florida State University and was the youngest person awarded a Ph.D. in political science. Glendening lives in University Park with his wife, Frances Anne, and their son, Raymond. Mrs. Glendening is the daughter of the late Senator George Hughes who lived in Cumberland.

Pat Smith was the Maryland coordinator for the presidential campaign of Paul Tsongas and is now a practicing attorney in Rockville.

Don DeArmon is a resident of Frederick. He studied at University of North Carolina and went to Capital Hill in 1977. DeArmon worked for Barbara Mikulski, and is now working for Congressman David Price, North Carolina, Appropriations Committee. He currently has $15,000 for his campaign and is accepting no PAC (Political Action Committee) money.

Also speaking at the event was Andrew Lachman, president of the Young Democrats of Maryland. He was accompanied by Karen Walls, vice president.

Special recognition was given to Brien Poffenberger, Western Maryland representative for U.S. Senator Barbara Mikulski; Nina Conway, Western Maryland representative for U.S. Senator Paul S. Sarbanes, accompanied by staff worker Norman Growden; Mrs. Margaret Barkman, former Western Maryland representative for Congresswoman Beverly B. Byron; District One State Senator John Hafer; and District 1-A Delegate George C. Edwards.

Highlights of the evening included portrait sketching by local artist, Gayle Prentice, and humorous impersonations by Father Feild. Roasting the meat were Tom Dabney and Charles "Chuck" Nolan, assisted by John Miller. A pot of Nolan's prize-winning chili was also consumed by the crowd.

Chairperson of the Bull Roast was Doris Goldsborough with Joan Raynovich serving as ticket and food chairperson, assisted by Leslie Bolyard. Other committee members were Helen Fitzwater, Jann Swiger, Joe and Mary Ann Fink, Don and Anna Mary Fratz, Jim Brady, Bruce Opel, and Jackie Brady.

"DEEK" JOINS SHERIFF'S FORCE - Deek, a $5600 trained German shepherd, recently joined the force at the Garrett County Sheriff's Office. The animal is highly trained in drug detection, and is the first such "K-9 unit" in the county. (A differently-trained K-9 unit is owned by the Maryland State Police.) Money to purchase Deek came from three sources: $2900 from Uno's Restaurant and Bar; $1600 from Fraternal Order of Police Lodge #99; and $1500 from Elks Lodge #2481. Greig Johnson of Uno's and Randy Sines of the Sheriff's Office put the plan in motion several months ago, and the dog arrived in the county from Germany this week. As the animal was trained in Germany, he only knows German commands. Sines has learned to speak German in order to command the dog, and the officer was recently nationally certified by the Police K-9 Handlers' Association. He will be the chief caretaker of the animal. Sines and Johnson explained that the dog will be used not only for drug detection, but possibly more for public relations. Deek is not by nature an aggressive police dog, according to the officer. "But he can be aggressive if we need him to be," Sines said. The animal will be taken to the county's schools and introduced to students to make them more aware, Johnson said, of what kind of law enforcement is present in the county. Sheriff Van Evans explained that in addition to law enforcement, the officers are actually hosts of the county for visitors as well as residents, assuring safety and providing crime-prevention. Evans said he would like the force to be perceived as "the nice guy who carries a big stick (Deek)." The dog was bought through A.W. Castle's Canine, the owner of which is ranked second in the nation as a master trainer, Sines said. The police car in which Deek will travel will carry permanent logos of those groups who purchased him (see photo below). In the photo above, left to right, are Evans, Sines, Deek, Johnson, Bob Hesson, representing the Elks #2481, and John Sines, representing FOP Lodge #99.

Incidents Of DOP, Theft Reported To Sheriff's Office

Several cases of theft and/or property destruction in the local area are currently under investigation at the Garrett County Sheriff's Office. Persons with information about any of the incidents are strongly urged to contact the office at 334-1911.

Mason L. Madigan, Deer Park, contacted the Sheriff's Office last Friday after he discovered that unknown persons had apparently illegally entered his place of business - Madigan's Auto Sales. According to the report, the suspects threw a large rock through a front window, shattering it. They were unable to climb through the broken window, however, and gained entry through an open bathroom window.

Once inside, the culprits apparently removed three cartons of Marlboro cigarettes, a case of assorted sodas, and $30-$40 worth of change. Officers gathered evidence at the scene and are currently probing the incident.

In a separate incident, Rita Garlitz, Mtn. Lake Park, reported the shattering of her 1993 Jeep windshield. A bottle was found inside the vehicle, having been thrown through the window by unknown persons Tuesday night. The property destruction took place sometime between midnight and 9 a.m., according to the report.

The Jeep was parked at Ms. Garlitz's residence on Pittsburgh Avenue when the incident occurred.

John Dever, Oakland, reported the apparent theft of a five-inch color television. Dever told police that the TV was stolen from his home sometime in the past two weeks. The KLM-brand television was valued at $175. There are no suspects in the case.

Rick Shaffer of Shaffer Ford Sales, Inc., Oakland, contacted police to report damage done to a vehicle on the business's lot. A five-inch dent was found on a 1993 Ford Cougar XR7. It is unknown when the damage occurred. The damage estimate was listed in the report as $227.70.

a funding formula which would not only provide adequate funding of public schools, but equitable funding for all 24 school systems in the state. As explained to the local board of education at its August Board meeting, this could mean as much as six million dollars in new funding to Garrett County schools over the next several years.

Both Delegate George Edwards and Senator John Hafer plan to be in attendance, the spokesperson said. The general public is also invited to attend.

Rams Will Count On Experience, Hard Work For Better Season

Playing one of the toughest schedules in the area last year, the Southern High Rams managed only three wins in 10 starts and return this season with a total of only 45 players in the varsity and junior varsity programs combined.

However, Coach Fred Gregg and his staff, as well as the players, have no intention of "throwing in the towel" this year. In fact, they are approaching another extremely difficult schedule this year with optimism and plenty of experience.

Although Southern High School has reverted back to a single-A institution this year because of a drop in student population, the 1993 schedule resembles a double- or even triple-A slate.

There are literally no breathers whatsoever on our schedule, Gregg said. The Rams will open this Friday night at home against last year's state 2-A runner-up Walkersville. The only game that the Rams may go into as the favorite will be against Tucker County the latter part of the season, however, there is no guarantee of that either.

We really don't mind playing a tough schedule, Gregg said. If you want to be the best, you have to play the best.

But our goal this year is not to try to calculate our wins and losses," Gregg continued. "Our goal is simply to be the best conditioned, most hard-working, best prepared team each and every week we go on the field. If we can do that, we believe the winning will take care of itself."

Gregg also noted that, because of the difficulty of the schedule, if the Rams can win as many as five or six games, they may well be in line for a spot in the Class A playoffs. "The playoffs are about the farthest things from our minds right now, though," he said.

The biggest shoes for Gregg and his staff to fill are those left empty by the graduation of quarterback C.J. Getson and running back Jeremy Bosley, along with defensive standouts Jason Groves and Danny House. However, about a dozen lettermen return, including several who have considerable experience.

Calling the signals will be junior quarterback Jeremy Fitzwater (5-9, 166), while senior Steve Eyler (5-10, 150) and junior Scott Dawson (6-0, 186) will share the tailback duties.

Starting at the slot position will be fourth-year player Josh Woods (5-8, 161), alternating with junior David Crosco (5-10, 176). Senior Pete Strawser (5-9, 157) and Paul Berkeridge (5-10, 166), a junior, will man the wing position, while seniors Mark Elliott (5-11, 158) and Andrew Lane (5-10, 166) will alternate at split end.

Tight ends will be junior Rich Warnick (5-10, 158) and Elias Black (6-0, 172), and senior Danny Cassidy (5-9, 148).

The offensive line will be anchored by seniors J.R. Reams (5-11, 166), Galen Glotfelty (5-11, 218), Sonny Livengood (5-8, 190), Larry Shreve (5-10, 212), and Mike Cassidy (5-10, 225), and juniors Josh Hinebaugh (5-10, 220), Randy Murphy (5-11, 220), Mike Sweitzer (5-6, 180), and Rich Mattingly (5-6, 149).

Defensively, the line will be composed primarily of Hinebaugh, Glotfelty, Livengood, Sweitzer, Shreve, Mike Cassidy, Murphy, Mattingly, Reams, and Fabrice DuFour (5-9, 180), a junior.

Linebackers seeing the most action will be Berkeridge, Eyler, Warnick, Dawson, Black, and Crosco, while the defensive backfield will be manned by Woods, Elliott, Strawser, Lane, and junior Jason Paugh (5-10, 145).

"Our strength is experience," Gregg said. "We have a lot of players back who saw a lot of playing time last year. Our juniors this year are from our undefeated jayvee team of last season, so they have really provided a great boost to the varsity."

Gregg said that another strength is his team's overall speed. "We don't have any real speedsters, but we have good team speed," he said.

The major weakness is the lack of depth at most positions. "A major key to our season will be if we can stay healthy," he said.

Helping Gregg with the coaching duties are long-time assistant Dave Bosley, Scott Harvey, Jay Stewart, and Tom Meadows.

While many teams attempt to schedule an easy first game, the Rams will not have that luxury. In fact, one of the toughest teams on their entire schedule will be their first foe, Walkersville, this Friday evening in Oakland.

The team is returning 20 seniors from the squad that captured second place in the state last year in the 2-A state championships. They are led by their senior tailback, Jermaine Ballard (5-7, 175), who started last year and is touted as that area's finest running back. "In the Walkersville area, that's really saying something," Gregg said. "There are a lot of good football teams down there."

A 6-5, 250-pound junior tackle by the name of Anderson spearheads slot I-formation blocking for Ballard.

"It will be nice to be home for this one, but we are certainly going to have our hands full," Gregg said. "This team has very good speed and they are excellent hitters. We will have to play our best and keep our mistakes to a minimum."

Gregg said that the Rams are in good physical condition right now, with the only player listed as "questionable" for this week being Scott Dawson, who has an ankle injury.

This is one of the finest group of young men I have ever worked with," Gregg said. "There aren't too many of us, so I think the kids have really come together and realize that they are going to have to work especially hard to be a successful team. Their attitudes are really positive and it's a joy working with them."

The kickoff for Friday night at the Southern athletic field is set for 7:30 p.m.

COACHES

Fred Gregg, Dave Bosley, Scott Harvey, Jay Stewart and Tom Meadows

SMALL IN NUMBER, but tenacious and experienced are the Southern High School Rams, who will open their 1993 football campaign this Friday night at home against a powerful Walkersville team. The Rams, who are now classified as a single-A team because of a decrease in student population, will attempt to improve upon their 3-7 record of last year as they face one of the area's most difficult schedules. The Ram coaching staff, pictured below, includes, front row, left to right, Tom Meadows, Fred Gregg, head coach, and Jay Stewart; and second row, Scott Harvey and Dave Bosley.

HUSKIES READY FOR ACTION - The Northern High School varsity football team will open its 1993 season this Friday night at home against Westmar. The Huskies, who are big in numbers as well as experience, will be among the favorites to return to the Class 1A playoffs at the end of the regular season. Coaching the team this year are, pictured below, left to right, front row: Brandon Biehl, Phil Carr, and Ed Scofield; end second row, Tom Vent, head coach, Jon Haueer, and Greg Wegner.

Big Numbers, Lots Of Experience Among Features Of 1993 Huskies

Success breeds success in most cases, and after several years of struggling the Northern High School Huskies have scratched and clawed their way from the bottom of the barrel a few years ago to become one of the top area teams in the Class 1A football rankings.

The Huskies will open their 1993 campaign this Friday night at home against Westmar in what they hope will be the first step toward a third consecutive berth in the state playoffs. Although Coach Tom Vent's 9-3 team of last season lost some key players to graduation, he will also have a number of experienced lettermen back, including nearly every one of his starters in the skill positions.

"We have 63 kids out this year, which is the most ever in the history of the school," Vent said. "We also have a total of 31 juniors and seniors, which is the most ever." Of that total of 63 players, about two dozen are returning lettermen.

"We had some nice depth last year, but we really have depth this year," Vent said, "at least right now. Hopefully we can stay healthy."

Among the outstanding players lost to graduation were linemen Jason Fazenbaker and Greg Wagner and running back Chris Wachter, who earned a variety of area honors the past few seasons. Wachter is now playing wide receiver for Columbia University.

However, among those back this year are two of the area's top running backs in seniors Larry Wakefield (5-10, 175) and Alan Sebold (5-11, 175), plus senior quarterback Rob Speicher (5-10, 145) and senior Todd Brenneman (6-2, 195) at tackle.

Speicher is backed up by senior Derek Mason (5-8, 150), who has not played football since the ninth grade but, according to Vent, is "a good athlete who is really pushing Rob" for the starting position.

Expected to start at the other offensive positions this week are other senior lettermen, including: senior Brad Williams (5-11, 158) at wide receiver, senior Ryan Folk (5-9, 145) at flanker, and Bill Younkin (6-4, 200) at tight end.

Other starting linemen, besides Brenneman, will most likely be seniors Dean Green (5-10, 155) and Josh Rush (5-10, 190) at guard positions, junior Steve Savage (6-2, 225) at the other tackle spot, and senior Josh Rush (5-10, 190) at center.

Defensively, the starters in the backfield are expected to be Speicher at safety, and Folk and Williams at the corners. Sebold, Wakefield, and Younkin will start at the linebacker positions, while Fritz and senior Brett Newman (5-8, 175) will share the nose guard spot.

Other starting defensive linemen will be Brenneman and Rush at tackle and Hinebaugh and junior Lee Collins (6-2, 191) at defensive ends.

"We are really anxious to get started," Vent said. "We have scrimmaged very well the past few weeks and right now we are really healthy. We have no one out with injuries."

Vent said his team strengths include depth at nearly every position, good size, and good speed, especially at the skill positions. "Of course, a lot will depend on our attitude from week to week," he added. "I think we have a very competitive schedule and that we are in a tough region."

Vent believes the most competitive teams on the schedule will include Beall, Southern, Petersburg, and Bishop Walsh. "Poolesville and Tucker County could also pose problems for us," he said.

Assisting Vent this year are Brandon Biehl, who is working with quarterbacks and receivers; Phil Carr, offensive coordinator; Ed Scofield, junior varsity and backfield coach; Jon Houser, special teams and line coach; and Greg Wagner, graduate assistant line coach.

The Huskies will be a heavy favorite going into Friday's contest against visiting Westmar, a team that has struggled in recent years.

"Westmar lost a lot of seniors this past year, but they also played a lot of juniors last year, so they will certainly have experience at most positions," Vent said.

The Wildcats utilize a wide open offense, Vent said, adding, "They will try everything, which makes them very hard to scout. Predictability is not a word you can use with Coach Marsh."

The kickoff at Northern is set for 7:30 p.m.

"We are certainly looking forward to getting things rolling," Vent concluded.

MSA Announces 1993 Sponsors

A spokesperson for the Mountaintop Soccer Association (MSA) announced this week the sponsors for the 1993 season.

Sponsors include A&A Realty, Ali Ghan Shrine, Arrowhead Market, Bausch and Lomb, Inc., Diamond Auto Glass, Englander's Pharmacy, First United National Bank & Trust, Don Nuce/Northwestern Mutual Life, Party Line, Pizzaria Uno, Railey Realty, State Farm Insurance, and The Vision Group.

"We are very pleased to have our returning sponsors, along with the new ones this year," said Carole Ann Lovett, MSA president. "It points out that a diverse group of organizations in the area is very supportive of youth soccer."

With more formal organization in the Under 10 and Under 8 age groups, MSA is anticipating 22 teams. Therefore, more sponsors are needed. Interested persons may contact Brad Stewart at 334-2166.

Area Speedway Review

Somerset County Speedway

Sixty five cars once again raced for the checkered at the Somerset County Speedway in Meyersdale during fair week August 25. This was the last points race for the season. The final race event will be held on Sunday, September 5th at 7 p.m.

The first heat had point leader Joe Donaldson of Meyersdale take the checkered while the second heat event went to John Sayler from Meyersdale. In the third heat Bobby Smith and Doug Shaffer went head to head before Smith of Meyersdale pulled out the win. The fourth heat had Greg Lowery from Meyersdale lead from pole to pole.

The Consolation event went to last years rookie driver Rodger Stephens from Meyersdale. All heat winners were able to take home a trophy sponsored by Bob Smith Auto Service in Meyersdale.

We saw a lot of lapped action in the "C" Main as Brad Dickey from Berlin driving car #10 pulled out his first career victory at the speedway. Dickey was followed by Denny Rounds, Dale Wilt, Roger Baughman, Gary Klimkaml, Charlotte Andrews.

The "B" Main had Dana Cotter of Berlin hold the lead for 19 laps before he pulled into Victory Lane. Cotter must have found the right groove as he lapped car after car on his way to the win. He was followed by Steve Chipps, Joe Ruskey, Dwane Shultz, Rich Burkett, Don Shaffer, Craig Breegle, Terry Mitchell, Dick Moore, Doug Kimmel, Kevin Sanner, Dave Brant, Eric Paugh, Greg Herring, Kirk Smith, and Clair Duppstadt.

Joe Donaldson again took the top honors of the evening as he pulled out yet another victory. Donaldson of Meyersdale came from the back of the pack to gain this win. He was followed by John Sayler, Tom Humberson, Ken Lowery, Greg Lowery, Brad Brown, Eric Hay, Gene Moats, Bob Davis, Travis Donica, Robert Porter, and Duane Horning.

The Somerset County Speedway racing season will conclude Sept. 5th at 7 p.m. Four championship races will be run along with a Powder-Puff and a race for the pitmen. See you at the races.

IN THE WINNER'S CIRCLE AT ELKINS -- Mike Lewis, of Oakland, took top honors in the Four-cylinder Stocks August 21st at Elkins Motor Speedway. Pictured with Lewis is his stepson, Aaron.

Interstate 79 Raceway

It was the season championship races at Interstate 79 Friday, August 27, with five of the six track championships decided.

In the Late Models, defending track champ Frank Wilson ended a season of frustration by winning his first feature of 1993. It seemed as if no one wanted to win the race as each of the first three leaders ran into some bad luck. Heat winners Scott Peltz and Mark Myers started up front. Peltz took the lead and led the first 10 laps when a lapped car put him into the front straight wall. Mike Hawkins took the lead on the restart but was replaced by Chuck Harper. Harper led until lap 19 when his car broke on the backstraight. Mark Myers led the next lap, but Wilson battled him and took over on the next go round and led the rest of the distance. Myers was second followed by Doug Horton, Gary Dalton and Dave Groves. Tim Hutt, who wrapped up the point title the week before, was eliminated on a lap 10 restart.

The Semi-Lates saw Eddie Shuck lead all 20 laps to win his first feature of the year. Nolan Dalton was second followed by Scott Miles, Mike Benedum and Rick Burrows. Paul Wilmouth Jr. took the points after point leader Rick Strickler dropped out on the first lap. Heat winners were Benedum, Shuck and Dalton.

Clifton Cochran won his second feature of the season and the 1993 track championship. Lee Wigal and Chris Dickson trailed Wigal. Larry Grogg and Robbie Evans won the heats.

The 1-Cylinder Modified saw Tommy Pennington win his first with Vic Vandergrift and Ray Johnson trailing. Johnson won the point title with Vandergrift and Pennington winning the heats.

Point leader Pat Woodburn led all the way, and won the feature as well as the track championships in the 4-Cylinder Stocks. Jim Marshall and Mike Lewis followed. Chad Haney, Woodburn and Lewis won the heats.

Bryan Mitchell won his first feature and the track point title. Ron Parrish and Carl Sullivan were second and third. Mitchell, Jim Byers and Mark Bell won the heats while Jim Schaffer took the consy.

This Saturday, September 4 at Interstate 79 is the 1th Annual Mountain State Invitational for the ST.ARS Late Models paying $5,000 to win for 50 laps. The UMP Skoal Modifieds series will be running for $1,000 and the pure stocks and 4-cylinder stocks will also be on tap, running features only.

Cumberland Raceway

It was Cresap Machines Night at the Cumberland Raceway. A rain shower hit the speedway and fans and drivers thanked Promoter Ben Evans for not giving up the show. The track was fast and smooth with a record speed by Wayne Johnson in the Heat Race. There were 78 cars in the pits and all features had inverted starts.

Bob Hershman, Swanton, put the Pro Com, Inc. Late Model in Victory Lane for the first time this year at Cumberland. Jim Deneen, Hyndman, Pa., got win number four and back to back wins, in the Semi-Lates, and Darras Deneen, Bedford, Pa., got his second win in the Pure Stocks.

In the Late Model Feature, Bob Hershman went to the front at the drop of the green. Bob Salathe and Larry Wright made it a three-car blanket race. There were seven cautions in the race. J.R. Keifer dropped out, Tom Clise and Wayne Johnson went into spins and had to go to the rear of the field. There was an accident with two laps to go. Dave Corley got airborne and took out a big section of the catch fence. Corley was not injured. On the restart it was a two lap shootout but the 1991 Cumberland Raceway Track Champion Bob Hershman held on for the win. Bob Salathe finished second, followed by Larry Wright, Scott Brode, Mike Altobelli, Greg Tressler, Tony Flanagan, Wayne Johnson, Johnny Bauer and Carl Shaffer. Heat winners were J.R. Keifer and Wayne Johnson. Cresap Machines gave Hershman an extra $150 a jacket and hat. "The Gang" and Lambert's Auto Service gave Hershman an extra $100. With only two Point Races left, Wayne Johnson leads Scott Brode by one point.

In the Semi-Late Feature, Mark Crites led on lap one, and Jerry Robinson took the lead on lap two. Donnie Witt took the lead on lap five, but from his 11th starting spot, last week's winner, Jim Deneen, took the lead on lap 12, withstood four cautions but still won the race for the second week in a row. Donnie Witt finished second, followed by Jerry Robinson, Jack Pencil, Mark Crites in his best finish this year, Lynn Ogden, Jim Sacco Jr., Dave Hoover, Gene Furlow and John Crofis Sr. Heat winners were Allen Buckley and Eldon Mickel. Cresap Machines gave Deneen $150 bonus, a racing jacket and a hat. "The Gang" and Lambert's Auto Service gave Deneen an extra $25.

In the Pure Stock Feature, Don Nicholson led for five laps before mechanical problems put him out of the race. On the restart Darras Deneen, who started second, took the lead and held off Greg Fuller through three cautions for the win. Dennis Sponaugle, who came from 19th, finished third, followed by Tony Crim, Wade Peer, Johnny Harr, Rick Saville, J.R. Isner, Gary Kimmel, and Bill Buchanan. Heat winners were Donnie Twigg, Wade Peer, and Johnny Harr.

Donnie Twigg spun in lap eight and was T-boned. He was taken to the hospital with a broken leg. Cards can be sent to Donnie Twigg, Memorial Hospital, Cumberland, MD 21502, Room 208. The Consy winner was Dennis Sponaugle. Cresap Machines gave Deneen an extra $150, a racing jacket and a hat. "The Gang" and Lambert's Auto Service gave Deneen an extra $50. Howell Automotive gave a set of Accel spark plugs to Darras Deneen, the Feature winner and Dennis Sponaugle, the Consy winner.

The Tri-State Racing Photos Hard Charger Award went to Dennis Sponaugle.

There will be no racing next week. Racing returns on September 11 for Diehl's Ford Night.

Senior Citizens League To Begin

The Senior Citizen's Blowing League will begin its winter league schedule Thursday, September 9. Senior citizens who have already registered for the winter league are asked to report to Par-Matt Lanes in Oakland at 12:15 p.m. on that date. Bowling will begin following a short organizational meeting, according to Arleigh Hauser, president.

Co-Ed Volleyball Tournament To Be Held At Lakeside

The Lakeside Assembly of God Church will be the site of an outdoor co-ed volleyball tournament, "Monies for Missions," to be held Saturday, September 25, from 9 a.m. to 7 p.m.

Sponsored by the Holy Fire Youth Group, the event is open to any team, and the first eight teams submitting an entry fee will be accepted. Each team will consist of five players - three females and two males, and the entry fee is $5 per person. Deadline for entry is September 10.

First and second place trophies will be awarded. Concessions will be available throughout the day.

More information may be obtained by calling Deborah Shank at 387-9242.

The Holy Fire Youth Group meets on Tuesdays at 7 p.m.

Nine Complete Soccer Referee Certification

As a result of the August 28-29 Soccer Referee's Clinic held at Bausch and Lomb, Inc., nine additional Garrett Countians met requirements to become state-certified referees.

Those completing the training include Sarah Bosley, Aaron Chorpenning, Jonathan Finkel, Les McDaniel, Michelle Quinn, Rob Sliger, Aaron Taylor, Charlie Teets, and Crystal Vecchioni. This brings the total of certified refs to 21.

Mountaineer Soccer Association Coordinator Jim Hart stated, "More certified refs means a higher level of play for our young people. In addition, this soccer season will bring a heavier game schedule requiring more referees."

Persons desiring information on referees may contact Hart at 334-4835.

Ski Tournament Results Noted

The annual Broadford Lake Tournament took place August 21-22 with 35 skiers participating - a record number of participants in the yearly event, according to a spokesperson. This was the third year for the competition, and persons competing came from West Virginia, Pennsylvania, Virginia, and Maryland.

In the Open division, Dale Carpenter was first; Greg Rouse, second; Neil Beggy, third. Men I: Steve Tranum, first; Alex Flanigan, second; Dan Matlick, third. Men II: Joe Crownover, first; Jim Smith, second; Rob Stilley, third.

In the Women's category, Sherry Lebowitz took first; Laurie Lindsey, second; and Lori Stilley, third. Todd Howard came in first in the Boys' division and Dan Prendergast took second. In the Girls' division, Becky Frederick took first and Alison Matlick came in second. Cassie Frederick captured first in the Jr. Girls' division.

In the Head to Head competition, Becky Frederick took first and Dale Carpenter came in second.

Those competing in the contest ranged in age from 12 to 49 years, according to the spokesperson.

The Deep Creek Lake Water Sports Club expressed gratitude to Broadford Lake personnel for hosting the event, and to Bill's Marine for donating a new boat for use in the contest. The type of motor used in the Broadford contest does not pollute the water, according to a spokesperson. High Mountain Sports and Attitude as well as Bill's Marine sponsored the event.

CARPENTER CUTS THROUGH THE WAKE - Dale Carpentar is shown as he executes his skiing style in the Broadford Lake Tournament, held August 21-22. Carpenter took first place in the Open competition, and second in the Head to Head event. More skiers participated this year in the past three years of the event, with competitors traveling from West Virginia, Pennsylvania, and Virginia, as well as from the local area. See story.

SGAA Meeting Set For Monday

The Southern Garrett Athletic Association will meet Monday, Sept. 6, at 7 p.m. in the Southern High School cafeteria. According to a spokesman for the organization, this will be the organizational meeting to plan for the 1993-94 school year. Fund-raising ideas and budgeting will be among the agenda items. All persons with an interest in youth athletics in the southern end of Garrett County are invited to attend.

The SGAA will hold its regular meetings on the first Monday of each month at the same time and location, unless otherwise announced.

GCC Alumni Game Set For Sept. 11

The annual Garrett Community College alumni baseball game will be held at the GCC field on Saturday, Sept. 11, beginning at 1 p.m., according to Lawrence Nesselrodt, coach of the Lakers. A doubleheader format will be used.

The public is invited to attend the game, free of charge. A reception for friends and family of GCC will follow the game.

Deep Creek Yacht Racers Conclude July-Aug. Series

by Harry Filemyr

Thirty-three boats competed as the Deep Creek Yacht Racing Association wound up the July-August series with a three race weekend. For qualifying boats, the best scores from 60 percent of the races held are counted for trophies.

Saturday the wind stayed a steady seven to 10 MPH from the northwest, but regular 30 degree oscillations provided abundant tactical opportunities. The first course wrapped around Turkey Neck Peninsula. With the Lasers, Kevin Rissell felt that he maintained his lead by staying offshore in stronger wind than Keith Spinnenweber, who opted for the shorter route closer to land.

Harry Carpenter (1st) stayed clear of the wind shadows on the south shore, then worked the shifts, "... up the trees," while John Meredith (3rd) thought the wind angle was better close inshore. After the first three boats, most of the A fleet arrived at the finish in a group, crossing the line as fast as their numbers could be called. Among the leaders of this group were the Dodds, who crossed the finish line three times. First on the wrong side of the flag, then they hit the flag. Finally, about eight places later, they crossed and were scored. Jeanette was philosophical, "We were going to throw out anything worse then sixth anyway."

There was muttering about another pontoon boat being mistaken for the committee boat in the finish area. This contributed to the B fleet photo-finish between the Elsters and the Willey/-Jeffrey team. A poll of the committee boat gave the nod to Willey Jeffrey for first.

The second race was a conventional windward-leeward triangle. Don and Barbara Griffin took advantage of the port end favored start and worked into the lead. They held the Wolffes at bay to the finish. The Wolffes were not too disappointed with second for, as Frank Wolffe said, "It isn't every day that you beat John Meredith and both Carpenters."

On Sunday, a dying breeze forced a half-hour postponement. The writer, as race commander, signaled 10 minutes to start based on distant ripples coming down the lake. When the breeze arrived it was 45 degrees from the direction the starting line and course were set for. This would be the last chance for some to qualify, so instead of risking another postponement, the races started with a ridiculous starting line and a strange course.

Although three boats are needed for a race to count, two Lasers raced as if it did. In A fleet, with the port end of the line heavily favored, a quartet of starboard tackers pinched off Jack Carpenter and the Griffins, trying to start on port tack. Everyone tacked to port, with Harry Carpenter coming out in best position. It looked as if Dave Mahan might pull off a coup, starting in clear air at the "wrong" end of the line, but a wind shift left him hopelessly down wind. Harry Carpenter lost the advantage when he tacked on a false header and John Meredith slipped into the lead.

In B fleet Al Thagard also went for the "wrong" end start. It worked for him as he beat the pack to the first mark and held the lead to the finish.

Jean Thagard described the tactics on their boat. "I always tell Al what to do, but he doesn't always do it because I want to be in charge, but I don't want to be captain." Team work!

WRESTLING CAMP HELD AT NHS - Some 60 area wrestlers and coaches recently attended the Western Maryland All-American Wrestling Camp at Northern High School. The camp stressed the importance of good fundamentals in order to be a successful wrestler. Coach Rob Waller, head coach at Mt. Pleasant High School, Pa., was in charge of the program. He placed emphasis on takedowns, escapes, rides, and pinning combinations. Pictured above left are the members of the coaching staff (left to right): Dan Clark, of the Southern Mat Club; Dale Garlitz, Northern Youth Wrestling and camp director; Kurt Lear, Northern Youth Wrestling; Scott Stough, Northern High School; and Jack Rickman, Southern Mat Club. In the other photos are the youth wrestlers who attended.

Round-The-Lake Sailboat Race Set For Sept. 11

by Harry Filemyr

Gordon Clefton, current High Admiral of Deep Creek Lake, announced that the Magellan Challenge Round-The-Lake Race has been scheduled for 11 a.m., Saturday, September 11. This informal annual event is sponsored by the "very informal" Flat Earth Society of Deep Creek Lake.

The society bestows the honor of High Admiral on each year's winner. The Admiral is then responsible for all aspects of running the next year's race. His out-of-pocket expenses may (or may not) be covered by donations from the participants. "Experience has shown that a collection *before* the race is prudent," a Society spokesman said.

The race is open to anyone with any type of craft propelled by sail. No club or association membership is required. Scoring is by time corrected with the Portsmouth rating of the boat and a skipper's handicap based on his racing record, the way the bowlers and golfers have a personal handicap. The usual racing and class rules are waived, with just "rules for preventing collisions at sea" prevailing. "Protests are expected to be settled with either cutlasses or rolling dice," the spokesman said. In the eight years of this event there have been no protests.

The course is from the Turkey Neck club dock, around the lake south of Glendale Bridge, with excursions up Bull Run, Hoop Pole, and Green Glade coves, and returning again to the same dock. The start is often with all boats at the dock, with a Le Mans style scramble to get underway. An innovation proclaimed by Admiral Clefton is that boats may circumnavigate in either direction. There is no time limit. All are advised to carry provisions for the crew, but the admiral is expected to provide refreshments for the awards celebration after the race.

For information on entry, persons may call Harry Filemyr at 301-334-4285.

Women Choose Captain's Choice

Captain's Choice was played by the Oakland Women's Golf Association Aug. 26, with the team of Nellie Inskeep, Frances Bell, and Vickie Regnier winning first place with 73.

Carding 75 and in second place was the team of Alice McGreevy, Loretta Pernell, Helen Nordeck, and Jo Cook. Two teams tied for third place with 77: Roberta Seward, Caryl Doe, Carolyn Sleightholm, and Lena Long; and Janice Welch, Rita Humberson, Helen McHenry, and Nancy Helbig.

Archery Shoot Winners Named

Winners of a 3-D archery shoot held Sunday along Cherry Ridge Road, Mt. Storm, W.Va., were announced by G&T Sporting Goods, sponsor of the event.

Drew Sheally won the bowhunter A class with a score of 228, followed by Ernest Alexander with 226 and Leon Evans with 222. Jody Amtower was the winner in B class with a 184, just one point ahead of Joe Mousch. Skeeter Ferley was third with a 179. Tony Conrad was the winner in C class with a 153, followed by Shawn McGann, 139, and Norm Cogley, 138.

Jack Fitzwater was the winner of the unlimited division with a 229, with Alan Biser in second at 206 and Mike Piraino third with 192.

Rosemary Leon was the winner in the women's division with a score of 208. Lisa Piraino placed second (203) and Wendy Biser was third (200).

Chad Fridley won the youth division with a 218, followed by C.W. Nesselrodt at 216 and Angela Hipp, 171.

The winner of the cub division was Jamie Delawder with a 143, followed by Kris Kitzmiller (110) and Ted Belle (100).

The next scheduled shoot is a two-day event set for this weekend, Sept 5-6. Trophies will be awarded each day with a top archer award presented Sept. 6 to the highest two-day scorer in each class. For more information about the event, persons may call 693-7854.

The Golden Years

For 10 members of a San Antonio, Texas, volleyball team all have something in common, aside from playing in senior games. Each has had a heart attack, bypass surgery or other form of cardiac problem. Eight of the players are in their 60s, one is 55 and one 72. Volleyball is one of the exercise choices in the third phase of a gradual cardiac rehabilitation program conducted by the medical center. Participants are closely monitored and counseled. The goal is to increase fitness so they can enjoy a better quality of life.

Actress Ruth Warwick, 76, is best known to many TV viewers for her longtime role in the "All My Children" soap opera. But she's familiar to older fans for her stage and movie triumps that began with "Citizen Kane" in 1941. She's been following actor-director Orson Welles' advice ever since. "Find the work that you enjoy ... if you do the things you enjoy, you'll live longer and happier."

Southern Soccer Team To Scrimmage Flintstone Today

The Southern High School varsity soccer team will scrimmage against Flintstone this evening on the Southern field, beginning at 5:30 p.m. The public is invited to attend.

The Rams, coached by Tom Powers, will open their regular season Tuesday at Westmar. Their first home game will be next Thursday against Beall.

Jets To Defend Youth League Football Title

The Oakland Jets of the Mt. Top Youth Football League will open their regular season this Saturday at home on the Southern High football field at 6 p.m. The Jets will start the defense of their title against the Parsons Vikings.

With the loss of many key players from last year's championship team, the Jets will be looking for immediate help from some inexperienced personnel. Several starters return on offense, including quarterback Chad Warnick. The other returning starters on offense include Tommy Gank, Chris Gidley, Steve Shifiett, and Billy Stoner. Stoner has been sidelined with a knee injury and is listed as doubtful for the home opener.

• The defensive unit of the Jets will also be inexperienced and will have to rely on the leadership of several key returnees. The line will be anchored by returning starters Shiflett, Tommy Sweitzer, and Chuck O'Brien. Returning at the linebacker spots are Gank, Gidley, and Andy Seib. Returning in the secondary are Warnick and Scott Beitzel Aaron Mountain will see considerable action on defense as well."

Vic Compitello, head coach of the Jets, said, "This could be a very exciting year for the Jets. We are extremely young and somewhat inexperienced in most areas. Some of our first year players and our young athletes will have to grow up pretty fast if we are going to be a factor when playoff time rolls around."

The Jet game on Saturday night will be followed by a JV game against the Vikings. With such a plentiful crop of young players, the Jet FV's are looking to build on last year's success. JV coach Jeff Cooley stated, "The JV team has been working very hard over the past three weeks and they are really looking forward to the game. These kids have done a super job this summer and we are probably a good bit ahead of where we were last year at the time."

The Jet cheerleaders will be on hand Saturday night to cheer on the Jets. Compitello stated "The Jet cheerleaders under the supervision of Diane Arnett have done a wonderful job over the past year. We really appreciate their efforts and hope everyone will come out and support not only the football team, but the cheerleaders as well.

Seasons tickets for the upcoming season are on sale now and can be purchased from an Jet football player, coach, or cheerleader. The tickets are good for all regular season games, whether home or away. The cost is $5 and all the proceeds go directly to offset the expenses of the team and cheerleading squad. Tickets can also be purchased at the gate.

development stages of the county's plan for solid waste and recycling. The Garrett County Master Solid Waste Plan must be updated by November 1, said Glotfelty, who added that the committee was asked to take an active role in approving the contents of this document as it is being prepared.

"The committee spent a great deal of time discussing possible funding mechanisms for the county's overall solid waste management effort," state Glotfelty. "The potential impact of tipping fees and/or special taxes was closely examined."

Final recommendations on funding options was deferred to a future meeting, he added.

Also during the meeting, Jerry Herpel, Accident, was elected chairperson for the group.

The next meeting will be held Wednesday, September 8, at 7:30 p.m., in Rm. 312 of the Continuing Education Center at Garrett Community College. The public is invited to attend, and anyone wishing to address the committee on a special topic should first contact Glotfelty at 334-9337.

Also this week, Glotfelty reported to the Garrett County Commissioners that construction of the new landfill is approximately 20% complete.

84 Lumber Offers Free Seminar

84 Lumber, the nation's largest privately owned building materials company, will offer a free seminar for people interested in building an affordable home. It will be held Wednesday, Sept. 8, at Will 'O the Wisp, Deep Creek Lake.

The program will include information detailing the professionally designed and tested home packages currently on the market and will discuss such topics as style, size, and construction requirements. There will be helpful advice on such related issues as finding a lot, hiring a contractor, and financing a home.

"We are really excited about this new program because it offers people an opportunity to learn how they can build complete homes," said Jarett Rasel, manager of the local 84 Lumber store.

"We've seen a tremendous amount of interest in our area since this program was introduced," said Scott Hughes, area manager for the Pittsburgh Region. "People can save a tremendous amount of money by either building themselves or, more commonly, by acting as their own general contractors."

Since space at the seminar will be limited, those who plan to attend should reserve a spot by calling 84 Lumber at 334-6184.

Deep Creek Yacht Racers Conclude July-Aug. Series

by Harry Filemyr

Thirty-three boats competed as the Deep Creek Yacht Racing Association wound up the July-August series with a three race weekend. For qualifying boats, the best scores from 60 percent of the races held are counted for trophies.

Saturday the wind stayed a steady seven to 10 MPH from the northwest, but regular 30-degree oscillations provided abundant tactical opportunities. The first course wrapped around Turkey Neck Peninsula. With the Lasers, Kevin Rissell felt that he maintained his lead by staying offshore in stronger wind than Keith Spinnenweber, who opted for the shorter route closer to land.

Harry Carpenter 1st stayed clear of the wind shadows on the south shore, then worked the shifts. "... up the trees," while John Meredith (3rd) thought the wind angle was better close inshore. After the first three boats, most of the A fleet arrived at the finish in a group, crossing the line as fast as their numbers could be called. Among the leaders of this group were the Baldts, who crossed the finish line three times. First on the wrong side of the flag, then they hit the flag. Finally, about eight places later, they crossed and were scored. Jeanette was philosophical. "We were going to throw out anything worse than sixth anyway."

There was muttering about another pontoon boat being mistaken for the committee boat in the finish area. This contributed to the B fleet photo-finish between the Elsters and the Willey-Jeffrey team. A poll of the committee boat gave the nod to Willey-Jeffrey for first.

The second race was a conventional windward-leeward triangle. Don and Barbara Griffin took advantage of the port end favored start and worked into the lead. They held the Wolffes at bay to the finish. The Wolffes were not too disappointed with second for, as Frank Wolffe said, "It isn't every day that you beat John Meredith and both Carpenters."

On Sunday, a dying breeze forced a half-hour postponement. The writer, as race commander, signaled 10 minutes to start based on distant ripples coming down the lake. When the breeze arrived it was 45 degrees from the direction the starting line and course were set for. This would be the last chance for some to qualify, so instead of risking another postponement, the races started with a ridiculous starting line and a strange course.

Although three boats are needed for a race to count, two Lasers raced as if it did. In A fleet, with the port end of the line heavily favored, a quartet of starboard tackers pinched off Jack Carpenter and the Griffins, Irving to start on port tack. Everyone tacked to port, with Harry Carpenter coming out in best position. It looked as if Dave Mahan might pull off a coup, starting in clear air at the "wrong" end of the line, but a wind shift left him hopelessly down wind. Harry Carpenter lost the advantage when he tacked on a false header and John Meredith slipped into the lead.

In B fleet Al Thagard also went for the "wrong" end start. It worked for him as he beat the pack to the first mark and held the lead to the finish.

Jean Thagard described the tactics on their boat. "I always tell Al what to do, but he doesn't always do it because I want to be in charge, but I don't want to be captain." Team work!

Jets To Defend Youth League Football Title

The Oakland Jets of the Mt. Top Youth Football League will open their regular season this Saturday at home on the Southern High football field at 6 p.m. The Jets will start the defense of their title against the Parsons Vikings.

Warnick and Scott Beitzel. Aaron Mountain will see considerable action on defense as well."

Vic Compitello, head coach of the Jets, said, "This could be a very exciting year for the Jets. We are extremely young and somewhat inexperienced in most areas. Some of our first year players and our young athletes will have to grow up pretty fast if we are going to be a factor when playoff time rolls around."

The Jet game on Saturday night will be followed by a JV game against the Vikings. With such a plentiful crop of young players, the Jet JV's are looking to build on last year's success. JV coach Jeff Cooley stated, "The JV team has been working very hard over the past three weeks and they are really looking forward to the game. These kids have done a super job this summer and we are probably a good bit ahead of where we were last year at the time."

For 10 members of a San Antonio Texas volleyball team all have something in common aside from playing in senior games. Each has had a heart attack, bypass surgery or other form of cardiac problem. Eight of the players are in their 60s, one is 55 and one 72. Volleyball is one of the exercise choices in the third phase of a gradual cardiac rehabilitation program conducted by the medical center. Participants are closely monitored and counseled. The goal is to increase fitness so they can enjoy a better quality of life.

Round-The-Lake Sailboat Race Set For Sept. 11

by Harry Filemyr

Gordon Clefton, current High Admiral of Deep Creek Lake, announced that the Magellan Challenge Round-The-Lake Race has been scheduled for 11 a.m., Saturday, September 11. This informal annual event is sponsored by the "very informal" Flat Earth Society of Deep Creek Lake.

The society bestows the honor of High Admiral on each year's winner. The Admiral is then responsible for all aspects of running the next year's race. His out-of-pocket expenses may (or may not) be covered by donations from the participants. "Experience has shown that a collection *before* the race is prudent," a Society spokesman said.

The race is open to anyone with any type of craft propelled by sail. No club or association membership is required. Scoring is by time corrected with the Portsmouth rating of the boat and a skipper's handicap based on his racing record, the way the bowlers and golfers have a personal handicap. The usual racing and class rules are waived, with just "rules for preventing collisions at sea" prevailing. "Protests are expected to be settled with either cutlasses or rolling dice," the spokesman said. In the eight years of this event there have been no protests.

The course is from the Turkey Neck club dock, around the lake south of Glendale Bridge, with excursions up Bull Run, Hoop Pole, and Green Glade coves, and returning again to the same dock. The start is often with all boats at the dock, with a Le Mans style scramble to get underway. An innovation proclaimed by Admiral Clefton is that boats may circumnavigate in either direction. There is no time limit. All are advised to carry provisions for the crew, but the admiral is expected to provide refreshments for the awards celebration after the race.

For information on entry, persons may call Harry Filemyr at 301-334-4285.

Jack Fitzwater was the winner of the unlimited division with a 229, with Alan Biser in second at 206 and Mike Piraino third with 192.

Rosemary Leon was the winner in the women's division with a score of 208. Lisa Piraino placed second (203) and Wendy Biser was third (200).

Chad Fridley won the youth division with a 218, followed by C.W. Nesselrodt at 216 and Angela Hipp, 171.

The winner of the cub division was Jamie Delawder with a 143, followed by Kris Kitzmiller (110) and Ted Belle (100).

The next scheduled shoot is a two-day event set for this weekend, Sept. 5-6. Trophies will be awarded each day with a top archer award presented Sept. 6 to the highest two-day scorer in each class. For more information about the event, persons may call 693-7854.

For 10 members of a San Antonio, Texas, volleyball team all have something in common, aside from playing in senior games. Each has had a heart attack, bypass surgery or other form of cardiac problem. Eight of the players are in their 60s, one is 55 and one 72. Volleyball is one of the exercise choices in the third phase of a gradual cardiac rehabilitation program conducted by the medical center. Participants are closely monitored and counseled. The goal is to increase fitness so they can enjoy a better quality of life.

Southern Soccer Team To Scrimmage Flintstone Today

The Southern High School varsity soccer team will scrimmage against Flintstone this evening on the Southern field, beginning at 5:30 p.m. The public is invited to attend.

The Rams, coached by Tom Powers, will open their regular season Tuesday at Westmar. Their first home game will be next Thursday against Beall.

Jets To Defend Youth League Football Title

The Oakland Jets of the Mt. Top Youth Football League will open their regular season this Saturday at home on the Southern High football field at 6 p.m. The Jets will start the defense of their title against the Parsons Vikings.

With the loss of many key players from last year's championship team, the Jets will be looking for immediate help from some inexperienced personnel. Several starters return on offense, including quarterback Chad Warnick. The other returning starters on offense include Tommy Gank, Chris Gidley, Steve Shiflett, and Billy Stoner. Stoner has been sidelined with a knee injury and is listed as doubtful for the home opener.

• The defensive unit of the Jets will also be inexperienced and will have to rely on the leadership of several key returnees. The line will be anchored by returning starters Shiflett, Tommy Sweitzer, and Chuck O'Brien. Returning at the linebacker spots are Gank, Gidley, and Andy Seib. Returning in the secondary are Warnick and Scott Beitzel. Aaron Mountain will see considerable action on defense as well."

Vic Compitello, head coach of the Jets, said, "This could be a very exciting year for the Jets. We are extremely young and somewhat inexperienced in most areas. Some of our first year players and our young athletes will have to grow up pretty fast if we are going to be a factor when playoff time rolls around."

The Jet game on Saturday night will be followed by a JV game against the Vikings. With such a plentiful crop of young players, the Jet FV's are looking to build on last year's success. JV coach Jeff Cooley stated, "The JV team has been working very hard over the past three weeks and they are really looking forward to the game. These kids have done a super job this summer and we are probably a good bit ahead of where we were last year at the time."

The Jet cheerleaders will be on hand Saturday night to cheer on the Jets. Compitello stated "The Jet cheerleaders under the supervision of Diane Arnett have done a wonderful job over the past year. We really appreciate their efforts and hope everyone will come out and support not only the football team, but the cheerleaders as well.

Seasons tickets for the upcoming season are on sale now and can be purchased from an Jet football player, coach, or cheerleader. The tickets are good for all regular season games, whether home or away. The cost is $5 and all the proceeds go directly to offset the expenses of the team and cheerleading squad. Tickets can also be purchased at the gate.

development stages of the county's plan for solid waste and recycling. The Garrett County Master Solid Waste Plan must be updated by November 1, said Glotfelty, who added that the committee was asked to take an active role in approving the contents of this document as it is being prepared.

"The committee spent a great deal of time discussing possible funding mechanisms for the county's overall solid waste management effort," state Glotfelty. "The potential impact of tipping fees and/or special taxes was closely examined."

Final recommendations on funding options was deferred to a future meeting, he added.

Also during the meeting, Jerry Herpel, Accident, was elected chairperson for the group.

The next meeting will be held Wednesday, September 8, at 7:30 p.m., in Rm. 312 of the Continuing Education Center at Garrett Community College. The public is invited to attend, and anyone wishing to address the committee on a special topic should first contact Glotfelty at 334-9337.

Also this week, Glotfelty reported to the Garrett County Commissioners that construction of the new landfill is approximately 20% complete.

84 Lumber Offers Free Seminar

84 Lumber, the nation's largest privately owned building materials company, will offer a free seminar for people interested in building an affordable home. It will be held Wednesday, Sept. 8, at Will 'O the Wisp, Deep Creek Lake.

The program will include information detailing the professionally designed and tested home packages currently on the market and will discuss such topics as style, size, and construction requirements. There will be helpful advice on such related issues as finding a lot, hiring a contractor, and financing a home.

"We are really excited about this new program because it offers people an opportunity to learn how they can build complete homes," said Jarett Rasel, manager of the local 84 Lumber store.

"We've seen a tremendous amount of interest in our area since this program was introduced," said Scott Hughes, area manager for the Pittsburgh Region. "People can save a tremendous amount of money by either building themselves or, more commonly, by acting as their own general contractors."

Since space at the seminar will be limited, those who plan to attend shoukl reserve a spot by calling 84 Lumber at 334-6184.

Wellness Together's "Five-A-Day" Booth Successful

"Five Fruits and Vegetables A Day" was the theme of this year's Wellness Together Booth at the 37th Annual Garrett County Agricultural Fair. Sponsored by the Garrett County Health Department (GCHD) and Garrett County Memorial Hospital (GCMH), the booth distributed over 5,550 pieces of fruits and vegetables, encouraging better health to fairgoers.

"The main role of the Wellness Together program is to encourage individuals to make healthy lifestyle changes to prevent chronic disease," explained Mikal Moore-nau, director of Community Relations at GCMH. "One way of achieving this is through a healthy diet."

In addition to providing visitors with fresh fruits and vegetables, the Wellness Together Booth featured painting activities designed to increase awareness of the importance of the "Five-A-Day" message. Participants of all ages were encouraged to paint a picture of "what good health means to me" on the booth's display board. Local artist, Pat Filsinger, started the booth's colorful backdrop. Paintings ranged from sunshines and apple trees to bananas, grapes, carrots, and watermelons. Employees and volunteers who manned the activity booth painted small fruits and vegetables on the faces of children who stopped by during the fair.

All participants in the Wellness Together fair booth were asked how many servings of fruits and vegetables they eat each day. Of the 2,092 people surveyed throughout the week, 57% had less than five servings each day, with almost 20% having less than three servings on average. One serving is equal to ½ cup of fruit, 3/4 cup of juice, ½ cup cooked vegetables, 1 cup salad, or ¼ cup dried fruit.

"Many people tell me that they find it hard to eat well because of their busy lifestyles," stated Ann Sherrard, registered dietitian at the Health Department. "Our booth offered everyone a change to have one of their recommended five servings as they enjoyed the fair."

"FIVE-A-DAY" -- Fairgoers who passed by the Wellness Together booth this year at the Garrett County Agricultural Fair were treated to helpings of fresh fruit as health representatives encouraged them to include five servings of fruits or vegetables in their diets everyday. Shown above is Wellness Together representative Francy Mountain as she assists visitors at the fair booth. Below: Vickie Wilt, Garrett County Memorial Hospital, paints a fresh piece of fruit on the face of a young visitor.

"Five-A-Day" is a joint project of the National Cancer Institute (NCI) and the Produce for Better Health Foundation (PBHF). The goal of the program is to make people more aware that eating fruits and vegetables can improve health and help reduce the risk of cancer. The program encourages eating five or more servings of fruits and vegetables a day, targeting an easy approach to changes in diet and nutritional habits and more overall control of meals and snacks.

More information on nutritional programs such as "Five-A-Day" is available by contacting the Wellness Together program at 334-2155.

Gypsy Moth

Continued from Page A-1

had virtually nothing to do with that fact. He explained that the gypsy moth goes through, as yet, unpredictable cycles of resurgence regardless of intervention practices, and that spray programs are meant to protect the individual trees from defoliation and not to change the patterns of the moth or to stop it from recurring.

Tichenor further explained that the gypsy moth is an insect that causes its damage in the spring, so that any action to intervene must be taken in late April to early May (even into June in places like Garrett County, he said). The insect is especially fond of oak trees.

The county most recently employed a cost-share spray program using the insecticide Dimilin, which acts to prevent the formation of chitin, thus preventing the insect from further development. The state used a combination of Dimilin and Bacillusis thuringiensis, or Bt, (a natural bacterium).

Controversy has surrounded the use of Dimilin because of its unknown level of toxicity and the length of time it persists in the environment, while claims indicate the Bt's harmful effects are not as far reaching, but county officials have traditionally opted for Dimilin because it has been cheaper and can be applied over a less specific time period than Bt.

While Simms reported that Bt has undergone improvements in its ability to adhere to foliage, the increased level of concentration in which it can be applied, and in price, Tichenor stated that Dimilin has also undergone more testing over the past few years (through a study sponsored by the U.S. Forest Service) and preliminary findings indicate it is not as harmful as was once thought.

Tichenor reported that Dimilin, when applied as a aerial spray, makes itself known in bodies of water at a rate of only one part per trillion, and noted that relatively few acres in the state have been sprayed.

A faction of the county population, however, has and continues to hold the view that no spraying should be done at all, and that the gypsy moth should be allowed to run its course because the dangers of conducting a widespread spray program outweigh the benefits.

Sierra Club member and Grantsville resident Fred Bolton, who organized and moderated a Garrett County forum on the gypsy moth in 1990, stated this week that a spray program is "an absurd use of taxpayers' money," especially when one compares the benefits derived from taxpayers' contributions in the areas of education, law enforcement, transportation, and emergency services.

"When it comes to spending money on a spray program, the taxpayer will always come out a loser," he added.

When Simms was asked if any consideration will be given to the no-spray approach, he answered that it would not "because of the tremendous value of the oak tree."

He did note that the county is interested in a more thorough study of gypsy moth incidence so that persons who are not affected do not needlessly apply an insecticide.

Members of the task force are as follows: R. Thomas Thayer, Leonard Eiswert, Ernie Metz, Earl Smith, Charles Strauss, John Forman, and Mike Kozier.

Deep Creek Buffer Strip Inspection Results Noted

The results of the annual inspection of the Deep Creek Lake buffer strip have been announced by the Deep Creek Lake Recreation Office of the Maryland Department of Natural Resources (DNR) whose officials reported that 139 violation notices and or criminal citations have been issued since the start of the program.

A total of 300 sites have been inspected, and rangers will be continuing their inspections through the month of September. Lake property owners are encouraged to personally check their permit sites and to correct any problems.

Through a lease with the Pennsylvania Electric Company (Penelec), DNR is required to inspect the buffer strip on an annual basis. This year's effort began on August 15, with a concentrated inspection taking place the weekend of August 28-29.

Joyful Noise Child Care Center

Parents in the area surrounding Springs, Pennsylvania, now have another option in child care.

As part of its community outreach program, the Springs Mennonite Church announced the opening of the Joyful Noise Child Care Center. The purpose of the center is to provide quality child care in a positive, Christian atmosphere, a spokesperson said.

The project began with a research group including Janice Lais, Kimberly Miller, Julia Tice and Melinda Walker appointed by the members of the church council. The committee recommended support of the project after determining a need in the community. Church council then appointed a Board of Directors to establish the center. Members of this current board include Delmas Yoder (chairperson), Mark Folk, Donald Hershberger, Maxine Miller (secretary), Dixie Otto (public relations), Douglas Root, and Melinda Walker (treasurer).

"I feel that this is a real opportunity for parents to get their children involved in a unique child care program that will emphasize love, Christian values, and learning to play and grow together," stated Board Chairman Delmas Yoder.

The center will be located in the church basement, and opened Monday, August 30. It will be open weekdays from 6:30 a.m. until 5:00 p.m. with the exception of holidays and a few special community events.

A detailed handbook has been prepared which outlines the calendar and other important information. These are available to those interested in enrolling their children.

Enrollment of children from six weeks of age through preschool years is now in progress. At some point in the future, the center may expand its services to offer an after school program for school-aged children as well. Enrollment limits have been established, and children will be accepted into the program until these limits have been reached. Those interested in more specific information are asked to call Kimberly Miller at 662-2691.

Miller is the director for the center. She is a 1991 graduate of Frostburg State University with a Bachelor of Science Degree in Early Childhood/Elementary Education. During her attendance at the university, Miller was a recipient of the Nancy E. Ginder Memorial Scholarship for Education and maintained an excellent grade point average, graduating summa cum laude. She is also an alumnus of Salisbury Elk Lick High School's class of 1988.

Miller also served as the director of the Cherry Glade Child Care Center. She, her husband Greg, and their son Ryan reside in Springs.

The Board of Directors is considering the addition of an assistant director. Minimum qualifications for the position include an associate's degree from an accredited college or university, including 30 credit hours in early childhood education or the human services field. Three years of work-related experience with children is also required. Interested applicants meeting these requirements or possessing bachelor's degrees in related areas are asked to send resumes to the Joyful Noise Child Care Center, Box 304, Springs, Pennsylvania, 15562, or telephone 814-662-2691 to arrange an interview. Interviews for aide positions were held on August 16, but applications will continue to be accepted for these positions.

"Our staff will be chosen to meet Christian ideals," commented Yoder. "Come visit us."

New Writing Course Offered At GCC

A new course for persons who want to preserve the story of their lives for future generations is being offered by Garrett Community College at the Oakland Senior meal site on Wednesdays from 1-2:30 p.m. beginning September 22 and ending November 17. Leaving a Legacy: Telling and Writing Family Stories, a one-credit course, will be taught by Dr. Gail Herman, Joan Crawford, and an art instructor.

Crawford stated, "Following the very successful community sewing and laceworks projects and the wonderful production of Quilters, where stories of lives were woven and stitched into beautiful works of art, we now want to weave stories with words. Everyone's story is worth remembering and re-telling, and it's never too early or too late to begin."

Activities of the course will include remembering people,, places, and events, then telling about them, preserving them in written or audio form, and possibly illustrating them for family members and future generations. "We will work with techniques of storytelling, writing, and illustrating for those who want to preserve their life stories in booklet form. That kind of legacy makes a wonderful gift," said Crawford.

The course is open to anyone. Tuition for residents of Garrett County is $50, which will be waived for persons 60 years of age and older. Depending on the readiness of the new Center Street Senior meal facility, the first several classes may meet at the Mtn. Lake Park meal site.

Persons desiring to register for the course or wishing more information about the course may call Crawford at 387-3046. Students may reserve a space in the class then complete the registration on the first meeting

Grantsville High Class Has Reunion

Members of the Grantsville High School Class of 1935 held their 58-year reunion August 14 at Hill Top Restaurant near Grantsville.

Edna (Dolly) Swauger Livengood was mistress of ceremonies and also gave the invocation. Following the meal, each class member was given an opportunity to talk about his/her life and activities. Helen Michael Duckworth read an original poem and June Merrill Schull presented each class member with a crocheted piece she had made.

The next reunion will be held at the same location on the second Saturday of August 1994.

Other classmates present were: Gladys Beachy Warnick, Nevin Warnick, Eileen Otto Merrill, Pauline Broadwater Bittinger, Josephine Glotfelty Oester, Ira Stark, Edith Walls Keck, Thomas and Helen Caton McKenzie, and Beulah Buckel Moon. Guests were: Jennie Stark, Mary and Julius Michael, Vickie Prstacio, Warren Oester, Nellie Yommer, Mary Durst, and William Merrill.

Frostburg Man Is Found In Violation Of Probation

A Frostburg man who pleaded guilty to violation of probation last week in Garrett County Circuit Court will serve two years in jail, by order of presiding Judge Fred A. Thayer. Brian G. Ayers, 45, was originally sentenced to five years in prison with two years suspended for a distribution of marijuana conviction. Thayer reimposed the two suspended years, to be served in the Maryland Department of Corrections.

Ayers was sentenced in 1991 to five years with no time suspended for the crime, but was granted a new trial in 1992. The result of the second trial was the three year, two years suspended sentence. His recent violation of probation accusation apparently stemmed from a May DWI (driving while intoxicated) charge lodged against the defendant in Frostburg.

Thayer reportedly suggested to Ayers that he file a motion to revise the sentence, which would permit the court to consider recommending the defendant for a specialized rehabilitation program

"KOOL KLOWNS" - A "Kool Klown Fun Nite," sponsored by Kool Klowns, Inc., Oakland, will be held Wednesday, September 22, at the American Legion in Oakland, with the doors opening at 6:30 p.m. A drawing is schaduled to be held at 7 p.m. Tickets are available at $20 per person, and will include an open bar, pit beef dinner with fixings, and eligibility for prizes totaling $1,500. Hetrick Receives Third Scholarship From WEPCO

Michael W. Hetrick, McHenry, has been named the recipient of WEPCO Federal Credit Union's third annual Scholarship Award.

Hetrick was graduated from Northern High School as valedictorian of his 1993 class. While at Northern he was captain of the mock trial team, Student Council vice president, National Honors Society president, yearbook photographer, member of the marching band, and was listed as Who's Who Among High School Students. His numerous awards include: Army/National Guard Distinguished Scholar, Maryland Distinguished Scholar Semi-Finalist, Tandy Technology Scholar, Regional ISEF Science Fair Winner, Eastman-Kodak Photography Award, and most recently the Maryland Distinguished Scholar, which is awarded to those with high achievement in Maryland. He also received the Robert C. Byrd Honors Scholarship and the General Stats Scholarship.

The son of William and Jeanie Hetrick, McHenry, Hetrick was employed as a gas pump attendant at Arrowhead Market in McHenry this summer. He is registered for the fall semester at the University of Maryland at College Park, where he will major in tha physiology (pre-mad) curriculum.

Selection of the scholarship winner is based mainly on a written essay on the following topic: In selecting a financial institution, for what reasons did you choose to deal with a credit union, and why WEPCO Federal Credit Union in particular? There were 22 entries received, all of whom were required to be members of the credit union.

RECEIVES SCHOLARSHIP -- Michael W. Hatrick, 1993 valedictorian of Northern High School, is praaantad with the third annual WEPCO Federal Credit Union Scholarship Award. Presenting the award is WEPCO Vica President Lana Smith.

Additional Funds Released For Water And Sewer Projects

Secretary of Agriculture Mike Espy has announced the release of $285 million in additional funding for water and sewer projects in rural communities.

The funds, $250 million in loans and $35 million in grants, were included in a supplemental appropriations bill passed by Congress and signed earlier by President Clinton.

"This will let us continue our efforts to bring safe drinking water and effective sewer systems to rural America," Espy said. "Americans living in 1993 should not have to live in homes without running water or indoor plumbing. We have made that a priority."

Tha naw funds are in addition to $635 million in loans and $390 million in grants authorized in the regular fiscal year 1993 appropriations. The loan funds are being allocated by the U.S. Department of Agriculture's Rural Development Administration as follows: Mideast RDA Region, $45,406,000 (Delaware, Kentucky, Maryland, North Carolina, Tennessee, Virginia, West Virginia).

RDA will distribute the grant funds on an as-needed basis. RDA loans are available through FmHA local offices.

For more information, persons may contact James E. Waters, Chief, Rural Community Business Programs, 4611 South DuPont Highway, P.O. Box 400, Camden, DE 19934.

Bell Receives ASAE Key Award

Howard Bell, president emeritus of the American Advertising Federation (AAF), was awarded the Key Award for outstanding leadership from the American Society of Association Executives during its annual meeting in Minneapolis Sunday.

Bell served as president and chief executive officer of the AAF for over 24 years, and currently serves as president of the American Advertising Foundation, a nonprofit educational subsidiary of the AAF. He also has served as counsel to the Washington law firm of Wiley, Rein & Fielding since 1992.

The ASAE presents the Key Award annually to executives who demonstrate outstanding leadership qualities in their association career and exemplify the best in association management by bringing credit to their profession and the association community. Since its inception in 1960, the Key Award has been presented to 137 association professionals.

In his 24-year-tenure with the AAF, Bell built the organization from two small regional associations into a single major national advertising association with over 50,000 members comprising all elements of the industry. In addition to his work with the AAF, Bell also worked with the National Association of Broadcasters, serving as vice president, executive secretary of the Association of Professional Education, and assistant to the president. He also served as director of the NAB Coda Authority, rasponsible for administration, interpretation, and enforcement of the radio and television codes.

Ball holds a juris doctorate from Catholic University Law school and a bachalor's degree in journalism from the University of Missouri. He and his wife, Chan, are permanent residents of Deep Crsek Lake. He is owner of Tips Up Ski Shop in McHenry.

EACH PRESCRIPTION INFLUENCES YOUR LIFE

Your physician writes a prescription because he either wants to make or keep you healthier. His diagnosis of your condition indicates you need this medicine.

Follow his advice as given. We will label his directions for use and, of course, dispense the exact medicine prescribed. But, unless you actually take the medicine as directed, you have wasted his time, your money and lessened your chances to keep well.

Scriptures Selected by The American Bible Society

It is a fact that our nation is among the most progressive in the world. Have you ever wondered why this is so?

Each day, the millions of men and women who power the labor force of the United States of America converge at their respective places of employment with the purpose of a job well done. This attitude spells progress. Power applied with purpose equals the progress for which our country is known.

During this week of Labor Day and each week of the year, may we observe a time to rest from our labors to praise God and meditate upon His Holy Word, for prayer with a purpose provides the strength for progress in the future.

THE BIBLE SPEAKS

BY LAWRENCE W. ALTHOUSE

BEHIND THE 'BIG BANG'

September 5, 1993

Background Scripture:
Genesis 1:1-25

Devotional Reading:
Isaiah 40:21, 25, 26, 28-31

"In the beginning..." begins the Book of Genesis and the Bible itself. In fact, the term "Genesis" means "beginning." In Genesis, we reach back as far as we can to point-zero in time.

Contemporary science tells us that the beginning was 10 to 20 billion years ago. And the beginning, according to many scientists, was an instantaneous "Big Bang," the reverberations of which are still echoing through the universe.

If you throw a stone into a pool, you can see the rings of force that ripple from the point of contact between the stone and the water. Those rings grow ever larger, keep expanding at a geometric rate. In nature, those rings are never reversed, never get smaller and retreat into the single point from which they began. But, if I capture that event on my video camera and then run it on "rewind," I can do just that. I can see things grow smaller and return to the original point of interest.

AN EXPANDING UNIVERSE

One year before I was born, a scientist by the name of Edwin Hubble realized that wherever you look, the distant galaxies are moving away from us like the rings that ripple on a pond disturbed by a stone. Using the telescopes and astronomical equipment of his day, he convinced most of the scientific community that ours is an expanding, not static, universe.

Since Hubble's discovery, scientists have used computations to theoretically reverse the outward flow of the galaxies back to a moment in time when those forces were all contained in one great moment of power, giving rise to the generally-accepted Big-Bang, but not the Big Bang itself, let alone the moment before it. As soon as they try to look back behind that first second, they run into a door that they cannot open. Some of them suspect that it is God who stands behind that door; others refuse to make that assumption but are troubled with the necessity for looking for something, if not someone, behind it.

BEHIND EVERY DOOR

In 1951, Pope Pius XII embraced the Big Bang theory as supportive of Christian beliefs. In fact, he suggested that, in light of these discoveries of science, it might be anticipated that "God were waiting behind every door opened by Science."

It may seem strange that the Pope and other Christians should look upon the Big Bang theory as supportive to Christian belief. After all, there is no place in Genesis where there is even a faint suggestion of a Big Bang. Yet, when we understand what Genesis is saying to us, the relationship between the Biblical saga and the scientific theory becomes very clear. What the writer of Genesis 1:1-25 is giving us is not an eye-witness account of the day of creation, but an explanation of that day's meaning: "In the beginning God..."

The Big Band theory takes us back to the very beginning-plus-one-moment and Christians press back beyond that one moment and fine "In the beginning God..." We can see the Big Band as the outward description of God creating "the heavens and the earth," spinning the galactic masses of gas and dust out into the universe like the ripples on a gigantic pond.

"And God saw that it was good."

COVER STORY

PBS goes back to school with week of specials

BY MICHAEL SCOGIN

Reginald Green (left) and Alvin Crone (right) in PBS' 'Something Within Me."

Inspiration, dedication, wisdom and music radiate from the students of St. Augustine's School of the Arts in New York City's South Bronx. Out of one of the country's poorest neighborhoods, plagued by violence, drugs and crime, comes the music of hope from the hearts of children.

"Something Within Me," airing Wednesday, Sept. 8, as part of PBS' Back-to-School Week, profiles the teachers and students of St. Augustine's, which uses music and arts education to unlock the creative and intellectual potential of inner-city kids. Bill Cosby introduces the one-hour documentary, which won a Special Jury Prize at the 1993 Sundance Film Festival.

Music education begins in kindergarten at St. Augustine's, and in the fourth grade students choose their instrument. All are required to play piano and learn to read music. From fourth to eighth grade, students participate in either orchestra, jazz or latin band.

The process seems to be working. In 1985, the school's enrollment had dropped so low St. Augustine's was almost forced to close down. The decision to make music and the arts as important as reading and writing resulted in the tripling of enrollment and an improvement in historically low reading and math test scores.

"The arts fuel the academics, and the academics fuel the arts," says St. Augustine's founder and principal, Tom Pilecki.

The music inspired not only the children, but also their parents, who, for the first time, became an integral part of the school.

"The reason we survive is that we have the support of the community," Pilecki says.

School officials don't expect to turn out new generations of musical prodigies, they only hope that the desire to learn, perform and succeed the children discover in music will carry through to other classes and outside the school's walls. Children are never auditioned at St. Augustine's. "We believe all students, all children and all people have some kind of talent," says Pilecki.

When an educational system works well, as St. Augustine's does, it should to be applauded and studied. Larger, better-funded school districts (St. Augustine's is always struggling at the brink of bankruptcy) could learn valuable lessons from the techniques applied at this very special school.

Other PBS highlights of the week include a two-hour "Ghostwriter Special" on Monday, Sept. 6.

Tuesday, Sept. 7, "Count on Me" uses comedy and celebrity cameos to teach kids the practical importance of math.

"Sarah Chang: The Young Virtuoso," airing Wednesday, Sept. 8, follows the 13-year-old violinist to a London performance. Also on Wednesday, "Good Morning Miss Toliver" profiles the award-winning New York City math teacher.

For younger viewers, "Mathnet: Off the Record" on Thursday, Sept. 9, includes an appearance by Melba Moore.

On Friday, Sept. 10, "Liberating America's Schools," examines educational reform.

Knights help The Learning Channel mark International Literacy Day (Wednesday, Sept. 8) in the premiere of its "Great Books" series.

Three hour-long episodes air in the first evening: "Arthur: The Legends of the King," "Frankenstein: The Making of the Monster" and "Darwin: Evolution of an Idea." Donald Sutherland narrates the series, which examines the enduring influence of the written word on modern thought.

Comedy Central's 'cheap' Labor Day marathon

BY DAN RICE

Comedy Central, cable's 24-hour sanctuary of silliness, commemorates the Labor Day weekend in its usual, no-frills style. The third annual "Cheap Labor Day Marathon" running midnight (EST) Friday, Sept. 3, through Monday, Sept. 6, spares no mileage but little else in its selection of hosts.

In preparation for this year's event, Comedy Central camera crews traveled to 37 cities across the United States searching for "the average Joe to host above-average comedy." Two hundred people from locales including Portland, Ore.; San Antonio, Texas; Erie, Pa.; and Memphis, Tenn., were chosen to introduce the Comedy Central programs that fill out the 72 hours.

Programming for the "marathon" is virtually the same as that for any other period, save for the (merciful) excising of CC's three-hour late-night block of infomercials and a few odd, dated sitcoms. There are good choices among the weekend's few films, including Sunday screenings of "Earth Girls Are Easy" and "Monty Python and the Holy Grail," and a Monday slot for John Waters' uproarious "Hairspray."

Still, Comedy Central's slate of regular programming is indeed something to laugh at: "Politically Incorrect" offers political and social topics discussed by a panel of humorists; "Women Aloud" presents a similar take on women's issues; Jake Johannsen is the new host of the stand-up series "Two Drink Minimum"; and A.J. Jamal presides over the new urban minority comic showcase, "Comic Justice."

SOAP TALK

Actors return to popular daytime roles

BY CANDACE HAVENS

Kelly Menighan

Randolph Mantooth left "General Hospital" just a few months ago, and now he is set to return to "Loving." The actor will reprise his role as Alex Masters on the half-hour ABC soap. Mantooth is moving from the West Coast to the East Coast, which is never easy for an actor, but sources say he is excited about his role on "Loving."

In other soap news, Scott Bryce is returning to his role as Craig Montgomery on "As the World Turns." Bryce played the role from 1983-87 and 1988-89. In his new storyline, Craig, who has visited from time to time, will return to town with a secret. It is a contract role, so Bryce is in for the long haul.

The big news on "Guiding Light" is Robert Newman's return to the role of Josh Lewis. The actor is scheduled to appear for four weeks, but sources say the brass at "GL" would like Newman's stay to be longer. The last time we saw Josh, he had dumped Harley and gone to look for his long-lost love, Reva.

Dear Candace: I absolutely love the woman who plays Emily on "As The World Turns." I think she is the most beautiful woman on television.

Her character is strong yet vulnerable, and I think it is wonderful that she is trying to help her mother have a baby. The story about in vitro fertilization is interesting, and has raised questions in my mind that I had never thought about before.

Could you please tell me more about the actress who plays Emily? Where did she grow up, and what other shows has she been on? -Cynthia in Georgia.

Dear Reader: Kelly Menighan (Emily) grew up in Glenview, Ill. Her dad works as a life insurance agent and her mom is an interior designer. She has a sister studying journalism and another sister who works for a producer in Los Angeles.

Menighan attended Regina Dominican High School and continued her education at Southern Methodist University in Dallas. The actress has appeared on "Santa Barbara," "America's Most Wanted" and "The Gambler." Her films include "Los Posas Road," "Charlie Chaplin" and "Guns."

The actress is single and lives in New York City. She collects antique furniture, quilts and jewelry.

CABLE OVERVIEW

Shilts' 'Band' finally plays; Lovejoy, Marple on A&E

BY JOHN CROOK

Randy Shilts

HBO fires the big cannon in an unusually eventful week, with the Saturday, Sept. 11, debut of "And the Band Played On." The long-awaited adaptation of Randy Shilts' best seller about the outbreak of AIDS boasts a large cast including Matthew Modine, Alan Alda, Lily Tomlin, Anjelica Huston, Richard Gere, Swoosie Kurtz, Steve Martin, Ian McKellen and David Dukes. The controversial book was a scathing chronicle that divided blame among three groups: a Republican administration that turned a deaf ear to what it viewed as merely a gay issue; medical researchers who turned the search for a cure into a battle of rampant egos; and a portion of the gay community that tried to politicize the issue even further by fighting the closure of bathhouses. The much-anticipated movie faced controversy as well, including "Band" director Roger Spottiswoode's accusation that HBO tried to water down his original cut. Viewers can judge the final product for themselves.

"The Wrong Man," debuting Sunday, Sept. 5, on Showtime, features John Lithgow, Rosanna Arquette and Kevin Anderson in a steamy drama about a heavy-drinking trio flirting with violence along the Gulf Coast of Mexico. Jim McBride ("The Big Easy") directs.

Shelley Long spoofs news magazines in "Sex, Shock & Censorship in the '90s," Friday, Sept. 10, also on Showtime.

A&E boasts three events of note for the week. Ian McShane returns for a new season of "Lovejoy Mysteries" in an episode titled "Irish Stew" on Monday, Sept. 6. Miss Marple is back in Agatha Christie's "The Mirror Crack'd From Side to Side" on Tuesday, Sept. 7. Danny Glover is host of "Civil War Journal," a weekly documentary series debuting Wednesday, Sept. 8.

"Desperate Passage," the first in a series of six documentaries about the rehabilitation of young criminals, debuts Saturday on The Family Channel.

International Literacy Day (Wednesday) marks the debut of the "Great Books" series on The Learning Channel. Donald Sutherland narrates.

James Earl Jones and Billy Dee Williams star Tuesday in "Percy and Thunder," a made-for-TNT movie about an aging trainer trying to help a young boxer.

"The Big Wet," a Discovery Channel presentation on Wednesday, examines how both humans and animals adapt to northeastern Australia's harsh rainy season.

MOVIE MARQUEE

All-star cast in 'And the Band Played On'

BY CANDACE HAVENS

Matthew Modine

Jill Eikenberry portrays a woman who suspects her husband committed a crime in the thriller "Living a Lie" on NBC Sunday, Sept. 5. Peter Coyote co-stars. HBO has Kevin Costner and Sean Connery in the "Untouchables." Carole Lombard stars as a gold-digging manicurist in "Hand Across the Table," airing on American Movie Classics.

Chevy Chase fumbles his way through "Fletch" Monday, Sept. 6, on Fox. NBC presents Lindsay Frost and Lee Horsley in Danielle Steel's "Palomino." On HBO, Woody Harrelson has trouble with his slam-dunk in "White Men Can't Jump."

"Percy and Thunder," premiering on TNT Tuesday, Sept. 7, stars James Earl Jones, Billy Dee Williams and Courtney B. Vance in the story of a retired boxer who enters the big time with his protegee. Kevin Kline and Susan Sarandon star in "The January Man" on Cinemax.

Wednesday, Sept. 8, Willem Dafoe, Sarandon and Dana Delany star in "Light Sleeper" on Cinemax. Dafoe portrays a career drug dealer who undergoes an enlightening mid-life crisis. On HBO, Andrew McCarthy must choose between two women in "Only You."

Sylvester Stallone stars as an arm-wrestling trucker grappling with reconciliation with his son in "Over the Top," airing on TBS Thursday, Sept. 9. Tom Cruise and Nicole Kidman are struggling immigrants in "Far and Away" on The Movie Channel. James Dean stars with Natalie Wood in "Rebel Without a Cause" on TNT.

Friday, Sept. 10, is the night for "The Player" on Showtime. Tim Robbins stars with Greta Scacchi in this scathing look at the world of Hollywood. Work up a good scare with "Poison Ivy" and "Alien 3" on Cinemax. Val Kilmer and Sam Shepard star in the suspenseful "Thunderheart" on The Movie Channel. The three-part miniseries "The Awakening Land" continues on NBC.

CBS premieres "Shenandoah," on Saturday night. Robert Foxworth and Kate Mulgrew star in this story about a family that is changed forever by the Civil War. On NBC, pageant winner Carolyn Sapp stars in "Miss America: Behind the Crown." The movie chronicles Sapp's life and her relationship with her abusive boyfriend.

HBO presents a star-studded cast in "And the Band Played On." This moving tale focuses on the early years of the AIDS epidemic. The cast includes Richard Gere, Matthew Modine and Alan Alda with numerous cameos.

TIME OUT

Cowboys open season against rival Redskins

BY MICHAEL SCOGIN

Frank Gifford

Quarterback Troy Aikman will be ready to take the controls when Dallas begins its quest for a second straight Super Bowl victory as the Cowboys visit the Washington Redskins in the season opener of ABC's "Monday Night Football" on Sept. 6.

Aikman has been itching for playing time in a preseason that has seen the Super Bowl MVP make a remarkable recovery from off-season back surgery. Even so, coach Jimmy Johnson has limited Aikman's action to make sure his quarterback would be ready for the opener against the Redskins.

At press time, the Cowboys were still without Pro Bowl running back Emmitt Smith, who spent the preseason holding out in hopes of landing a deal similar to Thurman Thomas' $4-million-a-year contract. Dallas needs a strong running game to repeat last year's Super Bowl glory.

"I think their chances are very good," says ABC's "Monday Night Football" commentator Frank Gifford. "They were far and away the best team last year – there was certainly no question about that."

In Washington, former defensive coordinator Richie Petitbon takes over this year for retired head coach Joe Gibbs. Gifford doesn't foresee much of a change in coaching philosophy.

"You'll see much of the same – ball control, don't turn the ball over, run it when you can and let (Mark) Rypien rip when he can," Gifford says.

Quarterback Rypien didn't tear up much of anything last year. The 1991 Super Bowl MVP dropped to the bottom of the NFC passing ranks.

"As a team they were kind of embarrassed about what happened last year. Rypien will probably be a lot different this year," predicts Gifford.

Gifford enters his 23rd year as a "Monday Night Football" broadcaster, flanked by colleagues Al Michaels and Dan Dierdorf, who have served the longest stint as Gifford's companions in the booth. He says the current lineup reflects the country's more conservative nature and fans' analytical approach to the game.

"There was a time when the country was in total rebellion against Vietnam, and all the drug culture was popular, and we reflected that," says Gifford. "(Don) Meredith was kind of a rebellious, iconoclastic sort of a guy, and Howard (Cosell) always was. 'Monday Night Football' has always followed the trends of the country and we're doing much the same now."

IN FOCUS

Alex (David Lopez) zeroes in on clues needed to crack a case in PBS' "Ghostwriter Special," airing Monday, Sept. 6, as part of the network's It's Back to School on Public TV programming event.

"Ghostwriter" is a regular PBS series dealing with crime-solving kids aided by a spirit who communicates in writing. The special features a reprise of one of last year's favorite cases, "Over a Barrel," along with cast profiles and previews of upcoming shows.

Maryland Closes Fiscal Year '93 With A Surplus

Maryland State Comptroller Louis L. Goldstein says the books are officially closed on the state's fiscal year 1993, which ended June 30, 1993. "Maryland ended the fiscal year with an unappropriated General Fund Surplus of $10,519,710, largely attributable to slightly higher than expected income taxes; taxes from financial institutions and recoveries attributable to patients in state hospital facilities," he said.

The $10.5 million surplus, out of $6,473,600,000 in General Fund revenue, is enough money to operate state government for less than eight hours.

Income taxes produced $3.2 billion, or $20.3 million more than expected; business franchise taxes produced $193.9 million, or $22.4 million more than expected; and death taxes yielded $94.9 million, or $10.9 million above estimates. Revenue attributable to patients in state hospitals totaled $116.4 million, or $14.4 million more than estimates.

These gains were nearly offset by lower than expected revenue from the Maryland Lottery, which produced $301.6 million, or $49.7 million less than anticipated. Sales and use taxes produced $1.7 billion, or $1.3 million less than expected. The state earned $17.2 million on investments during fiscal year 1993, about $2.8 million less than estimated.

Income tax, the largest source of General Fund revenue for Maryland, produced net revenue of $3.2 billion after distributing $1.3 billion in local income taxes to Maryland's counties, cities and towns; $50.8 million to the Department of Transportation; $994,637 to the Chesapeake Bay and Endangered Species Fund; and returning $730.2 million in refunds to taxpayers.

"Income tax refunds were higher than expected. The average individual refund, based on 1992 tax returns, was $391.90, compared with $377.13 last year," Goldstein said.

The comptroller noted that the growth in income tax reflects some improvement in wages and employment, but noted that the revenue also reflected legislation enacted by the 1992 session of the General Assembly, including a requirement for part-year residents to prorate deductions and exemptions; changes in the formula used to determine Maryland's taxable share of the income of multistate corporations; a new tax bracket for high income taxpayers; elimination of the combined separate filing status; and a new tax deduction for working couples.

"These legislative changes were expected to increase revenues by $75.2 million in fiscal year 1993," Goldstein said. "The pattern of income tax receipts indicates that taxpayers affected by the higher local income tax rates in Allegany, Montgomery, Prince George's, Talbot and Baltimore counties went to their employers and adjusted their withholding to avoid owing additional tax on April 15. This meant higher payments were coming in through employer withholding throughout the year, while the final payments made with returns filed by April 15, were a bit smaller than expected."

SWARTZENTRUBER HONORED AT RETIREMENT CEREMONY – Doris Swartzentruber, R.N., former operating room nurse at Garrett County Memorial Hospital, was recently honored by the hospital at a retirement ceremony in recognition of her more than 30 years of service to Garrett Memorial. According to Cathy Miles, R.N., operating room nurse manager at Garrett Memorial, "Doris was a very dedicated member of the operating room staff at Garrett Memorial. She was familiar with the entire surgical process, providing complete quality patient care. She could also be counted on to fill in as assistant operating nurse manager and her years of experience and professionalism made her a very valuable member of the hospital's surgical team." Terry Weaver, vice president of financial services at Garrett Memorial, pictured, presented Swartzentruber with a plaque in appreciation of her service and contribution to Garrett Memorial.

Parks Will Host Apple Butter Boil, Backpacking Trip

Herrington Manor and Swallow Falls State Parks will host an apple butter boil September 3-5 from 8:30 a.m. to 5:30 p.m. daily, and the public is invited to participate.

Apples are being peeled today (Thursday, September 3) at Herrington Manor State Park, and apple butter will be boiled Friday at Herrington Manor and Saturday at Swallow Falls State Park. The public is invited to come and help stir, and samples will be for sale. Admission is free Thursday and Friday, and a day use fee of $2 per person will be charged on Saturday. For more information, persons may call (301) 334-9180.

The Potomac State Forest will offer a five-mile overnight backpacking trip September 18-19 for beginner to intermediate level backpackers through the scenic Laurel and Lostland Run areas of the forest. Hikers will meet at 10 a.m. at the Forest Headquarters and return by 3 p.m. the following day. The $40 registration fee covers all meals and the deadline for reservations is September 10, with a minimum of five people required. For reservations and information, persons may call (301) 334-2038.

For more information about these and other events, persons may also contact the Deep Creek Lake-Garrett County Promotion Council, 200 South Third St., Oakland, MD 21550; telephone (301) 334-1948.

AREA 1 LOGGER OF THE YEAR – Beckman Lumber Company of Oakland has received the 1993 Area 1 Logger of the Year Award, sponsored by the West Virginia Forestry Association. This award is given annually to a logger that demonstrates good logging practices and safety programs in his or her operation. Area 1 represents the 12 northern and north-central counties of West Virginia. Beckman Lumber Company is doing business in Monongalia and Preston counties. Recipients of the Logger of the Year Award must be licensed and certified by the West Virginia Division of Forestry. The West Virginia Forestry Association represents the State's forestry community with 950 members including businesses that produce paper, furniture, lumber, flooring, building supplies, fencing, as well as individual landowners, foresters and loggers. Pastors Will Be Honored At Right To Life Dinner

Pro-life pastors throughout Allegany and Garrett counties and surrounding communities who have been supportive of the efforts of Allegany and Garrett County Right to Life chapters, have been invited to attend a Pastor's Appreciation Dinner, as guests of the chapters. The dinner will be held Friday, September 17, at 6 p.m. at the Holiday Inn in Cumberland.

The special speaker will be nationally syndicated columnist, Cal Thomas, who will be speaking on the subject. "The Changing Face of America."

While some invitations have been sent, the dinner speaking engagement is open to the public. Pastors who have not confirmed reservations or who inadvertently did not receive an invitation should contact Taune Witmer (724-2992) or JoAnn Fletcher (689-3756) to place a reservation. Public tickets for the event may be purchased at Steve's Pharmacy (Bel Air Plaza), Ott's Music House and Christian Center (Downtown Cumberland), Mary Carol Shop (Frostburg), Christian Music and Book Store (Country Club Mall, LaVale), Print Shoppe (Grantsville), and Christian Book Store (Oakland). The cost of a ticket, which includes dinner and the speaking engagement, is $15.

Cupler Awarded $1,000 Scholarship

Susan Cupler, Grantsville, has received a $1,000 scholarship from the National Association for the Self-Employed (NASE). She is the daughter of NASE member John Cupler, owner of Pine Lawn Company, and antique wholesale/retail store.

Cupler is one of 50 students nationwide to receive a portion of $50,000 that the NASE awarded this year. This is the fifth year the small business organization has provided the scholarships to dependents of its members.

Cupler graduated from Northern High School in June 1991 and is currently beginning her third year at High Point University in North Carolina. She is majoring in international studies and French, and she has an eye toward law school in the future.

She is working in a law firm where she assists in filing court documents, tax work, and legal research. "There is no better way to become familiar with the 'inside' workings of the legal world," she said.

Through her French studies, Cupler will have the opportunity to study at the Sorbonne in Paris this fall. She is also involved with the Harvard Model United Nations Conference, International Club, Student Government Association, Mock Trial and the Society for Historical and Political Awareness.

The NASE, an organization of 300,000 self-employed individuals, offers more than 100 benefits such as legislative advocacy, toll-free business consultants, scholarships and a bi-monthly newspaper. Its group purchasing power helps members save money on products and services like long-distance, travel, prescription drugs and health insurance.

Nazarene Church To Host Caravan For Local Youth

The Oakland Church of the Nazarene has announced that Caravan, a Christian scouting ministry for youth ages 4 through grade 6, will begin its second consecutive season on Wednesday, Sept. 8, at 7 p.m.

Caravan features instruction in such things as pet care, camping, biking, first aide, and cooking, along with training about God, the Bible, and the church. Children do not have to attend the Church of the Nazarene to participate in Caravan.

For more information or transportation, persons may call Pastor Bruce Knorpp, or his wife, Anita, who is Caravan director, at 301-334-9161.

Among Who's Who

Jamie Matthew Hauser has had his biography accepted for publication in the fall 1993 issue of "Who's Who Among American High School Students." This is the fourth consecutive year his biography has been published, an honor received by only five percent of the nation's high school students. Students are nominated for this recognition by teachers, coaches, and principals for their achievements in school, sports, family and community.

Hauser graduated with the Class of 1993 from Southern High School, where he participated in junior varsity baseball, VICA Club, and VICA competitions. His hobbies and sports interests include skiing, baseball, football, biking, hunting, four-wheeling, and taking care of his Mustang GT convertible.

Hauser has been employed as a salesman for a local hardware store for two years, and recently accepted a position with Gosnell Construction, McHenry, as draftsman and designer. He will begin classes at Garrett Community College in the fall to pursue a career in drafting, design, and construction.

Hauser is the youngest son of Jack and Linda Hauser, Monte Vista Road, Oakland.

Derstine To Speak In Meyersdale, Pa.

Gerald Derstine, Bradenton, Fla., will be speaking at Living Water Christian Fellowship, 150 Center Street, in Meyersdale on Sunday evening, September 5, at 7 p.m. Founder of Christian Retreat in Florida, Derstine is also a Bible teacher, author, and evangelist.

He recently helped establish churches in the Judean and West Bank territories of Israel.

In addition to showing a video of conversation with a Samaritan priest who only recently stopped animal sacrifices because of his conversion, Derstine will speak on "God's plan for Israel and the Christian's role in sharing Jesus with the Holy Land."

John Yoder, pastor, extends a welcome to all to attend.

HEALTHY CHOICES FOR QUICK AND EASY

BREAKFASTS

The alarm rings. As your feet hit the floor, the morning rush is on. Getting everyone up, dressed and served a healthy breakfast is always a daily challenge.

It's actually quite easy to develop nutritious family eating habits, thanks to quick and easy foods you already enjoy, like Washington apples and California raisins. Pair them together to add color, texture and natural sweetness to traditional breakfast items like pancakes or waffles. Or, use them to inspire a breakfast version of a favorite lunch or dinner dish.

By eating raisins and apples in the morning, you get a high-fiber, lowfat start on the day, as well as two of the National Cancer Institute's recommended Five-a-Day fruit and vegetable servings.

Here are recipes specially designed to help families make healthy choices for breakfast and still catch the bus — to school or to work!

Breakfast Kabobs and Raisin-Apple Flapjacks are two breakfast classics reborn without the extra calories or fat. Quick & Easy Raisin Buns are a tasty lowfat home-baked addition to any morning menu. Apple-Raisin Saute goes well over bagels, French toast or waffles. For a rich-flavored, chewy oatmeal alternative, try Fruit-n-Grain Breakfast Salad with natural grains, apples, raisins and yogurt.

BREAKFAST KABOBS

- 1 tablespoon lemon juice
- 2 cups water
- 2 Golden Delicious apples
- 1 pound reduced-fat kielbasa *or* breakfast sausages
- 1 bunch fresh sage (optional)

Heat oven to 400°F. Lightly coat baking sheet with vegetable cooking spray. In small bowl, combine lemon juice and water. Core apples and cut each lengthwise into quarters; cut each quarter into 4 slices to make a total of 32 slices. Soak slices in lemon water for 1 minute, then drain. Cut kielbasa diagonally into 24, one half-inch thick ovals. On 8 wooden or metal skewers, alternately thread 4 slices of apple and 3 slices kielbasa, beginning and ending with apple. (Kielbasa slices should be threaded through skin side — not cut side.) Roast kabobs, turning occasionally, 15 to 20 minutes or until apple slices soften and kielbasa browns. Immediately set on bed of fresh sage leaves, if desired, and serve.

Makes 8 servings

Nutritional Information Per Serving: 161 calories, 7 g fat, 12 g protein, 9 g carbohydrate, 1 g fiber, 46 mg cholesterol, 382 mg sodium

FRUIT-n-GRAIN BREAKFAST SALAD

- 3 cups water
- ¼ teaspoon salt
- ¾ cup quick-cooking brown rice
- ¾ cup bulgur
- 1 Granny Smith apple
- 1 Red Delicious apple
- 1 orange
- 1 cup raisins
- 8 ounces lowfat vanilla yogurt

In large pot, bring water and salt to boil over high heat. Add rice and bulgur; reduce heat to low, cover and cook 10 minutes. Remove from heat and set aside, covered, for 2 minutes. Spread hot grains on baking sheet to cool. (Grains can be cooked ahead of time and stored in refrigerator up to a week.) Just before serving, prepare fruit. Core and chop apples. Peel orange and cut into sections. Add chopped apple, orange sections and raisins to cooled grain mixture. Add yogurt and stir to coat grains and fruit.

Makes 6 servings

Nutritional Information Per Serving: 187 calories, 1 g fat, 4 g protein, 1 g carbohydrate, 5 g fiber, 1 mg cholesterol, 117 mg sodium

QUICK & EASY RAISIN BUNS

- 1 tube (11 ounces) refrigerator, nonfat bread dough
- ½ cup raisins
- ¼ cup brown sugar
- 1 teaspoon cinnamon
- ¼ cup powdered sugar
- 1 tablespoon nonfat milk

Preheat oven to 375°F. Coat a 9-inch pie plate with vegetable cooking spray. On lightly floured surface, roll dough to 16-x 4-inch rectangle. In small bowl mix raisins, brown sugar and cinnamon; sprinkle mixture on dough. Carefully roll up dough from short end; cut log into 4 equal slices. Place, cut sides down, in prepared pie plate. Bake about 20 minutes until golden brown. Remove to rack to cool 5 minutes. Meanwhile, in bowl whisk powdered sugar with milk; drizzle over buns. Serve warm.

Makes 4 buns

Nutritional Information Per Serving: 343 calories, 0 g fat, 10 g protein, 76 g carbohydrate, 1 g fiber, 0 mg cholesterol, 528 mg sodium

APPLE-RAISIN SAUTÉ

- 2 teaspoons butter
- 2 large Golden Delicious apples, cored and cut into ½-inch thick slices
- ¾ cup raisins
- ½ cup orange juice
- ⅓ cup apricot jam
- 1 teaspoon grated orange peel
- ½ teaspoon cinnamon
- ⅛ teaspoon allspice

Melt butter over medium heat in large nonstick skillet; add apple slices. Cook, tossing occasionally, about 10 minutes or until golden brown. Stir in remaining ingredients; cook, stirring, about 3 minutes until sauce thickens slightly. Serve warm over pancakes, waffles, French toast or hot cereal.

Makes 4 servings

Nutritional Information Per Serving: 220 calories, 2 g fat, 1 g protein, 53 g carbohydrate, 3 g fiber, 5 mg cholesterol, 27 mg sodium

HEALTHY BREAKFAST HABITS BEGIN EARLY

Knowing a lifetime of good eating habits begins at childhood, Washington State Apple Growers developed "Healthy Choices For Kids." A nutrition education program based on the United States Departments of Agriculture and Health and Human Services Dietary Guidelines. Chapter 1 teaches children in grades 1-3 to eat a wide variety of foods. Chapter 2 concentrates on exercise and a healthy lifestyle.

You may order the program at no charge for your child's teacher by writing to:

Healthy Choices For Kids Nutrition Education Program
P.O. Box 550
Wenatchee, WA 98807

Raisins also give a great nutrition boost to the whole family. A new collection of healthful California raisin recipes is available by sending a self-addressed, stamped envelope to:

RAISIN-APPLE FLAPJACKS

- 3 egg whites
- 1 cup nonfat milk
- 2 cups reduced fat buttermilk baking mix
- 1 medium Granny Smith apple, peeled, cored and coarsely chopped
- ½ cup raisins
- ½ teaspoon nutmeg

In large bowl whisk egg whites until foamy; whisk in milk, then stir in baking mix. Add remaining ingredients; mix just to blend. Heat griddle or heavy skillet over medium heat; coat with vegetable cooking spray. Portion batter onto griddle with ¼-cup measure. Cook until nicely browned, turning once, about 3 minutes on each side. Serve hot with maple syrup or nonfat yogurt..

Makes 4 servings (12 four-to five-inch pancakes)

Nutritional Information Per Serving: 321 calories, 4 g fat, 10 g protein, 62 g carbohydrate, 2 g fiber, 1 mg cholesterol, 743 mg sodium

Several Complete Career Planning Of New Horizons

The New Horizons Program of Garrett Community College recently completed a five-week, 10-session Career Planning class taught by Mary Kirkland, intake/counselor specialist with the New Horizons Program.

The class included learning about job hunt strategies, getting to know oneself, what self-esteem means to a student returning to classes or to the work world, ways to build self esteem, what stress is and how to manage it, combining work with family obligations, time and budget management, resume writing, and job interview techniques.

Several interest tests were administered to students to determine their career interests including the Career Assessment Inventory, the Holland Code Self Directed Search, and the GATB (General Aptitude Test Battery).

The group of students completing this class included: Peg Janney, Connie Kitchen, Tabitha Lewis, Donna Ridings, and Karon Schnably.

The next scheduled Career Planning class will begin Monday, September 13, at Garrett Community College, McHenry Campus. Anyone interested in enrolling in the Career Planning class should call New Horizons Monday through Thursday between 8:30 a.m. and 4:30 p.m. at 387-3071 for complete information.

"The class is a great beginning for a support group and has proven beneficial for re-entry women to make career decisions and enter training in their areas of interest," stated a New Horizons spokesman.

The New Horizons Program is jointly funded by the Maryland State Department and Garrett Community College. Grant funds in the amount of $45,000 are made available to the programs through the Division of Career Technology and Adult Learning, which is 90% of the total program budget, with Garrett Community College contributing an additional $5,200, which is 10% of the total budget.

COMPLETE COURSE - Several local women recently completed another five-week, 10-session Career Planning course offered by the New Horizons Program of Garrett Community College and taught by Mary Kirkland, intake/counselor specialist. Pictured left to right above, seated, are: Karon Schnably and Donna Ridings. Standing, same order, are: Mary Kirkland, Peg Janney, Tabitha Lewis, and Connie Kitchen. See story.

Brigadoon To Open Highland Arts Season

The 1993-94 season of Highland Arts Unlimited (HAU) will open with the well-known musical *Brigadoon*, on September 21, with a cast of 18 and a live orchestra.

This and all other productions will be held in the Church McKee Arts Center at Potomac State College, beginning each night at 8 p.m. The doors will open at 7:15 p.m.

The schedule also includes the presentation of The Tommy Dorsey Orchestra, October 4; Ted Brown (performing a first-person presentation of Mozart), October 19; Babes in Toyland, December 13; Jazz Dance Theatre South, February 10; Renaissance Winds (five wind instruments with the concert pianist of the Pittsburgh Symphony; and the Dutton Family, April 14.

According to a spokesperson for the series, there will be no change in membership fees this year. "With prices constantly on the upswing, the board feels this is a major accomplishment," stated a spokesperson for the board.

Single program costs range from $7 - &15 for adults, and between $4 and $8 for students. Family memberships are $60, and entitle parents and all children in the family, aged 18 and under to attend all the scheduled programs.

Other members categories include contributor (single), $30; patron, $75; sustaining member, $100; angel, $150; and arch angel, $500.

The series is made possible by financial support of memberships, Potomac State College, the Vire I Heinz Endowment, the West Virginia Commission on the Arts, and the National Endowment for the Arts.

The auditorium is handicapped-accessible. Anyone needing additional assistance should inquire at the box office.

LOCAL SISTERS MEET CELEBRITIES - Linda Schroyar Stanton and Eva Schroyar Whiteman, formerly of Accident, recently had the opportunity to meet and be photographed with various celebrities. Eva is shown above with Adam West of "Batman" fame at the world premiere of Maxim Xul," and Linda is pictured at right with country western star Ricky Van Shelton at Merriweather Post in Columbia. Eva and Linda were also photographed with The Platters, a singing group, and Burlesque queen Blaze Starr. (Eva assists Blaze with her jewelry business.)

S.A.L.T. COMMITTEE HOSTS SPEAKER - The Seniors and Law Enforcement Together (S.A.L.T.) Committee met recently in the new Oakland Municipal Building with guest speaker Betsy Cantrell, of the National Sheriff's Association. The committee, which was formed several months ago, brings together senior citizen groups with law enforcement and other agencies to address specific needs of the fastest growing population group in the nation (age 55 and up). A goal of the committee is to ensure that senior citizens know what assistance in available and not to get it, through surveys and promotional materials. Ms. Cantrell spoke to the committee about crimes that are directed at senior citizens, such as telephone and mail scams and door-to-door solicitation. She pointed out that there are now over 80 such committees in 27 states. Persons desiring information about the committee may contact Sheriff Van Evans at 334-1911 or Oakland Police Chief John Sines at 334-2100. Pictured left to right seated are: Pat White, Garrett County S.A.L.T. chairperson; Ms. Cantrell; Helen Heath, of the Garrett County Health Department; and Betty Foy, Garrett County American Association of Retired Persons. Standing, same order, are: Sheriff Evans; Rick DeWitt, Garrett County Social Services; Paul Stauffer, Garrett County Ministerial Association; Brad Frantz, director of Garrett County Emergency Management; Leona Beckman, Area Agency on Aging; and Chief Sines.

Quality Carpets

When Rick Blough took a job as a carpet installer 21 years ago, he never thought he would be opening and owning his second Quality Carpet store this summer in Oakland.

Blough took the job as a carpet installer and he ended up liking the job so much that he opened a store in Frostburg five years ago.

Blough opened a store in Oakland because it would be a convenience to many of his contracts. The Oakland store is much smaller than its counterpart in Frostburg.

Quality Carpets sells carpet and carpet remnants. They also sell vinyl, ceramic and sheet tile.

"We've had a pretty good welcoming," Blough said. "A lot of people are coming here because they know of our store in Frostburg."

Quality Carpets installs carpet in residential and commercial buildings. Blough said they do a lot of commercial jobs.

The store is located on 103 N. Third Street in Oakland, and persons interested are asked to call 334-8398.

QUALITY CARPETS -- The second Quality Carpets store opened early this summer in Oakland, selling carpet, carpet remnants, vinyl, ceramic and sheet tile.

There will be communion this Sunday, Sept. 5, at St. John's Lutheran Church, Missouri Synod, during the worship service at 9 a.m., followed by the Sunday School session at 10 a.m. Rev. Ernest Lindner is the pastor. Coffee and donuts will be available on Sunday, Sept. 12, between the worship service and Sunday School session by the Aid Association for Lutherans, Branch #588, when donations will be accepted to benefit the flood relief efforts in the midwest.

Mrs. Dorothy Resh accompanied a daughter, Shirley Resh, Rockville, to Whiteford on Saturday to attend the wedding of the former's granddaughter, Miss Susan Ann Keiger, to Douglas Griffith, Virginia Beach, Va., at the Mt. Vernon United Methodist Church. Susan's mother is the former Miss Janice Resh. She resides in Arlington, Va., and underwent surgery last week and has returned to her home to recuperate.

Juanita Johnson, Cumberland, spent some time on Saturday with her parents, Mr. and Mrs. Walter Hanft, at Garrett County Memorial Hospital, where Walter was treated for an injury to his leg sustained when he was splitting firewood at his home. Juanita and Mr. and Mrs. Hanft were Sunday evening visitors of Mr. and Mrs. Roger Beatty, Baltimore. Juanita and daughter, Lynette, were at Sea World in Ohio last week. Teresa and Laurie Needer returned to their home at Timonium on Friday after spending three weeks with a son-in-law and daughter of the Hanfts, Capt. Steve and Capt. Melrose Short, in Germany. They all spent a week at Lake Chiemsee and toured the salt mines at Salzburg, Austria, spent a weekend at Euro-Disney in France and spent some time sightseeing in Paris. Steve and Melrose both ran in the 13.1-mile final Fulda Half-Marathon on Sunday, August 29. They attended the wedding of Syliva Triesthma and Timothy Mayle at Castle Church, Meerholz, Germany, on Saturday, August 28, and the reception at the community building. Timothy is the son of Mrs. Hanft's sister, Mrs. Ethelene Miconi, North Lima, Ohio, and a grandson of the late Mr. and Mrs. Lloyd Friend who were residents of this community. Sylvia and her parents are all three lawyers in Germany.

Mr. and Mrs. Kenny Miller, Miss Rhonda Opel, Grantsville, Rev. and Mrs. Oren Bender, Kevin and Brian, Mr. and Mrs. Robert Bender and family, Mr. and Mrs. Douglas Bender and family, Mr. and Mrs. Chester Yoder and sons, and Mr. and Mrs. Gordon Bender were among those attending the 65th wedding anniversary celebration at the Oak Dale Mennonite Church, near Salisbury, Pa., that honored Mrs. Oren Bender's parents, Mr. and Mrs. Omar Maust, Salisbury, on Sunday with an open house. The Robert Bender family spent last Tuesday at Idlewild Park in Pennsylvania and spent Thursday in Pittsburgh where they attended a Pirate baseball game and went to the zoo and the science center.

Mr. and Mrs. Roy Broadwater and son, Malcolm, Finzel, and grandson and friend, Meyersdale, Pa., Mr. and Mrs. Everett McClintock, Mr. and Mrs. Gary McClintock and their son, Jeff, and friend, Elizabeth, were all Sunday dinner guests of Mr. and Mrs. Steve McClintock. The wedding anniversary of Mrs. Steve McClintock's parents, Mr. and Mrs. Roy Broadwater was celebrated.

Sunday dinner guests of Mr. and Mrs. Dennis Margroff were Mr. and Mrs. Kevin Margroff and sons, Friendsville, Mr. and Mrs. Steve Margroff, Mr. and Mrs. Troy Margroff and daughter, and Mr. and Mrs. Donald Evans and son. Mr. and Mrs. Dennis Margroff were afternoon guests at the 40th wedding anniversary celebration honoring Mr. and Mrs. Clyde Tressler, Springs, Pa., at the Grantsville fire hall. Mr. and Mrs. Steve Margroff and Mr. and Mrs. Evans and son spent a few days last week at Sea World in Ohio. Mrs. Kenneth Wable, Springs, Pa., and Mrs. Dennis Margroff spent a week's vacation with Mrs. Wable's children, Scott and Stacy Wable at Ocean City.

Lawrence Glover remains a patient at Sacred Heart Hospital, Cumberland, where he was admitted over a week ago. Members of his family have visited with him at various times, including Mr. and Mrs. Paul Harman of this community.

Mrs. Donald Ringer and Mrs. Ron Hoffman visited with Sam Bowman, McHenry, at Ruby Memorial Hospital, Morgantown, W.Va., where he has been a patient for several weeks. Mrs. Ringer was a luncheon guest of an aunt, Mrs. Iva Knotts, Crellin, on Wednesday. Mrs. Ringer was at Sacred Heart Hospital, Cumberland, on Monday, where her mother, Mrs. Lena Glotfelty, Accident, was admitted that day. Mr. and Mrs. Ringer have also visited with Donald's father, Charles Ringer, who was admitted to the same hospital on Sunday following a fall at his home. He remains a patient there.

Mrs. Lawrence Hockman was taken by rescue squad to Memorial Hospital, Cumberland, on Saturday, where she was admitted. She has now been moved from the intensive care unit to room 419.

Mrs. Market Maust and daughter, Phebe, returned to their home here on Friday after being guests of a son and daughter-in-law, Mr. and Mrs. Luke Maust, Washingtonville, N.Y., where the latter's son underwent eye surgery on Wednesday. Miss Julia Maust, daughter of the Markel Mausts, spend the weekend at her home here. She has returned to her studies at Frostburg State University, where she is a sophomore. The Mausts were among those attending a birthday party honoring Harold Maust, Accident, whose 50th birthday anniversary occurred Thursday, August 26.

Mr. and Mrs. Homer Deniker were Sunday afternoon visitors of the latter's sister, Mrs. Ora Younkin, and Kenneth, Grantsville. Another brother-in-law and sister, Mr. and Mrs. Sam Wilhelm, a grandson and granddaughter, Mike and Krista Matthias, Richmond, Va., Mrs. Mary Zinkan, Accident, and Mrs. Deniker visited another sister, Mrs. Louise Richter, at Maust's Personal Care Home, Accident. PROVIDING INFORMATION – Surgical Information liaison, Shirley Panther, who aarvaa as a voluntaar at Garratt County Mamorial, provides patient update information to family member Ron Arnold and the Rev. Paul Stauffer.

Hospital Volunteers Provide Support To Surgical Patient Family, Friends

by Dana Winters

Of the many valuable services that Garrett County Memorial Hospital's VIVA (Volunteers In Various Areas) volunteers provide, one of the most significant is providing information and updates to family members and friends of patients undergoing surgery, otherwise known as a Surgical Information Liaison.

"Family members and friends who wait while a loved one has surgery are often filled with anxiety and worries," said volunteer Shirley Panther. "Volunteers serving as surgical information liaisons are able to provide comfort and reassurance to these people, hopefully making their wait less worrisome and a little more relaxing. Being able to provide this support gives me a lot of satisfaction as a hospital volunteer."

"Volunteering at Garrett Memorial allows me to give something back to the community in which I live," commented Sally Semmler, who also provides surgical information liaison services for the hospital.

Liaisons are responsible for obtaining patient information from the charge nurse working at the surgical services department's control desk. The information is then relayed back to family members and friends who are in the surgical waiting room. "Anyone who has left the waiting room to go to other areas of the hospital may be paged so that individuals may be kept informed at all times about the patient's status," explained Cathy Miles, R.N., nurse manager of Garrett Memorial's operating room.

"It is very comforting for family members to be kept informed about a loved one's condition as we would otherwise not know where to obtain this information," commented family members Sharon Arnold and Karen Upole.

According to Miles, "Our liaisons alleviate the anxiety that patient's family and friends go through while waiting for surgery to be completed. Not only do the volunteers provide continuous up-to-date information, but they also try to meet any requests to help make the waiting individual's stay more comfortable such as providing hot and cold beverages and snacks."

The VIVA staff at Garrett Memorial is currently in need of volunteers to serve as surgical information liaisons. Persons desiring more information about this volunteer program may call Betty Malloy at 387-9213 or 334-2155, ext. 451.

GRANTSVILLE

The Ladies of the Laughlin Church of the Brethren are planning a yard sale at the home of Mrs. Orpha Wisseman for Saturday, Sept. 4, at 10 a.m. It will be located about 150 yards off of Route 40 along Amish Road. They also will have food and vegetables.

The 26th Annual Area Women's Fellowship will be hosted at the Christ's Lutheran Church in Grantsville on Sept. 8, 6-6:30 p.m., with a covered dish dinner. The meat and beverage will be provided. The Rev. David Fetter is the pastor, and all ladies and pastors are welcome. The United Methodist is in charge of the program. It is asked that the number from each church planning to attend be communicated either to Shelby Diehl at 895-5231 or Alice Younkin at 895-5352.

Mr. and Mrs. Clyde Tressler celebrated their 40th wedding anniversary at the Grantsville fire hall on Sunday, July 29. The party was given by their daughter. Mrs. Tressler is the former Elaine Richter. A wedding cake was cut and served. The hall was decorated red and white.

W.O.W. MEETS

The Woodmen of the World Lodge No. 41, Grantsville, met August 23 at the Woodmen Hall. James Gutherie presided.

Representative Burton W Lytle and his son, Ed Lytle, were guests.

A report was given on the Adopt-A-Highway for the Negro and Cove park area.

A card was read from Orlean Rider concerning the corn roast at the Bittinger Community Building for Sunday, Sept. 12, at 2 p.m.

A report was given on the youth camp which was held at Camp Hickory with four youth attending from Lodge No. 128. An adult camp is planned for Sept. 17-19 at Camp Tomahawk, W.Va. Reservations must be sent in.

Walter Younkin won the door prize.

The next meeting will be held Sept. 13 at 8 p.m.

Glimpse Of The Past . . .

THE OLD BETHESDA CHURCH OF THE BRETHREN near Grantsville was built in 1884. Prior to that time the congregation held services in a log house and barn on the Holmes Wiley farm, later known as the Brison Resh farm. The present church is located along Rt. 495. Closing Reception Set For "Continental Divides" Exhibit

A closing reception is planned for the Continental Divides: The Eastern-Western Mountain Experience exhibition at the Bausch & Lomb Gallery, Garrett Community College. The reception will be held Friday, Sept. 10, from 7 to 9 p.m.

The exhibition includes works by Sonia Pratt and Linda Reeves-Cook, as well as the Laceworks Project by Kris Parker and several local women. The exhibit opened in early August in conjunction with the theatre presentation of *Quilters*, a musical celebrating pioneer women and the perils and joys of their lives.

The gallery hours are 9 a.m. to 5 p.m., Monday through Friday, and during special events. All persons are invited to visit the gallery, and/or attend the special closing reception.

For more information, persons may contact the GCC art department at 387-3024.

Anderson Awarded GRI Designation By REALTORS

Becki Anderson has been awarded the GRI designation by the REALTORS Institute of Maryland. She received this honor after successfully completing 90 hours of specific education outlined by the National Association of REALTORS.

Anderson is a sales associate with Remax 1000 West, a local real estate company.

The REALTORS Institute of Maryland, which is conducted by the Maryland Association of REALTORS, was developed to satisfy the need for a more comprehensive and effective learning experience in various phases of real estate. By taking the course offered by the Institute, a REALTOR or REALTOR ASSOCIATE can become a more competent professional, render broader and more effective service, and elevate the standards of the real estate industry.

SMS Student Wins Nat'l Honor Roll Award Recently

James Brown III, son of James and Karen Brown, Oakland, was recently recognized for academic achievement as a United States National Honor Roll Award winner. The award was presented by the United States Achievement Academy (USAA).

The USAA National Honor Roll awards provide high-achievement students with benefits and services, according to USAA spokesperson.

"It is a great tribute to a student's dedication, talent, and ability," the spokesperson said.

James is a student at Southern Middle School. His grandparents are Reese Tasker Jr., and James E. Brown Sr., both of Oakland.

Outdoor Wood Furnaces Pose Smoke Problem

The use of outdoor wood burning stoves has in recent years, become more popular as an alternative for home heating. These wood-fired, hot water furnaces are installed outside of the home and are designed to heat water which is pumped into the dwelling to heat a home and/or domestic hot water. Because these stoves are usually sold with short smoke stacks, they can pose as a nuisance smoke problem, especially when used in a residential setting, according to a spokesperson for the Garrett County Health Department.

The Maryland Department of the Environment, Air and Radiation Management Administration, has recently been involved in a number of complaints regarding wood burning furnaces in reference to odors and dense smoke which create a nuisance. Excessive smoke generated by these wood burning furnaces does violate Maryland Air Quality Regulations and appropriate enforcement action may be taken to ensure that violations are corrected.

Anyone planning to install an outdoor furnace, is urged to consult with their neighbors, and to check with the furnace manufacturer concerning air pollution control systems for these units.

The Garrett County Health Department does not recommend the use of these furnaces in a high-density residential area, or areas with nearby residences where the smoke could create a nuisance, particularly to sensitive individuals with respiratory conditions.

"If you are seriously considering this type of heating system, plan to stall a higher smoke stack and burn only seasoned, good quality hardwood," stated a spokesperson. "It would also be prudent to determine if the direction of prevailing winds could cause a smoke problem for your immediate neighbors."

More information may be obtained by contacting the Environmental Health Services, Garrett County Health Department, for more information concerning outdoor wood furnaces.

Natural Resources Police Plan Holiday S.W.A.M.P. Project

The Natural Resources Police on Deep Creek Lake will conduct a special alcohol restriction enforcement campaign on Saturday, Sept. 4. The project is called S.W.A.M.P. - Safer Waterways through Alcohol Monitoring Patrols. Officers are predicting heavy use of the lake this Labor Day weekend, and the special enforcement is meant to keep the waterways safer for all users, an officer explained.

Several extra patrol units will be on hand for increased patrols, the officer said. Those operating boats are strongly advised to avoid the consumption of alcohol.

Annual Gaster Reunion Held

The 16th annual Gaster Reunion was held Saturday, August 14, at Broadford Lake Park, with 82 persons in attendance.

Among the highlights was an auction led by Doris Stull.

Lena Broadwater Gaster, 92, received the prize for being the oldest person in attendance, and the award for the youngest was shared by Sarah Troutman and Brian Green, both age 2.

Relatives and friends travelled from Georgia, Ohio, Pennsylvania, Delaware, New Jersey, and Maryland.

The next reunion is scheduled for August 13, 1994, at the same location.

ATTENDS SUMMER ARTS CENTER - Southern Middle School student Daniel Huber recently spent two weeks at the Summer Center of the Arts at Goucher College, Towson, which helps gifted and talented children achieve a better understanding of the arts. Daniel was recommended for the camp because of his "unique style of cartooning," according to his art teacher, Marcette Danner. Daniel is the son of Rod and Kathi Reagan, Mtn. Lake Park. The center is open to all Maryland students who display natural creativity in art, music, or drama.

Can Mouth Washes Prevent Plaque?

It is true that some mouth washes contain ingredients that can reduce the formation of plaque-clear, sticky film that continually forms on the teeth. An article in U.S. Pharmacist lists mouthrinses that are reported to reduce plaque and gum disease. However, the author indicates that it may be too early to fully substantiate this claim for all the products that are promoted as plaque-fighters.

Commissioners Declare Garrett County Habitat For Humanity Week Sept. 5-11

The Garrett County Commissioners have declared September 5-11 as Garrett County Habitat for Humanity Week in recognition of the work Habitat has done for families in the county over the past year.

"There has been a great outpouring of labor and love in response to the serious need for improved housing conditions," said a spokesperson for Habitat.

The organization dedicated its 23rd house in February, built for a family of four in Mountain Lake Park. At the end of February, the first work camp arrived - 10 students and a priest from Loyola College, Baltimore. They replaced all the water-damaged ceilings in a Crellin home during the week of an ice storm and major electric power outages.

In June, Habitat celebrated its tenth anniversary in Garrett County with a dinner at Wisp Resort. Several long-time supporters of the organization were honored, and Sister Cathy Arata, one of the founders of the local Habitat, came from El Salvador to attend the event.

Five more work camps came to help replace roofs, build three ramps for handicapped persons, completely refurbish a substandard trailer, and paint Winters's barn on Dennett Road where Mr. Winters has allowed Habitat to store building materials for several years. These groups came from St. Paul's United Methodist Church, Allison Park, Pa.; Lewinsville Presbyterian Church, McClean, Va., Damascus (Md.) Methodist Church, and Manassas (Va.) Presbyterian Church. A total of 160 volunteers came for the work camps, the spokesperson reported.

The Blitz Build, July 11-16, involved the construction of a house in five days for the Roger Crosco family. The event received television coverage on WTAE-TV, Pittsburgh, Pa. The volunteers for this project came from Rockville United Church, the First United Methodist Church, Girard, Ohio; and several local persons.

"Not only is Garrett County Habitat for Humanity building and repairing houses, but it also tries to give people a chance for better lives," the spokesperson said. "For example, the son of a Habitat family who is a sergeant and 10-year member of the National Guard, recently received the Army Commendation Medal. The son of another Habitat family has received a number of awards in the National Guard, and one of our families' daughters was Student of the Month in English at Southern High School. A Career Advancement Certificate from Garrett Community College was earned by one of our homeowners, who is also a grandmother."

RECIPIENTS AND FOUNDERS CELEBRATE HABITAT - Garrett County's Habitat for Humanity celebrated its tenth anniversary this summer, and several activities and projects were set in motion. Pictured above is the Crosco family, now home-owners, who were provided with a new home through this summer's five-day Blitz Build. Shown left to right are Jessica, age 6, Kimberly holding one-yaar-old daughter Chelsea, and Roger Crosco. Sister Cathy Arata, formerly e resident of Garrett County, is pictured bekow as she talks with Habitat volunteer Connie Margison. Sister Arata is a founder of the local Habitat, and returned to the county from El Salvador this summer to attend the organization's tenth anniversary celebration.

A 100-foot ramp was completed this year for a citizen with disabilities which now allows him easy access to his home and vehicle, and a mother with five children, ages 10 and under, has been provided suitable housing after living in deplorable conditions, the spokesperson said.

The spokesperson noted finally that Garrett County Habitat for Humanity is not agovernment-fundedagency, and monetary contributions are always needed and appreciated. Persons may send gifts to P.O. Box 363 Oakland MD 21550. Persons who wish to volunteer their services are asked to contact Barbara Briggs, executive director, at 334-9431, ext 121.

WORKING TOGETHER FOR QUALITY HOUSING - The work of many people is needed to make Habitat for Humanity successful, and several area parsons do indeed labor to help others who are also helping themeelves. Habitat is not a charity organization. All recipients work along with volunteers to build quality homes for comfortable living. Volunteers from Rockville, Girard, Ohio; and Oakland are shown above as they work together. Shown below, left to right, are Irene Diller, family selection; Rhoda Buckel, homeowner; Ida Maust, Family Ministry chairperson; and Patsy and Francis "Danny" Gallagher, homeowners. The local commissioners this week proclaimed September 5-11 as Garrett County Habitat For Humanity Week (see photo in B section).

DEEP CREEK LAKE

Maryland Department of Natural Resources (DNR), State Forest and Park Service, announces events scheduled for the Labor Day weekend at Deep Creek Lake State Park.

Saturday, Sept. 4 - A ranger will lead a hike along the shoreline of Deep Creek Lake State Park. The ranger will provide historical and cultural information about the lake. At 1:30 p.m. there will be Beach Activities for kids 5 and older. The campfire program will be in the amphitheater at 8 p.m.

Sunday, Sept. 5 - A ranger will lead a hike to the historic Brant Mine. At the mine site Jim Preston will give a brief presentation describing the coal miner and the mining industry during the early 1900's. In addition, participants will visit the Brant Homestead site. Everyone is invited to participate in this 2.2 mile hike. Hikers should meet at the camper check in office by 10:30 a.m. Campers Church will be held at 7 p.m. in the amphitheater. A night hike will leave from the camp office at 9 p.m.

For additional information on this and other programs at Deep Creek Lake State Park, persons may call Diane Miller, the park naturalist, at 387-5563.

HERRINGTON MANOR

The Maryland Department of Natural Resources, Forest and Park Service at Herrington Manor State Park has announced a Maryland Hunter Education Program to be offered September 13, 14, and 15, from 6-10 p.m. The classes will be held at Herrington Manor State Park Office. Pre-registration is required.

This program will qualify new hunters for a Maryland Hunting License, and is a good refresher for the experienced hunter. For more information or to pre-register, persons can contact Herrington Manor State Park at 334-9180. Class size will be limited to 30 persons.

POTOMAC STATE FOREST

The Maryland Department of Natural Resources (DNR), State Forest and Park Service, will be offering the Maryland Hunter Safety Course at the Potomac State Forest Headquarters (on Potomac Camp Road) on Tuesdays and Thursdays, September 14-23, from 6:30 to 9:30 p.m.

The class is limited to 15 students, and there is no fee for the class.

For further information and registration, persons may contact Forest Headquarters Monday through Friday from 8:30 a.m. to 4:30 p.m. at (301) 334-2038.

State Forest and Park Service is offering an overnight backpack trip for beginning backpackers September 18-19. Backpackers will meet at Potomac-Garrett State Forest Headquarters on Saturday, September 18, at 10 a.m., and will be transported to the Laurel Run area of Potomac State Forest. The hike is approximately 7-8 miles long, with an overnight stay in the Lostland Run area, and will end on Sunday back at Forest Headquarters.

The $40 fee covers all meals. The reservation deadline is September 10. For more information, persons may call Forest Headquarters at (301) 334-2038.

ROTARY NEWS

The weekly dinner meeting of the Rotary Club of Friendsville was held at Twila's Old Mill Restaurant. In his first program for the club, new Rotarian Al Walcek described his background and life experiences. His parents both came to the United States from Czechoslovakia just prior to the first World War and settled in Connecticut where he was born and raised.

Walcek served in the U.S. Navy in World War II and, with the help of the G.I. bill, attended college and became an electrical engineer. He worked for Hewlett Packard for over 25 years and retired to Garrett County. He likes to play tennis and is a serious "do-it-yourselfer." He and his wife, Mary, also a Rotarian, live on a farm just off the Accident Bear Creek Road.

The Rotary Club is supporting the Friendsville Lions Club by selling tickets to the Kitty Wells Family Show, to be held September 4. Rotarian Jeff Humberson is coordinating the effort.

OBITUARIES

MARY FRANCES SCHROCK

Mary Frances Schrock, 65, Pensacola, Fla., died Sunday, August 29, 1993, at a local hospital.

Mrs. Schrock was a native of Oakland, but had resided in Pensacola, Fla., for the past five years. She was a member of the Trinity Presbyterian Church.

Survivors include her husband, James R. Schrock; two daughters, Sheila Marie Dedrickson and Sandra Kay Stuteville, and two sons, James Robert Schrock and Richard Allen Schrock, all of Pensacola; her mother, Mabel Friend, Oakland; two sisters, Katheryn Smith, Maryland; and Jane Stafford, Texas; and one brother, Norman Friend, Mich.

A memorial service was conducted Wednesday morning at Trinity Presbyterian Church with the Rev. Frank Beall officiating.

In lieu of flowers, contributions may be directed to Trinity Presbyterian Church Building Fund, 3400 Bayou Blvd., Pensacola, Fla. 32504, or to the Sacred Heart Hospital Foundation Critical Care Unit, P.O. Box 2700, Pensacola, Fla. 32513-2700.

HARRY M. WILT SR.

Harry M. Wilt Sr., 68, Canton, Ohio, died Saturday, August 21, 1993, at Aultman Hospital following an extended illness.

Born in Swanton, March 14, 1925, he was a son of the late Howard and Emma (Pritts) Wilt. He was also preceded in death by one son, Harry Wilt Jr., a brother, and two sisters.

He lived most of his life in the Canton area and was a retired employee of the Timken Co. He retired in 1987 after 35 years of service. He was a veteran of the Korean Conflict, having served in the U.S. Army.

Survivors include his wife, Grace E. Wilt; three sons, Carl Wilt, Canton; Steven Wilt and Kenneth Wilt, both at home; five daughters, Faye Blakely, Canton; Wanda Brownsword, North Lawrence, Ohio; Delores Wilt, at home; Janet Patterson and Shirley Brown, both of Canton; one brother, Forest R. Wilt, Florida; eight grandchildren; two great-grandchildren.

A service was conducted August 24 at the Reed Funeral Home, Canton, with the Rev. Dana Gammill officiating.

Interment was in Sunset Hill Memory Gardens.

RECEIVE IMPACT AWARDS – Five members of Company C, 121st Engineer Battalion, Maryland Army National Guard, Oakland, received "Impact Awards" as a result of performance above the normal call of duty. Because of the extra effort of these five men, Company C was again able to conclude a "very successful" annual training at Camp Fretterd near Reisterstown, according to Sergeant First Class Thomas E. Bittinger. Pictured from left are Specialists Timothy D. Gregory, Jerald W. Hadley, and Michael J. Graham, Staff Sergeant Thomas R. Beeghly, and Specialist Dave L. Sweitzer.

FREDERICK C. WISE SR.

Frederick Clark Wise Sr., 77, Mtn. Lake Park, died Friday, August 27, 1993, at the Cuppett-Weeks Nursing Home, Oakland.

Born August 9, 1916, in Adina, Ohio, he was the son of the late Frederick O. and Ethel (Foltz) Wise. He was also preceded in death by his wife, Evamae Wise, in 1992.

Mr. Wise was a veteran of World War II. He retired from the Branch Motor Express Company. He was a member of St. Paul's United Methodist Church, Oakland.

Surviving are one son, Frederick Wise Jr., Seven Valley, Pa.; two brothers, Robert Wise, Hendersonville, N.C.; and Richard Wise, Ukiah, Calif.; one half-brother, George M. Wise, Toronto, Ohio; one sister, Eleanor Zimmerman, Hendersonville; and one half-sister, Mary Kincaid, Mexico.

Mr. Wise's body was cremated at his request. A memorial service will be held at a later date.

The Durst Funeral Home, Oakland, is in charge of arrangements.

JOHN KARL MITCHELL

John Karl Mitchell, 71, Terra Alta, W.Va., died Saturday, Aug. 28, 1993, at the Louis A. Johnson Veterans Hospital, Clarksburg, W.Va.

Born October 3, 1921, in Addison, Pa., he was the son of the late Robert L. and Stella Jacobs Mitchell.

He was a veteran of the United States Navy, having served in World War II and the Korean Conflict. He was Lutheran and a member of the George D. Jackson Post 56 of the American Legion, Kingwood. He was retired from the Elevator Repair Service, where he worked as an electrician.

Survivors include two sons, John K. Mitchell II, Kingwood, and Jay Kaye Mitchell, Frostburg; four sisters, Helen Nash, Martha Moran, Betty Lipscomb, and Norma Haigh, all of Terra Alta; and six grandchildren.

A service was conducted by Rev. William Anderson on Monday, August 30, at the Arthur H. Wright Funeral Home, Terra Alta. Interment was in the Addison Cemetery.

HARRY E. WEICHT

Harry Everett Weicht, 74, Kitzmiller, died Friday, August 27, 1993, at Garrett County Memorial Hospital, Oakland.

Born March 16, 1919, in Kitzmiller, he was the son of the late Joseph and Ora (Arnold) Weicht.

Mr. Weicht was a World War II Army Air Corps veteran.

Surviving are a sister, Mildred Archbold, Royal Oak, Mich.; two nephews, Harry Calandrella, Keyser, W.Va.; and Ralph Calandrella, Elk Garden, W.Va., and a number of other nieces and nephews.

Friends were received in the David A. Burdock Funeral Home, Kitzmiller.

A service was conducted Sunday in the funeral home chapel with the Rev. Donald E. Marple officiating.

Interment was in the IOOF Cemetery, Elk Garden.

EDNA M. LEWIS

Edna Mae Lewis, 92, Bethesda, formerly of Oakland, died Friday, August 27, 1993, at Garrett County Memorial Hospital, Oakland.

Born November 26, 1900, near Cranesville, W.Va., she was the daughter of the late B. Franklin and Ruth (Forman) Cuppett. She was also preceded in death by her husband, Asa Lewis, in 1977.

Mrs. Lewis was a resident of Oakland from 1942 until 1988, when she went to live with her daughter, Elaine, in Bethesda.

She had been employed as a school teacher in Preston County, W.Va., and was later employed by Garrett County Memorial Hospital until her retirement.

She was a member of St. Paul's United Methodist Church, Oakland, where she was active in the Searchers' Sunday school class and the Naomi Circle. She was also a member of the Daughters of the American Revolution, the Garrett County Historical Society, and the Oakland Homemakers Club.

Surviving are one son, Lynn Lewis, Burmingham, Mich.; two daughters, Elaine Lewis, Bethesda, with whom she resided; Carolyn Johnson, White Bear Lake, Minn.; seven grandchildren; and three great-grandchildren.

Friends were received in the Durst Funeral Home, Oakland, where a service was conducted Tuesday at 11 a.m. with the Rev. Berlin Wilhelm officiating.

Interment was in the Terra Alta Cemetery.

Garrett County AMI To Publish Special Cookbook

The Garrett County Alliance for the Mentally Ill, the major advocacy group for local psychiatrically disabled persons, is currently undertaking a cookbook project which will feature recipes from members of the various communities, medical personnel, officers of the Maryland State and National AMI organizations, and a few surprise contributors.

According to Barbara Coberly, chairman of the project, the cookbook will be professionally done, and in addition to local recipes, will contain pages of household hints, community information, and special category dividers. The price of each book is expected to be $6, and advance orders are now being accepted. Delivery is scheduled for November 30, "just in time for holiday gift giving," Mrs. Coberly said.

Proceeds from the project will be used to fund outreach programs planned throughout the county.

Coberly is being assisted by Maryann Brenneman and Dixie Wilson.

Persons who would like to contribute recipes or preorder the cookbook may contact Mrs. Coberly at (304) 735-5119 or AMI President Carol Cox at 334-4357.

Deadline for receipt of recipes is September 10. Categories include appetizers, soups and salads, main dishes, cakes and cookies, desserts, breads and rolls, and vegetables. Name and town of contributor should be included.

The Garrett County Alliance for the Mentally Ill is a non-profit organization.

Nazarene Pastor Offers Counseling

Abounding Hope, the counseling ministry offered by the Oakland Church of the Nazarene, will reach out specifically to victims of marital conflict during the month of September, according to Rev. Bruce Knorpp, pastor.

Persons may schedule an appointment with Rev. Knorpp for confidential conversation and prayer. Those interested may contact him at 334-9161. The number serves both the church and the personage and is covered in the pastor's absence by an answering machine.

Northern GOP Women Convene

The Northern Garrett County Republican Women's Club met August 26 in Town Village, Accident. President Carolyn Ganoe introduced the guest speaker, Wayne Wilt, chairman of the State Central Committee.

Wilt acquainted the group with things his wife, Judy and daughter, Jody, are involved in. He mentioned plans for having seven members on the committee instead of six. He reported that about 30 registered at the fair. Over 1,500 signed up of the U.S. Savings Bond. Pastor Stephen Yelovich won the bond. Cora Bowser, Hazel Margroff and Orpha Miller worked in the Republican booth. Wilt stated there will be a meeting Sept. 14, at 7 p.m., in the board room in the Garrett County Memorial Hospital, on physical therapy for arthritis. There will also be a fund-raiser at the fairgrounds Sept. 12 for Delegate George Edwards.

The date has been set for the Christmas luncheon, with the location to be announced later. The date is Dec. 11. The September meeting will be at Mt. Zion Church, Long Stretch, Rt. 40, Sept. 28 at 7:30 p.m.

Present were Cora Bowser, Cleda Baker, Orpha Miller, Ferne Beachy, Lois Rowe, Louise McKenzie, Twila Mae Fike, Jennie Stark, Mary Durst, Hazel Margroff, and Carolyn Ganoe.

The Garrett County Crime Solvers organization is currently seeking information about a breaking and entering of a cabin.

Sometime between June 12 and July 4, unknown persons entered a cabin located off of Sang Run-Cranesville Road. The cabin is the property of the Piney Mountain Rod and Gun Club.

Once inside, the culprit apparently removed a 19-inch RCA color television and 12 bottles of alcoholic beverages, according to the report.

All leads in this case are exhausted. Any person with information about this or any other unsolved crime is urged to contact Crime Solvers at 334-1975. Callers do not have to give their names nor appear in court. Rewards of up to $1,000 are available to persons who provide tips that lead to arrests.

The Pinnacle

The Pinnacle, a promontory located at the east end of the Glendale Bridge has been improved and maintained by the writer as a hobby, who argues that most of the visitors to Deep Creek Lake see the lake at water level only. The purpose has been to provide an elevated and accessible place from which the lake and surrounding territory can be seen and enjoyed by these visitors. As a courtesy to the public, it is open FREE OF CHARGE.

In Western Maryland, some 2500 to 3000 feet above sea level, lies a plateau. Seven thousand acres of this plateau are boxed in by mountains known locally as Meadow, Negro, Snaggy, Marsh, Roman Nose, etc. These mountains form the sides of a huge basin, rich in springs and heavy with rain and snow fall producing much water. In routing this water to the sea, nature developed a stream that ran DEEP through the alders, carrying its load westward to the Youghiogheny, Ohio, and Mississippi Rivers. The Indians named this stream Deep Creek, and as it wound down through the valley it cut a gorge through the rocks which the Indians also named "The Narrows." Meschach Browning mentioned "These Narrows" in his book, 'Forty Four Years The Life of a Hunter.' It was here that he crossed Deep Creek stream to get to his hunting grounds on Meadow and Negro mountains. Standing above the elbow of this gorge is a large knoll or hill now named "The Pinnacle."

The Pinnacle's summit is 2600 feet above sea level and some 200 feet above the floor of the valley. It was a lookout for the Indians as evidenced by the arrowheads found on this site.

But, sooner or later, the area was destined to be invaded by man. Eventually, he discovered that this large basin provided a natural cavity for impounding water. The engineers and dam builders came along and closed up the cavity. The old Deep Creek stream and 7000 acres of land disappeared; transformed into Deep Creek Lake. For nearly 50 years Deep Creek Lake has caught the waters of its tributaries, its springs, its snow and rain storms and put them to work supplying electricity. Each drop of water lends its weight to this task as it plunges down a 500 foot tunnel into turbines below. During this 50 years Narrows Hill has stood guard over the waters of Deep Creek Lake but it remained a dense forest.

My attention was first drawn to the magnificent view as I sat on an old fallen chestnut tree on the ridge, looking for squirrels. First, I cut a foot trail to the top and came across a spot that was frequented by a buck deer who would stand there overlookmg the lake, rubbing bis antlers on a sapling. Years ago, I had learned that bucks always picked out spots that had the most commanding views. They love to stand, look and listen for activity in the valleys below.

Yes, the view was there, but buried behind dense timber, fallen trees, brush and thicket. The thought kept returning to me that this point must be cleared so the view could be enjoyed by man. It grew into a challenge. Only by road building and clearing could one get to see this view.

The value of the project lies in its strategic view. It is the most central and accessible view of Deep Creek Lake. There are three different levels, or benches, to the Pinnacle, each offering excellent outlooks. Someday the whole knoll can be cleared so that Deep Creek Lake may be seen on three sides; giving the appearance of being surrounded by water. The entrance off Glendale Bridge and the exit onto the park road give the visitors a one-way drive over The Pinnacle.

God willing, I hope The Pinnacle will be enjoyed by our visitors for many years to come.

FSU Granted Out-Of-State Tuition Exemption For Graduate Students

The UMS Board of Regents this week granted Frostburg State University a one-year, out-of-state tuition exemption for graduate students that will mean a temporary reprieve from fees that would have had a negative impact on the University's graduate degree programs.

According to University President Catherine R. Gira, the waiver for the graduate-level tuition increase will impact only the 1994-95 academic year. However, it will allow the University to "work with the Chancellor and the Regents and our legislative leadership on possible reciprocal agreements with Pennsylvania and West Virginia," she said.

The new policy had required that the graduate out-of-state tuition rise from this year's $135 per credit hour to $204 in 1994-95. With the waiver, the tuition for 1994-95 will be $161 per credit hour.

"If the Regents' policy were to be fully implemented over the next several years, graduate tuitions at Frostburg State would be higher than that charged by private institutions in western Maryland," Dr Gira said.

"Many non-resident graduate students could not afford to enroll at FSU at this significantly higher rate, and the loss of this critical mass of students would have inevitably reduced course offerings and entire programs which service not only out-of-state students, but Maryland students as well."

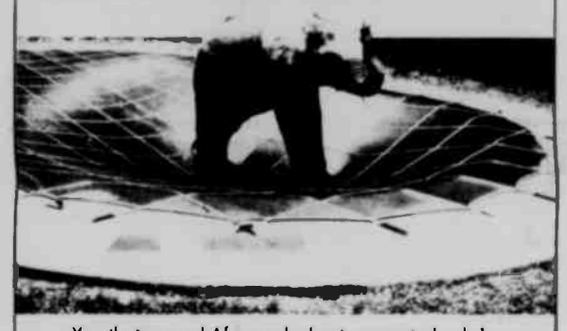
According to Dr. Gira, 45% of the graduate students at the Hagerstown Center are out-of-state students, as are 42% of the graduate students on the main campus.

In making the University's case for the waiver, Dr. Gira pointed out that formal agreements already exist between several area community colleges and neighboring states and that there is a regional co-dependency between western Maryland, Pennsylvania, and West Virginia.

"Allegany County's water supply comes from Pennsylvania and the Cumberland airport is in Mineral County, West Virginia," she said. "The economic health of the entire tri-state region is interdependent."

She went to point out that many people attend the University who live in neighboring states, with many of these people working in Maryland and buying goods and services that boost the local economy.

The waiver, the only one of its type granted to a System institution for 1994-95, "will allow the Regents time to weigh the implication of the new policy more fully as it affects places like Frostburg," she said.



Undergraduate tuition increased proposed by UMS for Frostburg State will remain unaffected by the waiver. Tuition and fees will rise from $2,666 for the current academic year to $2,849, or 6.9%, for 1994-95. Out-of-state undergraduate tuition and fees will rise from $5,296 to $5,846 or 10.4%, for the same period.

Nazelrod Earns Certification In Respiratory Care

Garrett County Memorial Hospital has announced that Linda Nazelrod, RRT, has received certification as a pulmonary function technologist granted by the National Board of Respiratory Care as a result of passing the national board exam.

Nazelrod, who has been employed by Garrett Memorial's cardiopulmonary department for over 12 years, serves as the department's assistant director and is a member of the Legal Credentialing Committee for the Maryland District of Columbia American Association for Respiratory Care.

"This certification, which Linda has pursued on her own, is recognized around the world for competency in pulmonary function testing," explained Eric Tribbey, director of Cardiopulmonary Services at Garrett Memorial. "Linda functions in every capacity of the cardiopulmonary department, providing all aspects of respiratory care and performing administrative duties. She works all shifts when needed and takes 'on call' duty. She also serves as a CPR instructor for hospital employees and local agencies. She is truly a valuable member of Garrett Memorial's health care team."

Dr. Domenick Retains Active AAFP Membership

Dr. Mark T. Domenick, Mtn. Lake Park, has completed continuing medical education requirements to retain active membership in the American Academy of Family Physicians (AAFP), the national association of family doctors.

AAFP members are required to complete a minimum of 150 hours of accredited continuing medical study every three years. The AAFP, which has more than 75,000 members, is one of the largest medical specialty organizations in the country. It was the first national medical group to require members to keep up with medical advancements through regular continuing medical education.

Dr. Domenick has been an active AAFP member since 1986. As a family physician, he is qualified to work in all major areas of health care and trained to treat patients of all ages for the vast majority of health problems.

The AAFP, which is headquartered in Kansas City, Mo., provides educational, legal, insurance and lobbying services to its members and publishes *American Family Physician*, a 150,000-circulation clinical journal.

Dr. Gil Meadors Joins Staff At Frostburg Hospital

The Board of Directors of Frostburg Hospital recently announced the addition of Gilcin F. Meadors III, M.D., a distinguished internist, to its medical staff.

Dr. Meadors began his private practice in internal medicine on August 9. His office is located in the medical office building at the hospital.

Meadors practiced in Oakland from 1975-1978 with active staff privileges at Garrett County Memorial Hospital. He enlisted in the Army Medical Corps in 1978 and for the past 15 years has served as chief of medicine at Gorgas Army Community Hospital in Panama, acting chief of medicine at Kenner Army Community Hospital at Fort Lee, Virginia, and chief of the primary care clinic in the Sinai for the Multinational Forces and Observers. In each assignment, Meadors provided primary care to military and civilian personnel and supervised the care rendered by his staff physicians in various clinics and departments. As a result of these assignments, Meadors has published numerous papers in state-of-the-art vaccine research and has developed many advanced vaccines against viral and bacterial diseases which are licensed for general distribution, according to a hospital spokesperson.

At Fort Detrick in Frederick, Dr. Meadors was selected by the enlisted volunteers as an honorary Medical Research Volunteer Subject, the only physician ever accorded this distinction, as recognition of his willingness to take any vaccine prior to other volunteers.

He is a recipient of the Meritorious Service Medal, Army Commendation Medal, and Army Achievement Medal; and has authored several papers on probability and statistics.

The physician received his medical degree at Albert Einstein College of Medicine in New York. His internship and one year of his residency in internal medicine was performed at Bronx Municipal Hospital Center. The final two years of his residency were spent at Walter Reed Medical Center in Bethesda.

"For over a year, we have been discussing Frostburg Hospital with Dr. Meadors. I am delighted that he decided to be part of our future, and I know that this community will benefit from his training and experience," said Earl Slater, hospital administrator. "His ability to relate to his patients was one of his greatest assets when he was at Garrett Memorial, and I look for similar physician-to-patient relationships to develop here."

Meadors is available for day or evening appointments. Monday through Friday at Frostburg Hospital. To schedule an appointment, persons may call 689-3640.

W O W. LODGE HOLDS PICNIC - A family picnic sponsored by Woodmen of the World Lodge 68 was held at the Bittinger Firehall. Leora Yaste and Linda Buckel headed up the plans for the affair. GCC Offering Adult Basic Ed

A series of courses in Adult Basic Education and GED preparation are being offered by the Continuing Education Division of Garrett Community College.

These courses are designed for individuals who wish to improve their skills in reading, writing, and math, and for those at more advanced levels who wish to test for high school diplomas. Students may enter these courses any time during the year.

Scheduled times and locations are as follows:

Sept. 13, Monday, 6-9:15 p.m., Oakland Center, GCC, and Bloomington Elementary School; Sept. 13-15, Monday Wednesday 1-3 p.m., Oakland Center, GCC; Sept. 15, Wednesday, noon-2 p.m., Crellin Community Center; Sept. 15, Wednesday, 5:30-8:45 p.m., Red House Elementary School; Sept. 16, Thursday, 5:30-8:45 p.m., Accident Elementary School.

Each year, approximately 200 students take advantage of this opportunity to improve on skills they have already developed during life, or to pursue the goal of achieving a high school diploma. The courses are supported by a grant from the Maryland State Department of Education and are free to all students.

Persons desiring additional information about the courses may contact Patricia Baer at 334-8304 or 387-3069.

Scott Beitzel Receives American Legion Scholarship

Scott Beitzel, a 1992 graduate of Northern High School, was awarded the Grantsville American Legion Scholarship at the Garrett Community College Foundation Scholarship Reception.

Beitzel, who was enrolled in the carpentry program for three years in high school, is now in the residential construction program at GCC and plans to become a carpenter or to open his own remodeling business.

In high school, he was a member of the wrestling team and ranked fourth in state competition. He is the son of Gary and Betty Beitzel, Grantsville.

Kimberly DeWitt Weds Joseph Shaffer In June 12 Double-Ring Ceremony

Kimberly Lynn DeWitt became the wife of Joseph Douglas Shaffer on June 12, 1993. The double-ring ceremony took place at St. Peter the Apostle Catholic Church with the Rev. Martin E. Feild officiating. Marcella Kerins was the organist. Prior to the ceremony, both mothers lighted the unity candles and during the ceremony, the couple presented their mothers with roses.

The bride is the daughter of Beverly H. and Darrell G. DeWitt Jr., Cinnaminson, N.J. The groom's parents are Joann and Perry Shaffer, Oakland.

Escorted to the altar by her father, the bride wore a full-length white slipper satin off-the-shoulder gown designed and made by Bianchi. The fitted bodice and Basque waist were hand-beaded and sequined. Alencon lace trimmed the full skirt and cathedral train. The layered cathedral-length veil with rolled edges was trimmed with sequins and pearl flower accents. The bride wore her grandmother's pearl necklace and carried a bouquet of purple and yellow irises and statis, lilac and yellow lilies, white snapdragons, and yellow and white daisies with baby's breath and accented with lilac and yellow ribbon. Two large vases of similar flowers adorned the altar.

Serving as the bride's maid of honor was Michele Keenan, Cinnaminson, N.J. Bridesmaids were Heather Vaughn, Somerville, N.J.; Annette Scheimeif, cousin of the bride, Cynthia Evans, Oakland, sister of the groom, and Lauren Holladay, Salem, N.J., cousin of the bride.

The attendants wore tea-length black and white gowns by Bill Levkoff, and carried bouquets of daisies, purple statis, fern, and white baby's breath. Abigail Serafin, niece of the groom, was flower girl. She wore a white floor-length embroidered gown with a black sash and carried a basket of daisies and rosebuds.

Best man for his brother was Hugh Shaffer, King George, Va. Groomsmen were Tim Shaffer, brother of the groom, Haymarket, Va.,; Chad and Brad King, both of Oakland; and Darrell DeWitt, Cinnaminson, brother of the bride. Ring bearer was Sean Keenan, Cinnaminson. The groom and groomsmen wore black Christian Dior tuxedos with light gray pinstriping.

Before the ceremony, Nikki Evans and Jessica O'Brien, nieces of the groom distributed wedding programs to the guests, and afterward, Melinda and Christina Serafin, Lakeport, Mich., also nieces of the groom, presented bird seed packets to the guests.

The couple and wedding party were chauffeured to the wedding and reception in three white stretch limousines. The reception was held at the McHenry House at the Wisp Resort, Deep Creek Lake.

Susan O'Brien, sister of the groom, greeted guests, while Jennifer Evans, niece of the groom, was in charge of registering guests. Disc jockey Jack DuBose provided music for dancing. The wedding and reception were photographed and videotaped by Richard and Patricia DeWitt, aunt and uncle of the bride.

The formal luncheon included an ice sculpture of two kissing doves, a punch fountain, carved watermelon fruit basket, and decorated Austrian pastries. The three-tiered wedding cake was decorated with lilac, yellow, and white flowers.

Following a honeymoon at Deerfield Village in Canaan Valley, W.Va., the couple has set up residence in Grantsville.

The bride is a cum laude graduate of Salisbury State University with a bachelor of science degree in elementary education and is employed by the Garrett County Board of Education as a teacher at Kitzmiller Elementary School.

Mr. Shaffer is a graduate of Southern High School and is a senior at Fairmont State College where he is a member of the criminal justice honor society. In December, he will graduate with a degree in criminal justice. He served in the U.S. Air Force which included one year in Korea. Presently, he is a sergeant in the 167th Air National Guard, Martinsburg, W.Va.

A rehearsal dinner was hosted by the parents of the groom at Uno's Restaurant, Deep Creek Lake.

The bride was feted with a shower by Charlene and Michele Keenan in Cinnaminson.

Guests from out of state came from New Jersey, Virginia, Michigan, Pennsylvania, and included the groom's sister Elizabeth from Tacoma, Washington

Allegheny Library Summer Reading Program Concluded

The Allegheny Mountaintop Public Library, Mt. Storm, recently concluded its eighth annual Summer Reading Program with an awards ceremony. Fifty-three children, ranging in age from toddler to 18, registered for the program and 31 finished, reading a total of 1,580 books.

Brandon Harvey received the Librarian's Choice Award for reading books over his present skill level and reading a larger number of books than is usually expected. Librarian Dana Carr selected the winner of this award.

Named first place winners were: Kelli Davis, Derek Bailey, Mark Ray, Alex Carr, Brandon Harvey, Reggie Ray, and Matthew Liller. Second place honors went to: Shannon Delaney, Stacey Evans, Nathana Bennett, and Andrea Bailey. Third place winners were: D.A. Evans, Erika Mayhew, Matthew Idleman, Mandy Carr, and Melissa Cosner. Receiving honorable mention were: Angela Findley, April Hanlin, Amanda Pennington, and Nicky Harvey.

Participation awards were presented to: Michelle Fulk, Wayde Hanlin, Shannon Moreland, Mary Idleman, Roy Shillingburg, Khristopher Shillingburg, Jill Delaney, Thad Wolfe, Emily Reall, Jordan Pacella, and Krista Kitzmiller.

McDonald's of Oakland provided each who finished the program with a food certificate, orange drink, and cup. McDonald's also provided posters, reading list papers, and the certificates and stickers. J&J Exxon Servicenter, Mt. Storm, gave discounted ice cream cones and soft drinks as rewards and incentives.

Gift certificates to the Book Mark'et were awarded to the first, second, and third place winners, as well as the honorable mention winners.

Quilt Exhibit Slated For Apple Harvest Festival

New and vintage quilts will comprise one of the featured exhibits at the Old-Fashioned Apple Harvest Festival in Burlington, W.Va., on October 2 and 3. The Quilt Show and Sale, sponsored by the Mineral County Extension Homemakers, will showcase the handiwork of modern-day craftspeople, as well as heirloom quilts made by past generations.

The 1993 Quilt Show will be located in Collins Center on the campus of Burlington United Methodist Family Services, Inc. Admission for the event is $1 payable at the door. Visitors may vote for their favorite quilt with a "People's Choice" certificate and ribbon awarded to the winning entry. Local homemakers will be on hand to demonstrate quilting techniques and answer questions about various quilts on display.

Anyone may enter a quilt or other hand-quilted items in the show by contacting Quilt Show Chairperson Georgianna Tasker at (304) 788-6447 or the Mineral County Extension Office at (304) 788-3621. There is no entry fee and any quilt may be offered for sale if the owner wishes. The deadline for entries to be received is September 30.

This year's 20th Annual Apple Harvest Festival will feature two tents of arts and crafts exhibits; an open-air flea market; and appearance by the U.S. Navy's Country Current; Sam the Wonder Dog, Smokey Bear, celebrating his 50th year; a grand feature parade; food; and Burlington's homemade apple butter.

For information on the Festival, persons may write to Festival Headquarters, P.O. Box 96, Burlington, WV 26710; or phone (304) 289-3511.

Rowlesburg To Host Annual Ox Roast On Monday

The Rowlesburg Community Park will host the 30th Annual Labor Day Ox Roast this Monday, September 6.

The event will include music, the third annual Car Show, art and craft exhibits, vision screening by the Lions Club Sight Mobile, drawings sponsored by the area clubs and organizations, McGruff the Crime Dog, food, and fireworks at 9 p.m.

The musical entertainment will begin at 11 a.m. with the Wotring Sisters. The Gospel C's will perform at noon and at 2 p.m. Keith and Joan Pitzer are scheduled. The Short Brothers Band will follow at 5:30 p.m. D.J. Rich Goff will be the emcee for the day's events.

Registration for the car show will be from 10 a.m. until 3 p.m. with trophies being awarded at 4:30 p.m. Each entry will receive a dashboard plaque. Twenty trophies and Best of Show will be awarded.

The menu for the day will consist of pit roasted beef, dinners with cole slaw, French fries, green beans, and a roll for $5. Also for sale will be beef sandwiches, hot dogs, hamburgers, French fries, sloppy-joes, drinks, and soft serve ice cream.

No entrance fee will be charged. A teen dance is scheduled for Sunday evening.

To reserve space for crafts, persons may call Delores Riggs at 454-9533. For further information, persons may call 454-9631 or 454-2441.

RESERVE GRAND CHAMPION 4-H/FFA BABY BEEF -- Morgan Rodeheaver was the owner of the Reserve Grand Champion Beef sold at the recent Garrett County Fair. Rodsheaver is the daughter of Donald and Sharon Rodeheaver. Her 1,335 pound steer was purchased by Browning's Foodland for $1.50 per pound. Pictured above with Rodeheaver are Bob Davis, representing Browning's Foodland, and Garrett County Farm Queen Sarah Hutzel.

Farm Bureau Optimistic About New Wetlands Package

Farm Bureau is optimistic that a new Clinton administration wetlands proposal announced recently could help clear up some of the confusion and frustration associated with the controversial issue.

The policy, unveiled by administration officials, will clarify the procedures used by federal agencies in regulating wetlands.

"We welcome the fact that the Clinton administration has taken on some of the most contentious issues regarding wetlands," said American Farm Bureau Federation President Dean Kleckner. "Farm Bureau, however, will continue to push for legislation such as H.R. 1330 as a final solution to wetlands problems such as classification and compensation."

According to Kleckner, Farm Bureau endorses the following principles announced in the plan:

*The administration's exemption of prior-converted wetlands (wetlands converted to cropland prior to 1985) from Section 404 regulations.

*The clarification that certain man-made structures, such as irrigation ponds, will not be considered jurisdictional wetlands.

*The use of mitigation banks.

*Incentives for farmers to restore wetlands on their property through the expansion of the wetland reserve program.

*Increasing the quantity and quality of wetland areas through voluntary, non-regulatory programs.

*The administration's acknowledgement that all wetlands are not of equal value.

The administration will continue to use the 1987 wetlands delineation manual in identifying wetlands. That manual may be revised if a National Academy of Sciences report on wetlands, expected next year, recommends changes to delineation procedures.

Kleckner said Farm Bureau has long supported giving USDA's Soil Conservation Service more authority to identify and regulate agricultural wetlands.

"SCS is qualified to do the job and it's time we let that agency do it," Kleckner said. However, "it doesn't appear that this announcement will give SCS the sole oversight that its trained soil scientists are most qualified to carry out.

"While stating that farmers can rely on SCS determinations as 'final,' the statement also gives monitoring power to the Corps of Engineers and EPA, in consultation with the U.S. Fish and Wildlife Service. We just want to ensure that farmers will not be burdened by the same old bureaucratic red tape."

In its announcement, the administration acknowledged "the past frustrations of contradictory policies from feuding among federal agencies that blocked progress by creating uncertainty and confusion."

Kleckner said the nation's farmers "welcome relief from this confusion. The past policies have left many landowners unable to make decisions."

The Farm Bureau leader said he also was encouraged by what appears to be a long-overdue recognition of property rights in the administration's wetlands statement, including increased support for the wetlands reserve program.

"The administration has made a first step in acknowledging that wetlands exist on privately owned property," Kleckner said. "Compensation to landowners, like that included in the wetlands reserve program, recognizes that private property rights are essential to the conservation of wetlands.

"It is estimated that 75 percent of the nation's wetlands in the lower 48 states exist on private property. We agree that it is imperative to recognize and consider fully the impacts of wetlands protection policies on individuals who own wetlands."

The farm leader praised the administration's exemption of prior-converted farmland. "These areas were converted when the rules were quite different. These lands no longer function or hold the characteristics of wetlands," he said. "It was only fair for the Clinton administration to make this determination."

The exemption for prior-converted farmland covers approximately 53 million acres nationwide.

"We still need recognition of the role of farmed wetlands--those occasional small wet areas in fields that will raise crops nine out of 10 years," Kleckner said. "It would be better to offer an exemption to all areas tilled prior to 1985."

Kleckner said Farm Bureau is pleased that the administration has included a permit appeals process.

"Landowners also must have the means to appeal 'unproper' wetlands determinations. An appeals process should be in place to correct mistakes when they are made," Kleckner said. "Many farms have been put at risk due to faculty wetlands delineations. Now that we have the opportunity, we should ensure that will never happen again.

"We believe this proposal will help to streamline a burdensome process, while protecting significantly valuable wetlands such as swamps, marshes and bogs. We can all support that."

The Clinton wetlands policy was challenged legally within hours after it was announced. The National Association of Homebuilders and three other industry groups filed suit in U.S. District Court in Washington, claiming the EPA and the Army Corps are illegally expanding their regulatory activities.

Previously, only activities requiring the placement of fill in waters of the U.S., including wetlands, required permit authority. Under the new policy, all mechanized land clearing, ditching, channelization or other excavation will come under Corps regulation, which the groups charge is a "serious setback" to their industry.

ASCS State Committee Newly Appointed

Roger Richardson of Eden was appointed chairman of the Maryland Agricultural Stabilization and Conservation Service State Committee effective Monday, August 9. He is joined by members Willma Reeves of Chaptico and Paul Crowl of Street. All three members previously served on the State Committee from 1977-1981, and are very active in their own communities in farming and local organizations. The experience will be invaluable to their work on this committee, which administers Federal Production Adjustment, Commodity Loan, Disaster and Cost-Share Conservation Programs.

Chairman Richardson is the fifth generation to operate the family's farm in Worcester County. His operation specializes in broiler production, corn, soybeans, and wheat. Roger is a graduate of Snow Hill High School, past president of the Worcester County Farm Bureau, Snow Hill Grain, Inc., the Snow Hill Lions Club, and has just retired as president of the Worcester County Board of Education.

Willma Reeves is vice president of Reeves Agricultural Enterprises, Inc., an operation specializing in hogs, tobacco, and grain. Recently she resigned from the St. Mary's County ASCS Committee to accept the State Committee appointment. She has served as supervisor of surveys for all Maryland counties west of the Chesapeake for the Maryland-Delaware Crop Reporting Service and has been very active in community, educational, and civic organizations. Presently, she also serves as a docent for St. Mary's City.

Paul Crowl is a native of Harford County and was recently honored as Harford County Farmer of the Year in 1992. He manages a large dairy operation with his son, and is a member of the board of directors of the Mid-Atlantic Division of Dairymen. He is also a member of the Maryland Agricultural Review Board, and the State and National Holstein Associations. He is also active in civic and community organizations. He is married to the former Betsy Baldwin, who served as former ASCS County Executive Director in Harford County prior to her retirement.

Soils Drying Once Again

For the week ending August 29 across the state, topsoil moisture decreased to 24 percent very short, 66 percent short, 10 percent adequate, and none surplus. Subsoil moisture also decreased to 19 percent very short, 67 percent short, 14 percent adequate and none surplus. Dry conditions allowed an average of 6.5 days suitable for fieldwork during the week, according to the Maryland Agricultural Statistics Service. The Maryland State Fair is in progress through September 6.

Statewide, hay supplies were short to adequate and pastures averaged mostly poor to fair condition. Peaches and apples averaged in mostly good condition. Field corn and soybeans were in poor to mostly fair condition, and sorghum was in fair condition. Spider mites and earworms are reported as problems in many areas.

Maryland's progress for the week ending August 29 was as follows, listing the item, this year's percentage, last year's percentage and a percentage for the 5-year average.

Corn in dough stage or later, 77, 63, 81; dent, 49, 30, 56; mature, 8, 2, 14; silage harvested, 18, 4, 16.

Soybeans blooming, 90, 84, 89; setting pods, 68, 61, 71.

Sorghum headed, 96, 99, N/A.

Sweet corn harvested, 92, 80, 84. Cantaloupes harvested, 93, 84, 89. Watermelons harvested 91, 73, 84. Potatoes harvested, 93, 95, 85.

Alfalfa hay, third cutting, 91, 76, 81; fourth cutting, 21, 10, 15. Other hay, third cutting, 40, 27, 19; fourth cutting, 12, 4, 2.

Peaches picked, 80, 70, 76. Apples picked, 21, 13, 22.

WEATHER

Maryland weather for the week ending August 27 had above normal temperatures and close to no precipitation. Temperatures averaged 77.4 degrees, 4.2 degrees above the normal of 73.2 degrees for the August 21 to August 27 period. Minimum temperatures ranged from 45 degrees at Oakland to 66 at Patuxent, but generally in the mid 50's. Maximum temperature was 98 degrees at Chestertown and generally in the mid 90's. Precipitation averaged 0.01 inch, 1.00 inch below the normal of 1.01. Precipitation ranged from 0.00 at almost all stations to 0.13 inch at Oakland.

TRACTOR OPERATORS CONTEST -- Winners of the Tractor Operators Contest at the 1993 Garrett County Fair, pictured above, are: first row, left to right, Joan Jackson, representing Jackson Equipment Co., who was a trophy donor and furnished tractors and equipment for the contest; Jennifer Brenneman, (accepting for Jason Brenneman), second place Intermediate; Jason Beitzel, third place, Intermediate; Bobby Schmidt, first place, Intermediate; Jeremy Miller, second place, Junior; Sarah Hutzel, Garrett County Farm Queen; second row, same order, Jerry Weimer, third place, Senior; Jamie DeBerry, second place, Senior and FFA representative to state contest; Dean Green, first place, Senior and 4-H representative to state contest. Not pictured, Shawn Bender, first place, Junior. Trophy donors in addition to Jackson Equipment were: The Gerald Malone Family in memory of Chad Malone; and Arnold Brothers Equipment. Doug Klotz furnished a tractor and wagon. A total of 27 contestants were in the contest. The contest also served as the Regional FFA Contest. Other contestants included: Intermediates, Taylor Sines, April Enlow, George Beckman, Bruce Warsaw, Chad Lytle, Jason Smith, Arthur Pysell; Seniors, Jason Malone, Clint Malone, Charles Enlow, Barry Billmeyer, Tommy Holler, Heidi Hauser and Terry Broadwater.

Proposed Tractor Emission Standards Not Needed, Says Farm Bureau

Proposed emission control rules for farm tractors and other heavy equipment are not only unnecessary but would be counterproductive for the environment, according to Farm Bureau.

The rules would apply to new tractors, bulldozers and other machinery, and would set limits on emissions of nitrous oxide. The Environmental Protection Agency proposed the standards this spring and has been accepting comments throughout the summer. Final regulations are likely to be issued next year.

In comments submitted to EPA, the American Farm Bureau Federation said protecting public health is the driving force behind the Clean Air Act, but EPA has offered no proof of substantial health or environmental benefits from its proposed regulation of heavy equipment emissions.

"Proposing a regulation that will cost more than a billion dollars over 30 years to reduce nitrous oxide emissions by only 37 hundredths of one percent in the so-called non-attainment areas cannot be justified," Farm Bureau said.

It is not good science, the farm organization charged, to treat farm equipment as if it were operating in downtown urban and industrial areas.

"Farm equipment is operated to a limited extent on the suburban fringe, but the bulk of it operates hundreds of miles out in the countryside, far from urban areas where the serious pollution problems exist," according to Farm Bureau.

By EPA's own estimation, manufacturers will most likely retard fuel injection in order to meet the emission standards. This in turn will produce a predicted three percent to five percent increase in fuel consumption by the farm and industrial machines subject to the standards. The proposed rules will mean more fuel must be used in trucks and refineries operating in urban areas to produce and transport the increased volume of fuel needed on farms, the farm organization pointed out.

In addition, the increased farm fuel needs will cause a demand for more imported crude oil, causing further damage to the nation's balance of payments.

Farmers and heavy equipment manufacturers believe the EPA estimate of $110 in the purchase price of each engine designed to meet the new standards is understated. Also, using a conservative estimate of a three percent fuel use increase, Farm Bureau said it would require additional input costs for fuel of 26 cents per acre for barley and wheat production, 38 cents per acre for corn, $1.09 for cotton and $2.12 per acre for rice production.

For a farmer producing 500 acres of rice, that adds up to increased costs of $32,000 over 30 years, at current fuel prices, Farm Bureau noted.

The proposed rule ignores the move toward more efficient tillage systems that require fewer tripe across the fields with farm machines, and other technological advances that undermine EPA's assumption of a two percent annual increase in nitrous oxide emissions over the next 35 years.

"All things considered, it would not be surprising if there were less total nitrous oxide emissions from farm equipment in 2025 than there are today," Farm Bureau concluded.

ASCS Lists 1993 Disaster, Drought Update

On August 12, President Clinton signed a law appropriating funds for 1993 crop losses suffered by some farmers because of damaging weather conditions this summer.

According to County ASCS Director Mike Kozier, specific information is just becoming available, however, a 40% crop loss will be required for producers without crop insurance and a 35% crop loss for those with crop insurance will be required.

Kozier stated that there will be very few farmers in Garrett County who will suffer that much loss this summer. "For many farmers, June and July were very dry, but rains came at a crucial time, and much of the crop was saved," Kozier said.

Those qualifying, who participate in ASCS programs, will receive target rate prices for program crops; corn $2.75, oats $1.45, and barley $2.36. Those not participating in programs will receive the county loan rates for nonparticipating program crops; barley $1.18, rye $1.58, oats $1.03, and corn $1.84. The payments will be 65% of the applicable basic payment rate for the crop established by the Maryland State ASC Committee.

Any producer who has had a total crop loss and has no intention of harvesting the crop should contact the ASCS office to have the crop appraised.

The signup period will extend until March 4, 1994.

As of August 30, no county in Maryland has been declared a disaster county.

County Approved For Emergency Feed Program

Garrett County was recently approved for the Emergency Feed Program. The county was approved because it is contiguous to counties in West Virginia that also applied and were approved.

Eligible livestock owners can receive 50 percent of the cost of feed purchased not to exceed total benefits available.

To be eligible for assistance, a livestock owner must have suffered a 40 percent loss of feed production because of drought and need to purchase feed in quantities larger than normal for eligible livestock. Eligible livestock are cattle, sheep, horses, mules, swine, goats, fish and poultry which have been owned at least six months; or, if owned less than six months, are eligible offspring of eligible livestock or were purchased as a normal operation and not to obtain additional benefits.

A dollar value of all types of feed crops grown in the county was established for use in determining the value of feed loss and the value of feed produced that the producer has available to feed livestock for the feeding period. Producers who meet all eligibility requirements, including actively engaged in farming and Highly Erodible Land and Wetland Conservation (HELWC) requirements, may request an advance payment of up to 50 percent of their total benefits, after application is approved.

An additional payment will be made during the feeding period and a final payment will be made, as necessary, after the feeding period is over and all feed bills have been submitted and livestock numbers have been adjusted. Applications will be accepted until April 30, 1994.

Crop Notes

*In general, the field corn looks pretty good throughout the county in spite of the dry conditions. If the dry weather continues, the corn is likely to mature a little sooner than normal.

*Most of us associate nitrate poisoning with field corn under drought stress. However, high nitrate concentrates can accumulate in Orchard grass and tall fescue. For example, if you applied nitrogen after harvesting with a light rain following than into hot dry weather there is a potential for nitrate buildup. Once the plant starts growing again the nitrate content will be reduced. Ensiling also reduces nitrate levels.

*Fall seeding of alfalfa should be completed by now. The young seedlings need a few weeks to establish a vigorous root system before a killing feast.

*Winter grain planting date and seeding rate: Seed winter daily between September 10 and 20 at the rate of 2 bu/A. Winter wheat should be seeded between September 20 and October 3 at the rate of 2 bu/A.

Tunnel Ventilation

As you already know, milk production can do down during extended hot weather. Cow comfort is very important. I have had inquiries about the "tunnel ventilation system." The system works very well and is simple to install. Bob Brown, county agent in Somerset County, Pennsylvania, has provided me with some helpful information on installing the system. Contact my office for a copy.

I Found a Place!

Iudu Athey, Cumberland, MD

"With the Vision Group I found a place for good professional eye care, and I knew I was not dealing with a large chain operation. Instead I had the advantage of being examined by experienced well known local doctors Dr. Jones and Dr. Harvey made me feel comfortable took their time and explained everything I wanted to know. The best part is I know they will be there when I need them, and for years to come. The examination, my new glasses and contact lenses were very reasonably priced."

Biological Control: An Alternative For Pest Removal

When nursery operators, landscapers or homeowners encounter pesky insects and mites on their woody landscape plants, they have traditionally reached for chemical pesticides to rectify the problem.

However, concerns about human health, our environment and the economic "bottom line" are increasing interest in the development of alternative means for controlling these pests. A more socially and ecologically attractive alternative to chemical pest control is biological control, a process by which natural predators, parasites and pathogens are used to reduce pest populations.

Dr. Michael J. Raupp, an entomology professor at the University of Maryland College Park, has recently co-authored *Biological Control of Insect and Mite Pests of Woody Landscape Plants: Concepts, Agents and Methods* with Roy G. Van Driesche of the University of Massachusetts and John A. Davidson of the University of Maryland. The manual "was developed to assist the landscaper, nurseryman, or homeowner in taking the first step toward implementing biological control in the production and maintenance of woody landscape plants," according to the authors.

Biological control is an alternative approach to solving pest problems previously addressed with pesticides. For example, chemical use can lead to the development of pesticide-resistant insects, pest stimulation and pesticide-induced outbreaks, the authors said.

Pesticides can also hurt nontarget organisms by killing natural enemies which eliminate pests, worms that benefit the soil, and fish. The presence of toxic pesticides in groundwater and food has led to pesticide-limiting legislation in many states.

The objectives of biological control is "to lower pest densities to innocuous levels and keep them there," the authors said. Biological control may be achieved by the conservation, augmentation or importation of predators and parasites, or the use of formulated pathogens or nematodes.

This new manual reviews biological control procedures, and identifies predators, parasites and pathogens useful in the natural control of harmful pests. It makes available, for the first time, 56 color plates to help people identify these beneficial organisms.

Support for the publication was provided by the Maryland and Massachusetts Agricultural Experiment Stations, the U.S. Department of Agriculture's Cooperative Extension Service and Forest Service, the Maryland Cooperative Extension Service, and the Massachusetts Department of Environmental Management.

Persons interested in learning more about biological control may obtain a copy of *Biological Control of Insect and Mite Pests of Woody Landscape Plants: Concepts, Agents and Methods* by requesting an order form from: Mr. Steve Rothman, Agriculture Duplicating, 6200 Sheridan Street, Riverdale, MD 20727.

Large orders will receive a discount. Educators may be interested in purchasing a slide series that contains the same 56 color plates found in the manual.

PEANUT BUTTER AND JELLY COOKING

Submitted by
Elizabeth Zook, Oakland, Maryland

1 cup creamy peanut butter
3/4 cup butter or margarine, softened
1 1/3 cups sugar
3 cups all-purpose flour
2 teaspoons baking powder
½ teaspoon salt
1/3 cup milk
¼ cup grape, strawberry, or apple jelly

Beat together peanut butter, butter or margarine, and sugar until fluffy. Stir together flour, baking powder and salt. Blend dry ingredients into creamed mixture. Beat well. Blend in milk. Shape dough into two 2-inch rolls 7½ inches long. Wrap in clear plastic wrap. Chill for 1 hour. Slice cookies 1/8-¼-inch thick. Place half of the slices, 2 inches apart, on an ungreased cookie sheet. Spread the center of each cookie with about ½ teaspoon jelly. Cover with remaining slices. Seal edges with the tines of a fork. Bake at 350° for 12 to 15 minutes. Cool 1 to 2 minutes, remove from cookie sheet. Cool on rack. Makes 3 to 3½ dozen.

JAM CAKE

Submitted by
Elizabeth Zook, Oakland, Maryland

1 c. butter	3½ c. flour, sifted
2 c. light brown sugar, sifted	1 T. cocoa
3 eggs, separated	1 t. cinnamon
1 c. jam with seeds	1 t. ground cloves
3/4 c. chopped nuts	2 t. baking soda
1 c. raisins	2 c. buttermilk

Preheat oven to 325° Grease two 8½x4-inch loaf pans Line bottom of pans with waxed or parchment paper. Beat butter and brown sugar together until mixture is creamy. Add beaten egg yolks; beat well. Fold in jam. Roll nuts and raisins in ¼ c. flour; set aside. To remaining flour, add cocoa, cinnamon and cloves; sift again. Dissolve baking soda in buttermilk. Add buttermilk alternately with flour to the butter mixture, beginning and ending with flour Stir in raisins and nuts. Beat egg whites until stiff peaks form. Gently fold beaten whites into cake batter. Spoon batter into prepared pans. Bake about 60 minutes or until cakes start to leave the sides of the pan. Remove from pans, cool and frost with caramel frosting. Caramel Frosting: 3/4 c. butter, ¼ c. plus 2 T. milk, 1½ c. brown sugar, 1 t. vanilla, 3 c. confectioners sugar. Melt butter, add milk and brown sugar, stirring until sugar melts. Bring to a boil Remove from the heat; let cool. Stir in vanilla and confectioners sugar until of spreading consistency. Beat until mixture is creamy and smooth. If too stiff, add a couple drops of water

In Loving Memory of
Phyllis
who passed away Aug. 29, 1990

It is just a cluster of memories
Sprayed with a million tears
Wishing God could have spared you
For many, many years.
We often sit and think of you
And think of how you died
To think you could not say goodbye
Before you closed your eyes
No one knows how much we miss you
No one knows the bitter pain
We have suffered since we lost you
Life has never been the same
A million times we've needed you
A million times we've cried
If love alone could have saved you
You never would have died
But in our hearts you hold a place
No one can ever fill
We Love You,
Sadly Missed by the Reckart Family

NOTICE TO PUBLIC OF FINDINGS OF NO SIGNIFICANT IMPACT AND NOTICE OF INTENT TO REQUEST RELEASE OF FUNDS GARRETT COUNTY

The purpose of this Notice is to identify two separate but related actions to be taken by the Board of Garrett County Commissioners.

On or about September 13, 1993 the above named Board of Commissioners will request that the Maryland Department of Housing and Community Development release funds under the Small Cities Community Development Block Grant Program to be used for the following project:

Northern Garrett Industrial Park Infrastructura.

This project involves the installation of the infrastructure (i.e. sewer, roads, electric, etc.) in the Northern Industrial Park located adjacent to I-68 outside of Grantsville, MD.

FINDING OF NO SIGNIFICANT IMPACT

Notice is hereby given that the above named County has prepared an Environmental Review Record on the project described in this Notice and has determined that said project will have no significant effect on the quality of the human environment. No further environmental review of said project is proposed prior to requesting Release of Funds.

The Finding of No Significant Impact is based on the following:

The construction involved with the installation of the various components of the infrastructure will be short term. All necessary permits will be obtained prior to commencement of construction. Any environmental impact will be temporary in nature.

The Environmental Review Record which documents the Environmental Review of this project is available for public examination at the Garrett County Planning Office, Oakland, during normal business hours.

PUBLIC COMMENTS ON FINDING

All interested agencies, groups, and persons disagreeing with this decision are invited to submit written comments respecting the environmental impacts of the described project to the Garrett County Planning Office and to the Department of Housing and Community Development. All such comments must be received no later than September 10, 1993. All comments will be considered and the County will not request the release of funds nor take any action on the project prior to this date.

REQUEST FOR RELEASE OF FUNDS

The County will undertake the project described above with Small Cities Community Development Block Grant Funds. This Notice also certifies that Elwood L. Groves, II, serving in the official capacity of Chairman of County Commissioners consents to accept the jurisdiction of the Federal Courts if an action is brought to enforce responsibilities in relation to environmental reviews decision-making and action, and that these responsibilities have been satisfied. The legal effect of the certification is that upon its approval, the County may use the Small Cities Community Development Block Grant Funds and the Maryland Department of Housing and Community Development will have satisfied its responsibilities under the National Environmental Policy Act of 1969.

OBJECTIONS TO RELEASE OF FUNDS

Objections to the release of funds will be accepted by the Department of Housing and Community Development only if it is on one of the following bases: (a) that the certification was not in fact executed by the Certifying Officer; or (b) that the County Environmental Review Record for the project indicated omission of a required decision finding or step applicable to the program in the Environmental Review Process; (c) No opportunity was given to the Advisory Council on Historic Preservation or its Executive Director to review the effect of the project on a property listed on the National Register of Historic Places, or found to be eligible for such listing by the Secretary of the Interior, in accordance with 36 CFR Part 800. (d) Objections by a Federal Agency. All interested agencies, groups, and persons disagreeing with this decision are invited to submit written comments to the County and to the SCCDBG Program Coordinator, Department of Housing and Community Development, 100 Community Place, Crownsville, Maryland 21032. All such comments must be received no later than September 28, 1993.

NOTICE TO PUBLIC OF FINDING OF NO SIGNIFICANT IMPACT AND NOTICE OF INTENT TO REQUEST RELEASE OF FUNDS
TOWN OF FRIENDSVILLE

The purpose of this Notice is to identify two separate but related actions to be taken by the Town of Friendsville, Maryland.

On or about September 20, 1993, the above named Town will request that the Maryland Department of Housing and Community Development release of funds under the Small Cities Community Development Block Grant Program to be used for the following project:

Project Title: Friendsville Sewer Collector Rehabilitation Program

Purpose of Project: Repair/Replace broken sewer lines, Repair manholes.

Location: Town of Friendsville

FINDING OF NO SIGNIFICANT IMPACT

Notice is hereby given that the above named municipality has prepared an Environmental Review Record on the project described in this Notice and has determined that said project will have no significant effect on the quality of the human environment. No further environmental review of said project is proposed prior to requesting Release of Funds.

THE FINDING OF NO SIGNIFICANT IMPACT IS BASED ON THE FOLLOWING: The project consists of repairs to existing sewer collector lines, lateral connections and manholes. No new installation is anticipated, and no excavation is planned. Since all repair work is expected to be performed within the collector and lateral connections, no environmental impact is expected. The manholes will be repaired with a non-toxic, environmentally safe grouting material which has been approved by the Environmental Protection Agency.

The Environmental Review Record which documents the Environmental Review of this project is available for public examination at the Town offices during normal business hours.

PUBLIC COMMENTS ON FINDING

All interested agencies, groups, and persons disagreeing with this decision are invited to submit written comments respecting the environmental impacts of the described project to the offices of the Town and to the Department of Housing and Community Development. All such comments must be received no later than September 18, 1993. All comments will be considered and the Town of Friendsville will not request the release of funds nor take any action on the project prior to this date.

REQUEST FOR RELEASE OF FUNDS

The Town will undertake the project described above with Small Cities Community Development Block Grant Funds. This Notice also certifies that Spencer R. Schlosnagle, serving in the official capacity of Mayor, consents to accept the jurisdiction of the Federal Courts if an action is brought to enforce responsibilities in relation to environmental reviews, decision-making, and action, and that these responsibilities have been satisfied. The legal effect of the certification is that upon its approval, the Town may use the Small Cities Community Development Block Grant Funds and the Maryland Department of Housing and Community Development will have satisfied its responsibilities under the National Environmental Policy Act of 1969.

OBJECTIONS TO RELEASE OF FUNDS

Objections to the release of funds will be accepted by the Department of Housing and Community Development only if it is on one of the following bases: (a) that the certification was not in fact executed by the Certifying Officer; or (b) that the Town Environmental Review Record for the project indicated omission of a required decision finding or step applicable to the program in the Environmental Review Process; (c) No opportunity was given to the Advisory Council on Historic Preservation or its Executive Director to review the effect of the project on a property listed on the National Register of Historic Places, or found to be eligible for such listing by the Secretary of the Interior, in accordance with 36 CFR Part 800. (d) Objections by a Federal Agency. All interested agencies, groups, and persons disagreeing with the decision are invited to submit written comments to the Town and to the SCCDBG Program Coordinator, Department of Housing and Community Development, 100 Community Place, Crownsville, MD 21032-2023. All such comments must be received no later than October 6, 1993.

GARRETT COUNTY SANITARY COMMISSION SEWER LINE EXTENSION FOR THE NORTHERN GARRETT INDUSTRIAL PARK AT GRANTSVILLE, MARYLAND
INVITATION TO BID
Receipt of Proposals

Sealed bids marked "Bid for Sewer Line Extension for the Northern Garrett Industrial Park at Grantsville, Maryland" will be received by the Garrett County Sanitary Commission (hereinafter referred to as Owner), at 313 East Alder Street, Old Courthouse Room 200, Oakland, Maryland 21550, until 10:00 a.m. on Wednesday, September 22, 1993. The bids will be publicly opened and read at 11:00 a.m. on Wednesday, September 22, 1993.

General Description of Work

The project is to provide a sewer line extension from the Grantsville sewer system to the Northern Garrett Industrial Park. Scope of work includes construction of 3,730 feet of 8 inch gravity sewer from a manhole to the Industrial Park and sewer line work in the park.

Pre-Bid Conference

A pre-bid conference will be held on Friday, September 17, 1993, at 10:00 a.m. at the Northern Garrett Industrial Park at Grantsville to answer any questions concerning the Contract Documents. All bidders are invited to attend.

Contract Documents

Contract Documents will be available for inspection during regular working hours at the Office of the Owner.

Contract Documents may be obtained from the Owner upon written request and remittance of full payment of fifty dollars ($50.00) for each set with checks made payable to the Garrett County Sanitary District, Inc. Payment will not be refunded, said payment being retained by the Owner to cover cost of printing, handling and shipping. Requests for Contract Documents shall be submitted to:

Garrett County Sanitary Commission
313 East Alder Street
Old Courthouse, Room 200
Oakland, Maryland 21550

All Bids must be made on the required Bid form. All blank spaces for Bid prices must be filled in, in ink or typewritten, and the bid form must be fully completed and executed when submitted.

The Owner reserves the right to waive any informalities or minor defects, to reject any and all Bids. Any Bid may be withdrawn prior to the above scheduled time for the opening of Bids or authonzed postponement thereof. Any Bid received after the time and date specified will not be considered. No Bidder may withdraw a Bid within 90 days after the actual date of the opening thereof. Should there be reasons why the Contract cannot be awarded within the specified period, the time may be extended by mutual agreement between the Owner and the Bidder.

Bidders must satisfy themselves of the scope-of-work by examination of the site and a review of the Contract Documents including Addenda. After Bids have been submitted, the Bidder shall not assert that there was a misunderstanding concerning the quantities of work or of the nature of the work to be done. All excavation is unclassified without provisions for extra payment for rock excavation.

The Contract Documents contain the provisions required for the work included in the Project. Information obtained from an officer, agent or employee of the Owner or any other person shall not affect the risks or obligations assumed by the Contractor or relieve him from fulfilling any of the conditions of the Contract.

Bid Security and Bond Requirements

There are no bid securities or bond requirements for this project. Progress payments will be made for work in place and a ten percent (10%) retainage will be held on all work until the project is completed and the contract requirements are satisfied. Retainage in the amount of five percent (5%) of the final construction cost will be held for a one (1) year warranty period. Bidder may elect to provide a bond for one hundred percent (100%) of the construction costs in lieu of the five percent (5%) retainage.

The Owner may for any reason whatsoever, determine that it is not in its best interest to award a Contract, the Contract award will not be made by the Owner and the Owner will not then be liable for any payments whatsoever to the Bidder. Extension of time beyond the ninety (90) day period of the award may be made only by mutual agreement between the Owner and the Bidder.

The party to whom the Contract is awarded will be required to execute the Agreement within ten (10) calendar days from the date when Notice of Award is delivered to the Bidder. The Notice of Award will be accompanied by the necessary Agreement and contract forms. In case of failure of the Bidder to execute the Agreement, the Owners may, at his option, consider the Bidder in default.

The Owner within ten (10) days of receipt of an acceptable Agreement signed by the party to whom the Contract as awarded, will sign the Agreement and return to such party an executed duplicate of the Agreement. Should the Owner not execute the Agreement within such penod, the Bidder may, by Written Notice, withdraw his signed Agreement. Such notice of withdrawal shall be effective upon receipt of notice by the Owner.

A conditional or qualified Bid will not be accepted.

Award will be made by the Owner to the lowest responsive and responsible bidder.

All applicable laws, ordinances, and the rules and regulations of all authorities having jurisdiction over the work shall apply to the Contract throughout.

Time For Completion

The successful bidder will be required to fully complete all contract work within forty-five (45) days of award of contract by the Owner.

Award of Contract

The award of any contract will be made by the Owner.

Bidders are cautioned that bids that are deemed by the Owner to be obviously unbalanced may be rejected.

The Owner reserves the right to reject any proposal for failure to comply with all requirements of this notice or of any of the Contract Documents; however, it may waive any minor defects or informalities at its discretion.

The Owner further reserves the right to reject all proposals, or to award a contract or contracts which in its judgment is in the best interest of the Owner.

Nondiscrimination of Employment

BIDDERS ON THIS WORK WILL BE REQUIRED TO COMPLY WITH THE PRESIDENT'S EXECUTIVE ORDER NO. 11246. THE REQUIREMENTS FOR BIDDERS AND CONTRACTORS UNDER THIS ORDER ARE EXPLAINED IN 41 CFR 60.4.

Notice of Requirement for Certification of Nonsegregated Facilities

Bidders and offerors are cautioned as follows: By signing this bid or offer, the bidder or offeror will be deemed to have signed and agreed to the provisions or the "Certification of Nonsegregated Facilities" in this solicitation. The certification provides that the bidder or offeror does not maintain or provide for his employees facilities which are segregated on a basis of race, creed, color, or national origin, whether such facilities are segregated by directive or on a defacto basis. The certification also provides that he will not maintain such segregated facilities. Failure of a bidder or offeror to agree to the Certification of Nonsegregated facilities will render his bid or offer non-responsive to the terms of solicitations.

Date at Oakland, Maryland, this 27th day of August, 1993.

Record Number Stops At DCL Information Booth

The Labor Day holiday weekend hosted a large number of visitors to Garrett County, as the Deep Creek Lake-Garrett County Information Booth along U.S. Route 219 south of the Deep Creek Lake Bridge provided information to a record number of visitors for the summer season.

The booth hosted a total of 12,108 visitors from Memorial Day through the Labor Day weekend, compared to 8,617 visitors in 1992 for the same period, representing a 28% increase. Of those, 964 visited the booth over the four-day 1993 Labor Day weekend. Visitors to the booth during the 1993 summer season were from more than 37 states and 11 foreign countries. The majority of inquiries received were for directions, especially to recreational facilities, lodging, and restaurants.

The Information Booth will remain open Friday through Monday during the fall season through the Autumn Glory Festival and close October 18. The booth was staffed this summer by William Stemple and Lonnie Rodeheaver of Mtn. Lake Park and Edgar Bender of Grantsville. This facility is operated by the Deep Creek Lake-Garrett County Promotion Council.

THE 125,001st PAPER (APPROXIMATELY) IS DELIVERED - After over 40 years of providing free issues of *The Republican* newspaper to all patients in Garrett County Memorial, the 125,001st paper - estimated - was delivered to the facility last week. Proudfoot's Pharmacy has been providing the service every Thursday since the 1950's, and owners Carl Cathell and Milton Proudfoot plan to continue the practice. The pharmacy is marking its 100th anniversary this month - another notable milestone for the local business. Pictured above, left to right, are Robert Proudfoot, former owner of the pharmacy; Milton Proudfoot, Cathell, patient Carolyn Parsinger, and Ben Rosenthal, president of Garrett Memorial. Shown below is the familiar sticker that appears on each complimentary *Republican* newspaper. See story.

Time Changes Noted In Town Meeting Series

In an article that appeared last week about a series of town meetings being conducted by District 1 Senator John J. Hafer and District 1-A Delegate George C. Edwards, it was reported that the Friendsville meeting would be held from 6-7 p.m. at the Friendsville Municipal Building, with the regular mayor and council meeting beginning at 7 p.m.

Since then, a correction has been noted for the Friendsville meeting, which is now scheduled to be held Monday, September 13, from 7-8 p.m., with the regular

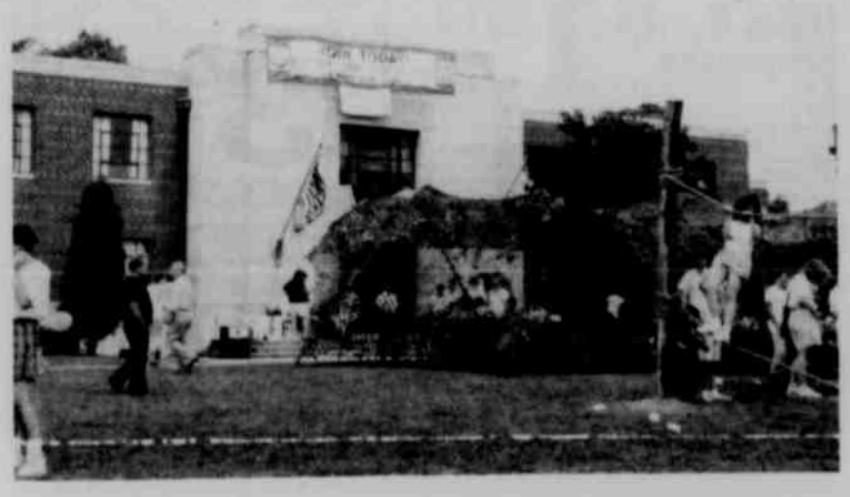
Open House At Armory Slated For Sept. 12

An open house will be hosted by Company C 121st Engineer Battalion, Maryland Army National Guard, Oakland, on Sunday, Sept 12, from 10 a.m. to 4 p.m. The event will include weapon and vehicle displays, combat engineer displays, and a soldier's tactical field display.



This year's open house will honor all the communities' veterans, particularly those who served in World War II. Veterans of all services are invited to attend and encouraged to wear their uniforms, "if they can still get into them," a spokesperson said. Any person with war memoriabilia who would like to display it during the open house may bring items Sunday morning.

The town of Accident, one of the few approved Workl War II Commemorative Communities with Company C being its military counterpart, will participate in the event. Rev. William Carlson, WWII veteran from Accident, will serve as the key

Local Pharmacy Begins Fifth Decade Of Providing Free Papers To Patients

by Fred Callis

Proudfoot's Oakland Pharmacy, as a courtesy to Garrett County Memorial Hospital, has been providing *The Republican* newspaper to the hospital's patients each week for the past 40 years. This brings the total number of newspapers delivered to the hospital to over 125,000 copies as of this date.

According to Robert Proudfoot, previous owner of the pharmacy, "My partner at that time, Harold Harned and I began sending *The Republican* to the hospital in the 1950's. We thought it was important to keep hospital patients updated about Garrett County news as area happenings still continue while patients are hospitalized and somewhat isolated from the outside world."

Proudfoot took over the pharmacy from Harned in the late 1960's and continued having newspapers sent to the hospital.

"I felt there was a need to help the hospital and the community. Providing newspapers to hospital patients was a way of accomplishing this," Proudfoot said.

Until three years ago, at which time Garrett Memorial's VIVA (Volunteers In Various Areas) staff assumed the responsibility, the hospital's nursing assistants delivered the newspapers to each patient's room. "The patients always enjoyed the newspapers which helped to pass the time. The newspapers helped to keep them updated about what was going on outside when they had to be inside," said Jessie Winters, nursing assistant at Garrett Memorial for 25 years.

Proudfoot's Oakland Pharmacy, which celebrates its 100th anniversary in September, is currently owned and operated by local residents Milton Proudfoot and Carl Cathell, who continue the tradition of having *The Republican* delivered to Garrett Memorial.

"My father felt that in the interest of those hospitalized, there was nothing better he could do than to bring the news to patients via our fine local newspaper," Milton Proudfoot said. "Carl and I share that same feeling and will continue to provide the hospital patients with the weekly newspaper."

"During this special 100th anniversary of Proudfoot's Oakland Pharmacy, Garrett County Memorial Hospital would like to recognize and express our sincere thanks to the past and present owners of the pharmacy for the kindness that has been shown to our patients for 40 years," said Benjamin Rosenthal, president of Garrett Memorial. "Their continued support for the hospital and its patients is one of the prime motivators for our ongoing efforts to make Garrett Memorial a community hospital truly responsive to the community's identified needs."

Historical Tour Cancellation Noted

The September 25 bus tour of the Garrett County Historical Society has been cancelled because of "unforeseen complications," according to Society President Cliff DeWitt.

DeWitt said that the tour will be re-scheduled for next spring. Money will be returned to those persons who had already paid to participate in the tour.

Number Of WIC Coupon Vendors Reduced Locally

As part of a Congressional mandate that calls for cost containment measures, the United States Department of Agriculture (USDA) has issued new guidelines for the Women, Infants, and Children program (WIC), effectively reducing the number of businesses in the county that will be allowed to accept WIC coupons from seven to three or four, effective October 1.

Using the competitive bid process, USDA selected Oakland Food Lion, Grantsville Foodland, and Mtn. Lake park IGA as the stores who may accept WIC coupons as payment for food items allowed by the program, based on the new recommendation that the ratio of WIC participants to stores be 300 to 1 instead of 200 to 1, according to Tori Leonard deputy director of public relations for the Maryland Department of Health and Mental Hygiene.

Local coordinator Carol Bass explained that hardship cases are still being reviewed, however, and it is likely a fourth store will be added in the northern end of the county. One pharmacy will also be selected to accommodate participants who need to purchase high-risk infant formulas.

"Vendors are provided with a good appeals process, and local coordinators have leeway in adding stores in areas not being served."

Several local vendors who have now been out-bid are reportedly unhappy with the decision and are going to employ that appeals process.

Eliminating stores from the program is only the latest in cost containment measures, said Bass, who explained that the process has been ongoing for the past 10 years. Cost containment is an important initiative in the continuing effort to serve as many citizens as possible, she added.

Ag Management Technology Now Available At GCC

The latest in telecommunications technology is now available to students in the new Agricultural Technology program at Garrett Community College and to all interested members of the farming community in this area, according to Boyd Robinson, system administrator for the University of Maryland.

InAgOnLine, a distance learning server for Garrett County is now on-line at GCC and at the College Park campus to provide course material, news, and general information about all aspects of agriculture.

Any Garrett County residents having IBM, McIntosh, or Apple II computers with modem can access the system via the telephone at no charge. They can contact a particular person at GCC or the University of Maryland and students can contact instructors. Likewise, instructors can provide course material and give assignments by using this system. Persons may also have electronic conversations - private and public chats.

"This is a highly stable state-of-the-art system," Robinson stated. "It is user friendly and can be learned quickly. We want the public to know about it and to use it."

He explained the four sections of the software program: The Mailbox, News, Conferences, and Help that are available to students and other persons. On site, the system can be accessed from the Mac Color Classic in the computer area. Off site, the system is accessed

Commissioners Urged To Endorse New APEX Plan

Representatives from the Maryland Education Coalition (MEC) met with the Garrett County Commissioners this week to explain a proposal for a new state education funding formula and to urge the board to endorse that plan, called "New Action Plan for Educational Excellence (New APEX) -- a plan that could result in Garrett County receiving an additional $6 million in funding.

MEC Executive Director Arthur Boyd explained that MEC is a coalition of various organizations and individuals throughout the state "representing a broad cross section with various points of view on education reform issues." In fact, he said, it is the "breadth of people involved that brings MEC its strength."

Boyd told the commissioners that reliance on local revenue leads to disparities in school funding because there is also disparity in the revenue generated by property taxes in the different local jurisdictions. A direct correlation exists between the wealth of a subdivision and how well students perform tests, he said, noting that no school in Garrett County has under 35% of its student population living in economically disadvantaged situations.

"So your schools have a harder row to hoe," he said "We're not only shortchanging the individual kids, but the entire community as well."

APEX was set up to compensate for that disparity but it falls short because only a percentage of the real costs of education are calculated and the formula is

Project Good Guys' School Bus Safety Program Underway

Maryland State Police Superintendent Colonel Larry W. Tolliver announced this week the third stage of the "Project Good Guys" campaign - School Bus Safety. Wednesday was the kick-off day for the project.

State police troopers will be riding on selected buses throughout the state to talk with children about ways to keep safe on and around buses. The troopers aboard the buses will also be on the lookout for violators of Maryland's school bus laws. If a violation is spotted, the trooper will notify a patrol vehicle which will accompany each bus and that motorist will be stopped and cited.

"Maryland's school bus laws and this Project Good Guys effort have one purpose to protect our children," Tolliver stated. "All motorists need to take extra precautions during the school year to ensure that all of our children arrive at school safely."

All troopers will be concentrating on those motorists who pass stopped school buses. Troopers will also be on the lookout for motorists who commit violations that could lead to bus accidents and endanger lives, including speeding in marked school bus zones.

The fine for passing a stopped school bus displaying its alternating flashing warning lights is $260 and

COMPLETE AGREEMENT - Dr. Ron Seibel, left, director of the Institute of Applied Agriculture at the University of Maryland, and Dr. Stephan Harman, president of Garrett Community College, recently completed an agreement for the new Agricultural Management Program at a picnic held to kick off the program. TROOPER ON BOARD - With the start of the new school year, the Maryland State Police at Barrack W. McHenry, will be placing special emphasis on the safe transportation of Garrett County school students. "To accomplish this, troopers will aggressively enforce speeding, unsafe passing, failure to yield the right of way, and other violations that affect the safe operation of school buses," said local coordinator of the program Cpl. G.R. Cheney. "To apprehend motorists who fail to stop for stopped school buses, troopers will ride targeted buses to observe the violation, and by use of a walkie-talkie, point out the vehicle to a second trooper in a patrol car following at a distance. Wednesday was the kick-off date for the statewide "Trooper on Board" program with a goal of placing 100 troopers on board school buses statewide. Garrett County school buses will be operating with their headlights on for added visibility and in recognition of the State Police Safety program. The McHenry barrack encourages the public to be especially alert for stopped buses and to report school bus violations by calling 387-5511. Pictured on kick-off day left to right are Tfc. J.T. McHenry Man Listed In "Serious" Condition Following Monday Mishap

A McHenry man remains listed in "serious" condition at Memorial Hospital in Cumberland, according to a hospital spokesperson, after he was transported there Monday by Maryland State Police Trooper 5 Medevac helicopter following a single-vehicle mishap on U.S. Rt. 40.

Keith R. Friend, 20, was seriously injured when the 1987 Mercury Sable he was operating west on U.S. Rt. 40 east of the Green Lantern Road crossed the center line in a right curve and traveled in a counter clockwise spin before striking a telephone pole and coming to rest against the home of Gregory S. Blocher.

A passenger in the vehicle, James E. Sherbin, 20, Oakland, was also injured and was listed in "fair" condition yesterday by a hospital spokesperson. He was taken to Memorial Hospital in Cumberland by the Northern Garrett County Rescue Squad. Eastern Garrett volunteer firemen were also dispatched to the scene by Garrett County Emergency Management.

Tfc. S.H. Anderson of the Maryland State Police, Barrack W, McHenry, investigated and said charges are pending as a result of the 7:55 p.m. crash.

FIVE TREATED

Five persons were treated and released from Garrett County Memorial Hospital on Sunday following a two-vehicle mishap at the intersection of Deep Creek Drive and U.S. Rt. 219.

William M. Glime, 50, and Joan G. Glime, both of Oakland, James L. Glime, 28, and Cynthia R. Glime, 33, both of Pasadena, Md., and Joanna G. Glime, 27, Hebron, were all treated for minor injuries and released, according to a state police spokesperson.

Tfc. J.R. Tindal of the state police investigated and stated that the 10:25 a.m. mishap occurred when John C. Lane, 53, Grantsville, operating a 1988 Chevrolet pickup, pulled from Deep Creek Drive onto U.S. Rt. 219 into the path of the William Glime vehicle. Glime reportedly applied his brakes but struck the passenger door of the Lane vehicle. Lane was allegedly talking on his car telephone at the time of the incident. He was charged in the accident.

The Southern Garrett County Rescue Squad transported the injured to the local hospital. Deep Creep volunteer firemen were also dispatched to the scene.

WOMAN HURT

An 18-year-old Frostburg (Garrett County) woman was hurt last Thursday in a two-vehicle accident that occurred on U.S. Rt. 40 near the Piney Mountain Road.

Latricia M. Hetz, 18, was treated and released from Memorial Hospital in Cumberland after being transported there by the Eastern Garrett Rescue Squad. An infant passenger in the vehicle, Shaunda McKenzie, was apparently not injured.

State police said the accident occurred when Hetz, operating a 1987 Plymouth Horizon on U.S. Rt. 40 failed to drive right of center and struck the driver's door of a vehicle operated by Lorain M. Gordon, 42, Frostburg. Neither Gordon nor her passenger, Anna Gordon, 69, Frostburg, were injured in the 7:07 p.m. mishap.

Police said that Hets was reaching toward the child when she took her eyes off the road just prior to the accident.

Tfc. J.T. Bentlejewski investigated and filed charges against Hetz.

ORV OVERTURNS

A Wooster, Ohio, woman was treated for minor injuries Sunday after the 1986 Honda four-wheel off-road recreational vehicle she was operating overturned on private property off Rock Lodge Road.

Carolyn J. Ellis, 59, was operating the ORV when she turned around to say something to the passenger, George Brent, 58, Orrville, Ohio, and the vehicle pulled to the right and overturned.

Maryland Rangers Arrest Four On Drug Charges

Four visitors to Swallow Falls State Park were arrested yesterday by rangers from the Maryland Forest and Park Service, as the four were found allegedly using controlled dangerous substances (CDS).

The rangers were on foot patrol at approximately 10 p.m. when they observed suspicious activity at a campsite, according to the report. Arrested were Elizabeth M. Hickey, 35, and David T. Hickey, 42, both of Sterling, Va.; and Michael McCutcheon, 31, and Wendy McCutcheon, 30, both of Reston, Va. The four were charged with possession of marijuana and drug paraphernalia.

The defendants were lodged in the Garrett County Jail as of press time this morning, awaiting a noon bond hearing before a court commissioner, according to a jail spokesperson.

Education Board To Meet; Agenda Items Noted

The Garrett County Board of Education will meet Tuesday, Sept. 14, for its regular monthly session. The public is invited to attend the meeting during the open portion, which will begin at approximately 4:30 p.m.

Agenda items include an opening of school report at 4:35, followed by a Food Service Advisory Committee report. The membership of the Advisory Committee on Education will be discussed, as well as the New Apex proposal. The capital improvement program is on the agenda, to be discussed at approximately 5:35 p.m.

In the category of instructional concerns, student handbook revisions and revisions to a board policy concerning curricular, co-curricular, and extra-curriculum activities will be discussed. The secondary curriculum is also scheduled as an information item at approximately 6:15 p.m.

Public comment will be heard at 7 p.m., followed by more instructional issues, including the official goals of the education board and "indicators of achievement" in all the county's schools.

For more information about the meeting, persons may contact the education board office at 334-8900. The agenda is subject to change.

Elmer H. Maust Named To Eastern Mennonite Board

The Mennonite Board of Education, Elkhart, Ind., has appointed a Garrett County man to the board of trustees of Eastern Mennonite College and Seminary, Harrisonburg, Va.

Elmer H. Maust, Rt. 1, Accident, will serve a four-year term on the 13-member governing body as a representative of Conservative Mennonite Conference. He will begin his service at the November 1993 meeting of the trustee board.

The new EMC&S trustee retired from public school teaching in June 1993 after serving 34 years in the Salisbury-Elk Lick School District, as an elementary teacher from 1958-1966 and as a high school instructor from 1967 to 1993. He was president of the local chapter of the Pennsylvania State Education Association.

In addition to teaching, Maust owns and operates Country Acres Strawberry Farm on Foxtown Rd., where he produces and direct markets strawberries, sweet corn, broccoli and other produce. He also has experience in masonry and cabinet construction.

An ordained minister and bishop, Maust served as pastor of the Cherry Glade Mennonite Church, Accident-Bittinger Rd., since 1967. He served on the Mennonite Board of Education, 1962-68, and on the Mennonite Publication Board, 1969-71. He has been secretary-treasurer on the executive committee of Conservative Conference and served in other conference capacities over the years.

Maust earned a B.A. degree from EMC, a master of education degree from Frostburg State University, and took additional courses at Rosedale Bible Institute, Irwin, Ohio. He was listed in "Who's Who in Religion" (1979) and "Who's Who Among America's Teachers" (1992).

He is married to Ida Maust. The couple has nine children.

The EMC&S board meets three times a year on campus.

Bloodmobile To Visit Oakland

The Garrett County Chapter of The American Red Cross Blood Services, Johnstown Region, has announced its next blood drive in Garrett County will be Friday, September 17, from 11 a.m. to 5 p.m. at the National Guard Armory in Oakland.

The blood drive is an ongoing effort to maintain the Johnstown Region's Commitment to the blood and blood product needs of the patients in the 64 hospitals it serves in 40 counties, according to Don Einolf, chapter executive of the Garrett County ARC.

"There is a continuous need for blood donors in order to meet the needs of area patients with cancer, leukemia, and other acute and chronic illnesses; as well as emergency blood needs of accident victims. The only source of blood is healthy people who come out to donate at their local blood drive," Einolf said, adding that at the present time there is a need for all types of blood in local hospitals. He explained that, because of emergencies or other circumstances, hospitals often experience a shortage of a certain blood type, most frequently type O. A type O donor can give to any blood type recipient; however, a type O can only receive a type O blood.

The Garrett County Chapter is one of 43 chapters in the Johnstown Region that contribute to the region's collection goal of 600 units each weekday.

Two Arrests Noted By Oakland Police

Two persons were arrested this week by Oakland City Police Department personnel.

Kenneth R. Schmidt, 31, Oakland, was charged with assault and battery on a police officer on September 7 following a domestic dispute.

Schmidt was arrested by Pfc. Shawn Groves after he responded to the dispute and was accosted by Schmidt.

Leslie A. Bittinger, 28, Oakland, was served a warrant on September 7 and charged with battery by his wife, Christine. Officer Groves also served that warrant.

Thefts, DOP Reported To MSP

A number of breaking and enterings and thefts and one destruction of property report were reported to the Maryland State Police, Barrack W, McHenry, this past week.

Apex Construction Inc. personnel told police that someone broke into a semi-trailer and removed a generator, a Black and Decker grinder, and miscellaneous concrete tools. The trailer was parked at a construction site near the Lower New German Road and the theft occurred sometime between 2 p.m. on Friday and 6:30 a.m. on Tuesday.

Tfc. Mark Rodeheaver is continuing his investigation in the case.

CRAFT SHOP THEFT

The owner of Country Corner Craft Shop reported that between August 30 and September 1, someone broke into her garage door and entered her craft shop and removed a radio, coins, and a watch.

STORAGE SHED ENTERED

Patricia Brenneman, Grantsville, told police that sometime between August 31 and September 1, someone broke into her storage building and removed a knife and money. Total loss was estimated at $85.

DOP NOTED

Earl C. Wentz, Accident, reported that someone pushed over a whitetail deer lawn ornament, causing damage to an ear and antlers. That occurred during the nighttime hours of August 28, according to Tfc. A.S. MacLane, investigating officer.

Oakland Man Charged With Breaking And Entering Of Local Moose Lodge

An Oakland man was arrested this week by the Garrett County Sheriff's Office in connection with a June break-in of the Moose Lodge located on Rt. 39, Hutton. Jerry A. Welch, 20, was charged with felony breaking and entering, storehouse breaking and entering, malicious destruction of property, misdemeanor theft, and misdemeanor breaking and entering. He is currently housed at the Garrett County Jail in lieu of $25,000 bond, according to a sheriff's office spokesperson.

The lodge was illegally entered on the night of June 9, according to the report. The defendant is accused of attempting to pry open the basement door to the establishment, and of breaking a window. Stolen from the lodge was $12.88 from the cash register and approximately $75 worth of cigars, candy, beef sticks, and other food, according to the report.

The repairs to the door and window reportedly cost approximately $285. The defendant's arrest followed an investigation by the sheriff's office detectives, who noted that Welch became a suspect in the crime as a result of a series of interviews with various individuals.

In other sheriff's office news, several bench warrants were issued for a Mtn. Lake Park man, and a CDS (controlled dangerous substance) arrest and DWI (driving while intoxicated) citation were logged by the officers.

William M. Anderson, 37, was arrested last week on the strength of six bench warrants, according to the police log. Anderson is accused of the unauthorized use of a motor vehicle as well as failure to appear in court locally and in Anne Arundal County for traffic violations. A bench warrant for Anderson's arrest was also issued from the Maryland Department of Natural Resources, which charged him with failure to pay deferred fines, according to the report.

The sheriff's office K-9 unit, Deek, was used in the enforcement of a search and seizure warrant at the Steven W. Guthrie residence near Kitzmiller. Guthrie (age not provided in report) was subsequently charged with possession of CDS after the dog apparently gave a positive alert on the defendant's car, in which officers located a small quantity of suspected marijuana.

Other charges against Guthrie are pending from the state of West Virginia, according to an office spokesperson.

An Aurora, W.Va., man was arrested by the local sheriff's office and charged with DWI. Dep. J. Sowers spotted a vehicle in a ditch on Rt. 219 at Red House Sunday. Harvey D. Moats, 27, was the operator and was found to be possibly intoxicated. Moats reportedly failed all sobriety tests and was charged with the offense.

Steven R. Steyer, 38, Oakland, was arrested on the strength of a warrant, according to the police log. He is accused of violation of probation.

A bench warrant was issued for the arrest of Howard V. Sisler, 22, Accident. He is accused of violating his probation, according to the report.

Robin Moyer, 21, Oakland, was arrested on the strength of a bench warrant. Moyer is charged with probation violation.

A bench warrant was issued for the arrest of Lance L. Logsdon, 18, Deer Park, who is accused of contempt of court for having failed to pay deferred fines, according to the report.

Thefts, Loss Of Property Reported To Sheriff's Off.

Two incidents of theft involving lumbering equipment and two weapons were reported to the Garrett County Sheriff's Office this week. Also reported was a incidence of lost property involving an inflatable raft.

Sisler Lumber, located on R Street in Mtn. Lake Park, was apparently broken into on August 28 between the hours of 2:30-6 a.m. Items taken from the establishment included two chain saws (a Stihl and a Poulan), eight new chains, one 250-foot roll of chain, and three wrenches. The losses in the incident were estimated at $1,375, according to the report.

Detective J. Murphy reported that there are leads in the theft case and an investigation is continuing.

William M. Harvey, Swanton, contacted the sheriff's office after he discovered the apparent theft of a gun and a knife. Harvey told police that he had a Frontier muzzle-loader and a Buck hunting knife in a glass cabinet, located in the living room of his Walnut Bottom home. The items were removed from the cabinet sometime after August 28, and are valued at approximately $202, according to the report.

Lost Property Reported

Kent Richards of the Blackwater Outdoor Center, St. George, W.Va., reported the loss of an inflatable raft worth several hundred dollars. Richards was apparently transporting a load of the rafts through Garrett County on September 3. When he stopped at BFS Foods, Mtn. Lake Park, he noticed that one raft had apparently fallen off the truck somewhere between Bayard, W.Va., and BFS Foods.

The raft is eight feet long, four feet wide and is colored red with blue and black trim. It is manufactured by RIKEN. Any person with information about the lost item is urged to contact Richards at 1-800-DAVIS WV (328-4798).

MOUNTAIN FRESH PRODUCERS ROAST CORN - A corn roast was hosted Saturday by the Mountain Fresh Producers Association at the Oakland pavilion. The event was well-attended despite a rainy start, and somewhere between 300-400 ears of corn were roasted and devoured by eager guests. The producers have had a successful season this year and are continuing to sell their various harvests each Wednesday and Saturday at the pavilion. The chief roasters are pictured above - second from the left to right are Roy Sanders, Jim Fearer, and Jim Simms. Simms said he was amused at the tourists who came to the roast because they snapped so many pictures of the kettles and of the general festivities, as if they were greatly impressed with this "down-home" event. The boy at right is pictured as he takes a chomp out of a tender ear and folks below gather at the butter and salt table.

two points against one's driver's license. The law does not apply to school vehicles in Baltimore City or in an incorporated city or town with a population of 100,000 people. Additionally, the law does not apply to divided highways, when the school vehicle is on a different roadway.

ONE ALREADY CHARGED

As a sidebar to the School Bus Safety program, a 17-year-old juvenile was arrested last Thursday as Barrack W. McHenry, state police already began its safety watch.

Reportedly, Tfc. J.T. Bentlejewski was following bus 16-A on Rt. 39, west of Oakland, after school searching for bus violations. When the school bus activated its safety lights to let children out of the bus, one approaching vehicle stopped as it should have, the second failed to reduce speed and ran off the shoulder and struck a tree. The juvenile driver was charged appropriately.

based on figures that are several years old, "even though that formula is good-intentioned," stated Boyd.

Students with special needs are also not addressed in the old formula, and the cost of special education has increased by approximately 400% in Montgomery County during a 10-year period, and the state funding has not kept pace with that increase, he noted.

The New APEX begins with the premise that "a child's education should not be based on the luck of property tax revenues," said Boyd, and calls for the current formula of funding 75% of the costs of education to be increased to 100%, and that costs be calculated based on more current figures.

The new plan would result in the per pupil expenditure being increased by $1,189 by the time the program is fully funded on a phase-in basis.

District 1 Senator John J. Hafer was on hand at the meeting, and commended the coalition for coming up with a more equitable plan for funding education but cautioned the representatives that "the support is there; the money is not.

"The problem with government is that it can't afford itself, and we have to look at taking it from waste and redirecting it to education. We're up against state mandates with no money to go along with them, and we'd have to go beyond the confines of the current budget constraints to get the money," said Hafer.

Boyd agreed with Hafer but noted that education funding usually amounts to a "pay now or pay later" scenario.

"Well spent education money can reduce other spending," he said, noting that there are 25% fewer referrals to remedial services for children who have had adequate educational experiences beginning at an early age.

When Garrett County Commissioner Brenda Butscher was asked about her reaction to the proposal, she stated, "I don't think I have enough information to be able to endorse the proposal. It may be a good program but there needs to be more research. Besides, nobody wants to have their taxes raised."

Commissioner John Braskey spoke favorably of the proposal but also indicated concern about where the money would come from. Over a five-year period, the plan calls for an additional $500 million to be channeled into education throughout the state.

Dr. Ron Seibel, director of the Institute of Applied Agriculture at the University of Maryland, emphasized the availability of the InAgOnLine. "We hope to make the system serve as much of the community as possible. Persons who use it will see the computer as a tool to help with future decisions," he said. "For students, the information will be more current than a textbook."

Seibel received a grant from the U.S. Department of Agriculture to set up the pilot program at GCC for the Ag Tech program. The InAgOnLine is the first distant learner system networked by phone lines in Maryland. In addition to the instructional uses of the system, the IAA plans to hold demonstrations for the public.

Within the next month, an IAA staff instructor will be at GCC to teach courses in the Agricultural Management Technology program and to offer assistance and information to the agricultural community.

Persons interested in obtaining more information about the new technology may call Ed Norman at 387-3027.

The Agricultural Management Technology program was developed cooperatively by GCC and the IAA of the University of Maryland. Persons desiring further information about the program may call Jim Allen at 387-3006.

Maryland Rangers Arrest Four On Drug Charges

Four visitors to Swallow Falls State Park were arrested yesterday by rangers from the Maryland Forest and Park Service, as the four were found allegedly using controlled dangerous substances (CDS).

The rangers were on foot patrol at approximately 10 p.m. when they observed suspicious activity at a campsite, according to the report. Arrested were Elizabeth M. Hickey, 35, and David T. Hickey, 42, both of Sterling, Va., and Michael McCutcheon, 31, and Wendy McCutcheon, 30, both of Reston, Va. The four were charged with possession of marijuana and drug paraphernalia.

The defendants were lodged in the Garrett County Jail as of press time this morning, awaiting a noon bond hearing before a court commissioner, according to a jail spokesperson.

Education Board To Meet; Agenda Items Noted

The Garrett County Board of Education will meet Tuesday, Sept. 14, for its regular monthly session. The public is invited to attend the meeting during the open portion, which will begin at approximately 4:30 p.m.

Agenda items include an opening of school report at 4:35, followed by a Food Service Advisory Committee report. The membership of the Advisory Committee on Education will be discussed, as well as the New Apex proposal. The capital improvement program is on the agenda, to be discussed at approximately 5:35 p.m.

In the category of instructional concerns, student handbook revisions and revisions to a board policy concerning curricular, co-curricular, and extra-curriculum activities will be discussed. The secondary curriculum is also scheduled as an information item at approximately 6:15 p.m.

Public comment will be heard at 7 p.m., followed by more instructional issues, including the official goals of the education board and "indicators of achievement" in all the county's schools.

For more information about the meeting, persons may contact the education board office at 334-8900. The agenda is subject to change.

Elmer H. Maust Named To Eastern Mennonite Board

The Mennonite Board of Education, Elkhart, Ind., has appointed a Garrett County man to the board of trustees of Eastern Mennonite College and Seminary, Harrisonburg, Va.

Elmer H. Maust, Rt. 1, Accident, will serve a four-year term on the 13-member governing body as a representative of Conservative Mennonite Conference. He will begin his service at the November 1993 meeting of the trustee board.

The new EMC&S trustee retired from public school teaching in June 1993 after serving 34 years in the Salisbury-Elk Lack School District, as an elementary teacher from 1958-1966 and as a high school instructor from 1967 to 1993. He was president of the local chapter of the Pennsylvania State Education Association.

In addition to teaching, Maust owns and operates Country Acres Strawberry Farm on Foxtown Rd., where he produces and direct markets strawberries, sweet corn, broccoli and other produce. He also has experience in masonry and cabinet construction.

An ordained minister and bishop, Maust served as pastor of the Cherry Glade Mennonite Church, Accident-Bittinger Rd., since 1967. He served on the Mennonite Board of Education, 1962-68, and on the Mennonite Publication Board, 1969-71. He has been secretary-treasurer on the executive committee of Conservative Conference and served in other conference capacities over the years.

Maust earned a B.A. degree from EMC, a master of education degree from Frostburg State University, and took additional courses at Rosedale Bible Institute, Irwin, Ohio. He was listed in "Who's Who in Religion" (1979) and "Who's Who Among America's Teachers" (1992).

He is married to Ida Maust. The couple has nine children.

The EMC&S board meets three times a year on campus.

Bloodmobile To Visit Oakland

The Garrett County Chapter of The American Red Cross Blood Services, Johnstown Region, has announced its next blood drive in Garrett County will be Friday, September 17, from 11 a.m. to 5 p.m. at the National Guard Armory in Oakland.

The blood drive is an ongoing effort to maintain the Johnstown Region's Commitment to the blood and blood product needs of the patients in the 64 hospitals it serves in 40 counties, according to Don Einolf, chapter executive of the Garrett County ARC.

"There is a continuous need for blood donors in order to meet the needs of area patients with cancer, leukemia, and other acute and chronic illnesses; as well as emergency blood needs of accident victims. The only source of blood is healthy people who come out to donate at their local blood drive," Einolf said, adding that at the present time there is a need for all types of blood in local hospitals. He explained that, because of emergencies or other circumstances, hospitals often experience a shortage of a certain blood type, most frequently type O. A type O donor can give to any blood type recipient; however, a type O can only receive a type O blood.

The Garrett County Chapter is one of 43 chapters in the Johnstown Region that contribute to the region's collection goal of 600 units each weekday.

Two Arrests Noted By Oakland Police

Two persons were arrested this week by Oakland City Police Department personnel.

Kenneth R. Schmidt, 31, Oakland, was charged with assault and battery on a police officer on September 7 following a domestic dispute.

Schmidt was arrested by Pfc. Shawn Groves after he responded to the dispute and was accosted by Schmidt.

Leslie A. Bittinger, 28, Oakland, was served a warrant on September 7 and charged with battery by his wife, Christine. Officer Groves also served that warrant.

Thefts, DOP Reported To MSP

A number of breaking and enterings and thefts and one destruction of property report were reported to the Maryland State Police, Barrack W, McHenry, this past week.

Apex Construction Inc. personnel told police that someone broke into a semi-trailer and removed a generator, a Black and Decker grinder, and miscellaneous concrete tools. The trailer was parked at a construction site near the Lower New German Road and the theft occurred sometime between 2 p.m. on Friday and 6:30 a.m. on Tuesday.

Tfc. Mark Rodeheaver is continuing his investigation in the case.

CRAFT SHOP THEFT

The owner of Country Corner Craft Shop reported that between August 30 and September 1, someone broke into her garage door and entered her craft shop and removed a radio, coins, and a watch.

STORAGE SHED ENTERED

Patricia Brenneman, Grantsville, told police that sometime between August 31 and September 1, someone broke into her storage building and removed a knife and money. Total loss was estimated at $85.

DOP NOTED

Earl C. Wentz, Accident, reported that someone pushed over a whitetail deer lawn ornament, causing damage to an ear and antlers. That occurred during the nighttime hours of August 28, according to Tfc. A.S. MacLane, investigating officer.

Oakland Man Charged With Breaking And Entering Of Local Moose Lodge

An Oakland man was arrested this week by the Garrett County Sheriff's Office in connection with a June break-in of the Moose Lodge located on Rt. 39, Hutton. Jerry A. Welch, 20, was charged with felony breaking and entering, storehouse breaking and entering, malicious destruction of property, misdemeanor theft, and misdemeanor breaking and entering. He is currently housed at the Garrett County Jail in lieu of $25,000 bond, according to a sheriff's office spokesperson.

The lodge was illegally entered on the night of June 9, according to the report. The defendant is accused of attempting to pry open the basement door to the establishment, and of breaking a window. Stolen from the lodge was $12.88 from the cash register and approximately $75 worth of cigars, candy, beef sticks, and other food, according to the report.

The repairs to the door and window reportedly cost approximately $285. The defendant's arrest followed an investigation by the sheriff's office detectives, who noted that Welch became a suspect in the crime as a result of a series of interviews with various individuals.

In other sheriff's office news, several bench warrants were issued for a Mtn. Lake Park man, and a CDS (controlled dangerous substance) arrest and DWI (driving while intoxicated) citation were logged by the officers.

William M. Anderson, 37, was arrested last week on the strength of six bench warrants, according to the police log. Anderson is accused of the unauthorized use of a motor vehicle as well as failure to appear in court locally and in Anne Arundal County for traffic violations. A bench warrant for Anderson's arrest was also issued from the Maryland Department of Natural Resources, which charged him with failure to pay deferred fines, according to the report.

The sheriff's office K-9 unit, Deek, was used in the enforcement of a search and seizure warrant at the Steven W. Guthrie residence near Kitzmiller. Guthrie (age not provided in report) was subsequently charged with possession of CDS after the dog apparently gave a positive alert on the defendant's car, in which officers located a small quantity of suspected marijuana.

Other charges against Guthrie are pending from the state of West Virginia, according to an office spokesperson.

An Aurora, W.Va., man was arrested by the local sheriff's office and charged with DWI. Dep. J. Sowers spotted a vehicle in a ditch on Rt. 219 at Red House Sunday. Harvey D. Monts, 27, was the operator and was found to be possibly failed all sobriety tests and was charged with the offense.

Steven R. Steyer, 38, Oakland, was arrested on the strength of a warrant, according to the police log. He is accused of violation of probation.

A bench warrant was issued for the arrest of Howard V. Sisler, 22, Accident. He is accused of violating his probation, according to the report.

Robin Moyer, 21, Oakland, was arrested on the strength of a bench warrant. Moyer is charged with probation violation.

A bench warrant was issued for the arrest of Lance L. Logsdon, 18, Deer Park, who is accused of contempt of court for having failed to pay deferred fines, according to the report.

ONE ALREADY CHARGED

As a sidebar to the School Bus Safety program, a 17-year-old juvenile was arrested last Thursday as Barrack W. McHenry, state police already began its safety watch.

Reportedly, Tfc. J.T. Bentlejewski was following bus 18-A on Rt. 39, west of Oakland, after school searching for bus violations. When the school bus activated its safety lights to let children out of the bus, one approaching vehicle stopped as it should have, the second failed to reduce speed and ran off the shoulder and struck a tree. The juvenile driver was charged appropriately.

Maryland Rangers Arrest Four On Drug Charges

Four visitors to Swallow Falls State Park were arrested yesterday by rangers from the Maryland Forest and Park Service, as the four were found allegedly using controlled dangerous substances (CDS).

The rangers were on foot patrol at approximately 10 p.m. when they observed suspicious activity at a campsite, according to the report. Arrested were Elizabeth M. Hickey, 35, and David T. Hickey, 42, both of Sterling, Va.; and Michael McCutcheon, 31, and Wendy McCutcheon, 30, both of Reston, Va. The four were charged with possession of marijuana and drug paraphernalia.

The defendants were lodged in the Garrett County Jail as of press time this morning, awaiting a noon bond hearing before a court commissioner, according to a jail spokesperson.

Education Board To Meet; Agenda Items Noted

The Garrett County Board of Education will meet Tuesday, Sept. 14, for its regular monthly session. The public is invited to attend the meeting during the open portion, which will begin at approximately 4:30 p.m.

Agenda items include an opening of school report at 4:35, followed by a Food Service Advisory Committee report. The membership of the Advisory Committee on Education will be discussed, as well as the New Apex proposal. The capital improvement program is on the agenda, to be discussed at approximately 5:35 p.m.

In the category of instructional concerns, student handbook revisions and revisions to a board policy concerning curricular, co-curricular, and extracurriculum activities will be discussed. The secondary curriculum is also scheduled as an information item at approximately 6:15 p.m.

Public comment will be heard at 7 p.m., followed by more instructional issues, including the official goals of the education board and "indicators of achievement" in all the county's schools.

For more information about the meeting, persons may contact the education board office at 334-8900. The agenda is subject to change.

Elmer H. Maust Named To Eastern Mennonite Board

The Mennonite Board of Education, Elkhart, Ind., has appointed a Garrett County man to the board of trustees of Eastern Mennonite College and Seminary, Harrisonburg, Va.

Elmer H. Maust, Rt. 1, Accident, will serve a four-year term on the 13-member governing body as a representative of Conservative Mennonite Conference. He will begin his service at the November 1993 meeting of the trustee board.

The new EMC&S trustee retired from public school teaching in June 1993 after serving 34 years in the Salisbury-Elk Lick School District, as an elementary teacher from 1958-1966 and as a high school instructor from 1967 to 1993. He was president of the local chapter of the Pennsylvania State Education Association.

In addition to teaching, Maust owns and operates Country Acres Strawberry Farm on Foxtown Rd., where he produces and direct markets strawberries, sweet corn, broccoli and other produce. He also has experience in masonry and cabinet construction.

An ordained minister and bishop, Maust served as pastor of the Cherry Glade Mennonite Church, Accident-Bittinger Rd., since 1967. He served on the Mennonite Board of Education, 1962-68, and on the Mennonite Publication Board, 1969-71. He has been secretary-treasurer on the executive committee of Conservative Conference and served in other conference capacities over the years.

Maust earned a B.A. degree from EMC, a master of education degree from Frostburg State University, and took additional courses at Rosedale Bible Institute, Irwin, Ohio. He was listed in "Who's Who in Religion" (1979) and "Who's Who Among America's Teachers" (1992).

He is married to Ida Maust. The couple has nine children.

The EMC&S board meets three times a year on campus.

Bloodmobile To Visit Oakland

The Garrett County Chapter of The American Red Cross Blood Services, Johnstown Region, has announced its next blood drive in Garrett County will be Friday, September 17, from 11 a.m. to 5 p.m. at the National Guard Armory in Oakland.

The blood drive is an ongoing effort to maintain the Johnstown Region's Commitment to the blood and blood product needs of the patients in the 64 hospitals it serves in 40 counties, according to Don Einolf, chapter executive of the Garrett County ARC.

"There is a continuous need for blood donors in order to meet the needs of area patients with cancer, leukemia, and other acute and chronic illnesses; as well as emergency blood needs of accident victims. The only source of blood is healthy people who come out to donate at their local blood drive," Einolf said, adding that at the present time there is a need for all types of blood in local hospitals. He explained that, because of emergencies or other circumstances, hospitals often experience a shortage of a certain blood type, most frequently type O. A type O donor can give to any blood type recipient; however, a type O can only receive a type O blood.

The Garrett County Chapter is one of 43 chapters in the Johnstown Region that contribute to the region's collection goal of 600 units each weekday.

Two Arrests Noted By Oakland Police

Two persons were arrested this week by Oakland City Police Department personnel.

Kenneth R. Schmidt, 31, Oakland, was charged with assault and battery on a police officer on September 7 following a domestic dispute.

Schmidt was arrested by Pfc. Shawn Groves after he responded to the dispute and was accosted by Schmidt.

Leslie A. Bittinger, 28, Oakland, was served a warrant on September 7 and charged with battery by his wife, Christine. Officer Groves also served that warrant.

Thefts, DOP Reported To MSP

A number of breaking and enterings and thefts and one destruction of property report were reported to the Maryland State Police, Barrack W, McHenry, this past week.

Apex Construction Inc. personnel told police that someone broke into a semi-trailer and removed a generator, a Black and Decker grinder, and miscellaneous concrete tools. The trailer was parked at a construction site near the Lower New German Road and the theft occurred sometime between 2 p.m. on Friday and 6:30 a.m. on Tuesday.

Tfc. Mark Rodeheaver is continuing his investigation in the case.

CRAFT SHOP THEFT

The owner of Country Corner Craft Shop reported that between August 30 and September 1, someone broke into her garage door and entered her craft shop and removed a radio, coins, and a watch.

STORAGE SHED ENTERED

Patricia Brenneman, Grantsville, told police that sometime between August 31 and September 1, someone broke into her storage building and removed a knife and money. Total loss was estimated at $85.

DOP NOTED

Earl C. Wentz, Accident, reported that someone pushed over a whitetail deer lawn ornament, causing damage to an ear and antlers. That occurred during the nighttime hours of August 28, according to Tfc. A.S. MacLane, investigating officer.

Oakland Man Charged With Breaking And Entering Of Local Moose Lodge

An Oakland man was arrested this week by the Garrett County Sheriff's Office in connection with a June break-in of the Moose Lodge located on Rt. 39, Hutton. Jerry A. Welch, 20, was charged with felony breaking and entering, storehouse breaking and entering, malicious destruction of property, misdemeanor theft, and misdemeanor breaking and entering. He is currently housed at the Garrett County Jail in lieu of $25,000 bond, according to a sheriff's office spokesperson.

The lodge was illegally entered on the night of June 9, according to the report. The defendant is accused of attempting to pry open the basement door to the establishment, and of breaking a window. Stolen from the lodge was $12.88 from the cash register and approximately $75 worth of cigars, candy, beef sticks, and other food, according to the report.

The repairs to the door and window reportedly cost approximately $285. The defendant's arrest followed an investigation by the sheriff's office detectives, who noted that Welch became a suspect in the crime as a result of a series of interviews with various individuals.

In other sheriff's office news, several bench warrants were issued for a Mtn. Lake Park man, and a CDS (controlled dangerous substance) arrest and DWI (driving while intoxicated) citation were logged by the officers.

William M. Anderson, 37, was arrested last week on the strength of six bench warrants, according to the police log. Anderson is accused of the unauthorized use of a motor vehicle as well as failure to appear in court locally and in Anne Arundal County for traffic violations. A bench warrant for Anderson's arrest was also issued from the Maryland Department of Natural Resources, which charged him with failure to pay deferred fines, according to the report.

The sheriff's office K-9 unit, Deek, was used in the enforcement of a search and seizure warrant at the Steven W. Guthrie residence near Kitzmiller. Guthrie (age not provided in report) was subsequently charged with possession of CDS after the dog apparently gave a positive alert on the defendant's car, in which officers located a small quantity of suspected marijuana.

Other charges against Guthrie are pending from the state of West Virginia, according to an office spokesperson.

An Aurora, W.Va., man was arrested by the local sheriff's office and charged with DWI. Dep. J. Sowers spotted a vehicle in a ditch on Rt. 219 at Red House Sunday. Harvey D. Moats, 27, was the operator and was found to be possibly intoxicated. Moats reportedly failed all sobriety tests and was charged with the offense.

Steven R. Steyer, 38, Oakland, was arrested on the strength of a warrant, according to the police log. He is accused of violation of probation.

A bench warrant was issued for the arrest of Howard V. Sisler, 22, Accident. He is accused of violating his probation, according to the report.

Robin Moyer, 21, Oakland, was arrested on the strength of a bench warrant. Moyer is charged with probation violation.

A bench warrant was issued for the arrest of Lance L. Logsdon, 18, Deer Park, who is accused of contempt of court for having failed to pay deferred fines, according to the report.

Thefts, Loss Of Property Reported To Sheriff's Off.

Two incidents of theft involving lumbering equipment and two weapons were reported to the Garrett County Sheriff's Office this week. Also reported was a incidence of lost property involving an inflatable raft.

Sisler Lumber, located on R Street in Mtn. Lake Park, was apparently broken into on August 28 between the hours of 2:30-6 a.m. Items taken from the establishment included two chain saws (a Stihl and a Poulan), eight new chains, one 250-foot roll of chain, and three wrenches. The losses in the incident were estimated at $1,375, according to the report.

Detective J. Murphy reported that there are leads in the theft case and an investigation is continuing.

William M. Harvey, Swanton, contacted the sheriff's office after he discovered the apparent theft of a gun and a knife. Harvey told police that he had a Frontier muzzle-loader and a Buck hunting knife in a glass cabinet, located in the living room of his Walnut Bottom home. The items were removed from the cabinet sometime after August 28, and are valued at approximately $202, according to the report.

Lost Property Reported

Kent Richards of the Blackwater Outdoor Center, St. George, W.Va., reported the loss of an inflatable raft worth several hundred dollars. Richards was apparently transporting a load of the rafts through Garrett County on September 3. When he stopped at BFS Foods, Mtn. Lake Park, he noticed that one raft had apparently fallen off the truck somewhere between Bayard, W.Va., and BFS Foods.

The raft is eight feet long, four feet wide and is colored red with blue and black trim. It is manufactured by RIKEN. Any person with information about the lost item is urged to contact Richards at 1-800-DAVIS WV (328-4798).

MOUNTAIN FRESH PRODUCERS ROAST CORN - A corn roast was hosted Saturday by the Mountain Fresh Producers Association at the Oakland pavilion. The event was well-attended despite a rainy start, and somewhere between 300-400 ears of corn were roasted and devoured by eager guests. The producers have had a successful season this year and are continuing to sell their various harvests each Wednesday and Saturday at the pavilion. The chief roasters are pictured above - second from the left to right are Roy Sanders, Jim Fearer, and Jim Simms. Simms said he was amused at the tourists who came to the roast because they snapped so many pictures of the kettles and of the general festivities, as if they were greatly impressed with this "down-home" event. The boy at right is pictured as he takes a chomp out of a tender ear and folks below gather at the butter and salt table.

Commissioners

based on figures that are several years old, "even though that formula is good-intentioned," stated Boyd.

Students with special needs are also not addressed in the old formula, and the cost of special education has increased by approximately 400% in Montgomery County during a 10-year period, and the state funding has not kept pace with that increase, he noted.

The New APEX begins with the premise that "a child's education should not be based on the luck of property tax revenues," said Boyd, and calls for the current formula of funding 75% of the costs of education to be increased to 100%, and that costs be calculated based on more current figures.

The new plan would result in the per pupil expenditure being increased by $1,189 by the time the program is fully funded on a phase-in basis.

District 1 Senator John J. Hafer was on hand at the meeting, and commended the coalition for coming up with a more equitable plan for funding education but cautioned the representatives that "the support is there; the money is not.

"The problem with government is that it can't afford itself, and we have to look at taking it from waste and redirecting it to education. We're up against state mandates with no money to go along with them, and we'd have to go beyond the confines of the current budget constraints to get the money," said Hafer.

Boyd agreed with Hafer but noted that education funding usually amounts to a "pay now or pay later" scenario.

"Well spent education money can reduce other spending," he said, noting that there are 25% fewer referrals to remedial services for children who have had adequate educational experiences beginning at an early age.

When Garrett County Commissioner Brenda Butscher was asked about her reaction to the proposal, she stated, "I don't think I have enough information to be able to endorse the proposal. It may be a good program but there needs to be more research. Besides, nobody wants to have their taxes raised."

Commissioner John Braskey spoke favorably of the proposal but also indicated concern about where the money would come from. Over a five-year period, the plan calls for an additional $500 million to be channeled into education throughout the state.

11th Time a Charm?...

We view with cautious optimism the Clinton administration's proposal to down-size government by some 250,000 jobs, reduce waste and bureaucracy, and eliminate duplication of services by merging various agencies. It is projected the plan would save some $108 billion over five years.

If -- and this is a big if -- such can be accomplished, we will be among the first to congratulate the president for a job well done. But unless Congress endorses and implements the proposals, nothing will change.

It bothers us greatly that our "leaders" have allowed things to get so far out of control. How is it that we presently have a *surplus* of 250,000 federal government jobs, jobs that can be simply eliminated without any significant loss of services?

When President Clinton and Vice President Gore made their presentation this week on the lawn of the White House, they dramatically surrounded themselves with literally tons of government forms and paperwork, and indicated that most of it was unnecessary, expensive duplication. How and why did our "leaders" ever let this happen?

The administration certainly didn't tell the general public anything it didn't already know. The ridiculous level of waste, over-regulation, and excess of government employees have been common knowledge for years. But perhaps the general public is also to blame because we have basically accepted the situation and have not been real advocates for change. It is past time for the public to loudly demand change, by voting and by writing to our elected officials.

We agree with Senator John Glenn, who said this week that there is "a stronger momentum to change the government today than there ever has been." But we are not convinced that this momentum exists in Congress.

This is the 11th time this century that there has been a well-intentioned effort to make government more efficient. Needless to say, the 10 other efforts have failed miserably.

Letters to the Editor

To The Editor:

My thanks go out to Green Acres Garden Center and Dave Taylor for an important contribution to the Southern High Soccer Program. A great deal of time was spent by operator and machine removing the boulders from the soccer practice field inside the track at the Southern complex. Without this help from Green Acres, the practice field would not have been ready for the first soccer season at SHS.

Thank you, Dave!

To the Editor:

It is time for the media around the state to bring attention to a growing public policy problem both at the federal and state levels of government.

It is becoming increasingly apparent over recent years that as the federal pie shrinks and the deficit grows the Congress is becoming more willing to continue to pass federal mandates that are unfunded. The burden to pay the costs of the mandate is simply passed off to the state and local governments. The result, is increasing pressure on state and local government budgets in order to meet the requirements of the mandate. Examples of this include the Americans With Disabilities Act, the Clean Air Act, the Clean Water Act, and many others. While most people support the idea of clean air and clean water and the basic principles of the ADA, the increasing expenditures required of local governments to meet these great ideas has become alarming. The result of course has been on the taxpayer. The taxpayer sees taxes continue to rise but does not fully understand that often the tax increase is directly related to the federal mandate. So the cost of all these great ideas must be borne out of the taxpayers pockets.

Similarly the State of Maryland is increasingly creating mandates that are passed on to local governments with little or no funding. While these mandates seem wonderful on their face, and few people oppose their merits, they end up costing the taxpayers and diminish a local government's ability to focus on local issues. Recent examples of this are the Reforestation Act, the Livability Code, the Growth Management Act, and the Sewage Treatment Plant Effluent Limitation Law. All great ideas will cost local taxpayers millions.

The time for fewer mandates or funded mandates has come. The League sought legislation in the 1992 and 1993 sessions of the General Assembly to create a State Board of Mandate Review which would evaluate proposed and existing mandates to determine their costs and benefits and to let the legislature and the governor know the findings. The legislation never made it out of either hearing committee of the State Senator or the House of Delegates. Other states have passed constitutional amendments and statutes prohibiting unfunded state mandates, or requiring full funding of mandates on local government. Maryland and the Congress need to meet this growing crisis and do the same. We hope to convince the legislature that it makes sense to have something in place to help apply the brakes before creating more costly mandated programs for local governments whose taxpayers are questioning the value of government.

October 27, 1993, has been declared National Unfunded Mandates Day by the national public interest groups in Washington. These groups consisting of the National League of Cities, the U.S. Conference of Mayors, the National Association of Counties and the International City Managers Association will launch a nationwide effort to focus attention on the growing problem of unfunded federal mandates and the impacts they have for state and local governments and taxpayers. Wide scale support to this national effort will hopefully prompt the Congress to realize that there is a growing problem of crisis proportions looming and time has come to act.

I hope the media in the state carry the unfunded mandate issue to the people. The League plans to do that as well, not only on NUM Day, but throughout the year.

Sincerely yours,
Jon C. Burrell

To the Editor:

I wonder if anyone who attended this past weekend's "Fun Fest" was as disappointed as I was once they entered the gate.

We arrived there at around 4:30 p.m. on Saturday afternoon. By 6 p.m. we were so bored we left.

There were three kiddie rides, a few games, a T-shirt tent or two, and a couple of food booths. There was also a music program, a circus, and of course (the main event I assume) the mud bog. We were not informed of any specific times for the music or the circus, but did know that the mud bog would begin at 5 p.m.

To some this may sound like I am being my usual hard-to-please self, but this is not the case. I have been told that there were initially ten or more carnival rides, but they did not pass state inspection so were not in operation during the three-day event. Why, then, when the rides were the main reason some of us went, weren't we given any warning that only three kiddie rides would be available? I sure would have appreciated a radio announcement, being told at the gate, or anything warning me that activities were so severely limited.

If, in 1994, the planning committee decides to set up another "Fun" Fest, my family and I won't be there. We will spend our $30 on a pizza and miniature golf and have more fun.

Sincerely,
Patti Smith

To the Editor:

To the people of Garrett County and especially the people who attended the Deep Creek Fun Fest and were disappointed in the lack of rides and the Fun Fest in general:

The Deep Creek Volunteer Fire Company took on the challenge of putting on its first Fun Fest. In doing so it not only got its feet wet, it darn near drowned. but it wasn't from the lack of try. The members of the Events Committee and the membership of the Fire Company in general gave a lot of time and effort. To these people I say thanks.

To the food vendors and craft display people, I extend a large apology. On the other hand these people are the ones we extend a larger thanks to. They stuck their necks out just as far as the fire department did. Without people like these nothing would ever get done.

To the people who put on the circus, I say thanks. These circus people put out a lot of themselves in getting things ready for the show and performance. They appreciated the fire department's help in getting things ready and in taking down the tent. I watched the people's faces as they left the tent after a performance. They all came out smiling.

To the pilot who gave helicopter rides, I say thanks. People were standing in line each time I looked in your direction.

To the people who were in charge of Hanna Amusements, I say nothing. There's a old saying, "If you can't say anything nice . . ." well, you know the rest of that.

The Hanna Amusements were to have 10 rides operating during all 3 days of the Fun Fest. However, they had only three. I personally feel this was the primary reason that the Fun Fest fell on hard times.

With the lack of rides, you get a lack of people. With a lack of people, vendors, sellers, craft displays and food concessions suffer. Many had vacated their stands and spaces by Sunday.

Mother Nature didn't help the situation either. However, she could have been a lot harder on the event if she wanted. The combination of rain and lack of rides shot down any attempt at a successful Fun Fest.

Once more, an apology to those who were disappointed and a thanks to those who remained and supported the Fun Fest in spite of it all.

To the Editor:

A few weeks ago, Captain Rick Wakefield of Co. C., 121st Engineer Battalion, National Guard Unit, Oakland, spoke to the citizens of Garrett County by local radio to ask for their support in helping to keep the National Guard unit from being closed as of 1996. The support Captain Wakefield was speaking of was letters to our legislatures, Delegate Edwards, Senator Hafer and Congressman Bartlett, encouraging them to work toward defeating this action.

I will not go into a lot of details as to why I feel it would be a great loss to our area if this should happen. If you live in Garrett County, you know what the guards have already *done*, what they can do and what they *will* do. The intent for the National Guard was certainly not to handle local disasters or to build bridges for international whitewater events, but yet it seems so very important when you stop to consider that all other disaster resources are so far from us it would take hours for any type of relief to reach us. The though that *help* is only as far away as our local guard unit should make all of us breathe a lot easier.

Company C has 115 active members with positions for 138. This brings from $300,000 to $500,000 annually to our economy.

We all can help support the National Guard by taking time to sign one of the many petitions found throughout the county. If you are a registered voter, please stop by one of the following businesses: Mtn. Lake Park IGA, Flowers by Webers, Oakland; Accident IGA; SS Market, Friendsville; and Buckel's Market, Grantsville. Petitions will also be at the open house, to be held at the National Guard armory in Oakland on Sunday, Sept. 12.

Remember, your signature can make a difference.

To the Editor:

Warm coats are badly needed in Armenia and other parts of the former Soviet Union. Hundreds of thousands of refugees, many of whom fled from regional fighting in spring with only the clothes they were wearing, are living in mountains much higher than those in Garrett County. Last winter they were so desperate for fuel that they cut down all the trees, and in some cases, tore up floor boards and doors to burn. Now no fuel is available, and a winter coat could be the difference between life and death for a man, woman, or child in Armenia.

If you can contribute a coat or coats that are clean, warm, and in good repair, please bring them to St. Paul's United Methodist Church in Oakland to the Oak Street door. It is especially important that all fasteners work. From Oakland, they will be transported to the Brethren Service Center in New Windsor, MD, and then delivered to the refugees by the United Methodist Committee On Relief (UMCOR). All coats must be in by September 29. Please help in this humanitarian effort. This is something we can do.

If you would rather contribute money to help cover the cost of transportation, please make out checks to the WV Annual Conference, U.M.C. with UMCOR Advance #250225-8 in the memo line. Coats or checks may be brought to St. Paul's. You may put your name and address in the pocket to make it a more personal gift, although few recipients will have the language or the opportunity to thank you personally.

Sincerely Yours,
Dorothy Leighton

To the Editor:

In regard to Pam Ashby's column about the lack of health care options for the middle class.

Ms. Ashby, I can understand your frustration about how difficult it is for the middle class to afford dental care and eye care. However, I think you should know that poor adults in the State of Maryland have no access to dental care whatever; not even for emergency extractions. You can check with Social Services about this if you find it hard to believe. I know I do.

Sincerely,
Carol Cunningham

"And the winner is....! Imagine the shock when I learned that I'd won the WKHJ Summer Survival Promotion. The Family Fun Package! And what a package! The prizes were delivered by Cathy and Rick Clocker Friday evening by van and literally filled our living room.

Many thanks are in order to Gary DeShong of Treasure Island for the huge gas grill and volleyball set; Kayla Cathell, V&S Variety Store for the gorgeous 12-speed his and her bikes. The Mountain bike has already christened the hills behind us and the multi-colored ladies' bike is now owned by daughter Jennifer, senior at Bridgewater of Virginia (somehow it fit into her little car); Brenda Jenkins from Grand Central Station for the large cooler; Annie Steyer from J.C. Penny Catalogue Store for the boom box, complete with a detachable cassette player! There's more!

Imagine a picnic for 12 from Goehringer's Restaurant in Accident. John and his mother, Juanita, have it planned for a later date. Can't wait!

Chips and Cokes from IGA were included by Marsha King and Bob Rudy supplied bicycle helmets from Rudy's at Wisp.

The Family Fun Package even includes a year's free membership and 12 videos from Reel Video. Thanks, Bob Ostum and Tawney Brack.

While I don't live in Oakland, I teach in Oakland and shop or sat at every one of these sponsors' businesses in Oakland, and Accident. I will certainly continue!

Thanks Terry King, Cathy Clocker and staff of WKHJ. It was a creative and definitely appreciated promotion. Keep up the good work. I'll listen to WKHJ with a new awareness of what goes on off the air! Also, it will feel good while listening, to say, "Hey! I know those folks!"

It was fun winning! It will be fun using everything. It was a great way to end the summer.

Thanks WKHJ! Thanks sponsors!

To the Editor:

I'm deeply concerned about the zoning policies surrounding Deep Creek Lake. My aesthetic sensibilities have been grievously harmed by the gaudy specter of an incomplete mansion erected above Deep Creek Bridge. This unsightly monster has been carved into the mountainside destroying the natural verdant splendor that is the soul of Deep Creek itself.

I've been a seasonal resident here for over 20 years and I am alarmed at the unregulated and tasteless construction that seems to be occurring in a pell-mell manner.

When riding aboard a boat on the lake the sights from the surrounding mountains are truly breath-taking. This is what I believe people who visit here and those who own second homes here want to preserve. They wish to escape big city life and urban sprawl.

The horrific sight of this house carved like an open wound above Marsh Hill Road into the mountainside leaves me deeply perplexed. I wish to voice my concern that builders and developers and real estate brokers will behave more responsibly in the future when building homes around the perimeter of the lake.

If the zoning commission in conjunction with developers, builders, real estate brokers, etc. wish to denude the splendors surrounding the lake, the future of tourism here will invariably suffer because people want to escape from commercialization and enjoy the beauty that Western Maryland has to offer.

Sincerely,
John Flannigan

Senior Citizens' Menus

"Eating Together" sites are now operating two days per week. The menu for the week of Sept. 13-17 is as follows:

Day 1 - Hamburger on bun, sliced tomatoes on lettuce, potato salad, baked beans, cantaloupe or canned apricots.

Day 2 - Citrus salad, oven fried chicken, scalloped potatoes, peas, biscuit, prunes.

On occasion, a site may opt to make a substitution in the menu. Senior citizens who wish to eat at one of the "Eating Together" sites are asked to call the individual site to check the menu for the day and to make reservations.

Telephone numbers of individual sites are as follows: Flowery Vale Senior Center, Accident, 746-8824; Finzel Fire Hall, Finzel, 689-8388, Old Mill Grill, Friendsville, 746-5414; Old Mill Restaurant, Gorman, 334-2848, Stamer Hill Apts., Grantsville, 895-5092, Jennings Community Building, Jennings, 245-4204; Kitzmiller Community Building, Kitzmiller, 453-3445; Oakland Senior Center, Mtn. Lake Park, 334-3399, and Swanton Community Building, Swanton, 387-9191.

Note: The Oakland Center will be serving meals on Monday and Wednesday for the week of Sept. 13-17 because of the scheduled Health Fair.

An Update From The Superintendent

By
Dr. Jerome Ryscavage, Superintendent
Of Garrett County Public Schools

Getting Off To A Good School Start

Some students respond negatively to the beginning of school in that it marks the end of a relaxed, care-free, and less-taxing time for them. Much of that reaction, however, vanishes (if it ever truly existed) when the youngsters join together at school with their friends whom they may not have seen over the summer.

Given this phenomena, one of the most important -- if not the most important -- things for the home and school to do is to get students off to a good start. Perhaps the most crucial part of getting students off to a good start is not found in the school, but in the home. For it is in the home that students spend the majority of their time and it is critical that parents or guardians implement a schedule or routine for youngsters when they get home from school.

Although we believe that a routine or schedule should be centered around study, we recognize that realistically the schedule has to accommodate a certain amount of leisure, family time, and rest. Certainly the most serious impediment to the schedule of young people today is television. Without a doubt, this element of all our lives has to be controlled for most young people or it will tend to control all of us. As a result, the establishment of a schedule becomes even more important. Perhaps just as difficult, if not more so, will be the maintenance of a schedule for the entire year as there will always be "good" reasons to ease up. A suggestion for parents/guardians is to grade yourself with your student(s). That is, when he/she brings a report card home, check your calendar as to how well you have helped your student adhere to his/her schedule.

Research has clearly shown that parents conscientiously helping their children at home has a stronger effect on student achievement than any other type of parental assistance. Help your youngster off to a good school start by providing a setting at home that gives young people as much organization at home as they find at school.

What's Happening in Our Schools?

* We have a number of new courses which high school youngsters, beginning with the freshmen of this year, have to complete. They include a semester of health which will be combined with a semester of physical education; the Student Service Learning Program, which is a program emphasizing the concept of service to the community; and Technology Education, designed to produce a population knowledgeable of technology.

* Evening high school begins at both Northern and Southern on Monday, September 13, -- no cost, but anyone interested should register by calling Northern High School or Southern High School.

* Extra-curricular programs in band, cross-country, football, golf, volleyball, and soccer all began at the high school level last Friday, September 3.

Note: The Superintendent's Update can be heard every Sunday on WMSG WXIE Radio at 8:15 a.m. and every other Saturday on WKHJ at 8:35 a.m.

The Mind Wanders

by Mary Sincell McEwen

"Daddy?" asks my 19-month-old son.

"What?" John answers.

"Daddy?"

"What?"

"Daddy?"

"Yes, honey?" John answers patiently as he works to build a new back stoop since the old one rotted and fell off.

"Daddy?"

"What, Robert?"

"What " Robert says plainly. He's just learning to talk and it's an adventure every day. His newest trick is saying Daddy in a very clear, questioning tone. This of course prompts John to answer him, having been conditioned throughout his 30 years - like all humans - that when someone says your name in a question, you answer. The entire fun for Robert is that Daddy answers, though. He doesn't really have any question - it's just neat to see Daddy respond like that. He's learning the language, slowly but surely, and John and I are fascinated as we watch him gaining insights and knowledge. Daddy does, however, get a mite tired of the ceaseless repetition.

The really amazing thing is that the boy is actually learning to communicate through speech. We all do it - most of us, anyway - and we don't think much of it. But the language is so complex, so full of subtleties and nuances, and as children we learn it simply by hearing our parents and others talking to one another. I've always thought it interesting how other animals learn to communicate in very short order, usually able to use their limited "languages" and be on their own in a matter of months. But humans take years and years to conquer spoken discourse. And even though the vocabulary of our language is quite extensive, it does not do justice to our thoughts. The words we choose to explain how we feel are often inadequate and fall far short of expressing the true depth of our perceptions and sensations. In fact, sometimes it's better not to use words, but to simply touch another person or make eye contact.

Indeed, that's how Robert has been communicating for most of his year-and-a-half life. A handful of Mom's hair gets a strong yank during a temper fit, and Dad might get a pinch on the nose. The cats run in place while Rob blithely hangs on to their tails, and his crib rattles with alarming noise as he vigorously shakes the side after a nap. He *could* be saying, "Mom, put me down!" or "But I don't want my shoes on, Dad!" or "Stay here, cat" or "All right, already, I've had enough snoozetime in this cage - get me outa here!" But he's not quite there yet, his vocabulary consisting mainly of Mommy, Daddy, ball, hot, no, and electrocardiogram. Just kidding.

He is jabbering in complete sentences, too. I know when he says "I want that ball." Granted, to the average bystander it sounds like "Yi bont da baw," but Mom knows. He also picks up his toy phone, says "Hi," and then yammers in this up and down sing-song. And when frustrated, he shouts something angry which I haven't quite made out. I'm fervently hoping it's not the same word John uses when he thwacks his thumb with the hammer or the one I yell out when the cable goes off.

The best communication, though, is the silent pat on my arm as my little blond boy beckons me to pick him up in the morning after a long sleep. He grabs his small flannel quilt as I lift him from the crib, and he cuddles against my neck in sleepy comfort. I bring him to our bed for a little snuggle, and he lies between us, peeking over the pillows and grinning. We don't need any words to know he feels safe, he feels loved, and he is discovering that life can be pretty good. Then he notices John is still sleeping, and a new day begins:

MISCELLANEOUS

A fried chicken dinner will be held Saturday, Sept. 11, at the Swanton Community Center beginning at 4 p.m. Biscuits and salad bar will be included.

The Broadford Gospel Quartet program at Meadow Mountain Mennonite Church on Sunday, September 12, at 7:30 p.m.

The Deer Park Homemakers will meet Tuesday, September 14, at 7:30 p.m. at the fire hall. The demonstration will be "Special Community Projects," given by Priscilla Bell.

GCC Sponsoring Washington Trip

A bus trip to the Smithsonian Institution, National Gallery, and other museums in Washington, D.C., has been planned for October 8 by the Garrett Community College art department and student motivation committee. According to Ron Skidmore, associate professor of art and coordinator of the trip, the bus will be filled on a first-come basis, and the trip is open to the public.

Interested persons should sign up in the GCC library or call Skidmore at 387-3024. Transportation cost per person is $15. The bus will leave the GCC parking lot at 6:30 a.m. on October 8, stop in Frederick for breakfast, and arrive in Washington around 10:30 a.m. Persons will then be free to visit the museums and galleries of their choice. The bus will department from the Smithsonian at 5 p.m., and stop in Frederick for dinner, and arrive back in McHenry about 10:30 p.m.

Basic Calligraphy Course Offered

A basic calligraphy course is being offered by the Continuing Education Division of Garrett Community College. This course will be held at the Oakland Center, with classes beginning September 14. Sessions are scheduled to be held each Tuesday from 6 to 8 p.m. for a total of six sessions.

The skills learned in this course have practical applications such as posters, announcements, and greetings.

The cost of this course is $20 tuition plus $4 registration. All students will be responsible for their own materials. For more information, persons may call (301) 334-8304 or 387-3069.

Open House

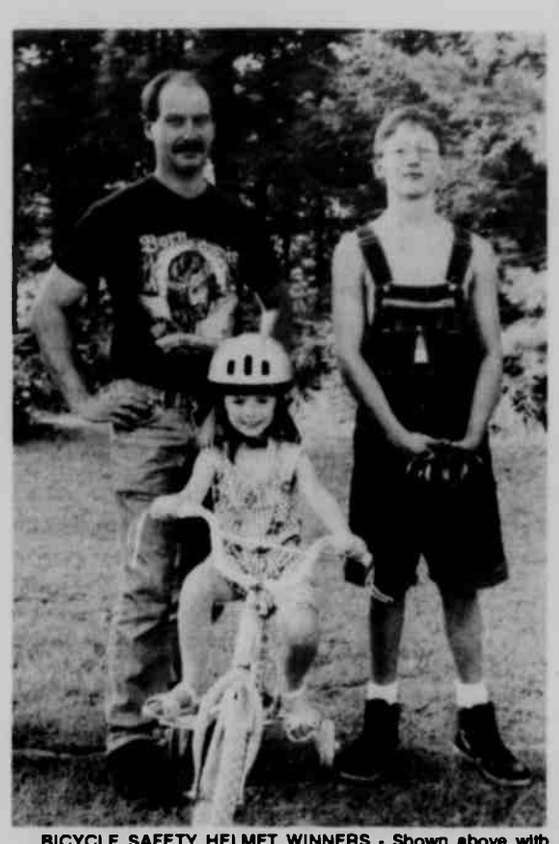
speaker. His talk is scheduled to begin at 2 p.m.

The schedule of events is as follows: 11 a.m. - opening ceremonies to pay tribute to WWII veterans; 12:30 p.m. - performance by Garrett Community College Pipes and Drums; 1 p.m. - performance by Brenda's Body Shop; 1:30 p.m. - demonstration by Dave Browning's Karate Studio; 2:15 - Accident Concert Band performance; and 2:45 p.m. - Garrett County Community Chorus to present the cantata *Liberty*.



At 12:45 and 2:30 p.m., there will be demonstrations in the following categories: M60 machine gun, a small emplacement excavator (SEE), mountain men hatchet-throwing, and minutemen muskat firing. A dunking booth will be in operation from 11:30 a.m.-4 p.m.

A free sausage and pancake dinner will be served from 11 a.m. until supplies run out, and the Greater Gortner Pilots Association will sponsor a candy drop airplane fly-over. The Southern Garrett Rescue Squad and the Oakland Fire Department will also be on the grounds.

Hot dogs and sodas will be available for a nominal fee and door prizes will be awarded each half hour starting at noon (persons must be present to win). Prizes will include gifts from Denny's, Little Caesar's, Tomanetti's, McDonald's, Subway, American Burger Center, and Hometown Market. There will also be balloons and camouflage paint for "little soldiers." Information on recruiting and educational benefits for college students will be available.

Supporting the unit's open house will be WKHJ-Radio, FM 98.9, with live broadcasts throughout the day.

The armory is located in Oakland at the corner of Eighth and High streets. In the event of rain, the open house will be held indoors. Persons wishing for more information may call the armory at 334-3200.

BICYCLE SAFETY HELMET WINNERS - Shown above with Crellin United Brethren Church Pastor Michael Mudge, at left, are the winners of bicycle safety helmets, Heather Ashby (on bicycle) and Justin DeWitt, at right, who participated in a bicycle inspection and rodeo for the Crellin community on August 23. Sponsored by the Crellin United Brethren Church, the local Communities for Child Safety team, and the Garrett County Health Department's Community Outreach program, the event included obstacle courses, inspections, and games for approximately 20 riders. Activities were held at both the Crellin Elementary School and at the church parking lots. Inspections were conducted by Garrett County Sheriff's Department Deputy Jay Sowers and Cooperative Extension Agent Alice Hevner. Maintenance and sizing tips were presented and the riders participated in six obstacle events. Certificates, ribbons, snacks and literature were also handed out. Maryland State Police Tfc. Larry Smith and the K-9 bloodhound and German shepherd were on hand, as was the Southern Garrett Rescue Squad. The activities were rounded out by sidewalk chalk drawings, baseball, volleyball, and bubble-making.

Glimpse Of The Past . . .

THE OLD EAGLES' LODGE HALL on Main Street in Kitzmiller is shown in the background of this photo taken circa 1950. Numerous square dances were held in the old hall, followed by basketball games of Kitzmiller High School before KHS had a gymnasium. The bottom floor of the building housed the Church of God in the 1940s and then a grocery store operated by Wilbur Myers in the 1950s. In the foreground of the photo are Blanche Hoye and Don and Larnark Hart. DWI ARRESTS

Five motorists were charged with driving while under the influence of alcohol and or drugs this past week by state police.

Carolyn L. Bowman, 27, Oakland, was charged with DWI on Wednesday, September 1, by Tpr. Mark Rodeheaver.

Blaine F. Yutzy, 27, Frostburg, was charged on Sunday with DWI by Tfc. G.S. Becker.

A DWI charge was filed against John J. Locke, 41, Uniontown, Pa., on Sunday by Tfc. D.W. Broadwater.

Victor G. Tuman, 30, Charleroi, Pa., was charged with DWI on Sunday by Tfc. Randy Tarburton.

Tfc. A.S. MacLane apprehended John F. Buckley, 51, no address given, on Monday and charged him with DWI.

Dr. J.V. Jones To Speak Before Diabetes Group

Dr. James V. Jones, O.D., will be the guest speaker at the monthly meeting of the Diabetes Support Group to be held Monday, September 20, at 7 p.m. at the new Community Center building adjacent to Garrett County Memorial Hospital, Fourth Street, Oakland. Refreshments will be served.

Persons are also reminded that the October 18 meeting will deal with foot care of the diabetic and the guest speaker will be an orthopedic doctor. Also, the November 15 meeting will feature Wendy Wakefield, dietitian, who will talk about the diabetic diet and the holidays. A Christmas party will replace the December meeting.

The Diabetes Support Group meets the third Monday of each month at 7 p.m. and all interested persons are welcome to attend. Persons desiring additional information may call Connie Young at 334-2696 or Terry Knotts at 334-4049.

In fact, she said, WIC is already a cost-saving program for the government, in that every $1 spent administratively on the program saves $3 in medical costs for newborn babies. In addition, a higher birth rate, the near eradication of anemia, lengthened pregnancies, larger brain weight at birth, and better cognitive skills in early childhood have all been attributed to the WIC program.

Currently, the program serves between 1,150 and 1,200 eligible participants in the county. WIC is administered by the Maryland Department of Health and Mental Hygiene.

LIONS CLUB

The Town Park was mowed on Sept. 2, by Lions Doug George, Marlin Lawson, and Ralph Humberson of the Friendsville Rotary Club. People who donated the equipment were Paul Spear and Lion Marlin Lawson.

Lights were erected around the flag poles and the welcome sign by Lions Wayne Friend, Homer Rodeheaver and Doug George.

Track lighting was installed on the stage in preparation for the Kitty Wells Family Show by Lions Homer Rodeheaver, Doug George, Marlin Lawson, and Ralph Humberson of the Friendsville Rotary Club

The Kitty Wells Family Show which was held on the new stage at the Town Park on Sat., Sept. 4, was a success for the Lions Club. The Kitty Wells Show gave the Lions Club an A-plus for the construction of and the work on the stage. They liked it very much. The Lions Club is hoping to bring other entertainment to the park in the not too distant future.

The Lions Club would like to thank the Fire Department for traffic control as well as all their help. Also thanks goes out to Jeff Humberson of the Friendsville Rotary Club for co-ordinating the ticket sales by the Friendsville Rotary Club.

At the regular meeting on August 26, a special guest, Walt Renner, and his Little Brother John McCrobie, attended. Mr. Renner gave a talk on how important it is to have the Big Brother program. As he put it, it is very rewarding both for himself as a Big Brother, and what it means to the Little Brother.

FLAG PRESENTATION – The Friendsville Lions Club was given the Maryland State Flag and the United States Flag with stands by W.O.W. Lodge 6043 for the new stage at the Town and Community Park. Accepting the flags on behalf of the Friendsville Lions Club is President Marlin Lawson. The flags were presented by Julia Sines and Mary Fratz and have been placed on the new stage.

Hospice Slates Training Class For Volunteers

Hospice of Garrett County, Inc., will sponsor a two-day training class for hospice volunteer caregivers. These classes will be held on Saturday, September 25 and October 2. The classes are designed to teach new volunteer caregivers how to deal with the challenge of being a hospice volunteer caregiver.

Topics scheduled for September 25 include an overview of the work of hospice by Father Martin Feild, education coordinator, and Sharon King, director of volunteers, "What is Hospice" will be presented by Brenda Butscher, executive director. A class in listening skills will be taught by Jean James, M.A., and Jane Sealing, bereavement coordinator, will teach grief counseling skills. Universal precautions will be taught by Fran Pope, R.N.

On October 2 the class will begin with an AIDS awareness program by Chris Shafer, R.N. Jackie Snelson, R.N. director of nursing for Hospice, will give a class on home care skills and personal care. Legal and financial skills will be presented by Shirley Fitzwater from the First United National Bank & Trust. The class will visit the Stewart Funeral Home in Oakland to learn funeral home skills. The class will go to Cuppett-Weeks Nursing home to visit the Allegany Rehabilitation Center, where Marianne Vaughn, P.T. will teach physical therapy skills to the volunteer caregivers.

Mrs. Butscher stated, "Hospice extends an invitation to you to become a volunteer caregiver. You will find working with the terminally ill and their families is most rewarding. As I have said many times, doing good for others is also doing good for yourself."

To register or for more information, persons may call Hospice at 334-5151 or, after 5 p.m., Sharon King at 334-8579.

Bartlett To Host Sessions About Service Academies

Roscoe Bartlett, 6th District representative, will sponsor two "Academy Information Nights" to familiarize junior and senior high school students, their parents, and high school guidance counselors with education and career opportunities available at U.S. service academies.

The first information session will be held September 13 from 7:30 to 9 p.m., at the Frostburg Senior Center, 27 S. Water St., Frostburg. The second information session will be held September 20 from 7:30 p.m. to 9 p.m. at the C. Burr Artz Library, 110 East Patrick St., Frederick.

Representatives from the Naval Academy at Annapolis, the Coast Guard at New London, Conn., the Air Force Academy at Colorado Springs, the Military Academy at West Point, and the Merchant Marine Academy at King Point, N.Y., will be available to answer questions of persons attending the information sessions, Bartlett announced.

"I would encourage any student who would like more information about the service academies to attend, especially those students who are eligible to the service academies for admission in 1994. These will be the only two district information nights offered this year," Bartlett said.

Congressional application materials will be made available at each session.

PIPKINS TO SPEAK AT MAPLE GROVE CHURCH - Reverend Timothy Pipkin, recently approved Assemblies of God missionary to India, will be speaking at Maple Grove Assembly of God on Sunday, Sept. 12, at 10:45 a.m., according to Rev. Homer Bennett. Pipkin and his wife, Anita, were both born to missionary families - Tim in Benin, West Africa, and Anita in India. "Having grown up on the foreign field," the Reverend said, "we know there are great challenges ahead of us. But we rest in the knowledge that God has called us individually to be part of the harvest." Pipkin reported that the Indian church is growing rapidly, including 29 Bible schools training 1,000 students for future ministry. Only about three percent of the population claims Christianity, Pipkin said. "Throughout our ministry, God has been preparing Anita and me to serve as missionaries. We hope to be involved in church planting, extension Bible school programs, and desire to eventually minister to tribes yet unreached by the Gospel." Pipkin said. The public is invited to attend the Pipkins' mission presentation Sunday at Maple Grove, which is located on Rt. 1 in Horse Shoe Run, W.Va.

CASSELMAN LUMBER COMMENDED FOR SMOKE-FREE POLICY - Casselman Lumber, Grantsville, was recently presented with an award of appreciation from the Garrett County Tobacco-Free Coalition, in recognition of the business's creation of a smoke-free environment. "I believe that smoking is harmful to everyone," said Dave Maust, owner. "We are concerned about the potential liability of second-hand smoke." He noted that the employees of Casselman supported the new policy, although some do use tobacco products. "They hope it will help them quit," Maust said. He is pictured above left as he receives the award from Brandon Seifert, tobacco prevention coordinator.

RIDERS AND SPONSORS are being sought to participate in a "Wheels for Life" bike-a-thon for St. Jude Children's Research Hospital, to be held Saturday, Sept. 18, from 9 a.m. to 3 p.m. at Davies Lake in Grantsville. Various prizes will be awarded to the participants, depending upon the level of pledges they are able to collect. A light lunch will also be served. The event is being coordinated by Ed Passman. Persons desiring more information or wanting to make a pledge may call 895-3702 or 895-5183. St. Jude's Hospital, founded by entertainer Danny Thomas and located in Indiana, is one of the leading research centers for the study of cancer and various other catastrophic childhood diseases. Riders who have already signed up to participate are pictured above and include, from left, Trisha Kamp, Robert Passman, Nathan Passman, Blaine Milbourne, Ronnie Lipscomb, Devin Brown, Codi Kamp, and Carissa Kamp.

Math Presentation Slated At GCC

A special mathematics presentation will be held at Garrett Community College in room 307 on Friday, September 24, from 4-6 p.m., and on Saturday, September 25, from 9 a.m. - 1:30 p.m., according to Dr. Nancy Priselac, coordinator of mathematics at the college.

At these times, Martha B. Aliaga, mathematics instructor at the University of Michigan, will speak and demonstrate techniques on "Preparing All Students for Understanding Calculus." Both sessions are open to the public.

"Martha is a dynamic, motivated instructor who uses cooperative learning and exciting demonstration techniques to teach important mathematical concepts necessary for success in calculus," Priselac stated.

The presentations are being funded by a grant from the United States Department of Education Secretary's Fund for Innovation in Education.

Persons who wish to attend these sessions should respond to Dr. Priselac at 387-3045.

New Classes For Supervisors And Managers Set At McHenry Campus

New and upgraded classes at Garrett Community College this fall are designed to provide proactive "hands on" learning opportunities that will help managers and supervisors develop critical leadership skills.

The new Leadership Skills for Managers and Supervisors series begins with four classes this semester and next semester additional classes in this series will be offered. Each class in the series has been designed to meet the specific needs of those who manage or supervise employees in business, health, service organizations, or school settings, according to Sandy Major, program coordinator.

"Operating successful businesses and organizations in today's highly competitive environment presents many new challenges" Major said. "Conventional ways of managing are no longer effective. Today's leaders need to be doing all the right things right in order to enable performance that attracts, delights, and keeps customers. Companies and organizations that succeed have managers and supervisors who have skills in the areas of: understanding and instilling vision, practicing personal quality, enabling change, empowering employees, and achieving positive outcomes."

"Building Productivity Through Teamwork" is the first class in this series. This class well meet on three consecutive Thursdays from 6:15 to 9:30 p.m. starting September 30. The class focuses on developing leadership skills that will enable each participant to transform his or her workforce into a highly productive coordinated team, Major said. Supervisors and managers will learn: the dynamics of effective leadership; how to build commitment; how to use low-cost incentives; delegation skills; ways to empower employees to take responsibility; how to give meaningful feedback and measure results; how to get others to direct and motivate themselves; and ways to build confidence and self-esteem.

The second class in the series will be "Hiring and Developing Committed Employees." This class will focus on hiring, developing, and keeping employees that are committed to delivering quality service and products. Supervisors and managers will learn to: select and train employees who will focus on quality; develop job descriptions and policy manuals; create performance evaluations; meet legal responsibilities; identify and deal with problem employees, conduct counseling and termination sessions; and practice effective supervisor techniques that motivate. This class, which will meet on two consecutive Thursdays from 6:15 to 9:30 p.m., will start October 21.

"Strengthening Your Assertiveness and Communication Skills" is the third class in the series, which is designed to help participants build skills in communication effectively to build trust and to empower others. It is designed to help participants build confidence, personal power, and supervisory effectiveness by learning to communicate assertively. Managers and supervisors will learn to: assess and strengthen assertiveness skills; use motivational communication techniques; focus on listening to understand; give and get positive feedback; and coach and counsel. The class will meet on November 4, 11, and 18.

"Making the Time To Manage" will enable managers and supervisors to discover ways to manage time that will help them handle stress and enjoy their jobs, Major said. Practical individualized learning experiences will be focused on: values, goals and priorities; time management techniques; getting past procrastination and personal time wasters; increasing and using prime time; and conducting effective meetings. The class will meet December 2 and 9 from 6:15 to 9:30 p.m.

All classes will be held at the McHenry Campus of GCC. While participants may register for any one of the classes, they will gain the most from each class by enrolling in all classes. The content of each of these classes is interrelated to the content of the other classes. CEU's will be awarded for those who participant in and attend at least 80% of the class or classes for which they are registered. In order to address the individual needs of each participant, each class is limited to 12 participants.

Since space is limited, those interested in these classes should register immediately. To obtain information on any of these classes or other business classes. Persons may call Sandy Major or Ann White at the GCC Small Business Development Center at 387-3101 or 387-3080.

B&L PLANNING BENEFIT AUCTION - Members of the Bausch & Lomb Community Relations Process Team and the Oakland Rotary Club have been busy planning a benefit auction to be held Saturday, September 18, beginning at 10 a.m. on the grounds of the Bausch & Lomb plant. The event will be held, rain or shine, and all proceeds will benefit the Rotary Club's annual Christmas project. The auction will feature donated new and used items as well as gift certificates from area businesses to the highest bidders. The auction will feature the Oakland Rotary Club French Fries as well as other food, baked goods, and crafts booths. Items are still being collected for the auction, and persons who wish to donate may call 334-9933, ext. 359. (Arrangements may be made to have large or bulky items picked up.) "Bausch & Lomb employees have always supported the Rotary Christmas Project with a Giving Tree but this year they wanted to contribute more," said a spokesperson. Shown in the above photo, left to right, are members of the planning committee Joe DiSimone, Tom Browning, Jim Teets, Barbara Blenton, Brenda Browning, Mary Rush, and Dr. David Bollinger.

Ram Defense Sparkles In Upset Win Over Walkersville

An outstanding defensive performance led the Southern High School Rams to an impressive upset win over visiting Walkersville Friday night.

The Rams, who were tagged by every sports writer in the area to lose this contest, broke a 6-6 tie with just moments remaining in the game and then added an insurance touchdown with a returned interception to win, 22-6. Most thought that the Lions, who finished second in the state 2A rankings last year, would manhandle the smaller, fewer in number Southern squad.

However, Coach Fred Gregg, defensive coordinator Dave Bosley, and the Rams themselves decided that all of the sports writers were wrong, as they dominated the contest, contained outstanding running back Jermaine Ballard, and allowed the Lion offense only 41 yards on the ground.

Meanwhile, the Southern offense recorded 238 rushing yards, with a balanced effort by Josh Woods and Dave Crosco, who gained 82 and 80 yards, respectively.

Crosco, who gained his 80 yards on only six carries, put the first points on the board for the Rams, as he broke loose for a 20-yard touchdown run midway through the second quarter. The run for the two-point conversion failed.

The game was scoreless both in the first and third quarters, but the Lions came back to knot the score at 6-6 early in the fourth period on a one-yard run by Chris Abbott. The score was set up with a nine-yard pass on a fourth down and seven situation that put the ball on about the three-yard line.

The Lions set up for a point-after kick that would have given them the lead, but a bad snap from center nullified that opportunity.

It appeared that the contest might go into overtime, as the Rams had possession at about mid-field with about three and one-half minutes remaining. But Woods, who was frustrated throughout much of the first half of the game having fumbled the ball away three times and being called once for pass interference, broke loose through the right side of the line and raced 52 yards for the winning touchdown. A perfect pass from junior quarterback Jeremy Fitzwater, who started for the first time, to Rich Warnick for the conversion gave the Rams a 14-6 lead.

All hopes for a comeback by the Lions were dashed when Southern's Mark Elliott picked off a Walkersville aerial with about one and one-half minutes to play and returned it 47 yards for a touchdown. Steve Eyler then successfully ran for the final two points of the game.

The Rams finished with 15 first downs, compared to only three for the Lions, and recorded 241 yards of total offense, while the Lions finished with 152.

Woods, Warnick, Pete Strawser, and Paul Berkeridge were among the defensive standouts for the Rams.

"The kids gave it everything they had," Coach Gregg said, "and that's really all you can ask and the best you can hope for. This was a big win for us because it made the kids believe in themselves. It was a major boost for us, which we're going to need when we meet teams like Musselman, Hedgesville, and Allegany."

Gregg gave the credit for the win to his assistant coaches and his players. "You win games with defense, especially at the high school level. Dave Bosley, Scott Harvey, and Jay Stewart just did a tremendous job of putting it all together," he said. "Of course, the game is really won by the players.

"Our kids knew that we had to stop Ballard if we were going to win the game," he continued. "He gained about 15 yards on his first carry, but we stopped him every time after that."

Gregg was particularly pleased with the performance of his new quarterback, Jeremy Fitzwater. "Jeremy did a wonderful job of running the offense," he said.

Two Ram starters were injured in the first half, but came back and played the rest of the game. Woods sustained an ankle sprain, but came back for his 52-yard winning run, while lineman Josh Hinebaugh suffered a foot injury, but also re-entered and finished the game.

"This is a sign of the toughness of this team," Gregg said. "I can't say enough about their determination."

Woods is listed as "questionable" for this week's game at Frankfort, while Hinebaugh is listed as "doubtful."

The coaching staff named Fitzwater, who also kicks off and handles the punting duties, as the Special Teams Player of the Week, while Larry Shreve was named Outstanding Lineman of the Week and Paul Berkeridge was selected Defensive Player of the Week.

The Rams will return to action this Friday night at Frankfort in a 7:30 p.m. game. The Falcons, who are coming off a 21-6 victory over Bishop Walsh, are led by one of the area's premier running backs in Brandon Harden, a 6-4, 190-pound junior.

"Harden is a very powerful running back with good speed and good hands," Gregg said, noting that he is a favorite receiver out of the backfield. "We will have to prepare for him much the way we did for Jermaine Ballard last week."

Calling the signals is junior Jason Renotas (5-8, 135), whom Gregg calls "a very good quarterback."

Anchoring the Frankfort line, offensively and defensively, is senior tackle Bucky Weaver (5-10, 200).

The Falcons traditionally utilize the wing-T offense, but used power-I formations last week against Bishop Walsh. "We have to be prepared for both," Gregg said. "They like to mix it up with a lot of play action and they do throw the ball quite a bit."

Their 4-4 and 6-2 defenses are led by Harden at linebacker and Weaver on the line.

"Greg Phillips (coach) always has his teams well prepared," Gregg said. "He always has a new wrinkle to try to catch you off-guard."

Gregg said that size-wise the two teams are comparable. "They might be a little bigger than we are," he said, "but they are definitely not as big as Walkersville."

A PERFECT PASS from Southern High School quarterback Jeremy Fitzwater was pulled in by Rich Warnick Friday night on a two-point conversion play late in the game. The successful catch followed a winning 52-yard touchdown run by Josh Woods, as the Rams opened their season with a big upset win over visiting Walkersville. The Rams will go after their second win this Friday evening at Frankfort.

Waterfowl Seasons And Bag Limits Announced By DNR

The Maryland Department of Natural Resources (DNR) Secretary Torrey C. Brown announced recently the selected dates and bag limits for the 1993-94 waterfowl seasons, which have been sent to the U.S. Fish and Wildlife Service (USFWS) for approval and regulatory enactment.

DNR's Wildlife Division recently held five public information meetings to share with the public its rationale and suggestions for the '93-94 season and to listen to comments, which were then reviewed by DNR and the Wildlife Advisory Committee before final date and bag limit selections were made.

Season and bag limit selections for ducks, snow geese, and brant and sea ducks are similar to last year's selections, Brown said. The Canada goose season has been reduced from a 60-day season (20 days with a one-bird limit, 40 days with a two-bird limit) last year to a 35-day season (20 days with one-bird limit, 15 days two-bird) this year.

"We needed to balance the economic and recreational concerns raised and still see some increase in the goose population," Brown said. "I realize many people would rather see a more rapid recovery, but we also had to consider the tradition of goose hunting enjoyed by many as well as the positive economic impact that hunting has on Maryland's Eastern Shore." He added that this year's hatch rate is encouraging.

"Knowing that we are likely to have a high proportion of young, inexperienced birds in the flock, we will closely monitor the harvest and will have a high level of enforcement officers in the field to insure compliance with the regulations," Brown said.

For the table of dates and bag limit selections or for more information, persons may contact the DNR at 334-4255.

Huskies Open Campaign With Easy 34-6 Win Over Westmar

The Northern High Huskies went into their football season opener last Friday night against Westmar as a heavy favorite and they concluded the evening with proof that they were designated correctly.

After a bit of a sluggish start, Coach Tom Vent's squad rolled past the visiting Wildcats, 34-6, as every player on the roster was given an opportunity to play. In fact, the first team sat out much of the second half of action after building a 20-0 halftime lead and scoring two more touchdowns in the third period.

Senior rookie quarterback Derek Mason, who alternated with veteran signal caller Rob Speicher, completed a successful night by connecting on six of eight passes for 106 yards and two touchdowns. One of the scoring aerials was hauled in by Speicher, who played the flanker position when Mason was at quarterback.

Neither team scored in the first period, but Mason and the Huskies broke things wide open in the second quarter. Brad Williams hauled in a 34-yard touchdown pass from Mason to put the first points on the board. The kick for the conversion point was no good.

Speicher scored next, this time on a 22-yard strike from Mason, and also ran for the two-pointer to give Northern a 14-0 advantage.

Then it was Speicher's turn to pass for a touchdown, as he connected with Williams on a 13-yarder. The run for the conversion was stopped short and the teams went into the locker rooms at intermission with the Huskies on top, 20-0

Alan Sebold struck paydirt first in the third quarter with a six-yard touchdown run and Larry Wakefield successfully ran for the two-point conversion.

Later in the same period, Wakefield capped the Huskies' scoring with a six-yard touchdown run.

Hammer Award

The Wildcats finally got on the board late in the fourth period when Chris Keller broke through the Northern reserves for a six-yard scoring run to conclude the evening's point production.

Chris Bittner spearheaded the Northern defensive unit by recording 10 tackles and forcing a pair of Wildcat fumbles. Brett Newman was credited with nine tackles.

Sebold recorded 87 yards on nine carries, while Wakefield picked up 82 yards on just seven attempts.

Bittner was named the Most Valuable Defensive Player of the Week by the coaching staff, while Mason was named Most Valuable Offensive Player and Wakefield received the Hammer Award for best all-around performance.

"We got off to a slow start, but we finished strong," Coach Vent said. "We were really ready to play and it was a good opener for us.

"We were very pleased with the performances of both our quarterbacks. The only disappointment was our kicking game, which must improve," he said.

Vent said he was pleased that he was able to play everyone on the varsity roster, but added, "Sometimes if you pull your first string too soon it can be harmful rather than helpful. While it's good to give your second and third teams the experience, you have to be careful not to damage the enthusiasm of your first team."

Vent said that, for now, he and his coaching staff, as well as Mason and Speicher, are "comfortable" with the arrangement of alternating quarterbacks. "As long as it is effective and, in our opinion, to our advantage to use this arrangement, we will continue to do so," Vent said.

When asked how his team fared in terms of injury, Vent said that Bill Younkin, who sustained a leg injury, is considered "questionable" for this week's game and Jeremy Foy is definitely out for at least two weeks with a knee injury.

The Huskies, who are enjoying the most depth in the past two decades, should be ready and waiting for their next opponent, Poolesville, a team that is new to the Northern schedule and somewhat an unknown to Vent and his staff.

"They were waxed pretty badly last week by Brunswick," he said, "but they are a Montgomery County school that just missed making the playoffs last year. So we can't pay any attention to how they did last week."

Vent said Poolesville possesses "decent" team speed, utilizes the I-formations on offense and primarily a 5-3 defense, and have comparable team size to the Huskies. "In terms of speed, size, and formations, they are a clone of our team," Vent said.

Poolesville is led offensively by 185-pound running back Tyler Moore, who recorded an 85-yard touchdown return last week against Brunswick.

"One of our concerns this week is making sure our kids don't look ahead one week to Beall and forget about Poolesville," Vent said. "Beall is supposed to be the team to beat in the area, but we have to make sure we keep focused totally on Poolesville until late Friday night."

Vent said his team will utilize a game plan this week that is similar to last week's against Westmar, "except we plan to throw more this week."

The kickoff at the Northern High athletic field is set for 7:30 p.m. Friday.

Hole-In One At OCC Yields Tourney Entry

Thomas Gowans, Oakland, scored a hole-in-one at Oakland Golf Club this summer and has entered the 33rd annual Drambuie Rusty Nail Hole-In-One Sweepstakes. The 165-yard ace was scored at hole #9 on July 26.

Gowans and H. Wheeler Stewart, the golf professional who validated the sweepstakes entry, are both eligible to win the grand prize: a one-week trip for two to Scotland, VIP tour of the Drambuie Liqueur Co., Ltd., and $1,000 cash. Second and third place prizes include five personalized, professional golf bags and 100 sets of a dozen Titleist golf balls.

Nearly 10,000 lucky people score a hole-in-one and enter the sweepstakes each year. The sweepstakes runs from January 1, 1993, to December 31, 1993. All entrants will receive a customized Hole-in-One bag tag from the Drambuie Liqueur Company Ltd. in Edinburgh, Scotland.

Colaw Cards An Ace In Women's Play September 2

The highlight of Thursday's play of the Oakland Women's Golf Association September 2 was a hole-in-one by Annis Colaw on the par three 17th hole. Colaw used an eight-iron for the 100-yard distance from the ladies' tee. This was her first ever hole-in-one.

The play for September 2 was best one, two, three ball, with the team of Janice Welch, Margaret Moran, Helen McHenry, and Nancy Helbig placing first with 135. In second place with 142 was the team of Roberta Seward, Caryl Dee, Helen Nordeck, and Hazel Wright, while Nellie Inskeep, Betty Humberson, Juanita Stanton, and Norma Rosetti won third place, carding 143.

Preceding play the election of officers was held, and plans for the end-of-year luncheon on September 23 were made. Instead of the usual gift exchange, plans were made for a food collection or charitable donation from each member attending the luncheon. These donations will be given to local charitable projects.

Baseball, Sports Card Show Set For AG Festival

As part of the 26th Annual Autumn Glory Festival, set for October 14-17, a TLT Enterprises Baseball and Sport Card Show will be held Saturday and Sunday, October 16-17, at the Oakland fire hall from 9 a.m. to 5:30 p.m. daily.

This is the fifth year for this Baseball and Sport Card Show during the festival, and it is the largest card show in Western Maryland, with dealers from six states. Baseball memorabilia will be available at the show, as well as football, basketball, hockey and non-sports cards. There will be free Conlon Company promotion cards, including those of Nolan Ryan, on Saturday, and other promotion cards Sunday. Door prizes will also be given each hour of the show, and the Pirate Parrot will appear Saturday from 11 a.m. to noon. Admission to the show is $2 for adults and $1 for children 12 and under.

Shuttle service will be available on Saturday throughout the day from 9 a.m. to 6 p.m. from the Deep Creek Lake/McHenry area to and from downtown Oakland, crafts and antiques shows, and turkey dinners.

For more information or a free festival brochure, persons may contact Festival Headquarters, Deep Creek Lake Garrett County Promotion Council, Courthouse, 200 South Third Street, Oakland, MD 21550-1581; telephone (301) 334-1948.

Jets Open With Win Over Vikings In Youth League

The Oakland Jets of the Mountaintop Youth Football League opened their season Saturday evening with a 27-0 win over the visiting Parsons Vikings.

A 16-yard punt return and a 30-yard run by Chris Gidley on the Jets' first possession set up the first touchdown of the game, a two-yard run by Gidley. Tommy Gank ran for the conversion.

On the Vikings' second possession, Jordan Uphold intercepted a pass to give the Jets possession again deep in Viking territory. Gidley capped a five-play drive with a 15-yard touchdown run. The conversion failed, leaving the score at 13-0.

Runs by Gank, quarterback Chad Warnick, and Gidley highlighted the next Jet possession, which concluded with a 17-yard touchdown run by Gidley, his third of the evening. Warnick ran for the point-after to give the Jets a 20-0 halftime lead.

Gidley scored his fourth six-pointer on the Jets' first play from scrimmage in the second half, as he broke several tackles on a 65-yard run. Scott Beitzel pulled in the conversion pass from Warnick to conclude the scoring.

Ensuing Viking drives were halted by an interception by Beitzel and a fumble recovery by Steve Shifiett, his second of the night.

Gidley recorded 167 yard on 10 carries in just over two quarters of play. The Jet coaching staff praised their interior linemen and fullback Gank for providing effective blocking for Gidley.

The Jet jayvee team won the jayvee match-up, 6-0, over the Viking jayvees. The lone touchdown came on a seven-yard run by Chad Lovett.

The Jets will be idle this week and will then host a strong Northern Steeler team the following Saturday on the Southern High School athletic field. Kickoff is set for 7 p.m.

"We would really like to have a big crowd on hand next Saturday night," stated Jet Coach Vic Compitello. "They are an extremely well coached, very disciplined, and talented youth league team. If the games we played against them last year are any indication, it should be an exciting football game."

Steelers Hammer Raiders, 30-6, In League Contest

The Northern Steelers opened their Mountaintop Youth Football League season Saturday night in Oakland by rolling over the Oakland Raiders, 30-6.

Brad Mason scored the first two touchdowns for the Steelers, both in the first quarter, on runs of two and four yards. The second score was set up with a 28-yard run by T.J. Snelling.

The Steelers made it 18-0 in the second quarter when Scott Sisler connected with John Snelling on a 41-yard touchdown pass.

John Snelling added six more points in the third stanza with a 14-yard touchdown run to make it 24-0.

The Raiders finally got on the board in the fourth period when Josh Helbig scored on a seven-yard touchdown run.

The Steelers answered with an insurance touchdown as Sisler tossed a six-yard scoring strike to Jimmy Warnick.

None of the conversion attempts following the touchdowns was successful.

Defensive standouts for the Steelers were Joey Wilhelm, Andy McKenzie, Jeremy Hoover, and John Snelling.

The Steelers will go for their second win this Saturday at 8 p.m. when they meet the Parsons Vikings at Northern High School. The Raiders will play the first game of the doubleheader against the Thomas Davis Rams, with the kickoff set for 6 p.m.

Area Speedway Review

Somerset County Speedway

The racing season concluded at the Somerset County Speedway in Meyersdale Sunday night. Four features were run plus two powder puffs and two mechanic races. Championship trophies were sponsored by Youmans Enterprises Inc. of Grantsville. Tressler Ashland of Confluence rta donated additional prize money to each feature event while Maple City Tire donated additional money to the point fund. Several local businesses also donated hats and coats to the fans.

The D Main was the first event of the evening. Sixteen cars started the field but eight were able to cross the finish line. Steve Moore of Meyersdale held the lead until the 12th lap before Mike Barndt in Car #14 took over for the win. Barndt was followed by Clyde Prince, Doug Diehl, Roman Yoder, Mike Kepple, Mike Jones, John Tressler and Marvin Hosselrode.

The 20 lap "C" Main had Brad Brown and Doug Shaffer battling for lead position. Brown was able to hold on until the 13th lap when Shaffer made his move and never looked back. Shaffer and Brown were followed by Joe Ruskie, Rich Burkett, Gene Moats, Brad Dickey, Dale A. Miller, Len Livengood, Henry Bockes and Steve Chipps.

TROPHY WINNERS AT SOMERSET COUNTY SPEEDWAY -- Trophies were sponsored by Youmens' Enterprises, Inc. of Grantsville Sunday night at the finel racing event of the season at the Somerset County Speedway in Meyersdale, Pa., with awards going to the first, second and third place winners in each of the four championship races.

Business picked up in the "B" Main when Robert Porter in car #53 lead the way for 30 straight laps. After an inspection, the engine was found to be illegal so the first place prize money and trophy went to Kevin Sanner in car 24. Sanner was followed by Dan Stockwell, Bob Davis, Duane Shultz, Roger Shaulis, Dave Brant, Dale Miller, Roger McKenzie, Clair Duppstadt, Dale Wilt, Dana Cotter, and Nelson Bailey.

The "A" Main was a battle of the speedway's top drivers. Joe Donaldson and John Sayler took turns with the lead while Tom Humberson from Grantsville, waited in the third spot to make his move. When the shuffling was completed in this smoothly run race, John Sayler was there to take the checkered. He was followed by Donaldson, Humberson, Jim Kemp, Ken Lowery, Duane Horning, Don Shaffer, Rodger Stephens, Bobby Smith, Brian Taylor, Denny Rounds, Dick Moore, and Terry Mitchell.

Thirty nine ladies signed up for the ever-popular Powder Puff. Two features were run with trophies provided by the speedway. The first event was won by Wendy Miller in car #20. Pam Shultz and April Persel rounded out the top three finishers. The winner of the second Powder Puff was Rhonda Kimmel of Somerset. Kimmel also won the Powder Puff at the Mid-Season Championship race. Joy Griffith of Confluence and Sherry Diehl in Car #80 also collected trophies.

Two Mechanic Races also had to be run as 37 mechanics showed their skills behind the wheel. Some of these men may want to stay under the hood as one ended on its roof while another mechanic spun around and had a head-on crash with another mechanic. Bob Donaldson, Greg Cornell and Vince Smith came out on top in the first race while Eddie Kemp, Kevin Bender, and Travis Donica were the winners in the last race of the season.

The 1993 Stock Car Racing Banquet will be held at the Meyersdale Firehall on Saturday, October 30. Reservations are required. Racing will resume in April of 1994 at the Somerset County Speedway.

Interstate 79 Speedway

Steve Shaver had everything his way as he led the Mountain State Invitational flag-to-flag at Interstate 79 Speedway on Saturday night.

After qualifying third and finishing second in the dash, Shaver started from the front row of the 50-lap event. Driving the #30, the Parkersburg, W.Va., driver pulled out to a comfortable lead after each caution. At the checkered flag, Shaver had a full straight-away lead. For the first half of the race, an intense battle between Charlie Swartz, Scott Bloomquist, and Paul Davis brought the standing room only crowd to their feet. On lap 25, while running second, Swartz went to the pits with a broken left upper control arm. Tim Hitt then joined the fight for second and finally got it to finish second ahead of Bloomquist. Davey Johnson, the current STARS point leader, and Paul Davis. Rounding out the top ten were Chub Frank, Steve Francis, Doug Hall, Rick Eckert, and Booper Bare.

Heat winners were Hitt, Jack Boggs, Hall, and Mark Myers. Davis took the fast dash and Bloomquist was the fast qualifier in the 53-car late model field.

Going into the final round of the five-race West Virginia State Championship Series, Shaver was second in points behind Larry Bond. With Shaver winning the race and Bond unable to make the starting field, Shaver won both the race and the series points title.

Dave Groves picked up the UMP Modified Skoal Series race followed by Bruce Dennis, Jack Kress, Bob Adams, Jr., and Doug Henry. Heat winners were Chfton Cochran, Groves, and Mark Zickefoose. Paul Watson won the "B" Main.

In the 4-Cyhnder Stocks, Jim Marshall took the feature event over Mike Lewis and Pat Woodburn. The Pure Stocks ran two features with Jim Byers winning the first followed by Bryan Mitchell and Jimmy Shaffer. The second winner was John Smith with Ron Parrish, and Kim Ammons in the runner-up spots.

Elkins Motor Speedway

Frank Wilson pocketed $1,600 by winning the late model feature at Elkins Motor Speedway Saturday, August 28, after winning the same feature at Interstate 79 Speedway near Clarksburg on Friday, August 27.

The two tracks each put up an additional $100 every week to be added to the regular purse for any driver who wins the late model event at both tracks on the same weekend. Wilson was the first to win both races, and the additional payback totaled $800, or $400 from each track.

Other winners at the Elkins track were Scott Miles in Semi-Late, Roger Pitzer in Street Stock, Tommy Pennington in 4-Cylinder Modified, Mike Simpson in 4-Cylinder Stock and John Smith, Jr. in Pure Stock.

Wilson took over the top spot on lap five of the Late Model feature and made it a commanding lead as all 25 laps were run under the green flag. Dave Groves finished second about three-fifths of a lap behind the winner. Neil Paugh was third, followed by Chuck Harper and late model points champ Denny Chamberlain. Groves and Wilson won the heat races.

Semi-late points champ Scott Miles didn't have it so easy in winning the 20-lap feature as Paul Wilmoth, Jr., kept the pressure on, running side-by-side with Miles for the first 17 laps. Steve Booth was also in hot pursuit and took the second spot from Wilmoth on lap 18, but couldn't muster enough power to overtake Miles. Wilmoth finished third, followed by Nolan Dalton and Sonny Stutler. Eddie Shuck and Dalton won the heat races.

Street Stock points champion Roger Pitzer almost saw his title go by the wayside when he and Birch Hare bumped on the start and had to tag the rear. Pitzer had started on the pole.

The race was filled with yellow caution flags and also featured a red flag when Rod Rovello and Brian Curtis collided and Curtis' car rolled over on its top before coming to rest on the wall just out of turn four. Both cars were forced into the pits.

The accident gave the lead to Pitzer, who held Chris McDonald at bay for the final three laps, to claim the trophy. Bob Norman finished third followed by Jerry Phillips and Larry Marsh. Phillips and Kevin Hamrick won heat races.

Four-cylinder modified points champion Tommy Pennington outran the field again as Willie Mallow tried several times to overtake Pennington but could not get past him. Tim Golden was third, while Tommy Simpson was fourth and Bob Keene was fifth. Pennington and Keene won heat races.

Simpson took the lead from points champ Rich Teter on the start of the 4-Cylinder Stock feature and never looked back. Mike Lewis came from the seventh starting position to pressure Simpson. Albert Johnson finished third, Jeff Pennington fourth and Teter, fifth. Lewis and Teter won the heat races.

In Pure Stock, Smith took the lead on lap five when points champion Mark Spicer lost a rear tire to bring out the caution flag. Spicer was able to return with a new tire before the green flag fell, but finished fourth. Ron Parrish was second, while Brian Ross finished one spot ahead of Spicer. Roger Coffman was fifth. Smith and Teter won the heat races.

This was the last regular Saturday night race of the season at Elkins Motor Speedway, but October 9 and 10 will see the 28th Annual Forest Festival Invitational at Elkins.

The invitational will feature twin 35s for the Late Models -35 laps on Saturday and 35 on Sunday--paying $2,000 to win each event and offering a $1,000 bonus if the same car and driver wins both features.

Also on the racing card will be Semi-Lates, Street Stocks, 4 Cylinder Modifieds, 4-Cylinder Stocks and Pure Stocks. The gates will open on Saturday at 4 p.m. with time trials at 6 p.m. and on Sunday at 11 a.m. with time trials at 12:30 p.m.

Elkins Motor Speedway is located six miles north of Elkins on Rt. 219.

Cumberland Raceway

There was no racing at Cumberland Raceway September 4 because of the annual Street Rod Show held at the fairgrounds.

Racing will return this Saturday, September 11 to the Cumberland Raceway for Diehl's Ford Night with a full night of racing excitement.

THE ACCIDENT HIGH SCHOOL WOLVERINES were one of the best, if not the best, soccer teams ever to play the game in Garrett County. Coached by Charles Strauss, the team won 32 consecutive games from 1948 to 1951. (See story.) Pictured left to right above, kneeling, are: Egil Ludvigsen, Wayne Harman, Randall Kahl, Dan Edgar, John Georg, Bill Hamilton, John Knox, Raymond Ferguson, Harold Brant, Glenn Krause, and Glenn Schlosenagle. Standing, same order, are: Mr. Sollars, Accident High principal; Allen Ault, Reganold Bowser, Robert Brobst, Homer Hoover, Darius Georg, Wayne Fratz, George Mummert, Junior Friend, Don Ringer, Francis Miller, Donald Savage, and Coach Strauss.

Soccer Ball From The Past At Accident High School (1946-1951)

Editor's note: We have been reporting the past several weeks that the present soccer teams at Northern and Southern high schools are the first-ever such teams at those schools. We learned this past week, however, that both Northern and Southern had soccer teams in the early 1950s. We apologize to those former Huskies and Rams (then Highlanders) for our lack of recognition and we present the following story written by a former coach of what was most likely Garrett County's best-ever soccer team.

by Charles F. Strauss Sr., Coach 1945-1952

I feel that the soccer ball players of the past share with me the delight to see the return of soccer ball in the two senior high schools of Garrett County.

In 1947, the five Garrett County High Schools -- Accident, Friendsville, Grantsville, Oakland, and Kitzmiller -- formed a County Conference in all sports. A schedule was drawn up for each team to play on a home and away basis; therefore, each team would play eight games. Since the State Athletic Association allowed 10 games per season, Accident and Grantsville, whenever possible, would schedule out-of-county games.

In 1946, the record showed that Accident Wolverines were soccer county champs. The most impressive record of wins in soccer came during the years 1948-1951. Not only were the Accident Wolverines county champs in soccer, but they were undefeated as well, winning 32 consecutive county games.

There were many fine players before the 1951 squad, and I want to recognize these athletes. I will begin with Paul Hone. Paul, in my judgment, was the most outstanding athlete in all sports in the Garrett County high schools during his time. Hobert Bowser, a fast, sure-footed kicker with either foot, was a strong defense player. Harold "Bud" Savage and Robert "Bob" Fratz were also outstanding defensive players. Allen Hanft had good ball control and set up goals with his long kicks from the left side.

The 1951 soccer squad was mostly made up of experienced veterans. The squad had strong support depth; they were well-versed in the fundamentals and skills, and were very competitive and self-disciplined.

The outstanding defensive players were: Harold Brant, Randall Kahl, Wayne Harman, John Knox, John Georg, Glen Krause, and goalie, Bill Hamilton.

The outstanding offensive players were Donald Ringer, Dan Edgar, Raymond Ferguson, and Egil Ludvigsen. Raymond was the chief scorer. His ability to trap goal kicks was unique; he had excellent ball control and tremendous power on his shots for the goal. In some games Raymond scored at will.

Egil Ludvigsen came to Accident from Norway. Since soccer is the national sport in Norway, he came to us with lots of talent. We all learned from Egil. One of his favorite acts was advancing the ball down the side line by bouncing the ball on his head.

The 1951 player scoring record is as follows: Raymond Ferguson, 15 points; Dan Edgar, 11 points; Harold Brant, six points; Egil Ludvigsen, five points; Glen Krause, two points; Randall Kahl and Wayne Harman, one point each. The team total of points scored was 41. All the seniors served as captains.

The success of the 1951 team was due to having a star player at every position. The 1951 soccer squad was truly a coach's dream squad.

In closing, I would be remiss if I did not include another true drama concerning three other athletes (basketball players) during the 1945-48 seasons. These dedicated, loyal, and eager-to-learn basketball players were Warren Rush, Herbert Harman, and Perry Steiding. These three athletes, after the evening practice, would run several miles to their homes in all kinds of weather -- rain, sleet, or cold, blowing snow.

Their dedication paid off, for in 1948 they led the Accident Wolverines to a basketball victory over Oakland High School for the first time in the history of the two schools.

No coach could have enjoyed more the pleasure of coaching the Accident Wolverine Athletic teams.

Correction Noted On Southern Ram Soccer Schedule

It was incorrectly reported last week that Southern High School's soccer team would play its first home game this evening against Beall. Because of a change in the Rams' schedule, Southern's first home contest will be September 23 against Beall.

The Rams, who opened their season Tuesday night at Westmar, will play at Northern next Tuesday and at Bishop Walsh on Saturday, Sept. 18.

Soccer Players To Report To SHS Fields Saturday

The Mountaintop Soccer Association asks all registered players under ages 8 and 10 to report to the lower fields next to Southern High School at noon this Saturday, September 11, for orientation and team assignments.

This meeting will take place regardless of weather, but in the event of rain, players and parents will meet in the Dennett Road School gymnasium.

The Association will accept applications from players of all ages through today, September 9. All mailed applications must be postmarked no later than September 9.

The Mountaintop Soccer Association also welcomes parents willing to coach in the Under-12, Under-14, and Under-17 age groups. Interested persons may call Jan Finkel at 387-5488 or Don Nuce at 334-5805.

Soccer Assoc. To Sponsor Coaches' Clinic Sept. 19

The Mountaintop Soccer Association will hold a coaching clinic Sunday, Sept. 19, at Southern Middle School from 8:45 a.m. to 5 p.m.

The class will be instructed by Graham Ramsay, the director of education and training for the Maryland State Youth Soccer Association. The MSYSA F license will be awarded to those completing the course.

All MSA coaches are "strongly urged" by Association officials to attend this course, which will consist of both indoor and outdoor sessions.

Participants should bring a soccer ball and wear appropriate clothing, including, if possible, soccer shoes.

According to the MSYSA, the F license course is designed for parents who may have little or no background in soccer, but who suddenly find themselves serving as "coaches" when their children start to play.

"The purpose of the F course is to help remove uncertainty by providing information and ideas that will give a solid base to teach a great sport," an MSYSA spokesman said. "The emphasis is toward learning about the basic techniques and skills within the framework of small-sided games."

Ramsay was one of the first A licensed coaches in the United States and was the first Maryland resident to achieve this designation. He was also one of the first National Staff coaches for the United States Soccer Federation.

Southern Soccer Campaign Opens With 6-0 Defeat

The young Southern High School soccer team opened its 1993 season with a 6-0 loss at Westmar Tuesday evening. The Wildcats, who were Maryland state runners-up last season after going unbeaten in 12 regular season contests, were held scoreless by the Rams through most of the first quarter, but then scored four goals before halftime to take control.

Southern, playing with only one senior on the field, was also without the services of senior Danny Gomez, a veteran transfer player, who was sidelined because he missed school on Tuesday.

The Ram defense held the Wildcats at bay until the 21:26 mark of the first half when Eric Johnson scored on a feed by Mac Sloan. The score remained 1-0 for the next 13 minutes, but then Westmar erupted for three quick goals within less than two minutes.

Grant Gomes scored at the 8:13 mark on an assist from Johnson, Ryan Webb followed with a goal with 7:40 remaining, and Sloan scored at the 6:49 mark.

Sloan struck again early in the second half off a feed by Gomes with 36 minutes remaining to make the score 5-0. The Ram defense stiffened again and allowed just one more goal the rest of the evening, scored by Jeff Ritchie on an assist from Eric Schramm with 7:52 left.

STRANGE DANCE UNDER A FULL MOON? - Actually this is an action shot taken at Southern High School's opening soccer game at Westmar High in Lonaconing Tuesday night, as freshman Rams Jay Ferguson, right, and Matthew Sincell, left, and an unidentified Wildcat go after the ball. The young Southern squad was blanked by the defending state runner-up Wildcats, 6-0. Meanwhile, the Northern Huskies, also playing their first soccer game in about 40 years, were being defeated by Bishop Walsh, 8-0. The Rams and Huskies will next face each other Tuesday night at Northern.

Southern was out-gunned in shots, 36-19, and had only two corner shots, compared to seven for the Wildcats. Southern goalkeeper Jason Pressley was credited with 14 saves, while Ritchie had 10 for the Wildcats.

The Rams, who are coached by Tom Powers, Selvyn Brown, and Dave Spirk, will go after their first win Tuesday at Northern.

Huskies Fall In Soccer Opener To Bishop Walsh, 8-0

The Northern High Huskies were unsuccessful in their first soccer game in some 40 years, as they were blanked Tuesday night by Bishop Walsh, 8-0, in Cumberland.

The Spartans wasted no time putting points on the board, as they scored three times in the first seven and one-half minutes of the contest. They led 6-0 at halftime.

Jeff Harbel scored three straight goals and Jason Helmstetter finished with two, one of which was off an assist by Harbel.

Helmstetter struck first with a goal in the opening moments of the game and Harbel followed with his three scores at the 36:25, 32:39, and 10:24 marks. Helmstetter scored his second goal with 8:14 remaining in the half and Ryan Nelson scored the sixth point of the half off an assist by Todd Robertson with 2:28 remaining.

Ryan Steiner was credited with assists on both Spartan goals in the second half, with Ryan Nelson scoring the first at the 31:50 mark and Mike McKinley recording the final goal of the game at the 5:30 mark.

The Huskies had only 11 shots on goal, compared to 35 by the Spartans. Chris Elliott had 24 saves for the Huskies, while Andy Tichnell had seven for BW.

Noah Rowe, Eduardo Maggiolo, and Terry Howard paced the Huskies overall, while other standouts for the Spartans were Vince Tola, Adam Wolfe, and Luke Strosnider.

The Huskies are to play again this evening at Beall, beginning at 7 p.m., and will host county-rival Southern next Tuesday night.

KITZMILLER WINS AGAIN - The Kitzmiller team captured its fifth Mt. Top Softball League title in the past six years by defeating LAOC in the recent best-of-three championship series. Pictured left to right, kneeling are: Doug Nesselrodt, Chuck Shreve, Terry Lucas, Tim Barnhouse, Shawn Nesselrodt, John Barnhouse, and Jason Paugh. Standing, same order, are: Roger Welch, Paul Barnhouse, Dean Ross, Jamie Crosco, Dink Bennett, Kevin Green, and Mike Hickey. See story for details.

Kitzmiller Wins Softball League Title Once Again

For the fifth time in six years, Kitzmiller captured the Mt. Top Softball League title, as the season concluded August 29 at the Crellin Field.

Kitzmiller, the American Division's first seeded team, advanced to the finals with wins over Crellin and American Burger the previous day. LAOC, the National Division representative, cruised past Bethlehem and Buffalo Coal to complete the pairings for the championship.

LAOC started well in the first championship game and led 6-0 behind two early homeruns by Dave McGlothlin. Kitzmiller battled back and finally took the lead in the fifth inning, as the game ended with a 15-12 Kitzmiller victory.

In the second game, Kitzmiller struck early and often behind homeruns from Kevin Green, Mike Hickey, and Paul Barnhouse and led 11-0 after two innings. LAOC wasn't able to sustain its rallies, as the game ended with a 21-5 Kitzmiller win.

In post-game comments, Kitzmiller coach Terry Lucas said that the key to the games "was the constant hitting pressure we were able to apply." He praised Shawn Nesselrodt and John Barnhouse for their six hits in seven at-bat performances.

FORMER RAMS JOIN RAMS - Two former Southern High School Rams have joined the Bluefield (Va.) State College Rams, one as a coach and the other as a player. Matt Redinger, pictured above left with his parents, Butch and Paula, Oakland, has been named an assistant basketball coach to Walt Ayers, head coach of the Bluefield Rams. Brett Rice, who re-wrote most of the Southern High School basketball record books and then spent his freshman year as one of the top scorers for the Garrett Community College Lakers, has been awarded a full scholarship by Coach Ayers to play for the Rams. Rice is pictured at right with his parents, Jay and Diane Rice, Oakland, and Coach Ayers.

GCC Volleyball Team To Begin Season Friday

The Garrett Community College women's volleyball team, coached by Margaret Quinn and Stacy Sines, will open its season this Friday night at Chesapeake Community College and then compete in a tournament Saturday, hosted by Essex Community College.

The Lakers will open their home season Monday in a 6 p.m. tri-match with Potomac State and Penn State McKeesport.

Quinn is entering her eighth season as head coach of the Lakers, while Sines, a former GCC standout, is beginning her second season as assistant coach.

"We have the largest ever nucleus of returning players," Quinn said. "Four players are back from last year's squad, one is back after sitting out a year because of an injury, and six of nine of our players are sophomores."

Sophomores Sheila Butt, Dawn DeShong, and Cara Wachter have been named captains for the 1993 season. Other players include: Dana Brown, Elaine DeBerry, Rebecca Few, Renae Kinnie, Wanda Swartzwelder, and Charity Taylor.

DCL Commodores' Cup Regatta Draws Record Turn-Out

by Harry Filemyr

The Deep Creek Yacht Racing Association wound up the season's sailboat racing with the annual five-race Commodores' Cup Regatta. Commodores Kemp and Mahan presided.

There was fine weather and fine racing, but not always at the same time. On Saturday, low clouds threatened rain, but the Force 3 (7-10) northwest breeze held steady. Eight Lasers, 11 B Fleet, and 20 A Fleet boats crowded the starting line. In Race 2, jostling for a space to start, MacMillans squeezed Meredith and Harry Carpenter over early. In the B Fleet, Jean Thagard went on injured reserve with a sprained ankle and was replaced by Al Riebel as crew on the Thagard boat. John Frank got off to an early lead, but the two Als got in the groove and went on to take first place.

On Sunday for races 3 and 4, the wind conditions were about as frustrating as they get. But what was agony for some was triumph for others. The Laser start had a good northwest wind which held through the Flying Scot A start 10 minutes later, but it soon became spastic and erratic. The A Fleet was scattered over a half mile when a west wind picked up the B Fleet and flung them into the middle of the stalled A's. The wind found the Workmeisters in B Fleet and landed them with the leaders in A Fleet where they stayed to finish almost 10 minutes of their fleet.

Meanwhile, the Gregory boat found wind on every tack and sailed away alone to a 10-minute win over booth A and B fleets.

In contrast to the winners, some of the boats took over two hours to finish Race 3 and some of the crew members were mumbling about grounds for divorce. Keith Spinnenweber, Laser sailor, in sport of winning, said that with the motor boat wakes it was the most aggravating race he had ever been in. Later Sunday afternoon, Race 4 was mercifully shorter and less aggravating.

Monday's weather was perfect with over 10 knots of wind out of the west for the final race. Dick Gregory and Allison Felix got off respectably from a skewed starting line and broke away on the first wind shift while others held their tack. A few more good tacks and they were again sailing alone, and went on to win by almost 11 minutes. In the B Fleet Al Thagard and Al Riebel, in Thagards' new boat, proved to be a winning combination and claimed their third victory. Kevin Rissell led a competitive Laser fleet and also won his third race of the Regatta.

Following Monday's race, the Racing Association awarded trophies for the July-August series, Labor Day Regatta and the season championships. Flying Scot Fleet Six announced the winners of two special awards. The Bill Kennicott Participation perpetual trophy recognizes the skipper and crew who have sailed the most races. The Sportsmanship perpetual trophy honors one person each year who has been nominated by his peers for outstanding sportsmanship. The notorious Captain Bligh cat-o'-nine-tails trophy, which is based on "not whether you won or lost, but how you treat your crew," was not awarded. Marty Nahemow, last year's recipient, had insufficient information to select a worthy successor.

The Golden Years

by Melissa Groves

Inspired by a New York City exhibit of the works of painter Constance Sampson, age 96, a member of the Arts Council in nearby Putnam County proposed an exhibit with a unique twist. Participating artists would be age 75 or older. Among the first to sign up was Henry Wallace, 82. A retired chemist, Wallace now is a painter, photographer and poet. "It's essential to remain active," Wallace told an interviewer. "You have to contribute to life in order to live."

The "empty nest" isn't so empty for a growing number of older parents. An increasing number of adult sons and daughters are living with their parents, mainly because of economic pressures. According to the U.S. Census Bureau, 12 percent of Americans in the 25 to 34 age group are living with their parents.

Glynis Berger Exhibit To Open In Thomas Gallery

The work of Glynis Berger, the much acclaimed photographer whose work in black and white captures life from a woman's perspective, will appear in West Virginia for the first time at the Well Hung Gallery, Thomas, from noon until 5 p.m. this Saturday, Sept. 11. The show, "The Sensuality of Stone," is scheduled to run for 30 days.

Ms. Berger, who hails from Flagstaff, Ariz., moved east in 1977. She settled in south central Pennsylvania and might have remained there indefinitely, she says, "But now that I've been to Tucker County and have fallen in love with West Virginia, I don't think I can remain in one state while my heart's in another."

She has worked as an instructor in photography at the Harrisburg Area Community College (HACC) since 1988 and as director of photographic services for the Penn National Racecourse since 1989. While the creation of her own fine art photography is the first priority in her life, she has earned her living through photography for the last 15 years. Her activities in the area have ranged from photographing weddings to taking pictures for the police, album covers, book jackets and teaching others how to develop and improve their skills, to providing custom darkroom services.

Ms. Berger occasionally combines her photography with the poetry of Jack Veasey, who is critically acclaimed in his own right. "The Sensuality of Stone," which depicts the phases of a woman's life, is comprised of 14 events, such as flirtation, pregnancy and nurturing, and is accompanied by a poem which is framed to hang with the exhibit. The poem is entitled "Stone Surrender" and was written by Veasey.

Included among Ms. Berger's numerous awards are three from WITF-TV, two Judge's Choice, and one Judge's Citation. The many honors she has received from the Harrisburg Art Association include three first place awards and a Timber Trails Second Place Publisher's Award.

Other works by Ms. Berger have and continue to appear at many locations including The Painted Bride Art Center, Tangerine Fine Arts, The Doshi Center for Contemporary Art, The Pennsylvania State Museum, Temple University Center, Central Missouri State University, Coos Bay Art Gallery, and Atlanta Playhouse Theatre.

The Well Hung Gallery is owned by Jo-Ann Bykofsky and Karen L. Stauffer, both of Davis, W.Va. Open since November 1992, the partners plan to follow the Berger exhibit with the work of Mays Landing, N.J., painter Gail Maguire in mid November.

The gallery is open Thursday through Saturday from noon until 5 p.m Signed photographs in "The Sensuality of Stone" collection are available for sale, as are two limited editions, signed prints and other works.

COMPANY RECEIVES ENVIRONMENTAL AWARD – Alleghany Wood Products, Inc. of Petersburg, W.Va., has been presented the 1993 Environmental Award by the West Virginia Forestry Association. This award is presented annually to an individual, company or agency for their work with environmental programs. Allegheny Wood Products employs a staff of professional foresters that assist landowners and loggers in the cutting of timber and management of their forest lands. The company has promoted various environmental activities and programs, such as providing 3,000 "Our Forest the Friend" coloring books to the first and second graders in the counties in which the company operates. The company has also participated in the WVU Summer Economic Education Program for teachers. Allegheny has plant operations and/or timber procurement areas in Grant, Pendleton, Pocahontas, Preston, Randolph and Tucker counties of West Virginia and Garrett County. The West Virginia Forestry Association represents the State's forestry community with 950 members including businesses that produce paper, furniture, lumber, flooring, building supplies, fencing, as well as individual landowners, foresters and loggers. Pictured left to right above are: Gerald Huffman, WVFA Area 2 chairman; and John Critas and Janeen Smith, of Allegheny Wood Products, Inc.

AURORA/EGLON NEWS

POTATO FESTIVAL

Everyone is invited to attend the annual Potato Festival, to be held this Saturday, September 11, at Mt. Grove and sponsored by the Mt. Grove Co. 7 VFD. Food, crafts and contests will be featured. The dav begins at 10 a.m. and will conclude sometime at night.

HOMEMAKERS MEET

The Aurora Extension Homemakers met outdoors Aug. 24 at Dean Sisler's, with Opal Myers showing basic ingredients everyone has at home to make their own cleaning products.

Devotions on "Living Down Your Life to Live for God" were presented by Wilda Stemple. Maxine Hauser and Ernestine Sisler showed two issues of a 1936 Aurora High School newspaper and read an article in which a trip taken by the Aurora Farm Women's Club was described.

Twenty-seven adults and five children attended a presentation of The Quilters at Garrett Community College an August 4 at the invitation of the Aurora Homemakers.

The club participated in the 9-1-1 registration held on August 28 at the Aurora Fire Hall. Those who worked were Martha Bolyard, Virginia Martin, Wilda Stemple, Ressie Conrad, Dorothy Spaid and Mary Jane Hanline. Volunteers to sell car tickets at Kingwood are Opal Myers, Kitty Myers, and Dorothy Spaid. Dates to remember are the county-wide membership tea on October 13 and Fall Conference at Jackson's Mill September 21-23. Dorothy Spaid and Betty Fint will serve as a nomination committee.

Opal Myers reported that she, Joyce Ely, and Pat Pinnel had attended the National Association for Family and Community Education (NAFCE) conference. This is the newly adopted name of the National Extension Homemakers Council and the annual meeting was held in New Orleans August 8-12. In addition to speakers Kackie Clarkson, Curtis O. Aikens, Walter Anderson and Art Linkletter, there were workshops, a trade show, and tours and trips for entertainment. Enroute they visited in Pigeon Forge, Tenn. Mrs. Myers brought each member a souvenir magnet of a mask, signifying Mardi Gras.

A door prize was awarded Dorothy Spaid. Virginia Martin was winner of the pig-in-the-poke. The hostess showed a friendship quilt, the top given her many years ago, which she had recently quilted.

Those in attendance were Martha Bolyard, Wilda Stemple, Maxine Houser, Ernestine Sisler, Dorothy Spaid, Mary Jane Hanline, Opal Myers, Betty Fint, Mildred Kovalck, Virginia Martin and the hostess.

PERSONAL MENTION

Denton Goff of Amboy is recovering from surgery performed last Wednesday at Garrett County Memorial Hospital.

Jesse Harsh of Silver Knob was a patient for a few days last week in Garrett Memorial for treatment and tests.

Effie Wolfe of Eglon was admitted last week to Garrett Memorial where she remains a patient.

Ron Parsons was admitted Friday to Garrett Memorial Hospital following indications of a heart attack.

Julie and Gary Baker returned last Thursday to their home in Virginia Beach, Va., after spending a week visiting here with their parents, Steven and Carolyn Baker, Leah and Lauren, Terra Alta Pike, and Tom and Linda Lewis, Emily and Sara, Eglon. They also visited other area relatives.

Diana Frantz and her children visited with her husband's parents recently.

Mrs. Frantz has returned to the United States from Japan and is staying at Oakland with her mother at present. Mr. Frantz will join her at a later time.

Harold and Helen Winters of Columbus, Ohio, were Thursday to Sunday guests of Lewis and Hazel Durst at Amboy and here for the reunion of Aurora classes 41' and 42'.

Weekend guests of Mr. and Mrs. Claude Winters, Eglon, were their son and his family, Carl, Nancy and Clayton Winters, of Manassas, Va. They had come to attend the class reunion of Aurora High 1963.

A recent visitor with Rick and Marcia Spaid, Sarah, Rebekah and John was Mrs. Spaid's mother, Vera Nye of Fredericksburg, Va. The Spaids moved this summer from the Aurora Lutheran parsonage to a home on the Cole Rd. near Eglon.

Wilmer and Abbey Harsh of Fort Ashby were Sunday visitors in the area and attended Maple Spring Church.

CLASS REUNION

The Aurora High School graduating class of 1963 met Saturday evening, September 4, at the Aurora United Methodist Memorial Building for a dinner and reunion. Ladies of the church served the dinner and, following the meal, story-telling and reminiscing completed the evening's events.

Favors were Blest Be the Tie crosses provided by Irma Whitcomb. Two gift baskets were donated by Patsy Hall and raffled, with the winners being Virginia Martin and Hayward Baker.

Misty Hull To Marry Terry Otto

Mr. and Mrs. Donal Hull, Terra Alta, W.Va., announce the engagement and forthcoming marriage of their daughter, Misty Diane, to Terry Jay Otto, son of Karen Otto, Oakland, and Daniel Otto, Swanton.

Miss Hull is a 1993 graduate of Preston High School, Kingwood, W.Va. She is employed by Pizzazz Pizza and by Oak-Land Motel.

Mr. Otto is a 1986 graduate of Southern High School. He is employed by Treasure Island Department Store as an assistant manager.

The wedding will take place on Saturday, Sept. 18, at 2 p.m. at the Deep Creek Baptist Church. The reception will follow at the Terra Alta Community Building. Some invitations have been sent, but all friends and relatives are invited to attend.

To Celebrate 35th

The family and friends of Jim and Winny Sisler are invited to celebrate their 35th wedding anniversary.

The celebration, with refreshments, cake, and a money tree, will be held at the Pleasant Valley Community Center (near Rigidply Rafters) on Sunday, September 19, from 2-4 p.m.

Marriage Permits Recently Issued

Twelve couples applied for their marriage licenses this week, according to David Martin, clerk of Garrett County Circuit Court. Two couples requested that their names not be published.

Ronald Lee Host, 26, and Mary Evelyn Johnson, 26, both of Hopemont, W.Va.

Paul David Sisler, 17, Masontown, W.Va., and Stacey Diane Linton, 22, Reedsville, W.Va.

Timothy Joseph Dunne, 30, and Mary Barbara Marsden, 28, both of Silver Spring.

William Henry Fletcher, 64, and Sheila Mary Hamrick, 51, both of Granville, W.Va.

Kevin Lee Grubb, 28, and Tammy Gail Fowler, 21, both of Morgantown, W.Va.

Baron Victor Bible, 20, and Tina Lou Ours, 28, both of Maysville, W.Va.

Dennis Wildman, 43, Grafton, W.Va., and Saundra Dell Mexxanotte, 37, Fairmont, W.Va.

Roy Robert Leggett, 30, and Jessica Anne Nichols, 24, both of Albright, W.Va.

Alan Lee Hamilton, 32, Finleyville, Pa., and Nancy Marmie Kosaol, 29, Bridgeville, Pa.

Don Everson Harris, 35, Philippi, W.Va., and Susan Lynn Cook, 27, Elkins, W.Va.

Double Anniversary Celebration Set For Local Couples

A double 25th wedding anniversary celebration will be held Friday, September 10, from 7-9 p.m. at the Crellin Community Building for two local couples.

The event will be celebrating the 25th anniversaries of the Rev. and Mrs. Eugene Matthews and Mr. and Mrs. Thomas Hauser. All family and friends are welcome to attend, according to one of the planners of the event.

There will be money trees available for both couples.

NEW Arrivals

The birth of one infant this week at Garrett County Memorial Hospital was announced this morning by a hospital spokesperson.

A son was born August 6 to Michael Keith and Heather Marie Baker Dawson, Swanton.

Admissions were listed at 56 with 78 discharges. This morning's census shows 38 patients.

Mr. and Mrs. Richard Kroll, Barton, announce the birth of a son, Joshua Andrew, on August 24, 1993, at Sacred Heart Hospital, Cumberland. The mother is the former Rhonda Wolf. Maternal grandparents are Mr. and Mrs. Herbert Wolf, Pleasant Valley, and maternal great-grandmother is Edna Wolf, Pleasant Valley. Paternal grandparents are Mr. and Mrs. Eldred Kroll, Barton, and paternal great-grandparents are Mr. and Mrs. Lloyd Kroll, Barton.

Seniors Painting Course Offered

A Painting for Seniors course is being offered by the Continuing Education Division of Garrett Community College. This course will be held at the Flowery Vale Senior Center in Accident and will focus on oil painting, with classes beginning September 13. The course is scheduled to be held each Monday from 9 a.m. to 12:15 p.m. for five sessions.

Maryland Senior citizens (persons 60 years of age or older) may attend this course tuition free, but will be charged a $12 fee. They must also supply their own materials, which includes a canvas panel about 18"x24", oil paints, brushes and pencil. A fee of $15 plus materials will be charged for others wishing to enroll. For more information, persons may call Arlene at 301-746-8824.

MS Support Group To Meet September 15

The Garrett County Multiple Sclerosis "Self Help Support Group" will hold its monthly meeting Wednesday, September 15, at 7 p.m. at the Oakland Elks Lodge #2481.

The program will be a video on clinical trials in multiple sclerosis, Copolymer 1 and Beta Interferon, by Stephen C. Reingold, Ph.D., vice president of Research and Medical Programs, National Multiple Sclerosis Society.

An additional video addressing current clinical trials with interviews of Drs. Keneth Johnson and John Whitaker will be shown, followed by a question and answer cassette with the guest speakers.

The meeting is open to the public and all interested persons are welcome to attend. For more information, interested persons may call Judy Smith at 387-4926 (home) or 334-9480 (work).

National Prayer Meeting Set For Public Schools

All Garrett County public school students are invited to meet at their respective school's flag poles on Wednesday, September 15, at 8:15 p.m., to participate in a national prayer day.

Southern Middle School students will meet next to the tennis courts.

The nation-wide prayer movement is titled "Meet You at the Pole," and is sponsored locally by the Pleasant View Baptist Church.

More information may be obtained by calling Marty Herron, pastor, at 334-8515.

Oakland Civic Club Visited By MFWC Official

Edna Jean McCaslin, first vice-president of the Maryland Federation of Women's Club, Inc., was a guest at the Civic Club of Oakland's August 31 meeting, and she commended the local club for its many award-winning community activities this year, and for its reporting procedures.

Ms. McCaslin also gave an overview of planned events for the 1993-94 year on the national and state levels.

Later in the meeting, Ferne Beachy and Polly Hanst recalled in dialogue 50 Years Ago in Garrett County, providing glimpses of town life and farm life of that period.

"The reminiscences flowed into each other, back and forth," said Ginnie Clutter, club member and publicity chairperson, "as they recalled family life, schooling, cultural activities, entertainment, weather factors, and the sense of community."

Mrs. Hanst and Mrs. Beachy had presented this program 50 years ago at the March Women's Fair.

State Park Summer Programs

Deep Creek Lake State Park

A family bike ride will be held along the beach area at the Deep Creek Lake State Park on Saturday, September 11. Bikers should meet at the camp check-in office at 10 a.m. The park naturalist will lead a hike to the Thayerville Fire Tower, where participants will climb the stairs to the look-out for an aerial view of the lake. A campfire program will then be held at 8 p.m. Ginseng will be the topic of discussion following a marshmallow roast for children.

Attention

Mt. Top Unit 29 Disabled American Veterans & Auxiliary will hold their ANNUAL PICNIC at Deep Creek Lake State Park Pavilion.

Saturday, Sept. 11, Noon-?

All members and families are urged to attend.

Please bring your favorite covered dish "with food" to share with everyone.

HOPE TO SEE YOU THERE!

New Horizons Career Planning Classes Scheduled

The New Horizons Program, providing services for single parents and displaced homemakers, and sponsors of The Caring Connection Program, which serves adolescent single parents and pregnant teens, in cooperation with the Continuing Education Division of Garrett Community College, has scheduled a fall series of five-week Career Planning classes.

The class will be held twice weekly on Monday and Wednesday, from 9 a.m. to 12:15 p.m. at the McHenry Campus of GCC. The schedule is as follows: Monday, September 13, through Wednesday, October 13, and Monday, October 18, through Wednesday, November 17.

This career assessment course is designed for students to identify their training needs and to prepare for employment. Topics to be considered include skills assessment complete with interest testing, career information, resume writing, job applications, job search strategies, and interviewing techniques.

Participants of the New Horizons Program are encouraged to take this class before pursuing other vocational training. Tuition assistance is available to those who quality for New Horizons. Transportation/child care assistance is also available to income-eligible single parents and displaced homemakers who are part of the New Horizons Program as well as to adolescent single parents and pregnant teens through The Caring Connection.

Interested persons may register for any of the classes through the New Horizons office. Information on eligibility for the program and its services, as well as tuition availability, may be obtained by calling New Horizons at 387-3071 during office hours Monday through Thursday from 8:30 a.m. to 4:30 p.m. New Horizons is located at the McHenry Campus of Garrett Community College in the Center for Community and Continuing Education in Room 302.

The New Horizons Program is jointly funded by the Maryland State Department of Education and Garrett Community College. Grant funds in the amount of $45,000 are made available to the program through the Division of Career Technology and Adult Learning, which is 90% of the total program budget, with Garrett Community College contributing and additional $5,200, which is 10% of the total budget. The Caring Connection is 100% funded by Maryland State Department of Education in the amount of $20,000.

JWCC DONATES TO GCMH FOUNDATION -- Having fulfilled a $500 pledge to the Capital Campaign for Garrett County Memorial Hospital, the Jr. Woman Civic Club renewed its pledge for an additional $500 to paid over a five-year period. On hand for the check presentation were, pictured left to right, Brenda Crabtree, recording secretary for the Jr. Women Civic Club; Dr. Daniel Koch, member of the GCMH Foundation; and Benjamin Rosenthal, hospital president.

Swanton Otterbein To Hold Homecoming

The annual homecoming of the Swanton Otterbein United Methodist Church will be held Sunday, September 19, with Sunday school at 9:35 a.m. and morning worship at 11 a.m.

A dinner will follow the service at 12:30 p.m. and the afternoon service will begin at 2 p.m. where there will be special singing.

The event will honor all senior citizens. All are welcome, according to the Rev. Joe Hatcher, pastor.

Brethren Churches Slate Auction For Disaster Relief

The West Marva District Church of the Brethren congregations in Western Maryland and West Virginia will hold their annual Disaster Auction this Saturday, September 11. The event will be held at the Mill Creek Ruritan Club, near Purgittsville, W.Va. (The location is along US 220, five miles south of Junction and 16 miles north of Moorefield.)

The Flea Market will open at 9 a.m. At 11 a.m. the auctioneer will begin taking bids for usable items churches and individuals have donated. In late morning, the quilts made by women in the churches will be auctioned. Throughout the day, the Moorefield Church of the Brethren will operate the food concession.

The West Marva District has rebuilt homes for families, such as a Pikins, W.Va., family suffering death and loss of their home to fire. The District's Disaster Response Fund also assists volunteers from its congregations to travel to clean-up and rehabilitation projects assigned by the denomination's Disaster Relief Office. West Marva teams have given weeks to work in the aftermath of hurricanes Hugo and Andrew. Currently, members from midwest churches are working in the midwest flood clean-up.

Proceeds from the auction and other donations, beyond that needed from local district projects, are forwarded to the denominational Disaster Relief Office.

NHS Students Attend NASA Space Camp

Two Northern High School tenth-graders were recently among 20 ninth- and tenth-grade students from the state of Maryland selected to spend two weeks at a pilot space science and engineering educational program titled, "A Visit to the Third Planet from the Sun."

Laura Miller, 15-year-old daughter of Francis and Ruth Miller, Accident, and Rhonda Schwinabart, 15-year-old daughter of Richard and Vivian Schwinabart, Accident, were each recommended by four of their math and science teachers based on their ability, interest, and potential in a math-related career field, particularly astronomy and aerospace. The two were also required to submit an essay explaining why they should participate in the program.

Held on the Homewood campus of the Johns Hopkins University in August, the camp featured an intensive curriculum of astronomy, engineering, technology, aerospace, and project management. Field trips, recreation, and evening lectures were also held.

Laura E. Miller

Rhonda Schwinabart

The long-range goal of the program is to provide a group of students from which the consortium can then choose potential candidates for its Space Scholars Program which provides a full scholarship, based on need, for selected students to attend undergraduate school at a Maryland college or university.

Group presentations were made to all parents on the final day of the program, after which certificates of completion were presented to the participants.

The pilot program was reportedly considered so successful, plans are underway for the camp to be held again next year with more students

Right To Life Meeting Slated

The next meeting of Garrett County Right to Life will be held Monday, September 13, at 7 p.m. at the Church of the Nazarene in Oakland.

The video, "Meet the Abortionist," will be shown. According to a spokesman for the organization, former abortion doctors, nurses, and clinic owners tell the story of this "highly profitable industry."

Final plans will also be discussed for the Cal Thomas dinner in September and the October Life Chain. All interested persons are invited to attend. For more information, persons may contact JoAnn Fletcher at (301) 689-5829.

OUR CUSTOMERS ARE NEVER NEGLECTED

How often have you had to wait and even search for a clerk to serve you in most of the crowded mass merchandising stores? And, usually if it's a product we stock, you could have obtained it quickly and pleasantly from us at about the same price. Aren't you fed up getting little attention and wasting so much time?

Choose us to be your personal pharmacy. You will be welcomed as a friend, attentively, promptly and courteously served. You will always be able to get what you ask for and the price will always be fair.

"Now, let us begin again, class."

As another year of learning commences, the above phrase will be repeated often. New concepts require study and repetition to be internalized and understood. The instructor knows this...therefore, especially in the field of education, patience is foremost.

Each of us, whether young, middle aged, or in our twilight years, continues to learn, long after our formal education is complete. It has been said that one is truly intelligent only when he or she realizes that learning is an endless quest.

Our schools are invaluable in this quest. So are our churches and synagogues invaluable to our youth and to each of us. May we gather each Sabbath as we study God's Word, for indeed, He is the greatest Teacher. Each week, we have another chance to enrich our lives...a chance to begin again.

THE BIBLE SPEAKS

BY LAWRENCE W. ALTHOUSE

VERY GOOD
September 12, 1993

Background Scripture:
Genesis 1:25-31, 2:4-9, 15-25

Devotional Reading:
Psalms 8:3-9

Like a litany, after each act of creation of Genesis 1, we are told, "And God saw that it was good." That should be required reading for all those who are constantly pronouncing the world to be an evil and rotten place. God looked on it, including those things which you and I judge to be "good" and "bad," and he still saw it as "good!" It is also significant that God called the garden "Eden," which means "joy"--God's garden is the source of his joy.

Best of all is what he says when humanity has been added to the order of his creation. "And God saw everything that he had made, and behold it was *very* good" (my italics). If creation before humanity was "good," then creative afterwards was even better. That also flies in the face of the popular assumption that some of us are destined to be the "good guys," and other of us "the bad guys." But God said "very good." That includes every single human being. Genghis Kahn, Adolph Hitler, Jack the Ripper, Joseph Stalin, and Fidel Castro. All of us are created "in the image of God."

WHY ARE WE HERE?

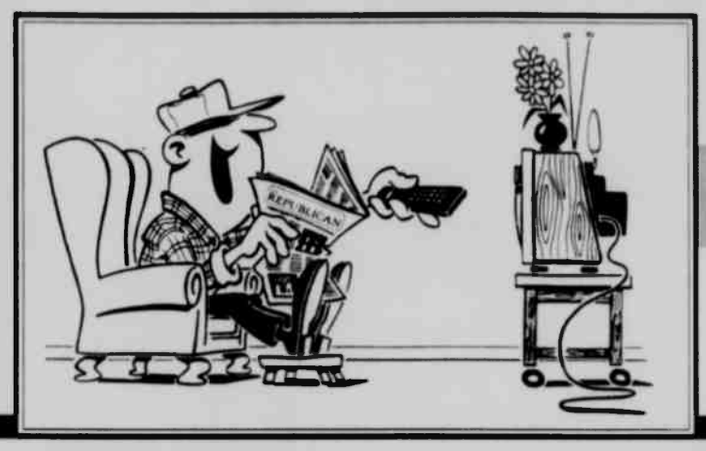
The key is not the quality of our creation as to what we do with it. God has purpose for his creation and especially for his creatures. Going back to the very beginning, why did God create us?

One answer is that we might fulfill his image placed within us. When Genesis tells us that we were created "in his own image," (1:27) it is indicating that we have a purpose to fulfill, a potential to realize. Hitler distorted and denied the image of God in him. This was not his fate, but his choice. Jack the Ripper was not born to be a murderer. And you and I were created with far more potential for goodness than we have displayed so far in this life. Does the "image of God" show in you? If not, why not?

Another answer is found in his command to "Be fruitful and multiply" (1:28). We've got the last part of that down pat, in fact. I believe God is telling us today to stop multiplying so much. Our multiplying is getting in the ways of our being "fruitful." What does he mean "be fruitful?" He means that we are to produce that which is good, that which helps rather than hurts, prospers rather than impoverishes, improves rather than dissipates. Yes, I've multiplied, but have I been fruitful? Are you?

"BOSS" OR "STEWARD"?

Still another answer is in the command to "have dominion over every living thing that moves upon the earth" (1:26,28). As one little boy said when he heard those verses, "It sounds like he made us 'boss'!" But actually something more than 'boss'. "The Lord God took the man and put him in the garden of Eden to till it and keep it" (2:15). Jesus spoke of our God-given human role as that of the steward. The steward does not own, but manages for someone else. In the story of the garden of Eden, it is clear that it belongs to God, but Adam is placed in charge of it to make it fruitful for God.



That's a very current issue, isn't it? For centuries we humans have acted as if this world was ours to use and abuse as we like. We have spent it like an inheritance on which there were no conditions. But now, we are being told, we are close to having exhausted it. And, we are remembering that it was not so much an inheritance that God gave us, but a stewardship. We are expected to give it back to him with interest. We have abused and wasted the garden and now we must start being good stewards before it is too late, before God asks, "What have you done to my beautiful garden?"

God made it all "very good," but what are we making of it?

"Nature is the living, visible garment of God." -John Goethe

COVER STORY

Ellerbee anchors report on surviving breast cancer

BY DAN RICE

Virginia Kelley

Emmy winning journalist Linda Ellerbee is a member of a very exclusive club. She is a survivor of breast cancer. Since her double mastectomy in early 1992, Ellerbee has wanted to channel her experience and those of other survivors into a positive message for all women. The result of that desire is the ABC prime time special "The Other Epidemic: What Every Woman Needs to Know About Breast Cancer," airing Tuesday, Sept. 14.

"I have a lot of energy for doing this story," says anchor and co-executive producer Ellerbee, "but getting immersed in it, it dredges up a lot. You know, not all of us do live."

As the one-hour program details, the statistics on breast cancer are frightening. One in eight of all American women who live to the age of 85 will develop the disease, and 2.6 million American women have breast cancer right now, though a million of them aren't aware of it yet. Ellerbee reports that the number of American women who have died from breast cancer since 1960 is twice the number of all Americans killed in World War I, World War II, Korea, Vietnam and the Gulf War. And of that number, 50 percent of them have died in the last 10 years." But while the rate of occurrence is increasing daily, so is the survival rate for those who are diagnosed early.

"The Other Epidemic" stresses the importance of women getting to know their bodies, administering self-exams, having regular mammograms and, above all, getting treatment when cancer is detected. Experts describe research into the unknown causes of breast cancer, and self-exams are demonstrated, as is breast reconstruction surgery, but the real thrust of the program is the testimony of survivors.

"You're going to meet some extraordinary women in this (including President Clinton's mother, Virginia Kelley) – women with courage, women who are living and a couple who aren't doing so well," Ellerbee says, her voice breaking.

In her no-nonsense style, Ellerbee calls for more government funding for research, affordable prices for anticancer drugs, and hopes for the day when "all insurance companies will see fit to pay for mammograms and to pay for reconstruction if a woman wants it after a mastectomy, which many of them do not."

Ellerbee hopes women will cease to think of a breast cancer diagnosis as an automatic death sentence or of mastectomy as a loss of femininity. One survivor in the program relates that when her husband touched her reconstructed breast the same way he touched her other one, she knew everything would be all right.

"I think if women can watch this documentary and come away knowing that they really are in charge of their own health, and they don't have to be victims of the medical system, that's very important," Ellerbee says. "If they can come away seeing how many of us live, living productive, happy lives, then they will be less frightened. And if they can come away a little angry, and let politicians know that this issue needs more attention, all to the better."

TV-PIPELINE

BY TAYLOR MICHAELS

Ginger Rogers

Q: I would like addresses to write David and Shaun Cassidy. What are they doing these days? –Jacqueline S., Ft. Madison, Iowa.

A: Since Aug. 16, the Cassidys have been playing the ill-fated "Blood Brothers" in the Broadway musical of the same name. David, 43, has been writing a book about his years on "The Partridge Family." Shaun, who turns 35 on Sept. 27, has drawn rave reviews for his performances in plays that include "Mass Appeal." Write both of them c/o the Music Box Theatre, 239 W. 45th St., New York, N.Y. 10036.

Q: I have asked this question for years, and no one seems to know the answer: What was the dog's name on "Petticoat Junction"? –Debbie Tharpe, Burton, Mich.

A: Boy, Debbie. Actually, that may be the answer. My trivia experts all agree that this lovable pooch was addressed only as "Boy" — or "boy."

Q: Please tell me when and how David Janssen died. He played in "I Spy" with Bill Cosby a long time ago. –Mrs. Catherine Russell, Flint, Mich.

A: The intense star of the original "The Fugitive" died of a sudden heart attack in 1980. He was either 48 or 49, depending on the source. But it was Robert Culp, now 63, who appeared with Cosby and will again – in a TV-movie reunion later this season.

Q: John Ford's U.S. Cavalry trilogy consisted of "Fort Apache" (1948), "She Wore a Yellow Ribbon" (1949) and ... what was the third? Please help. –Norma Vandenburg, St. Joseph, Mo.

A: "Rio Grande" (1950).

Q: I enjoy old Westerns, and especially those of Hopalong Cassidy, whenever I can find them. Is there a Hopalong fan club? –A fan.

A: Write Laura Bates, 6310 Friendship Drive, New Concord, Ohio 43762-9708 and enclose a self-addressed, stamped envelope for information on the fan club and newsletter.

Q: What are Fred Astaire, Ginger Rogers, Cyd Charisse and Gene Kelly doing these days? How old are they? –Marjorie Spock, East Sullivan, Maine.

A: I can tell you are a dance fan, Marjorie, and I have some good news and bad news for you. Astaire, who appeared in films such as "The Gay Divorcee" and "Top Hat," died in 1987 at the age of 88. Kelly, who is 81, and Rogers, 82, have largely retired from dancing, although she wrote a tasteful set of memoirs last year. About a year and a half ago, Charisse returned to Broadway at 70 to star in the musical "Grand Hotel."

Young, gifted, handpicked: Conan O'Brien makes debut

BY STEVEN ALAN MCGAW

"I couldn't do Dave's show it I wanted to," says 30-year-old Conan O'Brien, who takes over NBC's "Late Night" slot on Monday, Sept. 13. "I couldn't do Johnny Carson's show, or Jay Leno's show. What I've got to do is Pat Sajak's show the best I can."

It's doubtful O'Brien's mission is to recreate the ill-advised CBS entry headed by the "Wheel of Fortune" host. But why producer Lorne Michaels, to whom NBC turned after Letterman's move to CBS, chose O'Brien remains unclear.

O'Brien is not entirely without comedy credentials. As a student at Harvard, he was twice elected president of the Harvard Lampoon humor magazine – an unprecedented vote of confidence. After a stint with The Groundlings improvisational troupe, he landed a job as a writer for "Saturday Night Live." In 1991, O'Brien began penning scripts for "The Simpsons."

Not bad for one so young. But is this the resume for the host of a five-night a week network gig, especially one following in the footsteps of the man whose churlish demeanor and off-center wit is said to have reinvented the genre, turned the talk show inside out? Simply put, is O'Brien up to the job, or is this another Stupid Human Trick on NBC's part?

Time, as they say, will tell. It also will have to answer even the most basic questions about the show's format, for both Michaels and his handpicked host have been disquietingly tight-lipped.

"I think what you do in between the commercials is how you define your show," a sphinx-like Michaels quipped to reporters in July.

'Simpsons" and "Saturday Night Live' writer Conan O'Brien steps into the spotlight as host of "Late Night With Conan O'Brien," debuting Monday on NBC.

Eclectic musical luminary Sting is featured in "Sting: A Musical Voyage," which kicks off the fall season of PBS' "In the Spotlight" series Wednesday, Sept. 15. The program features Sting performing in concert in Norway, Italy and Turkey, masterfully working audiences with older hits such as "Roxanne" and "King of Pain," along with selections from his recent album, "Ten Summoner's Tales." Future episodes of "In the Spotlight" will feature Billy Joel and Sade.

THIS WEEK

FEAST AFTER FAMINE: The fall TV season kicks into overdrive with a bumper crop of premieres on all networks. Teri Hatcher and Dean Cain star in "Lois & Clark: The New Adventures of Superman," debuting Sunday, Sept. 12, on ABC. • William Devane plays an overbearing tennis coach on "Phenom," debuting Tuesday, Sept. 14, also on ABC. • NBC has an unusually busy week, with the debuts of "seaQuest DSV," starring Roy Scheider (Sunday); a "Cheers" spinoff for Kelsey Grammer, "Frasier" (Thursday, Sept. 16); and on Saturday, Sept. 18, "The Mommies" and "Cafe Americain," the latter starring Valerie Bertinelli, followed by the "Miss America 1993 Pageant." • The City Council replaces the chief (Carroll O'Connor) with an ex-FBI man (Carl Weathers) as "In the Heat of the Night" premieres Thursday on CBS. • Marilyn Horne heads a Metropolitan Opera cast in Verdi's comic opera "Falstaff," airing Monday, Sept. 13, on many PBS affiliates. • Fox has three new shows bowing this week: Sunday's "Townsend Television" starring Robert Townsend; Tuesday's "Bakersfield P.D." with Ron Eldard and Giancarlo Esposito; and Thursday's "Sinbad" starring the comic from NBC's defunct "A Different World."

One episode of "Star Trek" was based on the capture of the USS Pueblo during the Vietnam War.

Emmy winning journalist Linda Ellerbee anchors the ABC report "The Other Epidemic: What Every Woman Needs to Know About Breast Cancer," airing Tuesday.

Bonding, male bonding in 'Bakersfield P.D.'

BY JOHN CROOK

Ron Eldard and Giancarlo Esposito star in "Bakersfield P.D." on Fox.

"Bakersfield P.D.," the Fox comedy series debuting Tuesday, Sept. 14, will never be confused with Steven Bochco's already controversial ABC police drama "NYPD Blue." In fact, "Bakersfield P.D." is unlikely to be confused with anything else on TV this season.

The half-hour show focuses on two grotesquely mismatched police partners in Bakersfield, a small, conservative city in central California. Detective Paul Gigante (Giancarlo Esposito, "Malcolm X"), a half-black, half-Italian, all-business cop, has relocated there from Washington, D.C. Almost immediately he discovers his new home is a place where he can be mistaken for a criminal simply because of his skin color.

At the police station, Gigante is paired with a laid-back, very white trivia buff, Detective Wade Preston (Ron Eldard, "Scent of a Woman"), whose notion of professional police life is gleaned from vintage TV cop shows. Others on the force include the waffling Capt. Renny Stiles (Jack Hallett), his loyal champion, Sgt. Bill Hampton (Brian Doyle-Murray), handsome but none-too-bright officer Denny Boyer (Chris Mulkey) and his loose-cannon partner, Luke Ramirez (Tony Plana).

"Bakersfield P.D." explores the comic aspects of male relationships, especially the personal and professional bonds that develop when men work closely together.

The two lead actors share executive producer Larry Levin's hope that "Bakersfield P.D." will shatter some long-held myths and stereotypes about both gender and race.

"I think that men really do have relationships that are not looked at in a light way," says Esposito, "because it's taken for granted that ..." (he drops his voice into a bass register) 'We are macho and we are this.' This show is going to open inroads to females to watch and say, 'These men are really actually human – and they really do talk to each other like I talked to my girlfriend Lois.'"

Eldard adds that race is an element, but not the focus, of the new show.

"To approach those issues as just a strictly black and white thing is just – it's been done before," he says. "At a certain point, if it's not based on anything else, it really doesn't go anywhere."

"This is about two guys," Levin emphasizes. "Giancarlo plays a controlled person who's very buttoned-up and overthinks issues. ... Ron plays a character who's very emotional. He tries too hard. He violates personal space. So it's really a clash of style, more than anything."

Spielberg's 'seaQuest' may be NBC's folly

BY SUZANNE GILL

If new fall series were Christmas presents, "seaQuest DSV" would be the whopper, the dream-come-true that would take a child's breath away. "seaQuest," debuting Sunday, Sept. 12, on NBC, is the season's big-budget, high-concept signature piece, complete with the flashy Steven Spielberg brand name.

Costing $2 million per episode, the science-fiction drama is set aboard an undersea leviathan with combined military, rescue and research applications. Roy Scheider plays the developer and eventual captain of the sub, Stephanie Beacham ("The Colbys") is the head research scientist, and Don Franklin ("The Young Riders") is the second in command. There's even a dolphin, Darwin, who has the run of the ship in special saltwater-filled tubes. Real-life scientist Robert Ballard is the series' consultant, and the high-tech effects include computer animation, holographic projections and virtual reality.

Unfortunately, "seaQuest" borrows heavily from both "Star Trek" and "Star Wars," from its unisex uniforms and "Captain to the bridge!" dialogue to its rebel forces (bad guys, this time), mining colonies and hot-shot pilots in one-man vehicles. Worse, the overacted two-hour pilot episode is utterly predictable and even provides unintentional laughs.

The last laugh, though, goes to executive producer Spielberg, who has a 22-episode order from NBC, plus a guarantee that all the episodes will air. That's more time than any other new series will have to emerge from the depths.

SPECIAL EDITION

Something borrowed, something new on TV

BY STUART A. HESSNEY

Robert Townsend

There's something old, something new, something borrowed and something blue on television for fall 1993.

Launching 34 new shows, the networks are hoping to be winners in the ratings game, not bridesmaids. New series offer something old in the variety format of "Townsend Television," something new in Faye Dunaway's comedy "It Had to Be You," something borrowed in "Frasier," a "Cheers" spinoff, and something called "NYPD Blue" stirring controversy. A summary of new series follows, with upcoming premiere dates in parentheses, where available.

SUNDAY

Robert Townsend attempts to revive a dead genre with Fox's first variety show, "Townsend Television" (Sept. 12). Fox's new schedule already includes "Living Single" and Richard Lewis and Don Rickles in "Daddy Dearest." Steven Spielberg produces NBC's "seaQuest DSV" (Sept. 12), and a comic book legend gets romantic in "Lois & Clark: The New Adventures of Superman" (Sept. 12) on ABC.

MONDAY

Harry Anderson portrays newspaper humorist Dave Barry in CBS' "Dave's World" (Sept. 20).

TUESDAY

NBC is banking on "Saved By The Bell: The College Years" (Sept. 14) plus "The John Larroquette Show" and "The Second Half." On ABC, "Phenom" (Sept. 14) features a tennis prodigy, while Stephen Bochco jazzes up his "Hill Street Blues" format with language and nudity that push the standards-and-practices envelope in "NYPD Blue." Action and humor mix on Fox's "Bakersfield P.D." (Sept. 14).

WEDNESDAY

Top-rated "Home Improvement" is the veteran anchoring four new shows on ABC: "Thea," "Joe's Life," "Grace Under Fire" and "Moon Over Miami" (Sept. 15). Bronson Pinchot, no stranger to life in a sitcom, comes back from the dead in "The Trouble With Larry" on CBS. "The Nanny" (Oct. 27) and "South of Sunset" also join the CBS lineup.

THURSDAY

"The Sinbad Show" (Sept. 16) brings the comic to Fox prime time as a bachelor foster father. Kelsey Grammer moves his "Cheers" character to Seattle in NBC's "Frasier" (Sept. 16). Peggy Lipton stars in "Angel Falls" on CBS, and Daniel J. Travanti plays a cop, again, in ABC's "Missing Persons."

FRIDAY

Oscar winner Faye Dunaway comes to the tube in "It Had to Be You" (Sept. 19) on CBS. Peter Scolari stars in CBS' "Family Album" (Sept. 24). ABC adds "Boy Meets World," and NBC kicks around a pigskin plot in "Against the Gram" (Sept. 30). "The Adventures of Brisco County, Jr." and "The X Files" air on Fox.

SATURDAY

NBC offers "The Mommies" and "Cafe Americain" (both Sept. 18). Boxer George Foreman and comic Paula Poundstone (Oct. 30) see their names in lights at ABC; he in a sitcom, "George"; she in a self-titled talk variety show. Beau Bridges headlines CBS' "Hans of the West" (Sept. 25).

IN FOCUS

Emmy winning actor Kelsey Grammer keeps a little bit of Cheers alive as he takes on the title role in the NBC sitcom Fraser premiering Thursday, Sept. 16.

Dr. Fraser Crane trades in his Boston barstool for a Seattle radio broadcaster s chair following the demise of his troubled marriage. The new job and new life seem to herald better things for Fraser until his gruff, ailing father (John Mahoney) moves in with him.

Jr. Woman's Civic Club Has Annual Membership Drive

The Junior Woman's Civic Club held its annual membership drive on September 2 with a soup and salad dinner at Uno's Restaurant. Prospective members who attended were: Frances Callis, Deanna Groves, Janet Herring, Cheryl Miller, Donna Paul, Debbie Raynovich, Kimberly Shomo, Tracy Slagle, Mari Vaughn, and Lori Yant.

Following the dinner the club and committee members conducted an introduction of the various committees and their functions for the benefit of prospective members. The club received a financial report and update regarding the success of the Pizza Shack at the Garrett County Fair. Final preparations were made for the Mini-Bucks Bingo Games to be held September 11 at the Genus Center. Tickets can be purchased at J&K Variety Store or by calling Beverly at 387-9629 or Debbie at 334-3917.

The door prize, a flower arrangement, was won by Lori Yant.

The next meeting is scheduled for October 7 and will be a hayride and campfire at Western Trails. For further information, persons may call Pam Holloway at 387-5844 or Vicki Naliborski at 387-6890.

JWCC is open to all women 18 and older and interested persons may contact Debbie Weissgerber, membership chairman, at 387-4141 for further information.

WXIE RADIO RECOGNIZED – Brian Edwards and Brenda Butscher of WXIE are recognized by Nancy Forliter (left), Western Maryland regional director for the American Lung Association of Maryland, for helping the ALAM to raise $84,000 to fight lung disease. WXIE was a media sponsor of the Golf Privilege Card, which entitles card holders to free rounds of golf at participating courses throughout the state. The 1993 sales for the card were triple those of the previous year, raising funds for lung disease research, advocacy to combat environmental hazards to breathing, and teaching programs so that individuals can recognize, prevent, and manage lung disease. Sales of the 1994 Golf Privilege Card begin in November. For more information, persons may call 800-492-7527.

TICKETS ON SALE FOR CAL THOMAS DINNER – Michael Monahan, city administrator of Frostburg, is shown purchasing a ticket from Robyn Hager-Sine of the Mary Carol Shop in Frostburg for the Cal Thomas dinner/speaking engagement. The event will take place on Friday, Sept. 17, at 6 p.m., at the Cumberland Holiday Inn. Tickets are now available by reservation only by calling 301-724-4992. The dinner is sponsored by the Allegany and Garrett County Right to Life chapters.

Homecoming Slated At Glendale Church

The annual homecoming will be held at the Glendale Assembly of God Church, located off U.S. Rt. 219 and Md. Rt. 495 at Deep Creek Lake on the Glendale Road.

The event will begin with Sunday school at 10 a.m., followed by the worship service. A basket lunch will be held on the grounds following the morning worship service.

The Royal Sounds of Pennsylvania, an old-fashioned gospel music group, will provide entertainment at the afternoon service to begin at 1:30 p.m. There will be no nightly service.

Pastor Paul Galizen invites all to attend.

DNR Survey Shows Marylanders Enjoy Viewing Wildlife

Maryland Department of Natural Resources (DNR) Secretary Torrey C. Brown, M.D., announced this week that 58 percent of Marylanders take a special interest in wildlife around their homes, according to survey results of Maryland citizens 18 years and older.

That percentage translates into two million Marylanders feeding, observing, or trying to identify wildlife around their homes. Forty-six percent of the total Maryland population took this special interest in wildlife around their homes daily or weekly. Survey results will be used in a statewide effort to promote wildlife as an important component of outdoor recreation.

"These figures are extremely encouraging for our efforts to teach people about wildlife in their backyards," Dr. Brown said. "We will be carefully considering our current backyard wildlife program. Wild Acres, and how to expand it in the light of this new information about our citizens."

Fifty-three percent of the population maintained natural areas on their properties for wildlife in the past 12 months, making backyard wildlife a winner in the numbers game in comparison with other outdoor recreation options measured in the survey. Backyard wildlife beat out many popular activities. Twenty-nine percent of Marylanders participated in hiking, 33 percent went fishing, and 18 percent went camping.

The survey showed that 21 percent of Marylanders took trips in the past 12 months within the state to see wildlife. A full three-quarters of the population described themselves as interested in seeing or observing wildlife. Of these, 78 percent said they were likely to take a trip to see wildlife in Maryland in the next three years.

DNR is looking at ways to promote wildlife tourism for both in-state and out-of-state residents. This survey helps confirm the interest in wildlife tourism in Maryland.

"From waterfowl on the bay to bald eagles to white-tailed deer and songbirds, Maryland has a lot to offer those who want to enjoy wildlife in their habitats," said Edith Thompson, an urban wildlife biologist for DNR's Wildlife Division. "Seeing wild animals, like the bald eagle flying free, touches something special in many people. It's something they never forget."

The survey results will be used to target wildlife programs to address specific needs of Marylanders. "Getting people more involved and interested in wildlife activities is vital to the conservation of the state's rich wildlife resources," Dr. Brown said.

The survey was designed to measure participation in wildlife recreation in Maryland statewide and was funded by contributions to the Chesapeake Bay and Endangered Species Fund. Donations may be made by checking line 63 of the Maryland state income tax form and indicating the donation amount.

Pine Grove Church At Camp Galilee

The Pine Grove Church of the Brethren will be spending the weekend of September 11 and 12 at Camp Galilee, Terra Alta, W.Va.

There will be vesper services on Saturday at 6:30 p.m., on the shore of the lake, with a hot dog roast and Family Fun Talent Night to follow.

All Sunday services will be held at the camp. Sunday school is at 10 a.m. and the worship service will be at 11 a.m. A covered dish dinner will complete the weekend.

Physical Therapy, Arthritis To Be Program Topic

An educational evening on physical therapy and arthritis will be held Tuesday, September 14, from 7 to 9 p.m., at the Garrett County Memorial Hospital board room. The event is being sponsored by the Western Maryland Branch of the Maryland Chapter of the Arthritis Foundation.

Mike Voelkel, physical therapist at Garrett Memorial, will be the featured speaker at the event. He will be addressing the link between physical therapy techniques and the treatment of arthritis.

The educational evening is free and open to the public. Refreshments will be served.

For more information or to pre-register, persons may call 334-2155, ext. 395 or 1-800-365-3811.

Catch-A-Poacher Program Provides $2,250 In Rewards

Maryland's Catch-A-Poacher review board recently authorized the largest payment to date, making awards totalling $3,350 to 13 individuals throughout the state.

Information supplied by these persons who called the Maryland Natural Resources Police (NRP) Catch-A-Poacher (CAP) hotline, resulted in the arrest by the NRP, the state's conservation law enforcement agency, and conviction of numerous game and fish law violators. Many of the cases involved illegal shooting of deer and possession of striped bass during a closed season.

A significant number of persons who call the hotline request anonymity and refuse any award.

"Other callers identify themselves and provide valuable information for conservation law enforcement," said Col. Franklin I. Wood, superintendent of the NRP. "The information provided frequently results in an investigation and conviction of game and fish operations involving illegal methods, closed seasons and threatened or endangered species."

"CAP is a very important enforcement tool since it saves man-hours and often results in arrests where violations may have gone undetected for years," said Lt. David Street, the NRP's CAP program coordinator.

The Catch-A-Poacher Program is funded wholly by private donations. Awards, from $50 and up, are made to individuals who call on the CAP toll-free hotline (1-800-635-6124). Interested individuals or organizations may send contributions to: Catch-A-Poacher Program, Department of Natural Resources, C-3, 580 Taylor Ave., Annapolis, MD 21401.

SCHAEFER GREETS CLINTON – Governor William Donald Schaefer spoke privately with President Bill Clinton during the president's visit to the University of Maryland at College Park on August 31 to recognize the national community service pilot program, "Summer of Service." Baltimore was one of 16 cities chosen by the Clinton Administration as a Summer of Service site. Seventy-five students participated in Baltimore's program, called "M-POWER," cleaning up streams and tutoring middle-school students, among other projects. The governor also took the opportunity to admire the President's colorful tie.

Christian Women To Meet Sept. 15 At Will O' Wisp

The Christian Women's Club of Oakland will host a luncheon with the theme "Fair Time in the Country" on Wednesday, September 15, 11:30 a.m. to 1:30 p.m., at the Will O' the Wisp. The club invites all area women to attend.

The speaker, Shirley Ludwig, Erie, Pa., will be bringing a "Blue Ribbon Message" and will also be singing some "Prize Winning Melodies." Mrs. Ludwig is a former area representative in the Stonecraft Ministry.

The special feature this month will be the "Annual Country Auction," featuring crafts, homebaked items, etc. All proceeds will go toward the club's Christmas offering to the Stonecraft Missionary families.

For registration persons should call Beverly Barb at 387-9112 no later than September 13. A free nursery is provided. The costs of the luncheon is $6.50 per person. All reservations must be honored.

Sierra Club To Discuss Black Bear Options

The Potomac Chapter - Western Maryland Group of the Sierra Club will be meeting on Tuesday September 14, at 7:30 p.m., at Frostburg State University's Lane Center, Rm. 140-41, for a discussion with regional wildlife managers about Maryland's black bear management plan.

Tom Mathews, regional wildlife manager of the Maryland Department of Natural Resources, will lead a discussion and slide show about the new management plan and alternative approaches.

Also scheduled to speak is Dennis Jones, Pennsylvania Game Commission, and Joe Reisenberger, West Virginia Wildlife Division, on their respective state's bear management programs.

Tracy Webster, a wildlife management student at Frostburg State University, will also speak to the group about the university's research program in Garrett County.

The meeting is free and open to the public, and refreshments will follow. More information may be obtained by calling Louis Bernstein at 1-301-777-3212.

What's Cooking?

Vegetarian

From top: Sonoma Tomato Tapenade, Vegetable Rice Soup, Herbed Vegetable Kebabs, Black Bean Pilaf

Now is the time to hitch a ride on the new wave of American cookery. New approaches to vegetarianism, one of the oldest philosophies of eating, are now appealing to today's health-conscious consumers. This new approach redistributes the portions on the typical American dinner plate in a revolutionary reversal of traditional roles. Hearty grain and vegetable dishes take center stage as the stars of the meal, making it easier than ever before to eat the USDA's recommended six to eleven servings a day of grains and five servings a day of fruits and vegetables.

Vegetarian cooking uses a creative blend of simple, yet readily available ingredients to explore fresh new combinations. Satisfying dishes with exciting flavors can be easily prepared from ingredients like dried tomatoes, olive oil, onions and rice.

Rice, a complex carbohydrate, provides the foundation for this vegetarian meal. Rice with beans, peas and nuts forms a complete source of protein. The possibilities are endless with this versatile grain.

Using onion with its many exciting flavors is the natural and healthy way to flavor low salt recipes. Cooked or raw, it retains its many healthy qualities and may reduce blood pressure and lower cholesterol levels. The storage onions available this time of year will keep for extended periods of time, so buy ample amounts to have on hand.

The intense flavor of dried tomatoes adds a touch of style to everyday dishes. Add dried tomatoes to main dishes, salads and dressings—or use as a spread for breads. Look for Roma tomatoes, dried without salt or sulfites, for pure tomato flavor.

Olive oil lends a great flavor that can be used in salad dressings, sauteed vegetables or drizzled over foods. Olive oil is high in monounsaturated fats and, when substituted for saturated fat, may lower the "bad cholesterol" without lowering the "good cholesterol." The caloric content of olive oil is the same as other cooking oils, but because the flavor is more intense, you'll use much less.

Eating styles, like lifestyles, are highly personalized and can work in concert to promote good health. These surprisingly simple recipes made with superbly flavorsome ingredients offer you a new twist to trusted favorites and a worry-free opportunity to enjoy the new wave of vegetarian cooking.

Herbed Vegetable Kebabs

- 3/4 cup olive oil
- 1/4 cup balsamic vinegar
- 1 tablespoon chopped fresh basil leaves*
- 1 tablespoon chopped fresh rosemary*
- 1 tablespoon chopped fresh thyme*
- 1/4 teaspoon salt
- 1/4 teaspoon ground black pepper
- 1 medium red onion, cut into eight wedges
- 1 medium red bell pepper, cut into eight chunks
- 1 medium zucchini, cut into 1-inch slices
- 2 ears corn, cut into 3/4-inch slices
- 8 large fresh mushrooms

Combine olive oil, vinegar, basil, rosemary, thyme, salt and pepper in medium bowl. Place onion, red pepper, zucchini, corn and mushrooms in plastic bag with zippered closing; add olive oil mixture to bag. Seal; shake or turn bag to coat. Marinate in refrigerator 2 to 4 hours.

Remove vegetables from marinade; reserve marinade. Thread vegetables onto 8, 10-inch skewers. Grill or broil 4 to 5 inches from heat, turning, and basting with reserved marinade, 10 to 15 minutes, or until vegetables are tender.

Makes 4 servings.

*Substitute 1 *teaspoon* dried herbs for fresh herbs, if desired.

Each serving provides 166 calories, 3 g protein, 11 g fat, 17 g carbohydrate, 3.2 g dietary fiber, 0 mg cholesterol and 46 mg sodium.

Black Bean Pilaf

- 1 tablespoon olive oil
- 1 medium onion, sliced
- 1/2 cup drained Sonoma marinated dried tomatoes, chopped
- 1 16-ounce can black beans, drained and rinsed
- 1/4 teaspoon salt
- 1/4 teaspoon ground black pepper
- 3 cups cooked brown rice (cooked in vegetable broth)

Heat olive oil in large skillet over medium-high heat until hot. Add onion, tomatoes, black beans, salt and pepper; cook 3 to 5 minutes or until flavors are well blended. Stir in rice and heat thoroughly. Serve with Herbed Vegetable Kebabs.

Makes 4 servings.

Each serving provides 385 calories, 15 g protein, 7.3 g fat, 67 g carbohydrate, 8 g dietary fiber, 0 mg cholesterol and 193 mg sodium.

Sonoma Tomato Tapenade

- 1/2 cup boiling water
- 2 cups (3 ounces) Sonoma dried tomato halves
- 1/3 cup olive oil
- 1/3 cup pitted ripe olives
- 2 medium cloves garlic, coarsely chopped
- Salt, to taste
- 1 tablespoon drained capers
- 1 tablespoon lemon juice
- 1-1/2 teaspoons dried basil
- 1/8 to 1/4 teaspoon ground black pepper

In small bowl pour boiling water over tomatoes; toss and press down to soften. Set aside 10 minutes. In container of food processor fitted with steel blade, combine tomatoes (with water), olive oil, olives and garlic. Process, pulsing on and off, until almost smooth. Season with salt, if desired. Add remaining ingredients and process until almost smooth. Cover and store in refrigerator up to 2 weeks. Serve as a spread for crusty bread or toast.

Makes about 1-1/3 cups.

Each tablespoon provides 44 calories, 0.6 g protein, 4 g fat, 3 g carbohydrate, 0.1 g dietary fiber, 0 mg cholesterol and 149 mg sodium.

Other uses for Sonoma Tomato Tapenade:

Mix with equal parts of reduced-calorie mayonnaise and use as a sandwich spread.

Toss with hot cooked vegetables such as green beans or zucchini.

Mix into hot rice pilaf.

Vegetable Rice Soup

- 1 tablespoon olive oil
- 2 medium onions, sliced
- 1 carrot, shredded
- 2 ribs celery, thinly sliced
- 2 14-1/2-ounce cans vegetable broth
- 2 cups water
- 1 teaspoon Italian seasoning
- 1/2 teaspoon salt
- 1/2 teaspoon ground black pepper
- 3 cups cooked rice

Heat olive oil in large saucepan or Dutch oven. Add onions; saute about 5 minutes or until slightly browned. Add carrot and celery; saute about 3 minutes. Add broth, water, Italian seasoning, salt and pepper. Bring to a boil. Reduce heat, cover and simmer 10 minutes or until carrots are tender. To serve, ladle soup in bowls; top each serving with 1/2 cup rice.

Makes 6 servings.

Each serving provides 135 calories, 2.8 g protein, 2.5 g fat, 25.4 g carbohydrate, 1.7 g dietary fiber, 0 mg cholesterol and 634 mg sodium.

Savory Rice-Nut Loaf

- 3 cups cooked brown rice
- 2 cups (8 ounces) shredded mozzarella cheese
- 1/2 cup drained Sonoma marinated dried tomatoes, chopped
- 4 eggs, lightly beaten
- 1 medium onion, chopped
- 1/2 cup Italian-style breadcrumbs
- 1/4 cup chopped walnuts
- 1/4 cup sunflower nuts
- 1/2 teaspoon salt
- 1/4 teaspoon ground black pepper
- 1 16-ounce jar spaghetti sauce (optional)

Combine rice, cheese, tomatoes, eggs, onion, breadcrumbs, walnuts, sunflower nuts, salt and pepper; pack into greased 9-inch loaf pan. Bake at 350 degrees F 40 to 45 minutes until firm. Let cool in pan 10 minutes; unmold and slice. Serve with heated spaghetti sauce, if desired.

Makes 6 servings.

Each serving provides 461 calories, 22 g protein, 21 g fat, 49 g carbohydrate, 3.8 g dietary fiber, 170 mg cholesterol and 964 mg sodium.

Orange-Onion Salad with Dried Tomato Dressing

- 1 cup water
- 1/3 cup drained Sonoma marinated dried tomatoes
- 1/4 cup olive oil (from tomatoes)
- 3 to 4 tablespoons red wine vinegar
- 1 teaspoon sugar
- 1 large clove garlic, coarsely chopped
- 3 tablespoons fresh parsley leaves
- 1/2 to 1 teaspoon salt
- Hot pepper sauce, to taste
- 6 cups lightly packed crisp salad greens, torn into bite-size pieces
- 2 navel oranges, peeled and sliced
- 1 medium red onion, sliced and separated into rings

Combine water, tomatoes, olive oil, vinegar, sugar and garlic in container of electric blender. Blend until smooth. Add parsley; blend until parsley is finely chopped. Mix in salt and pepper sauce. To serve, arrange greens, orange slices and onion rings on salad plates. Spoon 3 tablespoons dressing over each salad. Refrigerate leftover dressing in covered container up to 1 week.

Makes 4 servings (about 1-1/2 cups dressing).

Power Seminar For Business Leaders Slated

"Moving Toward Quality and Beyond," a Power Seminar, will be presented on Wednesday, September 22, at Garrett Community College to acquaint area business owners and managers with the potential benefits of using total quality customer service techniques in the small business setting.

Power Seminars are offered twice a semester at GCC for the local business community. According to Sandy Major, program coordinator, they are designed to increase awareness about vital and timely topics. Each seminar is presented in a short informative format and provides time to network with owners and managers from a variety of local businesses.

Major said that 60 percent of American businesses are now using some form of total quality practices to meet competitive challenges in today's business world. "Across the nation companies -- large and small -- are implementing quality steps designed to increase productively and profitability," she said. "Today small service and manufacturing companies are increasingly recognizing the benefits of using quality principles to meet customer needs. These include: restaurants, car dealers, clothing stores, repair garages, grocery stores, motels, machine shops, resorts, and a variety of small manufacturers.

"What is Total Quality Customer Service? How well does it work for the small business? It is important in the management of service businesses? These are the issues that will be explored during the Power Seminar," Major said.

It is designed to provide an opportunity for area businesses to determine if and how Total Quality Service will be a part of their competitive strategy, she added.

The program will begin with an examination of the potential benefits of Quality Customer Service. The "how to's" of implementing quality customer service will be explored during the second part of the program. This will include a presentation by Butch Sumpter, plant manager for Bausch & Lomb. Focus groups will also meet to discuss the way to start providing quality customer service in the small business setting. Major said the seminar will be beneficial to those who have attended former quality sessions, as well as those who are just starting to learn about quality. A buffet lunch following the presentation will provide an opportunity for further discussion among those attending the session.

This Power Seminar will meet from 9 a.m. to 12:30 p.m. on September 22 at the McHenry Campus of GCC. It is being sponsored by The Small Business Development Center at GCC and the Western Maryland Small Business Development Center.

Since space is limited, those interested in attending should register immediately. To register or obtain additional information, persons may call Sandy Major or Ann White at the GCC Small Business Development Center at 387-3101 or 387-3080.

Costume Animal Parade A Big Success At Fair

A new event was held at the Garrett County Fair this year. On Friday night a large crowd of spectators formed at the show arena to enjoy the Costume Animal Parade Event.

The 4-H'ers and their animals participated by both wearing costumes which were judged on originality, workmanship and overall appearance and eye appeal.

Four veal calves, three horses, and nine sheep in costumes, paraded with their owners. The Grand Champion was Morgan Rodeheaver and her steer, Garth Morgan dressed as a guitar, while Garth represented country singer Garth Brooks, complete with cowboy hat, boots and a western belt. The runner up was Rachel Lane. Rachel became "Jane of the Jungle." Her roan colored horse was striped with white and became a zebra.

Other participants in the veal class included Bryan Barnard as a fireman with his veal calf as a dalmatian dog, Katie Steyer the Indian Princess, her calf was her dream prince, and Sharon Bolyard traded places with her calf in a cow costume.

In the horse and pony category Marcella Moreland's pony wore an itsy-bitsy yellow polka-dot bikini, and Jamie Jacoby and his spotted horse appeared as a fireman and his dog.

Alicia DeWitt paraded to "Sphsh-Splash I Was Taking A Bath" with her lamb carrying the towel and rubber ducky. Kanya Knox and her lamb were the tortoise and the hare. Erick DeWitt, a wild west outlaw, saddled up his lamb. Sarah Pysell and her lamb were attired in western garb. Bobby Barnard waited for his lamb to appear as the tooth fairy.

Older 4-H'ers and their lambs participating were: Kista Knox and her square dance partner, Jennifer Barnard, the pirate and her lamb, parrot; Donnette Riley and her "Lambosaurus" and Dawn Lohr and her back-pack toting lamb.

ANIMAL COSTUME PARADE WINNERS -- Winners in a new event, the Costume Animal Parade, this year at the Garrett County Fair, are: Grand Champion, Garth Brooks (far left), and his guitar, Morgan Rodeheaver. They are being presented their trophy by First Runner-Up Garrett County Farm Queen Kim Miller. Below, "Jane of the Jungle," Rachel Lane, and her "zebra" were named runner-up. See separate story for more details.

The contest was a great success and plans are being made to enlarge and improve the event for next year. Judges for the event were Kevin Dodge and Joan Sussman.

Meat Labeling Process Causes Some Concern

Farm Bureau supports regulations to require safe handling labels on meat and poultry products, but believes USDA should allow more time to implement the program.

The safe handling labels will be mandatory on all raw meat and poultry products by Oct. 15. Public comments are being accepted until Sept. 15.

According to the interim rule published in the Aug. 16 *Federal Register*, the action is being taken in an effort to reduce the risk of food-borne illness. The instructions will address safe storage, prevention of cross-contamination, cooking and handling of leftovers.

In comments to USDA, Farm Bureau voiced concerns with the "abrupt regulatory process" being pursued to mandate the program.

"We believe full compliance by Oct. 15 will not be achievable and will place an undue burden on the livestock and poultry industries," Farm Bureau said in the letter. "The brief length of time to comply is further compounded by the fact that the exact wording of the mandated label is only an interim statement and may be changed after the mid-October date."

Shortly after an outbreak of food-borne illnesses in the Pacific Northwest earlier this year, Jeremy Rifkin's Beyond Beef Coalition filed a lawsuit against USDA Secretary Mike Espy seeking mandatory "warning" labels on beef and poultry products.

USDA already had begun a program that emphasized safe handling of meat and poultry products, but the lawsuit put the mandatory label process on a faster track.

In the interim rule, USDA stated that most food-borne illness associated with meat and poultry products can be attributed to some improper handling or cooking practices, and that "the rule will address the entire $3.8 million to $4.3 million of cost attributable to meat and poultry products."

The department also plans a comprehensive information and education campaign to increase consumer awareness of the new labels.

Corn Harvest Now Underway

Through the week ending September 5, Maryland farmers harvested three percent of the corn for grain acreage, most of which was harvested in the Northern Eastern Shore. This was more than the one percent harvested at this time last year and equal to the three percent normally harvested at this time of year.

Across the state, topsoil moisture was rated 29 percent very short, 42 percent short, 29 percent adequate, and none surplus. Subsoil moisture decreased to 29 percent very short, 57 percent short, 14 percent adequate, and none surplus. Dry conditions allowed an average of 6.5 days suitable for fieldwork during the week, according to the Maryland Agricultural Statistics Service.

Statewide, hay supplies were short to adequate and pastures averaged in very poor condition. Soybeans were in poor to mostly fair condition, field corn was in poor to fair condition, and sorghum was in fair condition. Spider mites and earworms continue to be problems in many areas.

Crop progress in Maryland for the week ending September 5 was as follows, listing the crop, the percentage for this year, the percentage for last year, and the average percentage.

Corn in dough stage or later, 88, 75, 89; corn in dent stage, 66, 47, 70; corn in mature stage, 19, 7, 25; corn silage harvested, 28, 8, 28; corn grain harvested, 3, 1, 3; soybeans setting pods, 81, 72, 80; soybeans turned, 5, 4, 8; sorghum turned, 6, 19, N/A; sweet corn harvested, 95, 88, 91; potatoes harvested, 95, 97, 88; alfalfa hay, third cutting, 97, 86, 89; alfalfa hay, fourth cutting, 44, 19, 26; other hay, third cutting, 47, 36, 27; other hay, fourth cutting, 43, 6, 4; peaches picked, 91, 82, 86; apples picked, 24, 16, 28.

WEATHER

Maryland weather for the week ending September 3 had above normal temperatures and variable precipitation. Temperatures averaged 81.5 degrees, 9.9 degrees above the normal of 71.6 degrees for the August 28 to September 3 period. Minimum temperatures ranged from 59 degrees at Oakland to 72 at Washington National, but generally in the mid 60s. Maximum temperature was 98 degrees at many locations and generally in the mid 90s. Precipitation averaged 0.26 inch, 0.67 inch below the normal of 0.93. Precipitation ranged from 0.00 at many stations to 3.29 inch at Smithsburg. Regional averages were: Western, 1.12, North Central, 0.13, Southern Maryland west of the Bay, 0.16, and the Eastern Shore, 0.01.

Regents Approve A $1.6 Billion Operating Budget For U. of Md.

The University of Maryland System (UMS) Board of Regents has unanimously approved a $1.6 billion operating budget for the University System for fiscal year 1995. The board took this action at its meeting at the University of Maryland Baltimore County in Catonsville.

In other action, the board accepted UMS Chancellor Donald N. Langenberg's recommendations to enhance the system's delivery of agricultural education, research, and service. Among the chancellor's recommendations was the assignment of the administrative responsibility of the Agricultural Experiment Station and the Cooperative Extension Service, both statewide agriculture programs, to the University of Maryland College Park (UMCP). This action places the functions and responsibilities for these statewide programs and for resident instruction at one institution, thereby maximizing coordination and cooperation. The Cooperative Extension Service has been separate from the College Park campus since 1976; the Agricultural Experiment Station since 1979. The System's two land-grant institutions -- UMCP and the University of Maryland Eastern Shore (UMES) -- will continue to work cooperatively in the area of agriculture.

The budget approved by the board now must be submitted to Maryland Governor William Donald Schaefer for his consideration. It represents a slight increase of 1.5 percent over the University System's current (FY 1994) operating budget to cover inflation. The budget includes $525.6 million in general (or state) funds, a 9/10 percent increase over the University System's current level of general funds but 19 percent less than the $649 million in general funds included in the System's operating budget just three years ago.

Also included in the budget is an average 7.3 percent increase in tuition for the University System's 11 degree-granting institutions, though the specific increases vary widely. The budget provides for tuition changes for full-time, in-state undergraduates ranging from no increase at Coppin State College ($2,669 to $2,919). For full-time, out-of-state undergraduates, changes range from no increases at the University of Maryland Baltimore County ($7,992 annually) and the University of Maryland Eastern Shore ($6,949 annually) to a 15 percent increase at the University of Baltimore ($4,738 to $5,448 annually).

The FY 1995 tuition schedule is the first one developed in accordance with the UMS tuition policy approved by the Board of Regents last June. Policy guidelines call for full-time, out-of-state undergraduates to pay the full cost of education, whole full-time, in-state undergraduates pay 30-45 percent of the full cost. To minimize the impact of abrupt changes in tuition, the policy allows institutions to implement the guidelines over a four-year period beginning in FY 1995.

The board's actions to enhance agricultural programs systemwide follow comprehensive studies of the quality of the University System's delivery of agricultural education, research, and service. Both the Blue Ribbon Committee on Research and Public Service (appointed by the board) and the Agricultural Options Committee (appointed by the chancellor) concluded that improvements were needed in the programs provided by the College of Agriculture at College Park (UMCP) and the Maryland Institute for Agriculture and Natural Resources (MIANR), a separate institution comprising the Agricultural Experiment Station (AES) and the Cooperative Extension Service (CES) within the University System.

Among the problems identified in the agricultural programs were:

Divided authority and responsibility, and therefore divided accountability for the agricultural programs as well as unnecessary duplication of administrative expenditures;

The need to strengthen academic programs in agriculture and related disciplines;

An absence among many, particularly faculty, of a belief in and a feeling of ownership of the System's present organizational arrangements for agriculture, attributed by the Agricultural Options Committee to inadequate consultation.

Accordingly, the board approved the following recommendations from Chancellor Langenberg:

Effective October 1, 1993, UMCP will have administrative responsibility for AES and CES, statewide agricultural programs.

The UMCP Dean of Agriculture will have a leadership role in agriculture and will ensure that both AES and CES are able to draw upon the resources of all UMS institutions.

Clear goals, expectations, and performance criteria for all individuals and units involved in agriculture programs will be established. Effective accountability mechanisms will be developed and instituted, including advisory and oversight bodies.

"The Board of Regents is firmly committed to maintaining and enhancing the University of Maryland Sys-

What to Do if Your Child Comes Home with Lice

- Don't panic, anyone—adults or children—can get head lice.
- Head lice are passed from person to person by direct contact or on shared objects (combs, towels, headphones, etc.).
- Head lice have nothing to do with cleanliness and can be easily eliminated.
- Check every member of the family for tiny white eggs (nits) on hair shafts, near the scalp.
- Use an effective head lice treatment on every family member with lice or nits.
- Several good treatments are available without prescription.
- After application, remove all nits by gently combing hair with the special nit removal comb provided with the lice treatment.
- Wash clothes, bed linens, and towels in hot water and dry on hot cycle for at least 20 minutes.
- Items such as headphones and helmets must be stored at room temperature in a tightly sealed plastic bag for at least two weeks.
- Soak combs, brushes, hair bands, etc., in water at least 130 degrees F for at least 10 minutes.
- Vacuum everywhere including carpets, pillows, mattresses, upholstered furniture, and even car seats.
- Head lice cannot survive on family pets, they need a human host, so you do not need to worry about treating pets.

Cleaning Your Garden

Harvest season is now winding down. Probably a lot of you are glad and ready to "hang up" the garden chores until next year. But before you completely quit, make sure your garden is "cleaned up."

Many diseases and insects over-winter in the old plant materials if left to lay in the garden. To minimize the potential problems for next season, remove all of the old plants and weeds from the garden. I would not recommend this material for compost that would return to the garden next spring.

Another good management practice is to seed your garden down with winter rye. Rye will establish this fall, lessening erosion and provide a green manure crop for plowing down next spring. Also, the roots of the rye will help prevent soil compaction.

Seeding Lawns

Now through early October is the best time to over-seed or establish a new lawn. Many lawns suffered damage from heat and drought are are in need of repair. If your lawn is like mine, a lot of broadleaf weeds, such as plantain, moved in this summer. These broadleaf weeds should be removed; however, selective broadleaf week killers, such as 2,4-D, should not be used in areas where seeding is planned. Instead, dig the weeds out by hand or sacrifice the entire area by using a non-selective weed killer such as Round-up, but it is best to wait a week to give the weeds sufficient time to die. It is extremely important that the new seeds are in good contact with the soil, therefore, you will need to loosen the soil by hand raking or using a de-thatching machine. Apply fertilizer and lime according to a soil test. Soil testing is a service provided by the Extension Service for a $5 fee.

Gardening Notes:

* Brussels Sprouts are more "tasty" if harvested after a frost.

* Fruit trees that bore heavily without being thinned this year will not bear heavy next year.

* Blossom End-Rot of tomatoes is not a disease. The rot is caused by lack of calcium being transported to the fruit.

Controlling Insects In Stored Grains

Already I have had reports of insect damage in stored small grains. I should have had the following information in the Farm-O-Gram at least a month ago.

Insect damage in stored grains can certainly lower the nutrient value very quickly. Most grain insects can develop to damaging levels within a short period of time when temperatures are 60 to 70 degrees or higher. As the weather cools down, insect activity will decrease. But in the meantime they will be very active.

Prevention is the best, cheapest and most effective approach to keeping insects out of the stored grain. The first job in prevention is to thoroughly clean the bins at least two weeks before harvest. Of course all old grain, dust and debris should be removed. Spraying the entire bin with methoxychlor should follow. Use around a quart of 25% EC methoxychlor in 3 gal. of water.

The second step in prevention is to treat the grain with malathion as you are putting it in the bin. It is very important that the grain is dried down around 15% moisture. Malathion will break down quickly when moisture content approaches 20%.

What do you do if the grain is already in the bin and you didn't do any of the above? The first thing you do is cross your fingers and hope the insects stay away. Secondly, you may try to inject some malathion into the grain. The margin of success depends a lot on the type of bin. Spray the top of the grain and rake it in.

Check the grain regularly, particularly in warm weather, for the presence of insects. If populations are high enough to cause damage, you may have to transfer the grain to another storage bin, treating with malatiuon as you transfer it. You also could fumigate the grain, however, most of the fumigants are restricted-use and, in my opinion, somewhat dangerous to use.

Harvesting Corn Silage

Now, I know most of you know the "how's and when's" of harvesting corn silage. But a few reminders may help you put better feed in the silo.

Good corn silage is a high energy, palatable forage that fits very well into the feeding ration. I know of no other crop that can give you the amount of nutrients per acre as corn silage.

The first important task in harvesting corn silage is determining when to harvest. Maximum grain and silage dry matter will be harvested when corn is chopped at physiological maturity or "Black Layer" stage. You can check for the black layer development by splitting kernels lengthwise and looking for the black layer at the base of kernel. At this stage of development, most corn will be at 60 to 65% moisture which is ideal to put into the silo.

The next important task is making sure the length of chop is correct. Research indicates a 1/4 to 3/8 inch length of cut is ideal for corn at physiological maturity. Over 90% of the kernels will be scarified at this chop and passage of kernels into the manure will be minimum.

The next objective is to have proper fermentation in the silo. This is achieved by making sure the corn silage is packed tightly. This eliminates the oxygen, stimulating anaerobic bacteria to start the fermentation process.

Do you need silage additives? If you harvest your corn at the proper maturity it will contain ample sugars and carbohydrates for fermentation. The use of acids or preservatives to enhance fermentation would not be needed. On the other hand, if the corn silage was too dry and not packing well, additives could help. Keep in mind that there are very few products that will replace good management.

NAFTA Side Pacts Completed

The Clinton administration has finalized the side agreements for the North American Free Trade Agreement legislation. The entire package now goes to Congress in the form of implementing legislation that must be voted on but not amended by both House and Senate. With sharp divisions evident in nearly every sector affected by the pact, including agriculture, President Clinton may have to depend on Republicans more than Democrats to get the package through. The Clinton administration believes NAFTA will increase exports and add 200,000 U.S. jobs in the next two years.

The side accords create tri-national commissions to mediate potential labor and environmental disputes. A side agreement on import "surges" creates a working group that would serve as an "early warning system" that an import surge is likely to affect a particular industry in one of the three countries. Paul Drazek, international trade specialist with the American Farm Bureau Federation, said U.S. sugar, winter vegetable, and citrus interest, which had wanted protection against increased imports, will not be satisfied.

tem's service to the state's agricultural community," said Board Chairman George V. McGowan. "Chancellor Langenberg shares our commitment. Since joining the University System, he has worked diligently to develop appropriate responses to the needs of the agricultural programs and their clients. The board commends and supports fully the chancellor's efforts."

"On behalf of the University System, I thank the Blue Ribbon and Agricultural Options committees for their hard work and good counsel," said Chancellor Langenberg.

Added Langenberg: "Clearly, we cannot expect a change in administrative structure to respond to all of the issues that have been raised. However, the accountability measures that will be an integral part of the reorganized structure will help ensure a high degree of responsiveness and effectiveness."

Both McGowan and Langenberg also said that the enhanced programs at College Park along with programs at UMES will enable the University System to better serve the state's agricultural needs.

"We are pleased with the decision to return the Cooperative Extension Service and the Agricultural Experiment Station to College Park," said UMCP President William E. Kirwan. "It is an important more that underlines and reinforces our landgrant mission. We are committed to building an agricultural program that will be a source of pride to the University of Maryland System and will be of great value and service to the state."

MIANR as an administrative unit will no longer exist upon implementation of the board action. Every effort will be made to secure appropriate employment for displaced MIANR administrative staff. The AES and CES staffs are expected to remain intact.

The board charged UMCP President Kirwan and UMES President William P. Hytche to develop the implementation plan in consultation with Chancellor Langenberg. The plan is due to be presented to the board at its November 12 meeting.

Contract Documents

Contract Documents will be available for inspection during regular working hours at the Office of the Owner.

Contract Documents may be obtained from the Owner upon written request and remittance of full payment of fifty dollars ($50.00) for each set with checks made payable to the Garrett County Sanitary District, Inc. Payment will not be refunded, said payment being retained by the Owner to cover cost of printing, handling and shipping. Requests for Contract Documents shall be submitted to:

Garrett County Sanitary Commission
313 East Alder Street
Old Courthouse, Room 200
Oakland, Maryland 21550

All Bids must be made on the required Bid form. All blank spaces for Bid prices must be filled in, in ink or typewritten, and the bid form must be fully completed and executed when submitted.

The Owner reserves the right to waive any informalities or minor defects, to reject any and all Bids. Any Bid may be withdrawn prior to the above scheduled time for the opening of Bids or authorized postponement thereof. Any Bid received after the time and date specified will not be considered. No Bidder may withdraw a Bid within 90 days after the actual date of the opening thereof. Should there be reasons why the Contract cannot be awarded within the specified period, the time may be extended by mutual agreement between the Owner and the Bidder.

Bidders must satisfy themselves of the scope-of-work by examination of the site and a review of the Contract Documents including Addenda. After Bids have been submitted, the Bidder shall not assert that there was a misunderstanding concerning the quantities of work or of the nature of the work to be done. All excavation is unclassified without provisions for extra payment for rock excavation.

The Contract Documents contain the provisions required for the work included in the Project. Information obtained from an officer, agent or employee of the Owner or any other person shall not affect the risks or obligations assumed by the Contractor or relieve him from fulfilling any of the conditions of the Contract.

Bid Security and Bond Requirements

There are no bid securities or bond requirements for this project. Progress payments will be made for work in place and a ten percent (10%) retainage will be held on all work until the project is completed and the contract requirements are satisfied. Retainage in the amount of five percent (5%) of the final construction cost will be held for a one (1) year warranty period. Bidder may elect to provide a bond for one hundred percent (100%) of the construction costs in lieu of the five percent (5%) retainage.

The Owner may for any reason whatsoever, determine that it is not in its best interest to award a Contract, the Contract award will not be made by the Owner and the Owner will not then be liable for any payments whatsoever to the Bidder. Extension of time beyond the ninety (90) day period of the award may be made only by mutual agreement between the Owner and the Bidder.

The party to whom the Contract is awarded will be required to execute the Agreement within ten (10) calendar days from the date when Notice of Award is delivered to the Bidder. The Notice of Award will be accompanied by the necessary Agreement and contract forms. In case of failure of the Bidder to execute the Agreement, the Owners may, at his option, consider the Bidder in default.

The Owner within ten (10) days of receipt of an acceptable Agreement signed by the party to whom the Contract as awarded, will sign the Agreement and return to such party an executed duplicate of the Agreement. Should the Owner not execute the Agreement within such period, the Bidder may, by Written Notice, withdraw his signed Agreement. Such notice of withdrawal shall be effective upon receipt of notice by the Owner.

A conditional or qualified Bid will not be accepted.

Award will be made by the Owner to the lowest responsive and responsible bidder.

All applicable laws, ordinances, and the rules and regulations of all authorities having jurisdiction over the work shall apply to the Contract throughout.

Time For Completion

The successful bidder will be required to fully complete all contract work within forty-five (45) days of award of contract by the Owner.

Award of Contract

The award of any contract will be made by the Owner.

Bidders are cautioned that bids that are deemed by the Owner to be obviously unbalanced may be rejected.

The Owner reserves the right to reject any proposal for failure to comply with all requirements of this notice or of any of the Contract Documents; however, it may waive any minor defects or informalities at its discretion.

The Owner further reserves the right to reject all proposals, or to award a contract or contracts which in its judgment is in the best interest of the Owner.

Nondiscrimination of Employment

BIDDERS ON THIS WORK WILL BE REQUIRED TO COMPLY WITH THE PRESIDENT'S EXECUTIVE ORDER NO. 11246. THE REQUIREMENTS FOR BIDDERS AND CONTRACTORS UNDER THIS ORDER ARE EXPLAINED IN 41 CFR 60.4

Notice of Requirement for Certification of Nonsegregated Facilities

Bidders and offerors are cautioned as follows: By signing this bid or offer, the bidder or offeror will be deemed to have signed and agreed to the provisions or the "Certification of Nonsegregated Facilities" in this solicitation. The certification provides that the bidder or offeror does not maintain or provide for his employees facilities which are segregated on a basis of race, creed, color, or national origin, whether such facilities are segregated by directive or on a defacto basis. The certification also provides that he will not maintain such segregated facilities. Failure of a bidder or offeror to agree to the Certification of Nonsegregated facilities will render his bid or offer non-responsive to the terms of solicitations.

Date at Oakland, Maryland, this 27th day of August, 1993.

SUCCESSOR TRUSTEE'S SALE OF VALUABLE REAL ESTATE 6 UNIT APARTMENT BUILDING GRANT STREET, GRANTSVILLE, MARYLAND

FIRST PARCEL

BY VIRTUE of the power of sale contained in a deed of trust from Robert E. Bittinger and In Sok Bittinger, husband and wife for the benefit of Liberty Bank of Maryland dated March 26, 1992 and recorded among the Land Records of Garrett County, Maryland in Book 580 page 690, default having been made under the agreements, covenants and conditions of the deed of trust, I will offer the property described below at public auction in the rotunda of the Courthouse located on the corner of Third and Alder Streets in the city of Oakland, Garrett County, Maryland on Monday, September 27, 1993 at 10:00 a.m.:

ALL those certain lots, pieces or parcels of land situate, lying and being in the Town of Grantsville in Election District 3, Garrett County, Maryland, more particularly described as follows:

PARCEL ONE: BEGINNING for the same at a stake standing in the northeast corner of the 1.0 acre tract of land conveyed to Thomas R. Ferrell, et ux., by deed from Cecil Sebold, et ux., bearing date on the 27th day of June, 1967 and recorded among the Land Records of Garrett County, Maryland, in Liber R.L.D. No. 278, folio 492, said stake standing in the south margin of Grant Street Extension as said street is shown on the plat thereof as same is filed and recorded in the Office of the Clerk of the Circuit Court for Garrett County, Maryland, in Plat Case A.G.R. Drawer L, File 41, and running thence from said place of beginning, with said margin of said Grant Street Extension, as same is shown on said plat, South 78 degrees 09 minutes East 72 feet to a stake standing in said margin of said Grant Street Extension, as same is shown on said plat; thence South 15 degrees 24 minutes West 165 feet to a stake; thence North 78 degrees 09 minutes West 72 feet to the southeast corner of the said Ferrell 1.0 acre tract; thence with the first (east) line reversed of said Ferrell 1.0 acre tract, North 15 degrees 24 minutes East 165 feet to the place of beginning, containing 0.27 acres, more or less.

PARCEL TWO: BEGINNING for the same at a stake standing in the northeast corner of the 0.27 acre lot conveyed to Robert E. Bittinger, et ux., by deed from Cecil Sebold, et ux., bearing date on the 5th day of July, 1968, and recorded among the Land Records of Garrett County, Maryland in Liber R.L.D. No. 286, folio 403, said stake standing in the south margin of Grant Street Extension as said street is shown on the plat thereof as same is filed and recorded in the Office of the Clerk of the Circuit Court for Garrett County, Maryland, in Plat Case A.G.R. Drawer L, file 41, and running thence from said place of beginning, with said margin of said Grant Street Extension, as same is shown on said plat, South 78 degrees 09 minutes East 70 feet to a stake standing in said margin of said Grant Street Extension, as same is shown on said plat; thence South 15 degrees 24 minutes West 165 feet to a stake; thence North 78 degrees 09 minutes West 70 feet to the southeast corner of the said Bittinger 0.27 acre lot, thence the east line of the said Bittinger 0.27 acre lot, North 15 degrees 24 minutes East 165 feet to the place of beginning, containing 0.266 acres, more or less.

IT BEING the same property which was conveyed to In Sok Bittinger by deed of Robert E. Bittinger Contracting, Inc., dated February 9, 1987, and recorded in Deeds Liber 491, folio 274 among the Land Records of Garrett County, Maryland.

EXCEPTING, HOWEVER, from the above parcels of land the following parcels heretofore conveyed:

(a) 0.04 of an acre, more or less, conveyed by Robert E. Bittinger, et ux., to the Town of Grantsville by deed dated September 20, 1969, and recorded in Liber No. 294, folio 591 among the Land Records of Garrett County, Maryland.

(b) 330 square feet, more or less, conveyed by Robert E. Bittinger, et ux., to the Town of Grantsville by deed dated March 3, 1971, and recorded in Liber No. 308, folio 205, et seq., of the Land Records of Garrett County, Maryland.

SECOND PARCEL

ALL those lots, pieces or parcels of land situate, lying and being in the Town of Grantsville, Election District No. 3, Garrett County, Maryland, lying along the South side of Grant Street Extension and described as follows, to-wit:

BEGINNING at a stake standing in the south margin of Grant Street Extension, said stake standing North 78 degrees 09 minutes West 142.0 feet from the fourth corner of the 0.463 of an acre parcel that was conveyed to George Clayton Livengood and wife by deed from Cecil Sebold and Martha Sebold, his wife, bearing the date of the 14th day of May, 1965, and recorded among the Land Records of Garrett County, Maryland, in Liber R.L.D. No. 263, folio 544 and running thence from said beginning stake, South 15 degrees 24 minutes West 165.0 feet to a stake, thence North 78 degrees 09 minutes West 264.0 feet to a stake, thence North 15 degrees 24 minutes East 165.0 feet to a stake standing in the south margin of Grant Street Extension, thence with said south margin, South 78 degrees 09 minutes East 264.0 feet to the place of beginning, containing one acre, more or less.

EXCEPTING, HOWEVER, from the operation of this Mortgage one-half acre, more or less, conveyed by Robert E. Bittinger, et ux., to Gary W. Kamp, et ux., by deed dated August 6, 1985 and recorded in Liber No. 461 folio 228, et seq., of the Land Records of Garrett County, Maryland, and described as follows, to-wit:

BEGINNING at a stake standing in the south margin of Grant Street Extension, said stake standing North 78 degrees 09 minutes West 142.0 feet from the fourth corner of 0.463 of an acre parcel that was conveyed to George Clayton Livengood and wife, by deed from Cecil Sebold and Martha Sebold, his wife, bearing date the 14th of May, 1965 and recorded among the Land Records of Garrett County, Maryland in Liber No. 263 folio 544 and running thence from said beginning stake, South 15 degrees 24 minutes West 165.0 feet to a stake, thence North 78 degrees 09 minutes West 132.0 feet to a stake, thence North 15 degrees 24 minutes East 165.0 feet to a stake standing in the south margin of Grant Street Extension, thence with said south margin, South 78 degrees 09 minutes East 132.0 feet to the beginning, containing one-half of an acre, more or less, and being those parcels of land indicated as Lots Nos. 3 and 4 as shown on that certain plat filed among the Land Records of Garrett County, Maryland, in Deeds Liber 343 folio 343.

IT BEING a part of the land conveyed unto Robert E. Bittinger and In Sok Bittinger, his wife, by deed of Thomas R. Ferrell and Melba Ferrell, his wife, dated July 27, 1972, and recorded in Deeds Liber 327 folio 371, et seq., among the Land Records of Garrett County, Maryland.

The remainder of the aforesaid land conveyed herein is known as Lots Nos. 1 and 2 as shown on the plat filed among the Land Records of Garrett County, Maryland in Deeds Liber 343 folio 343.

ACCORDING to information supplied to American Trust Bank (the Lender), the second parcel is improved by a single one story brick apartment building covering 5,200 square feet of living space and six apartments. The building contains 3 two bedroom units and 3 three bedroom units. Each apartment also has a single bath plus a living room with dining area and a kitchen. A concrete block foundation supports the building and the basement contains a poured concrete floor. The basement is divided with concrete block to provide each tenant with a basement area. The end apartments have built in garage space. The building is fully insulated and contains thermopane windows with screens. Heat is provided by electric baseboard and each apartment is metered separately. The Town of Grantsville provides water and sewer service, and electric, telephone and cable TV utilities are available.

I can make no warranty as to the accuracy of the above information, that information having been supplied to the Lender from other sources. Furthermore, I can make no warranty concerning the condition of any of the described features including whether or not the mechanical devices are in good working order.

THE above described real estate together with its improvements shall be offered for sale at public auction. All property is to be sold "as is."

TERMS OF SALE: $10,000.00 down on the day of sale and the balance by certified or bank check upon delivery of a good and sufficient deed to purchaser. The sale is subject to ratification by the Circuit Court for Garrett County, Maryland.

ALL of the state, county and municipal taxes and other public charges and insurance will be adjusted as of the day of sale. Recordation and transfer taxes will be payable by the buyer. I reserve the right to reject any and all bids.

Attends Business Management Course

Vandarbilt University recently hosted over 200 indapendant retailers for a three and a half-day Institute of Business Management course, conducted by the National Association of Retail Dealers of America (NARDA). Among those attending were Douglas Beitzel, general manager of Electronics Express, Grantsville.

The retailers reportedly spent their time learning about ways to better serve the needs of their customers and employees. Beitzel said, "We've always felt a real commitment to our customers. We believe in serving them one at a time and with genuine concern for their well being."

NARDA, Electronic Express's trade association, has been conducting the independent retailer's Institute of Business Management for well over 37 years. Thousands of business owners have graduated from these schools, according to a

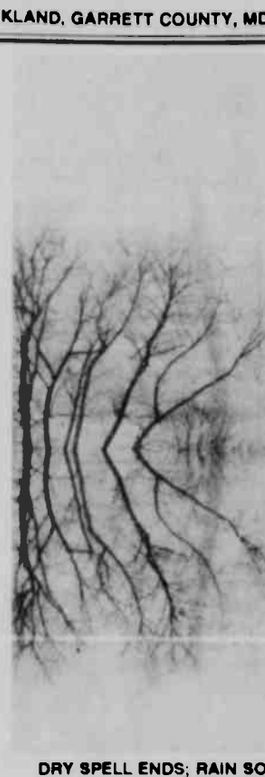
Md. Jobless Rate Down In July; Garrett's Higher

Seasonal trends continued to dominate the job market during July, causing employment to rise for the second consecutive month. Maryland's unemployment rate fell from 6.8 percent in June to 6.6 percent in July.

The decline in Maryland's jobless rate was consistent with the national unemployment rate which also dropped by 0.2 percentage points to 6.9 percent in July.

Garrett County's jobless rate increased slightly, from 11.3 percent in June to 11.5 percent in July. The July 1992 rate was 11.2 percent.

"We are glad to see that many people -- part of the large influx of job-seekers into the labor force in June -- found jobs," said Mark L. Wasserman, secretary of economic and employment development (DEED). "Other economic indicators, such as unemployment insurance benefits paid, retail sales and wages paid, are showing that we continue to make a gradual recovery."



The labor force, which normally peaks in July as summertime job-seekers continue to enter the labor market, grew by just over 43,900 people to a level of 2,638,880. Employment grew by 44,849, helping to offset the influx of job-seekers and lowering the unemployment count by 940 people.

The slight decline in the number of unemployed people can be viewed as a positive movement in a slow economic recovery. While joblessness among recent entrants to the labor force remained high, unemployment among heads of household declined in July.

Activity on Maryland's industrial payrolls during July followed a normal seasonal pattern, with reductions in state and local education, vacation shutdowns in manufacturing and gains in construction, finance and services. Special trade contractors, membership organizations, social services, amusement and health services were included among the industries which hired during July.

Other indicators of economic activity in Maryland remained mixed in July. Maryland's labor force, employment by place of residence, retail sales and air cargo movements increased. However, new auto registrations and housing permits fell slightly. Over the year, employment levels fell, but unemployment insurance claims were also lower. Additionally, retail sales, air cargo, new auto registrations

FLY-IN SCHEDULED - Trick pilot Clancy Speal, who has been thrilling audiences with his performances since 1960, will be a special guest at the ninth annual Gortner Fly-In, scheduled for Sunday, October 17. Maneuvers performed by Speal include the low level roll on takeoff, four and eight point vertical hesitation rolls, tail slide, the Lomcevak, and the knife edge. The fly-in is usually held earlier, but was scheduled this year for the Sunday of the Autumn Glory Festival. More details about the event will be released later.

DRY SPELL ENDS; RAIN SOOTHES THIRSTY EARTH - After too many days of no precipitation, the dry ground was finally permeated with healing rains yesterday and throughout the night, giving needed energy to the late blooming things of this last week of summer. Autumn will arrive next Wednesday, and the signs are already appearing. While the recent rainfall did not produce the quantities captured in this exquisite photo by Craig Phillips some months ago, the steady quiet showers have helped rejuvenate dried grasses and trickling streams. It's a good day to stay in, read a book or play a game, and watch as the year marches on to its final season.

Grand Jury Indicts Oakland Couple On Charges Of Child Abuse, Assault

Two Oakland residents were indicted this week by the September Term Grand Jury, and were arrested by officers of the Garrett County Sheriff's Office Tuesday. Charles P. Hacek Jr., 30, and Linda S. Hacek (age not reported) have both been charged with child abuse, assault and battery, and contributing to a child in need of assistance. The Haceks are incarcerated at the Garrett County Jail, both in lieu of $25,000 full cash bond, according to a spokesperson for Garrett County Circuit Court.

The Haceks' arrest follows a nearly three-year investigation by Garrett County Sheriff Office detectives. The charges stem from a 1990 case in which a three-month-old male was brought to Garrett Memorial Hospital where he was reportedly treated for a broken rib and an apparent head injury. According to a Sheriff's Office detective, the examining physician at that time also discovered an old injury that had apparently never been medically treated. The child, who was then in the custody of the Haceks, was removed from their care at that time, the detective said.

The victim in the case apparently sustained permanent brain damage from the head injury received sometime in his first three months of life. He has been in foster care since that time and is to be adopted in the near future, the detective reported. Another child of the Haceks has also reportedly been in foster care since the 1990 incident.

At the time of Tuesday's arrest of Charles Hacek, Detective Jeff Murphy was conducting a routine search when he located possible marijuana paraphernalia in the possession of the defendant. Hacek was subsequently charged with CDS (controlled dangerous substance) violations, Murphy said.

A hearing date was not set as of press time this morning.

Maryland Assoc. Of Education Boards To Hold Conference Next Week At Wisp

Local Board President Is Conference Chair

The Maryland Association of Boards of Education (MABE) will hold its annual three-day conference September 22-24 at the Wisp Resort and Conference Center, McHenry. Garrett County Board of Education President Beverly Ann Murphy was instrumental in arranging the local event, having been involved in the planning work for over a year. Serving as the conference chairman, Murphy and her committee chose the theme of "The Changing Role of Boards" for the conference.

"The role of school board members has changed considerably in recent years, and will continue to change," Mrs. Murphy was quoted in the School Board News publication. She began her local school board career in January 1983, and has been active in MABE for several years.

"The (conference) program has been designed to kindle enthusiasm in new board members and to rekindle enthusiasm in board members who have served for many years," she said.

Because the state conference is being held in this part of Maryland, the committee has developed a program to provide the expected wealth of information and still capitalize on scenic, relaxing, and friendly surroundings. This is the first time MABE has met in Garrett County.

The program will begin Wednesday, Sept. 22, at noon, with an opening luncheon featuring a keynote speaker, Crystal A. Kuykendall, a human relations and education expert. She will present "The Role of School Boards in Meeting the Changing Needs of Today's Students." A panel discussion will follow - "Board Roles, Past and Future" - in which Dr. Jerome Ryscavage, Garrett County superintendent, will be a panelist, along with Nancy Grasmick, state superintendent; Marilyn J. Praisner, Montgomery Coun-

PE Files For Rate Increase

The Potomac Edison Company filed on Sept. 7 with the Maryland Public Service Commission for a two-part increase in the fuel portion of customers' bills to become effective Oct. 5, 1993, if approved by the Commission.

PE says the first part of the filing covers a fuel rate increase of $5.9 million or 1.4 percent in overall rates. "This increase is necessary due to a continued decline in sales of electricity to other utilities. Profits on such sales directly reduce fuel costs incurred by Potomac Edison's customers," a PE spokesman said.

The second part of the filing is a request to institute a temporary 1.8 percent surcharge to recover a shortfall in fuel revenues which has accumulated over the past 15 months. During this period, Potomac Edison says it spent $9.2 million more than it charged its customers for fuel.

The total annual effect of the two-part filing would, if approved, increase customers' bills 3.2 percent. An average residential customer using 1,000 kilowatthours of electricity a month would see an increase of $1.85 of his bill, from $67.21 to $69.06.

Potomac Edison serves more than 185,000 customers in all or parts of seven Maryland counties.

Low-Cost Rabies Clinics To Be Offered By GCHD

This year's last series of low cost rabies clinics for the vaccination of cats and dogs has been announced by Dr. Rex Archer, Garrett County health officer. The series will begin September 20, and conclude Monday, September 27. Area residents are encouraged to check the following schedule for exact times and locations of the clinics in the local area:

Grantsville Elementary School, Monday, Sept. 20, 5-6 p.m.; Swanton Community Building, Tuesday, Sept. 21, 5-6 p.m.; Kitzmiller Community Building, Wednesday, Sept. 22, 5-6 p.m.; Crellin Elementary School, Thursday, Sept. 23, 5-6 p.m.; Broad Ford Elementary School, Saturday, Sept. 25, noon-2 p.m.; and Friendsville Elementary School, Monday, Sept. 27, 5-6 p.m.

The cost of the vaccination is $5 per animal. Dogs should be brought to the clinics on leashes and under the control of responsible individuals. Cats should be secured in wire cages or boxes with air holes.

As of September 13, the Environmental Health Section of the health department has documented nine positive cases of rabies in Garrett County raccoons and one positive case involving a skunk. Last year Garrett County experienced 10 laboratory confirmed positive rabies cases. According to Archer, the vaccination of dogs and cats is one of the most critical measures which can be taken by pet owners in protecting their families and themselves from possible exposure to the deadly rabies virus.

Dog licenses and/or applications can be obtained at the clinics, Archer noted.

Battery, Sex Offenses, Assault Among Charges Incurred By Two Area Men

Two area men were arrested in the past week in unrelated cases by the Garrett County Sheriff's Office, both defendants accused of committing violent crimes. Roy D. Willis Jr., 46, Kitzmiller, has been charged with battery and several sex offense charges, and Douglas M. Bircher, 23, Elk Garden, W.Va., has been accused of reckless endangerment and assault.

In the case involving Willis, a 28-year-old female was treated at the local hospital for a broken ankle and reported that she had been sexually and physically assaulted by the defendant. In an interview with the victim, detectives learned that she had been intoxicated at the time of the alleged offense, and unable to defend herself.

Willis allegedly engaged in sexual contact with the victim when she was unconscious, and when she awoke, the two began to argue and the defendant apparently pushed her, causing her to fall, at which time she sustained the fractured ankle.

Willis has been charged with two counts of battery, two counts of second degree sexual offense, third degree sexual offense, and fourth degree sexual offense. Bond was set at $5,000, according to a sheriff's office report.

In the Bircher case, the arrest of the defendant follows an approximate six-week investigation into a July incident involving a woman and two children. According to the police report, Bircher became engaged in a domestic dispute during which he held down the woman and ordered a male child in the home to stab a female child in the back with a knife. The boy did so, causing a superficial injury to the young girl, according to the report.

Bircher has been charged with reckless endangerment and assault. He is currently incarcerated in lieu of a $10,000 bond, according to a jail spokesperson.

In other sheriff office news, a West Virginia man was cited for DWI (driving while intoxicated) early Sunday morning. Charles A. Turner, 33, Maysville, W.Va., was stopped on Rt. 135 at approximately 1:40 a.m. after a deputy observed him crossing the center line. He was subsequently charged with the traffic offense.

Carolyn J. House, 29, Mtn. Lake Park, was arrest-

QUILTERS PRODUCTION RE-OPENS IN CUMBERLAND - After a triumphant run with the Garrett Lakes Arts Festival, Jane Avery's production of *Quilters* will be re-opened in Cumberland on Sept. 24-26 through the Cumberland Theatre Creative Arts Center. The success of the musical show presented in early August at Garrett Community College prompted an invitation from the Cumberland theatre, Avery explained. *Quilters* is a celebration of the survival and strength of pioneer women on the prairie. The cast will remain the same, as pictured above. Shown left to right are Cindy Roeson, Krysta Stacy, Elizabeth Gilbert, Peg Janney, Jenn Dehue, Addie Wilson, and Susan Bell. The orchestra will be directed by Susan Peterson. The theatre is located in Cumberland at the corner of Johnson and Fayette streets, and for ticket information, persons may call 301-759-4990. Tickets are $8. The shows on Sept. 24 and 25 will begin at 8 p.m., and the Sept. 26 show will be a matinee beginning at 2 p.m. Those who missed the first presentation and wished to see it now have a chance to do so, Avery said. The show is produced by special arrangement from the Dramatist's Play Service.

MSP Probing Reported Irregularities AT GCC; Arrest Expected Soon

The Maryland State Police, Barrack W, McHenry, were called in this week by college officials to investigate financial "irregularities" within the business office of that facility.

"We are continuing our investigation in this case," said a spokesperson for MSP, "but have not yet made an arrest. We expect to do so within a short period of time. This is a case where the more we probe, the more we find. Tfc. R.M. Hershberger is handling the investigation and said an official report is pre-mature at this time."

Dr. Stephen J. Herman, president of GCC told *The Republican* Wednesday that he could not comment on the specifics on the case because of "possible litigation." He did confirm that nearly $30,000 in irregularities have been uncovered, thus far. The irregularities appeared to have occurred in December of 1991. Patricia Welch, director of the business office, brought the matter to the president's attention in mid-July. Herman immediately called in the college auditor for a special audit.

He said that since he approved a re-alignment of personnel duties of the business office when former Comptroller John Culp left that office and Ted Along was hired as dean of administration that he was taking responsibility for the lapse in GCC's financial controls system.

In the usual Herman presidency style of informing the public immediately of any problems (or accomplishments), the GCC head has written a message to the public explaining in detail the situation at that institution. It appears on page 4-A of today's edition.

Board members have supported Herman in his decision to inform the public about the situation. Board member Rob Michael reportedly said he felt that the president did not need to apologize since he always has the "best interests of the college at heart" and because with financial restraints all over the state and nation, it is not unusual to consolidate duties, especially during transition periods.

Former Delegate Harry Edwards Succumbs Monday

Harry C. Edwards, 91, formerly of Grantsville, died Monday, September 13, 1993, at Ortiz Personal Care Home, Deer Park. Mr. Edwards was a former three-term member of the Maryland House of Delegates, representing District 1-A.

Born October 3, 1901, at Sand Patch, Pa., he was a son of the late Charles U. and Carrie (Yeager) Edwards. He was also preceded in death by his wife of 62 years, Lulu Catherine (Simpson) Edwards, on April 29, 1984.

Mr. Edwards had been a resident of Garrett County since 1903, when his family moved to Kendall, near Friendsville. In 1905, the family moved to Crellin where, in 1921, he helped operated a garage business with his father. In 1926, he and his wife purchased and began operating Edwards Restaurant. Before his retirement, he was an insurance agent representing the Federal Mutual Insurance Company.

Besides serving three terms as a delegate (under Maryland Governors Harry W. Nice and Theodore R. McKeldin), Mr. Edwards was appointed as one of the first members of the Garrett County Welfare Board and to the Garrett County Development Corporation Committee.

He managed the Grantsville Dairy as well as the Grantsville Cemetery, Inc., for a period of time. He helped to organize the Grantsville Fire Department and served as president, was the last surviving charter member of the Grantsville Rotary Club, and served as its first president as well as secretary. He was a member of the Maryland State Firemen's Legislative Committee and served three terms on

GCSO Narcotics Div. Nabs Kovacs Couple On Drug Charges

The Garrett County Sheriff's Office Narcotics Division arrested an Oakland couple last week, charging the pair with numerous controlled dangerous substance (CDS) violations. Craig and Patel Kovacs (ages not reported) were charged following the execution of a search and seizure warrant at their residence, according to the police report.

The arrest followed a two-year investigation by the narcotics officers, which culminated in the search and seizure at the Oakland home. The Kovacs were formally charged with possession of marijuana, possession with intent to use, and possession of a CDS. Craig Kovacs was also charged with distribution of CDS, according to the report.

Mrs. Kovacs was released on her own recognizance, while Mr. Kovacs posted ten percent of a $10,000 bond for his release last Friday, according to the police report.

Bloodmobile To Visit Grantsville Next Wednesday

Someone in this country needs blood every 12 seconds, according to the American Red Cross, and the Garrett County Chapter of the ARC invites persons to donate blood at a community blood drive on Wednesday, September 22, from 12:30 to 6:30 p.m. at the Grantsville fire hall.

According to Lela Bender, Blood Services chair for the Garrett County Chapter, this bloodmobile is scheduled to help increase blood collections in the Johnstown Region (of which Garrett County is a part).

The Johnstown Region provides blood services to 78 hospitals across parts of five states and must collect at least 700 units of blood each weekday to maintain optimum supply levels for patients in need of blood and blood products.

The Johnstown Region announced an urgent need for blood this summer.

"Often people give blood after they hear about a friend or relative who was in an accident. However, blood has to be on the shelves before an accident occurs; if it's not, the victim may not be able to receive the treatment they need to live," Bender said.

Currently the Johnstown Region is in need of all blood types, but particularly types O positive and O negative. "Type O is the 'universal' blood type and can be used in the event other blood types are in short supply," Bender said.

It takes about an hour to go through the entire donation procedure and giving blood is an easy and virtually pain-free process.

Bender explained, "Once you register at the bloodmobile you'll progress through our 'belt-line' which includes taking temperature, blood pressure, iron levels and short medical history. This is to protect the donor and any prospective blood recipient. The next step is the actual donation process, which takes about eight to 10 minutes. After your donation, you'll be escorted to the bloodmobile canteen for refreshments."

The Johnstown Region would like all donors to be aware that the AIDS virus can *not* be contracted through blood donation. New, sterile needles are used for each donation and are disposed of properly after each use minimizing the chance of infection by any disease.

The general eligibility requirements for prospective donors include being at least 17 years old, weighing at least 105 pounds and being in general good health. Persons may donate blood every 56 days.

The Bloodmobile will also be at the National Guard Armory in Oakland this Friday, Sept. 17.

Festival To Feature Arts, Crafts, Antiques

Garrett County's 26th Annual Autumn Glory Festival, which will be held October 14-17, will feature the Fine Arts Exhibit of Garrett County artists' paintings, drawings, and prints at the Ruth Enlow Library in Oakland Tuesday through Saturday, sponsored by the Garrett County Arts Council; the 20th Annual Civic Club Antique Show and Sale Friday through Sunday at the National Guard Armory, 8th and High streets; the Autumn Glory Contemporary Craft Show Saturday and Sunday at the Dennett Road Elementary School gym and cafeteria on Dennett Road; and the 14th Annual Heritage Craft Festival, also Saturday and Sunday, at Broadford Elementary School on Harvey Winters Drive. These shows offer unique artwork, antiques, and craft items on display and for sale throughout the festival.

STUTZMAN DONATES TO AUCTION - Local artist Mark Stutzman, creator of the Elvis Presley postage stamp, has donated a framed first edition portrait of the stamp to the Bausch & Lomb Community Relations Team. The gift will be among the numerous items being auctioned at B&L (rain or shine) this Saturday, Sept. 18. The event will get underway at 10 a.m. The CR team of Bausch & Lomb and Oakland Rotary Club Christmas Gift and Food Process Team invite all to bring a lawn chair and attend the auction, from which all proceeds will benefit the Rotary Club's annual Christmas Project. Pictured above accepting the donation from Stutzman is Barbara Blanton, of the B&L Community Relations Team.

Numerous DWI Cases Heard In District Court

Numerous DWI (driving while intoxicated or driving while under the influence of alcohol and/or drugs) cases were heard in Garrett County District Court over the past few weeks. Most of the cases were heard by Judge Jack R. Turney who retired from the bench on September 2 and several were heard by sitting Judge Paul J. Stakem.

Douglas M. Bircher Jr. was found guilty of DWI and given a 30-day suspended jail term, fined $500 ($300 suspended), and placed on 12 months of supervised probation.

John R. Holliday, 41, Pa., was found guilty of DWI and given a 90-day suspended sentence, fined $500, and placed on 18 months of supervised probation.

Carl H. Durst, 58, Md., was found guilty of DWI and handed a one-year jail term (all suspended but 10 days), fined $500, and placed on 18 months of supervised probation. That DWI charge was also amended to DUI.

Dennis G. Yocum, 38, Pa., was found guilty of DUI. The judge changed the verdict to probation before judgment and fined him $500 ($300 suspended), and placed him on one year of supervised probation.

William D. Stump, 29, Pa., failed to appear on a DWI charge. A bench warrant was issued for his arrest and new bond was set at $1,500.

Harold I. Smith Jr., 26, Md., was granted probation before judgment on a DUI charge. He was fined $500 ($300 suspended) and placed on 12 months of supervised probation.

Russell W. Knox, 23, Md., was granted probation before judgment at a sentence revision hearing stemming from an earlier DWI conviction.

Kenneth W. Hawkins, 26, Md., was found guilty of violation of probation stemming from an earlier DWI conviction. Sanctions were withheld in the case.

Bryant H. Rexrode, 20, W.Va., was found guilty on a DUI charge. The fine was excused and probation will continue.

Wilmer L. Day, 26, Md., was granted probation before judgment at a sentence revision hearing for an earlier DUI conviction.

Melissa C. Swager, 27, Md., had a violation of probation charge against her dismissed. She had been previously been found guilty on a DUI charge.

Michael W. Stonesifer, 35, Md., was found guilty of violation of probation as the result of an earlier DUI conviction. Sanctions were withheld.

James E. Edgell Jr., 33, W.Va., who had been found guilty of DUI was permitted to pay his fine through a number of hours of community service.

Nathan A. Grimm, 24, W.Va., was found guilty of violation of probation stemming from an earlier DUI conviction.

Mitchell R. Fost, 22, Md., was found guilty of violation of probation and sanctions were withheld.

Steven K. Gardner, 38, Md., was also found guilty of a DWI violation of probation and sanctions were withheld in his case.

At a sentence revision hearing, Willard J. Stemple, 33, Md., had his previously pronounced sentence reduced to "all suspended but time served." His supervision fee was also waived.

Ronald E. Crosby, 32, Md., also had his sentence reduced to all suspended but time served, and his supervision fee was also waived.

Samuel E. Police, 22, Md., was found guilty of DWI and handed a 60-day suspended jail term, fined $500 ($300 suspended), and placed on one year of supervised probation. He was also found guilty of attempting to flee a police officer on foot and handed a one-year suspended jail term, fined $200, and placed on one year of supervised probation. The sentence and probation are to run concurrently for each count.

Roger L. Alexander, 50, Md., who had been found guilty of a DWI violation of probation was granted the privilege of serving his sentence on weekends.

David W. Lantz Sr., 51, Md., was granted probation before judgment on an earlier DWI conviction.

William F. Hunter, 34, W.Va., failed to appear in court on a DWI violation of probation charge. The judge ordered a bench warrant for

Public Hearings To Be Held On Forest Work Plans

The Maryland Department of Natural Resources (DNR), State Forest and Park Service, will present the Fiscal Year 1995 Annual Work Plans for Potomac-Garrett, Savage River, and Green Ridge state forests for public input on Friday and Saturday, September 24 and 25.

The Green Ridge Plan will be presented to the Flintstone Fire Hall on Friday at 7 p.m. The Potomac-Garrett Plan will be presented at Saturday, at 9 a.m. in Room 310 of the Continuing Education Building of Garrett Community College, and the Savage River Plan will be presented on Saturday, at 1 p.m. in Room 310 of the Continuing Education Building at GCC.

The plans will be presented and reviewed by the forest manager followed by a question and answer period. The public will then have the opportunity to make specific comments on the plans.

Right To Life To Sponsor Life Chain October 3

The Garrett County Right to Life organization will join a nationwide observance October 3 by organizing a local "life chain" along the streets of Oakland that day from 1:30 to 2:30 p.m.

Citizens are invited to participate in the chain, which will form along a designated route including U.S. Rt. 219. Participants will display signs and pray during the one-hour event. Over 800 such chains are being planned across the country, according to Joann Fletcher, president of the Garrett County Right to Life.

Registration will begin at 1 p.m. at various check-in points; however, pre-registration will be conducted in a number of area churches. Signs will be provided and a $1 donation from each participate will be requested to help defray expenses.

Participants are also encouraged to bring donations of diapers (cloth and disposable), baby clothes, baby food, and or formula for the Mountain Top Crisis Pregnancy Center in Mtn. Lake Park.

Persons who are unable to stand for one hour are invited to bring chairs. Persons with disabilities needing special accommodations are asked to contact organizers in advance.

"A life chain is a peaceful, prayerful time to stand up for life," Ms. Fletcher said, "to say that abortion is wrong, that abortion kills children."

Persons desiring more information may contact Ms Fletcher at 301-689-3756.

TERRY WAKEFIELD
who passed away Sept. 14, 1988

September comes with sad regret.
It brings back a day I can't forget.
I never thought such grief was near.
If time heals all wounds, like some say.
Then why doesn't this hurt in my heart go away.
I miss you more than anyone knows.
As each day passes the emptiness grows.

Sadly missed by Mom.

Swanton Man Sentenced On Battery Counts

Among the numerous cases heard in Garrett County District Court over the past few weeks by retiring Judge Jack R. Turney and presiding Judge Paul J. Stakem was a sentencing for a Swanton man found guilty of four counts of battery in earlier court proceedings.

James B. Thomas, 22, Swanton, was sentenced to two years to the Maryland Department of Corrections. The judge reduced that sentence to "all suspended but time served" and fined Thomas $50 and placed him on 24 months of supervised probation for each count, to run concurrently.

Thomas had initially been charged with 19 counts of battery against Stacy L. Warnick after he had struck her violently on numerous occasions. Of the 19 counts, 15 were not prosecuted because of plea agreements with the State's Attorney's office. Thomas was ordered to have no contact with Warnick.

In other District Court news, most of which was delayed one week, Scott E. Kahl, 20, Friendsville, was sentenced on a burglary, four felony thefts, and two malicious destruction of property charges for which he had been found guilty in May court proceedings.

Kahl was handed an 18-month jail term (all suspended but six months), fined $25, and placed on 24 months of supervised probation for the burglary and theft charges (to run concurrently), and 60-day suspended jail terms, $25 fines, and 24 months of supervised probation for the destruction of property charges. They will also run concurrently.

Kahl was also ordered to make restitution to the number of summer homes he damaged and burglarized and the Wisp Ski Resort for damages and theft. He had been charged with those offenses, which occurred from March 7 through March 31, by the Garrett County Sheriff's Office.

Leonard P. Hebb, 49, Lonaconing, was found guilty of battery and resisting arrest. On the battery charge, he was given a one-year jail term (six months suspended), fined $100, and placed on 24 months of supervised probation. For resisting arrest, he was handed a one-year jail term (six months suspended), fined $250, and placed on 24 months of supervised probation.

A second charge of battery and a charge of assault were not prosecuted because of plea agreements with the State's Attorney's Office.

Hebb had been charged after a telephone operator alerted state police that an unidentified woman had called for help from the Lonaconing area. Police were able to find the woman's house and found her on a porch in her nightgown carrying a pistol. Police said Hebb then came onto the porch and began screaming. The woman told police that she had lived with Hebb for 17 years and that they had a three-year-old son. She said that when Hebb had come home earlier that night he was acting violently, so she took her son into her bedroom and locked the door.

She said Hebb then broke the door open and said he wanted sex. When she refused, he allegedly called her a "lesbian" and threatened to break her neck. She said she then pulled out the pistol and he ran out of the house. She further stated that while she was calling for help, Hebb broke a glass door and entered the house and grabbed their son into his arms and held the child in front of him to shield him from the pistol. When police arrived, Hebb was uncooperative and later at police headquarters grabbed an officer in the groin, according to police reports.

Dennis J. Thorpe, 34, Accident, was found guilty of battery, two counts of trespassing, and being disorderly on private property. He was found not guilty of trespassing.

On the battery charge, he was given an 18-month jail term (all was suspended but 30 days), fined $50, and placed on one year of supervised probation. On one trespassing charge, he was given a 90-day jail term (all was suspended but 30 days), fined $25, and placed on 24 months of supervised probation. For the other trespassing charge, he was handed a 30-day jail term and fined $25. He was fined $25 on the disorderly charge. The sentences and probation times are to run concurrently.

Thorpe was also ordered to have no contact with Amy King, who had filed the charges against him stemming from an incident in May in which he shoved her and refused to leave her house.

Dennis J. Garlitz, 26, Mtn. Lake Park, who had been found guilty of drug possession in June court proceedings, was sentenced to one year in jail (all but three months was suspended), fined $100, and placed on 24 months of supervised probation. A drug paraphernalia charge against him was not prosecuted because of a plea agreement with the State's Attorney's Office.

Mischele E. Ervin, 32, Elk Garden, W.Va., who was found guilty of welfare fraud in August and of common theft scheme, was sentenced to an 18-month suspended sentence, fined $50, and placed on one year of supervised probation for the fraud charge. On the common theft scheme charge, she was handed a six-month suspended jail term, fined $25, and placed on one year of supervised probation. In plea agreements with the State's Attorney's Office, numerous charges of petty theft, bad check charges, forgery and uttering were not prosecuted.

Ervin had been charged with welfare fraud after an investigation revealed that she had obtained money and food stamps from the Garrett County Department of Social Services while working and not reporting her earnings. The theft scheme charge and other charges were brought when it was revealed that she forged another's name on four separate checks and received goods for those checks from the Accident Elementary School PTA.

Daniel R. Malone, 41, Grafton, W.Va., was found guilty of one count of battery. He was given a one-year suspended jail term, fined $100, and placed on 18 months of supervised probation. A second charge of battery was not prosecuted because of a plea agreement with the State's Attorney's Office.

Malone had been charged with those counts by Robin Frazee in July. She stated that Malone hit her in the eye and face with his fists and grabbed her arm, causing bruising. He also allegedly threatened her with sexual assault.

Jimmie M. Casteel, 36, Friendsville, was sentenced recently on a battery charge of which he had been found guilty in June court proceedings. He was handed a one-year jail term (all was suspended but time served), fined $100, and placed on one year of supervised probation. He was also ordered to pay the hospital bills incurred by Gerri Powell, the woman he battered.

He had been charged with that offense stemming from an April 30 incident in which he reportedly struck Powell in the face several times. Powell then reportedly ran to the bedroom to call for help and Casteel pulled her from the room and began striking her once more until she fell to the ground. He then commenced to kick her and threatened to kill her. He allegedly fled on foot before police arrived at the scene, but was later apprehended.

Jeffrey V. Corby, 25, Mtn. Lake Park, had a felony theft charge against him revised to petty theft. He was sentenced to one year in jail (all was suspended but 10 days), fined $100, and placed on 18 months of supervised probation.

He had been arrested by the Garrett County Sheriff's Office in February after he reportedly admitted to setting up the sale and transportation for two stolen firearms. The guns had been stolen from Robert Mayle.

Leslie A. Robinson, 29, Kenneth A. Robinson, 29, both of Baltimore; John P. Faust, 26 and Lisa J. Laino, 26, both of Cockeysville; and Craig B. Keenan, 39, Reading, Pa., were all found guilty of possession of marijuana. Each was handed 30-day jail terms (all suspended but 48 hours), fined $100, and placed on six months of supervised probation. Charges of possession of drug paraphernalia against all five were not prosecuted in plea agreements with the State's Attorney's Office.

That drug arrest was made in June by the Department of Natural Resources Police at Swallow Falls. An officer on foot patrol reported spotted the five passing around a marijuana pipe. Officers also found a small leather bag containing a plastic bag with suspected marijuana, two rolled marijuana cigarettes, and two smoking pipes. The marijuana was field tested with positive results.

Simeon M. Hickman, 27, Patrick M. Ryan, 21, both of Frostburg, were found guilty of possession of marijuana. Each was given 30-day jail terms (all suspended but time served), fined $100, and placed on six months of unsupervised probation. Charges of possession of drug paraphernalia were not prosecuted in plea agreements with the State's Attorney's Office.

Also in that case, Lisa M. Moore, 23, Frostburg, was not prosecuted on either count because of the guilty pleas of the other two defendants.

The three had been charged in June by DNR police at Potomac-Garrett State Forest when Hickman and Ryan were found to be in possession of suspected marijuana.

Ernest L. Blosser, 28, Dellslow, W.Va., was found guilty of possession of marijuana and possession of drug paraphernalia. He was handed a 30-day jail term (all was suspended but 30 days), fined $100 and placed on six months of unsupervised probation on the marijuana possession charge. A $25 fine was levied as a result of the drug paraphernalia conviction.

Blosser had been charged with that offense in February by the Oakland City Police after he was found to be smoking marijuana in front af an Oakland establishment.

Dallas L. Flesher, 37, Aurora, W.Va., was granted probation before judgment on a handgun violation. He was placed on 18 months of unsupervised probation and was ordered to forfeit his gun to the state.

He had been charged by the Garrett County Sheriff's Office after reports of a suspicious person being spotted at Parkwood Village Apartments. A handgun was found under the driver's seat of his vehicle.

FRIEND RECEIVES MERIT AWARD - The Boy Scouts of America, Deep Creek District, held its annual appreciation dinner recently during which Carl E. Friend was presented with the District Award of Merit. This award is presented each year to one outstanding individual who has devoted time in scouting. Friend is currently the scoutmaster of Troop #70 Mtn. Lake, and has been involved with local scouting since 1967. He has served as a cub scout den leader, assistant cubmaster, and cubmaster. He has also served on the Deep Creek Committee. Friend, pictured above, was presented the award at the picnic by Betty Eaton.

Thank You

My mother, Helen Osborne, passed away in Garrett Memorial Hospital after a three-day illness on Wednesday, Sept. 1, 1993.

This is an opportune time to express my appreciation and gratitude to every person and team who took any part in her care.

Union Ambulance Service acted quickly and in a precise manner as they transported her to the emergency room where Dr. Domenic and his team took over. They, too, acted quickly and diagnosed her condition with accuracy. We, the family, were treated with kindness and understanding and kept well informed as they worked with my mother. She was admitted to I.C.U. and there Dr. Richter (who was on call for Dr. Coughlin), treated my mother as if she were his own patient. The nurses, (even though I.C.U. was crowded) were in constant attendance and treated my mother as if she was the only patient there. The staff acted in a professional manner and yet went far beyond the professional courtesies which are expected by allowing me time with my mother in her last days.

A heartfelt "Thank You" to everyone from the housekeepers to aides and nurses, to the lab technicians, the X-ray technicians, the respiratory therapists, Dr. Coughlin, Dr. Richter, Dr. Green, Dr. Johnson and the administration from a grateful family.

When?...

Our newsroom was rocked this week when we learned that a niece of two of our writers was killed late Saturday night in an automobile mishap in Frederick. What made the tragedy even worse was the fact that her death was entirely senseless and avoidable, as she was killed by a drunk driver who ran a stop sign at 80 miles per hour.

Jennifer Frantz, the only child of Ed and Ann Frantz, had just embarked on her collegiate career at Hood College. Bright, beautiful, and blessed with a wonderful sense of humor, Jennifer was brutally cut down by one who evidently had no regard for the safety of other people. She was a totally innocent victim. She was just 17.

When are our lawmakers and court officials going to forcefully and effectively deal with the problem of drunk driving? Why are DWI offenders, particularly repeat offenders, allowed to keep their driver's licenses after just a slap on the wrist?

In this week's issue of *The Republican* there is a summary of 44 DWI court cases covering just the past three-week period; *44* drivers, any one of whom could have taken an innocent life because of their impairment. How many others are out there every day who are "lucky" enough to not get caught?

Somehow our society views holding a driver's license as some kind of God-given or constitutional right for all citizens who are at least 16 years of age. Driving is not a right, it is a privilege. And when privileges are abused they should be taken away. We would wholeheartedly support legislation that would require immediate loss of a driver's license for three years on the very first offense; *no exceptions*. A second offense would result in a 10-year loss and a third offense would end one's driving forever. Such a law would be quite simple and easily understood by everyone.

The old argument that a person must have a license in order to drive to his or her place of employment would no longer have a bearing on the case. That person would simply have to find other means of transportation.

The grief currently being experienced by the Frantz family, especially by her parents, cannot be estimated, and it literally sickens us that her life was ended by such an irresponsible, senseless act. Again we ask: *when* are our lawmakers going to have the courage to deal with this situation that kills so many innocent people?

To the Editor:

Our family attended the open house at the National Guard Armory over the past weekend.

Our thanks go out to everyone who worked hard to make this a very enjoyable day, especially Captain Rick Wakefield and all of the men of Co. C., 121st. Engineer Battalion, National Guard Unit.

What a big mistake it would be if this National Guard Armory would be shut down in 1996!

Thanks again for a very enjoyable day.

To the Editor:

The WIC program is good. It is a federal government program administered by the state health department. It is designed for pregnant women, mothers who are breast feeding, postpartum women, and babies and children under five years of age. Unlike food stamps, the participants are issued vouchers which requires them to purchase the items listed on the voucher. It insures good, healthy food for the participants. Hometown Market has been an authorized vendor ever since the program started.

As it stands now, I will lose my vendor authorization to accept WIC vouchers on Sept. 30. I want to thank all my customers who brought their vouchers to be redeemed to my store. Price isn't the only factor in choosing a place to shop. I don't know how our state officials can cause you to shop where you don't especially want to, except by the fact that it is their program (paid for by all taxpayers) to administer, and they can choose the stores you are required to go to in order to benefit in the program.

I attended a meeting along with 17 other Garrett and Allegany vendors in Senator John J. Hafer's office in Frostburg to see if something could be done for us to keep the contract another month. As one retailer put it, when a customer has to go to another store to use their vouchers, the vendor not only loses the WIC purchase, but the sales on other items that they would buy. And if we are disqualified for just one month, the customer may continue shopping at the new store, rather than coming back to where they shopped before. So you can understand how much business we are about to lose.

Hopefully it can be resolved whereby the participant will not be inconvenienced and the vendor will not lose the WIC business.

Sincerely,
Tom Browning, owner
Hometown Market

To the Editor:

I would like to know what is required to take care of the problem of speeding on Pennington Street in Oakland. I live on that street, and my wife and I see and hear people flying up the hill every night, over and over and over. One of them *lives* on our street, and apparently everybody else on the street knows who he is and where he lives, the police know his name, and yet he soars up the hill *every single night!* One person went to talk to this guy, but all he received were threats and a long skidmark in front of his house the next day.

On Monday evening I was working out on my front porch until after dark, and I counted *five* people between 8:30 and 10:00 p.m. who went up the street in excess of 40 mph. To one person who came up Wilson St. and stopped at the stop sign long enough to squeal his tires, I shouted, "Slow down!" He responded with an obscenity and, predictably, did not slow down.

I realize this problem is not limited to Pennington Street. In fact, I heard them doing the same thing on Center St., one block down. But I can only speak for my own situation: there are *lots* of little kids on our street--little children whom people love. One of them is my own 19-month-old. Hearing tragic stories like the one about the couple on 219 South who recently lost their little 5-year-old grandson to a careless driver fills us all with fear and rage and frustration at the fact that this can go on, apparently unchecked!

I mean no ill will toward the police or the town council. The speed limit was recently reduced to 15 mph on Pennington Street, with the opening of the new Center Street Head Start Senior Facility. This has, however, not changed a thing. So I *appeal* to the Oakland City Police, or the Garrett County Sheriff's Office, or whoever is responsible for this area: If you send someone to sit in the senior center's north parking lot, between 8:00 and 10:00 at night, I'd be willing to bet you could fill up your ticket book in a week's time.

If you're not interested, I need to know where I can get some hand grenades cheap.

Sincerely,
John R. McEwen

Her name was Dorothy. She didn't wear red shoes or walk along a yellow brick road. In fact, she couldn't walk at all. She was dying of cancer.

Dorothy had one dream left in life, a dream she expressed to a volunteer who worked with her. She wanted to see her daughter and grandchildren in South Carolina for one last time. Yet, none of them could afford the cost of travel.

Two organizations were contacted (namely the Civic Club of Oakland and the Catholic Daughters of the American Court #2209), and her dream came true. And so, Dream Come True was born. Since that time, in 1988, eight more dreams have been implemented.

Our mission is to fulfill the special wishes of terminally ill patients, 18 years and older, who are suffering from life threatening illnesses, and in all probability will not survive for six months. The "dream" must be solely requested by the "dreamer" and all requests must be submitted in writing by a doctor, family member, or volunteer to the Dream Come True committee. The review committee will meet with the referral person and the family, and then determine whether or not to grant the wish.

Dream Come True is a non-profit organization funded by donations from businesses, individuals, and organizations.

To further our project a pilot project for fund-raising is now underway. On Wednesday, Sept. 22, from noon to 3 p.m. Dream Come True is hosting a Tupperware Bingo. We urge you to bring your friends to get quality products for yourself or gifts and help make someone's Dream Come True. Light refreshments will be served. This event will be held at the Community Services Building (adjacent to Garrett Memorial Hospital). A microwave demonstration will be given of a three course meal in just 25 minutes at 1:30 p.m.

Please plan to attend. We need your support.

Sincerely,
Doris J. Goldsborough

To the Editor:

The Mountaintop Soccer Association is blessed with many fine people who enjoy soccer and work to provide this experience for area youth.

One outstanding contributor is Michelle Quinn of Friendsville. Alone she organized over 100 Lower Level players into teams and found coaches for each of the eight teams. This is no small accomplishment since many parents have priorities elsewhere.

Her dedication to this task was enhanced by the fact that she is a former soccer player and coach in New Jersey and Northern Virginia youth leagues.

Many parents are too busy to become involved in their children's activities, but not Michelle. She found time after her work day as a certified public accountant for Craig Ingram and caring for three small children. Michelle and her husband, Danny, a student at GCC, are also in the process of building their home.

MSA is extremely grateful for all Michelle has done for the Under 10 and Under 8 players in the southern part of the county. Now she moves on to help Tom Ables, NHS head soccer coach, organize youth in the northern area schools.

Interested parents and financial support are needed to make fall soccer more accessible to students in Accident, Friendsville, Grantsville, Northern Middle and Route 40 schools.

Anyone wishing to help is asked to please call Tom Ables at 746-8668 or Michelle Quinn at 746-5350.

Sincerely yours,
Carole Ann Lovett
MSA President

To the Editor:

I realize the subjects of hunting rights and employment rates seem unrelated, but this week they do have something in common.

While unemployment is in the news due to our lackluster economy, the subject of hunting is also newsworthy this week because the fourth Saturday in September is National Hunting & Fishing Day.

According to at least three major economic surveys, hunting generates $14 billion in economic activity each year, and provides employment for more than 380,000 Americans.

Let me hasten to say that I am not going to argue hunting is still a viable sport today merely because it makes a significant contribution to our national and local economies. Hunting is a desirable part of our nation's heritage because wildlife management professionals and our conservation experience of the past century tell us so. Nevertheless, the economic value of hunting should certainly be considered in any discussion of its place in modern society.

I firmly believe that hunting's economic relevance must be factored into the equation when a politician in Washington or an animal rights activist in the state of Maryland decides that "no hunting" signs should be posted across America--just because he or she doesn't approve of, or understand, hunting. If we consider an individual's aversion to hunting to be a valid reason to cut off this tradition, then the fact that your neighbor earns his living from it should certainly be considered at least as valid a reason for hunting to continue.

On the occasion of this year's National Hunting & Fishing Day, we should keep in mind that, if anti-hunting activists have their way, someone will have to pay the cost of putting up thousands of "no hunting" signs--and almost 400,000 "Unemployed!" signs as well.

Yours,
Sanford M. Abrams

To the Editor:

Emerging recently from the Kennedy Center's American Film Institute, I was accosted by a small, fierce-looking man who hastily shoved a flyer in my hand, screamed at me "Phantom with two pianos?!? HA!", and stalked away to apprehend another exiting cinephile. On my flyer was emblazoned "Phantom with Two Pianos??". On the other side was a bolded list of the executives of the Kennedy Center and other governmental arts associations together with their salaries. It had the Kennedy Center executive making nearly $350,000 per annum for working for what is ostensibly a government-funded organization. The chairmen for the National Endowments of the Arts and the Humanities had similar salaries, as did the president of the Smithsonian Institution. The fiery little man was part of the Kennedy Center orchestra (actually he was the French horn player, for I saw him take this instrument up to play several "Phantom" pieces "in protest" on the court just in front of the main entrance to the opera house), who were striking for lack of pay and the loss of several other contractual benefits. The strike had so far been quite successful; the previous evening's performance had been canceled, and the management had had to make do with two pianos in lieu of the orchestra (hence the flyer's slogan) until a "scab" orchestra could be brought down from New York.

The scene was a bit strange. The strikers were, after all, musicians. The

A Message to the People of Garrett County
from
Dr. Stephen J. Herman
President
Garrett Community College

On July 19, 1993, Ms. Patricia Welch, Director of the Business Office, telephoned me at my home to notify me that she had uncovered within the Business Office an irregularity. On July 20, I asked our auditor to undertake a special audit, which is still underway. To date, the auditor has uncovered nearly $30,000 in irregularities.

The irregularities appear to have begun around December 1991 during a time of transition within the Business Office. The Director of the Business Office had been assigned the responsibilities of Acting Comptroller. So that she could perform her interim responsibilities, other duties within the Business Office were consolidated, resulting in a relaxation of GCC's internal controls. Subsequently, when the new Dean of Administration Ted Along was appointed, the old controls were not restored due to an unrelated personnel shortage that occurred in the Business Office. Throughout this period I understood and approved the plans that realigned internal responsibilities, and in consequence I assume full responsibility for this lapse in our financial controls system.

Based on the auditor's findings, Garrett Community College is today filing a police report and turning over to the authorities all information acquired as a result of our internal investigation. We are determined that any illegalities that may have occurred will be prosecuted to the fullest extent of the law. In addition GCC will seek full recovery of lost funds. The college holds an insurance policy to cover such losses.

Although the financial loss to the college will be minimal, GCC has experienced a serious and irreparable violation of the public trust. I want the people of the County to know that I am taking immediate steps to reassert our internal controls so that breaches like this do not recur.

I am writing this open letter to you so that you will know the facts firsthand. This matter will probably not go away quickly, and it will be an embarrassment to the college and the people of Garrett County. For letting you down I sincerely apologize.

Keep Health Plan Simple

I have noticed that when there is something people wish to obscure they say the issue is terribly complex, too complex for you, you poor simpleton, to ever comprehend. Only they can fathom it, so only they have power over the situation. Such is the case with health care.

There is much that might want to be obscured in the American medical system, including the earnings of some CEOs in the industry. According to *Business Week* the head of U.S. Surgical was paid $62 million in salary, bonus and long-term compensation 1992 and Thomas Frist of Hospital Corportion of America enriched himself by $127 million that year. However offensive this may be, the central problem, which is screamingly simple, not complex at all, remains that the system can't afford to pay for those 37 million uninsured people. Nor can it afford the mental-health and long-term care benefits that Hillary Clinton and Tipper Gore want to include in the basic package. Their instincts are entirely decent and right. It's their economics that are off-base.

This argument may be mitigated somewhat by a report in the *New York Times* that 56 percent of the uninsured have jobs, and for 41 percent it is full-time. Many of these are said to be younger, healthier workers who would not be a burden on the system. Indeed, any premiums that could be extracted from them and their employers might help. However, they are probably working for small businesses, hence their lack of coverage. What would it do to these companies to be socked with health-care requirements, not to mention those workers whose salaries likely are not large? Would this amount to bleeding the economy to accomplish an elusive cure?

And yet the president's figures show, and so do everybody else's, that if the present situation continues — even with those 37 million people uncovered — the federal deficit will not fall no matter what else is done in the budget. So the current system cannot be afforded either. Does it make sense then to expand a situation that is already out of hand?

No. The system will have to be contracted. And including those 37 million uninsured has become a cover for the contraction. Americans are going to have less health care then they are used to, and the challenge will be to hold the line on quality of service to every extent possible.

Richard Thomson of Cleveland spent his career as CEO of two health maintenance organizations in Texas and one in Michigan as well as president of an independent physicians organization. He was involved in management, actuarial work, pricing, physician reimbursement rates as well as incentive programs to contain costs and limit overuse of medical care. He and his wife, Jo'Anna, a former corporate controller, have thought hard about what the nation might do now, and here are their conclusions:

•National Health should include only basic care for the first five to ten years. There should be a charge to the patient for every service, perhaps $5.00 for every doctor visit and prescription and $25 a day for hospital care with a minimum bill of $100 for each stay.

•Every person should be required to have a physical examination each year at no cost and with the proviso that those who fail to get a physical would see their charges for any covered service double or triple during the following year.

• Soft-organ transplants should not be covered in the basic package except for renal and cataract procedures.

•Every American would pay for basic care with after-tax dollars. Those who wish could purchase major-medical or other insurance, but no additional coverage would be permitted for doctors' fees or prescription co-payments. Low-income people who need help with their premiums and payments would be provided for through other programs, not the health service.

This is a tough approach, but something approximating it may be the only solution. The Thomsons feel strongly that anything more comprehensive at this point would be ruinous. I'm afraid they are right.

Shriners To Hold Special Clinic At Health Dept.

The Ali Ghan Shrine Club will conduct a special clinic at the Garrett County Health Department in Oakland from 10 a.m. to noon on Saturday, Sept. 25.

The clinic will provide a no-cost screening to identify local children who can benefit from the orthopaedic and burn care provided by Shriner hospitals. Children under 18 who have problems of the bones, jointa, or muscles, or problems aasociated with healed burns are invited to the clinic for an evaluation to see if they are eligible for free treatment.

Shriner hospitals treat such problems as: club foot, scoliosis, hand and back problems, bowed legs, rickets, dislocated hips, and problems associated with burns. All care provided at Shriner hospitals is free of charge.

VICTORY EXPRESS will be appearing at the homecoming of the Oak Grove Church of the Brethren on Sunday, September 19, at 2 p.m. The day will begin with Sunday school at 10 a.m. followed by morning worship. A covered dish luncheon will be held at 12:30 p.m. prior to the concert. The Rev. Donald Matthews invites the public to attend. The church is located on the Sang Run Road, past the Wisp Ski Resort entrance.

setting was an opera house, not a factory. The threats were about musicals, not goods. Yet the message was hauntingly clear. Theater has become, almost entirely so, about money. The musicians were striking mainly because the Kennedy Center wanted to pay the orchestra not as a single entity, as a team, but rather individually, per performance. The musicians would become a set of "free agents," replaceable, buyable, expendable.

I write to you all because I recently had the opportunity to see a performance of "Quilters" at Garrett Community College. The voices were not professional, the theater was a makeshift auditorium, and the seats were only $7.00. Yet, I had the most enjoyable night out at the theater I have had in the last five years. Why? Because the performance obviously meant something to the performers, and, perhaps more importantly, to the audience. I saw intense recognition in the eyes of many of the spectators as I gazed among the crowd that evening, women who had either known, or who had mothers and grandmothers who had known many of the same feelings, situations, and events that the play's characters knew. With the addition of the local quilting and art, the play possessed a common theme that united the cast and audience in a very special way. It was really refreshing for me to see and to recall that sort of community that has ceased to exist in so many other parts of the world and of the country.

"Quilters" was sensational because it reminded me of the role that theater can and used to play in the lives of the surrounding community, where plays become an interactive form of expression between playwright, director, players and audience. With so much of our society blinded by the idea of success as a direct reflection of one's fame and fortune, "Quilters" was, at least for me, uplifting. I finally got to spend an evening out at the theater where I witnessed real compassion and intensity instead of beautifully sung mediocrity. And for seven bucks!

My thanks and congratulations to the crew and cast of "Quilters." It was evident there was a strong bond between you. Perhaps your voices are not professional, and perhaps you'll have to make do with an auditorium for a theater; but together you created a thing of great beauty and at the same time brought a lot of memories and joy to a great many members of your audience. Sadly, I wonder if the people in front of the Kennedy Center--any of them--understand. Thank goodness I know a place where they still apparently do.

Sincerely,
Mark Robeson

To the Editor:

How fortunate the folks of Garrett County are to have such caring emergency rescue and medical personnel.

My husband, MSP SGT. William M. Glime, was transferred, at his request, to McHenry Barracks. We plan to retire here on property we purchased a few years ago.

Three months after his transfer, our home, near Salisbury, was sold and I moved to Oakland to join my husband. The first night in Oakland, I was taken to Garrett Memorial Hospital with what was believed to be a heart attack. The quality of treatment, efficiency of the staff, and the cared for feeling at GMH was a welcome surprise.

Having lived in an area with a very large and excellent regional medical center, I was hesitant about moving to an area with a small hospital.

On Sunday, September 5, our entire family was involved an automobile collision at Deep Creek Lake Drive and U.S. Rte. 219. The Northern Garrett Rescue Squad, (Dana, Shawn, and Carolyn) were very efficient and had a calming effect on all of us. Our injured and pregnant daughter-in-law, our injured daughter and I were taken, by them, to Garrett Memorial Hospital.

We received the same wonderful, personal and efficient care that I had received in May. How "cared for" the personnel made us feel, again. My husband arrived for treatment on his own and was also very impressed. Our daughter-in-law is a nurse and our son a fire fighter paramedic in Anne Arundel County and they echoed our thoughts for this fine facility.

Our thanks to the Deep Creek Volunteer Fire Dept., the Northern Rescue Squad, a concerned EMT bystander, a caring witness to the accident, the Emergency and Radiology staff at GMH, Dr. Kaiser, and especially to TFC Joseph Tindal and SGT. Gary Berkebile for their assistance and concern.

Many times the medical, rescue and law enforcement personnel are taken for granted. We, the Glime family, say "thank you," all of you, for being there.

Mrs. Joan G. Glime

To the Editor:

If, as all the polls suggest, Americans know next to Nothing About NAFTA, the North American Free Trade Agreement, they had better get up to speed fast or be prepared to lose another large hunk of their backsides!

Here's a short course in NAFTA - 101:

First of all, the whole premise is terribly flawed and misrepresented. In my opinion, it has been deliberately skewed to mislead the American people. It is a job killer, not a jobs producer...at least, not for Americans it isn't. Even its proponents admit there will be "dislocations" (a euphemism for massive job loss) in the early stages, "and generally more negatives than pluses for American workers in manufacturing jobs 'early on' in the transition." As usual, the "manna" is always promised "manana"!

These same people point to the already increasing exports to Mexico, in anticipation of NAFTA, suggesting that Mexicans, with an average hourly wage of *58* cents an hour will be able to buy "true" American exports when, in fact, greedy American companies, and even major corporations, engaged in "trading" with their own foreign subsidiaries, preparatory to closing their U.S. facilities, are driving up the export figures; and they're still only three to four percent of our export total. *But*, watch the numbers coming *back*!...that will represent products that used to be made in American factories that are now closed and gone to Mexico: 2,200 and counting! Those products will be shipped back to this country to be sold to Americans; *not to Mexicans*. The products come back, but the jobs are lost forever...and, sad to say, the Mexicans themselves remain under the thumb of an oligarchy, in abject poverty.. the way this treaty is presently written. For the investors, the entrepreneurs and the charlatans, it's a win, win, win proposition. For the *people* at both ends, it's a *lose, lose* disaster!

The companies who intend to exploit this lopsided agreement, concocted by the "One World'ers" whose actions have already destroyed much of the job base of this country, have opted *not* to pay a living wage of their workers; i.e., invest in this country, nor provide benefits, including a decent retirement plan. And as for protecting the environment; forget it! That's another greedy reason they're rushing off to Mexico.

Listen to this: NAFTA allows dispute panels to be conducted in *secret*, with the identities of the panelists a *state secret*; prohibits the right of judicial review; protects *investor* rights in Mexico while ignoring worker rights and benefits; voids state laws that conflict with the *less* stringent regulations on food imports and environmental protection found in the treaty; nullifies federal buy-American and buy-local laws; allows U.S. factories to relocate in Mexico, subsidized in many instances by U.S. taxpayer dollars, to reap the benefits of cheaper Mexican wages; allows other foreign countries to flood our markets with imports channeled through Mexico. And these are just the tip of the iceberg that is lurking under the surface of greed, misinformation, ignorance and just plain stupidity.

There is, however, one telling fact that no smooth talker, or slick manipulator can cover with a glib tongue or fancy foot work: this so called trade agreement subordinates American interests to those of other countries at the very moment we need to finally attend to the neglected needs and wishes of the Americans who have been shouldering other countries' burdens far too long; expending not just their own blood, sweat, toil and tears in behalf of foreigners, but the wealth and well-being of this great country; and the inheritance of all future generations.

Enough is enough! We must once and for all stop allowing our elected and appointed officials, aided and abetted by insidious foreign lobbyists, to sell our heritage, and our country to the highest bidder for personal profit!...in too many instances.

Respectfully yours,
Ronald R. Rowan

IN APPRECIATION

We would like to thank all the relatives and friends for their support during the illness and following the death of our daughter VICKI RAE SHREVE. Thank you especially for the prayers, visits, cards, gifts and flowers to Vicki while she was in the hospital and at home. We also greatly appreciate the flowers, food, donations and words of comfort after her death.

A special thank you goes to Bausch & Lomb 2nd and 3rd shift employees and staff/management for their support, concern and thoughtful acts of kindness.

Bausch & Lomb Employees Recognized

Dale Umbel

Dennis Fike

Danny Bray

Dolly Bennear

Bausch & Lomb recently named Dale Umbel as Employee of the Quarter, Dennis Fike as June Employee of the Month, Danny Bray as July Employee of the Month; and Dolly Bennear as August Employee of the Month. These four Bausch & Lomb employees were nominated by their peers for their outstanding performance above and beyond the normal job related duties, according to a B&L spokesperson.

Dale Umbel, a first shift employee, was recognized for his expertise in the areas of Electrical Discharge Machine, dressing laps, and knowledge of the Lens Surfacing Department. In all Dale has performed in order to insure top quality of Ray Ban Sunglasses, and he has shared this knowledge with his fellow employees.

Umbel has been an employee with Bausch & Lomb for 22 years. During his career, he has had experience in the positions of utility operator, set-up operator, engineering technician, group leader, and manufacturing supervisor. He serves on the following GENESIS Teams: Specialty Products, 9-Base, 9-Base Thickness, 9-Base Trays, Weekly Scheduling, and UTL Refurbish Teams.

Dennis Fike, a first shift employee, was chosen as June Employee of the Month in recognition of his outstanding achievements in the areas of CFM accomplishments. He has traveled to three foreign countries to assist B&L facilities in setting up machines. He was also recognized for his detailed ability to make technical advances that have resulted in substantial improvements in quality and yields.

Fike has been with B&L since April 12, 1971, and has held positions such as group leader, set-up operator, and his present position with the CFM Program. He also serves on five different GENESIS Teams.

Danny Bray, a third shift employee, was chosen as July Employee of the Month for his efforts in the reduction of machine down time. He is committed to maintaining his machines to insure the production of very high yields, the spokesperson said. He works as a team member with inspectors and operators to produce high quality lenses, and he is "always willing to go that extra mile to assist his fellow employees," said the spokesperson.

Bray joined Bausch & Lomb in June 1975 as a module operator and is presently working as a set-up operator.

Dolly Bennear, a second shift cafeteria employee, was selected as August Employee of the Month. Dolly was nominated by her fellow workers for her dedication to customer satisfaction, quality, job flexibility, cost reduction, productivity improvement, housekeeping, problem solving, teamwork, safety, cleanliness, and attitude.

"Dolly goes far beyond to prepare quality food for the second shift population, and her excellent housekeeping habits maintain a clean environment," the spokesperson said.

Ms. Bennear joined the B&L team on September 9, 1988, as a food service worker. "She is a very special employee, one who deeply cares about people and customer satisfaction," the spokesperson said.

Accident PTA To Sell Chances For Oct. 11 Drawing

The Accident Elementary School PTA (Parent-Teacher Association) has initiated the sale of chances for a four-way drawing scheduled for Oct. 11. The winners of the drawings will receive gift certificates at various Accident businesses.

The gift certificates to be awarded are as follows: $100 gift certificate from the Accident IGA, $50 from Goeringers Country Restaurant, $30 from Accident Amoco, and $20 from McDonald's Restaurant. There will be four drawings for the four prizes, and the drawings will take place at the October PTA meeting.

The chances are $1 each, or $5 for six, and may be bought from any PTA member, Accident Elementary School student, or at Accident IGA, Goeringers, Accident Amoco, or the school.

The proceeds from the fundraiser will support the needs of the Accident Elementary School.

Jazzitis Concert Slated At FSU

Frostburg State University's Lane Center and Residence Hall Association are sponsoring a concert by Jazzitis on Saturday, September 18 in the Lane Center Greenhouse from 8 to 10 p.m. This local group performs jazz styles from classic jazz and bebop to the more contemporary (funky) jazz.

There are five members of Jazzitis: Curtis Johnson plays saxophone and flute, Fred Kesner plays the trumpet, Tom Harrison on the piano, Jim Roderick on bass, and Mark Cappellini plays the drums. All are area music teachers as well as free-lance musicians with classical training on their instruments. Together they perform in a wide variety of musical situations such as festivals, musicals, weddings, club, and recording studio sessions.

The performance is free and open to the public, with refreshments provided. For more information, persons may call the Lane Center information at (301) 689-4411.

SHS Sophomores To Order Rings

Sophomore students at Southern High School will be making their class ring selections on Wednesday, September 22. Students and their parents are invited to meet with a representative from Balfour, to view rings samples and place orders on that date. By placing their orders at this time, the students may expect to receive their rings prior to the Christmas holiday, according to a school spokesperson.

The representative will accept orders in the cafeteria, and will be available to meet with students during the lunch periods. After-school hours have also been arranged so that interested persons may participate. In order to reduce the number of students and parents waiting at any given time, the following alphabetical schedule has been established according to students' last names:

From 3:15 to 3:45 p.m., students whose last names begin with the letters A-C; from 3:45 to 4:15 p.m., those with last names beginning D-F; from 4:15 to 4:45 p.m., last names G-J; from 4:45 to 5:15 p.m., names from K-M; from 5:15 to 5:45 p.m., names N-S; and from 5:45 to 6:15 p.m., those whose last names begin with letters T-Z.

In the event the scheduled time is inconvenient, parents are welcome to attend when possible until 7 p.m.

Information packets were distributed to students earlier this week, and a display in the main lobby has been created so that students may view a variety of ring samples. Persons interested in obtaining more information may contact the school office at 334-9447 during school hours.

Music Night Set At Crellin Assembly

A Music Night will be held at the Crellin Assembly of God Church on Sunday, September 19, at 7 p.m.

The featured entertainment will be the adult and youth choir, along with the orchestra. Various other groups and individuals will also perform.

The public is invited to attend the evening of "inspirational music," according to a church spokesperson.

Crisis Center To Hold Volunteer Training Sept. 21

Mountain Top Crisis Pregnancy Center, Inc. (MTCPC), will be holding a training for new volunteers Wednesday, September 21. Training will begin at 9:30 a.m. at the center, located at the corner of Rt. 135 and G Street in Mtn. Lake Park.

MTCPC is a non-profit, tax exempt organization which offers alternatives to abortion. According to an organization spokesman, MTCPC does not take a girl/woman's choice away, but believes in educating her on the development of the child after conception and educating her on abortion so she can make an informed decision. MTCPC receives no government funding, has no paid employees, and operates solely on donations.

Some of MTCPC services include pregnancy testing, counseling, referral services, transportation, adoption program, shepherding homes, single parent and post-abortion support groups and provisions for maternity and baby clothes, baby furniture, food, formula, and diapers.

For more information about the training, persons may contact Mtn. Top CPC at 334-1058 or 1-800-866-2400, and ask for Nellie, or just arrive at the Center on September 21 by 9:30 a.m.

Win our photo contest and end up in everyone's wallet.

At First Federal, we've decided that the best way to find a winning shot for our new VISA and MasterCard is to hold a photo contest.
So we're inviting you to take a shot at fame. We're looking for an image that captures the beauty of our community as it is today. Maybe it's a cozy, weathered farmhouse. A scene from a familiar downtown street. A nearby lake or even a rolling rural highway. Just something that you and your neighbors would be proud to carry in your wallets.
For entry information, stop by the branch nearest you. Or call 301-724-3363. Then give us your best shot. Remember, this is an equal photo opportunity.

OBITUARIES

JENNIFER A. FRANTZ

Jennifer Ann Frantz, 17, of 812 Woodley Drive, Rockville, died Saturday, September 11, 1993, from injuries she received in a two-vehicle automobile accident at West Seventh Street and Wilson Place, Frederick.

Born October 22, 1975, in Silver Spring, she was the daughter of James Edward and Ann Usher (Farrell) Frantz, Rockville and Penn Point at Deep Creek Lake.

Ms. Frantz was a freshman student at Hood College and was a graduate of Oakcrest High School, Washington, D.C., class of 1993. A summer resident of Garrett County, she was a water and snow skiing enthusiast.

In addition to her parents, she is survived by paternal grandparents, James E. and Elva J. Frantz, McHenry; maternal grandparents, James A. and Florence Ann Farrell, Blairsville, Pa.; maternal great-grandmother, Mary Ethel DeWitt, McHenry; and numerous aunts, uncles, and cousins.

A memorial service was held Wednesday, September 15, at 2 p.m. at the Coffman Chapel at Hood College with the Rev. Anne L. Reed officiating.

A graveside service and interment were held this morning at Garrett County Memorial Gardens, Oakland, with the Rev. Lawrence Sherwood officiating.

In lieu of flowers, the family suggests that donations be directed to: Jennifer Ann Frantz Scholarship, c/o Hood College, 401 Rosemont Ave., Frederick, MD 21701.

Arrangements were handled by Stauffer Funeral Home, Frederick.

Born May 19, 1908, in Bayard, he was the son of the late Charles F. Layman Sr., and Anna M. (Boring) Layman.

He was a retired coal minor and a member of the UMWA Local #2478 and the Mt. Top Hunter's Club.

He is survived by his wife, C. Lucille (Willis) Layman; three daughters, Sharon E. Horstmann, Spring City, Tenn., Izetta S. Lewis, Oakland, and C. Ann Moreland, Mt. Storm, W.Va.; five sons, Robert A. Layman, Waynesville, Missouri, Russell B. Layman, A. Richard Layman, Randall B. Layman and Stanley H. Layman, all of Bayard; one sister, Neva Kincaid, Flatwoods, Ky.; three brothers, Sheridan Layman, Aurora, W.Va., Roy V. Layman, Frostburg, and William "Bill" Layman, Fremont, Calif.; 11 grandchildren and four great-grandchildren.

Friends will be received at the Stewart Funeral Home, Oakland, from 7-9 p.m. today and from 2-4 and 7-9 p.m. Friday. A service will be held at the funeral home on Saturday, September 18, at 11 a.m. with Rev. William McCallister officiating. Interment will be in the Bayard Cemetery.

MABEL STANTON

Mabel W. (Bittinger) Stanton, 90, Bittinger, died Wednesday, Sept. 15, 1993, at Memorial Hospital, Cumberland.

Born February 16, 1903, at Jennings, she was the daughter of the late Samuel W. and Mary (Hetrick) Bittinger. She was preceded in death by her husband Melvin Hoye Stanton, Sr, in April 1964.

Arrangements by the Newman Funeral Home, Grantsville, are incomplete at this time, and a complete obituary will appear in next week's edition.

PLEDGE ALLEGIANCE BOOKS PRESENTED - The Disabled American Veterans (DAV) Auxiliary, Mtn. Top Unit #29, recently donated booklets titled *What Does Pledge Allegiance Mean?* to the Garrett County Board of Education. The booklets, which explain each line of the pledge, will be distributed to each second grade student in the county's public school system. They will also be used in programs for Citizenship Day, Sept. 17. This donation is part of Unit #29's effort to promote Americanism, a spokesperson said. Pictured above, left to right, are Dr. Jerome Ryscavage, superintendent of Garrett County schools; Wilda Sanders, chaplain and Americanism chair; Clara Gauer, auxiliary commander; and Brenda McCartney, director of elementary education.

In Loving Memory of LEE CODDINGTON

It's been two months since you've been gone.
The heartache remains as time moves on
We've cried many tears for you & many many more.
every time we think you'll come walking through the door
We often sit and think of you & think of how you died.
to think you didn't have a chance to even say goodbye
No one knows how much we miss you or knows of all the pain,
the love you brought to our hearts, life will never be the same
So many times we'll need you, so many times we'll cry
so many times we'll sit and think why God why
No one knows the answer, no one ever should,
because when it comes to saying goodbye, no one ever could.
You will always be with us in our hearts
No one could ever take that part
It's goodbye for now but not forever
because we know some day we'll all be together

Sadly Missed By,

Dallas Holm Concert To Aid Food Drive

A food drive is being sponsored in conjunction with the upcoming Dallas Holm concert slated Friday, September 24. Proceeds from the food drive are being donated to the Romney, W.Va., Ministerial Association.

Persons attending the concert are urged to bring a canned good to help feed needy families in the area. The concert will be held at the Hampshire High School gymnasium and will begin at 7:30 p.m. The doors will be open at 6:30 p.m.

Acknowledging the fact that the Bible tells people to care for the needy, Holm began sponsoring food drives in conjunction with his concerts in September of 1984. Over 3,400 pounds of food were raised at the first food drive, and since then there have been up to six tons of food raised per concert.

Holm is one of the foremost contemporary Christian artists in the country today. The winner of several awards, he has consistently had songs in the national top airplay charts since he began his career a number of years ago. He has the distinction of being one of only a handful of contemporary Christian artists with a gold album.

The concert is sponsored by the Romney Assembly of God Church in cooperation with the Romney Ministerial Association. There will be a $2 donation and a canned food item requested at the door per person. A love offering will also be received during the concert. Persons desiring additional information may contact Pastor Acherman at 1-304-822-4263.

West Virginia

News from Preston, Tucker, Grant and Mineral Counties.

Barbara Hauser of Eglon was a patient in Garrett Memorial from Tuesday night until Saturday.

John Slawter has returned to his home at Aurora after undergoing knee surgery at Garrett County Memorial Hospital.

Herb Starr fell Sunday at his Stemple Ridge home and the resulting fracture of his upper arm kept him hospitalized for a few days. Visiting with the Starrs were their daughter, Shirley Poling, and her friend, Kenny, of Kent, Ohio. Also visiting were Linda Ayers, Dan Liston and their friends, Kenny and Phyllis, all of Farmington, Pa. The Starrs' son, Terry Starr, of Kent, was a visitor last weekend and was accompanied by a friend, John Meice.

Buckwheat Cakes Will Be Served

Buckwheat cakes and sausage will be served at the Terra Alta First United Methodist Church all day Thursday, September 30. The 14-hour endeavor will start at 5 a.m. and continue until 7 p.m.

Donations will be $4.50 for adults and $2.50 for children 11 years old and younger.

This first-ever undertaking is sponsored by the United Methodist Women.

Art Company To Feature Peasant Art From China

The Art Company of Davis will be presenting an exhibition of contemporary Chinese Peasant Art from September 3 through September 26. This unique collection was compiled by Mary Retzler and her parents Joanna and Hal Retzler of Berea, Ohio, on several trips to China when Mary was enrolled as a student at Fudan University in Shanghai. All works are for sale.

According to the Retzlers, peasant painting in China is a contemporary art form rooted in traditional crafts and employing ancient mythological motifs and images of rural life. The paintings in this exhibit are from six different areas: two in southern China and four in northern China. Each region has an identifiable style and slightly different subject matter. The paintings are typically done in bright tempera colors on paper.

The public is invited to visit the Art Company to view the display.

Ski Patrollers Needed For This Season At Alpine

The Alpine Lake Ski Patrol, Terra Alta, W.Va., a member of the National Ski Patrol System, is currently recruiting members for the 1993-94 season at Alpine Lake Resort.

Current patrollers looking for a "home," persons with emergency medical service experience, and other skiers interested in becoming members of the NSP are invited join the Alpine Lake patrol.

"Being a ski patroller, like any sport related activity, requires time and discipline," noted Cindy Jamison, Alpine Lake Patrol director. "We train every Saturday and Sunday for 11 weekends, starting in mid-November. Upon completing all training and becoming certified, patrollers are required to patrol a minimum of 10 duty days during the season."

Patrollers not only receive advanced emergency medical training, they also ski free while patrolling and receive some complimentary ski time while not patrolling.

For more information about becoming a member of the National Ski Patrol at Alpine Lake Resort, persons may call 304-292-6971.

AURORA/EGLON NEWS

BIRTHDAY OPEN HOUSE

Mildred Wilt will be honored on the occasion of her 90th birthday with an open house at the Maple Spring Church on Sunday, Sept. 26, from 2 until 4 p.m. All friends and relatives are invited to join her on this occasion. It is requested that persons bring no gifts.

HOMEMAKERS ; EXERCISE

Following a presentation on some of the changes expected in the process of aging, lesson leader Jean Winters led the Eglon Extension Homemakers in several exercises which can be used to maintain muscle tone and are not harmful to arthritic joints.

The Sept. 7 meeting was held at the Eglon Memorial Building, with Lectie Bonner serving as hostess. She was assisted by Ruth Teets in her presentation of devotions.

Linda Lewis reported her attendance at County Council and stated that no information was given concerning the change in name and organization in the National Extension Homemakers Council to National Association for Family and Community Education. There were announcements of a Membership Tea to be held Oct. 13 from 7 until 9 p.m. in the Mill Room at Kingwood and of the McGrew House celebration on Sept. 12. There are also trips planned, one to Pittsburgh and Wheeling on Dec. 4 and one for shopping on Nov. 11.

The club participated in the 9-1-1 registration by reporting to the Mt. Grove Fire Department, where there was little response. The club will serve the Mt. Lions Club on Nov. 18. Club members planted four trees this year.

The hostess showed pictures of her grandson's wedding and of her late husband in his youth. She also displayed a speckled gloxinia in bloom.

The meeting concluded with refreshments for the above mentioned and Ruth Teets, Sharon Hammell, Avenell Parsons, Mary Rembold, and Sandra Hauser.

UNION SENIORS

The new meeting date for the Union District Senior Citizens was observed when they gathered at the Aurora United Methodist Memorial Building for a covered dish dinner at noon on Thursday, Sept. 9. There were 20 present and representatives from the Preston County Senior Citizens were in attendance. This was also an occasion for checking blood pressure for those desiring it. Following the meal, the time was spent in visiting.

The next meeting will be Oct. 14 at noon at the memorial building.

YARD, BAKE SALE

The Stemple Ridge Ladies Aid is sponsoring a yard and bake sale at Trotter Park next to the State Road Garage on U.S. 50 on Saturday, Sept. 18, beginning at 9 a.m.

John Wesley Portrayal To Be Presented At St. Paul's United Methodist Church

Founder of Methodism John Wesley, as portrayed by Dr. Raymond L. Moore, Bristol, Tennessee, will visit St. Paul's United Methodist Church, Oakland, on Sept. 25 and 26, conducting a series of talks and presentations for the local public.

A covered-dish dinner will be offered on Saturday at 6 p.m. in the church's Fellowship Hall. Following the meal, Dr. Moore will present *John Wesley, the Doctor*, with medical advice from Wesley's 1747 book, The Primitive Physick.

"Wesley's advice is amazingly current," Moore said. "What he published in 1747 can be vital to our fight against AIDS and other diseases today, and it is a valuable guide for maintaining and regaining health."

Moore will portray Wesley on Sunday morning, Sept. 26, delivering a sermon titled *Means of Grace*, first preached in 1739 at Bristol, England. He will present the sermon at the regularly scheduled worship services at 8:30 and 10:45 a.m. Music for these services will include *Oh For a Thousand Tongues To Sing, Love Divine, All Loves Excelling*, and *A Charge to Keep I Have*, all traditional hymns written by Charles Wesley, brother of John.

In addition to the congregational hymns, the St. Paul's Chancel Choir will at the 10:45 a.m. service present *Ye Servants of God; Rejoice, the Lord is King;* and *Talk with Us, Lord*, which are also works of Charles Wesley.

A typical Methodist Class Meeting will be conducted by "Wesley" on Sunday morning during Sunday School from 9:30-10:30. Class members will learn of the Wesley disciplines for Methodists and how members of the early church expressed their concern for one another.

Moore's great-great-grandfather, his father, and his father-in-law were Methodist ministers. Moore was also a Methodist minister in the South Carolina Conference, from which he took early retirement to serve as a college professor. He also served pastorates in the West Virginia Conference from 1954 to 1967.

After graduating from Bruce High School, Westernport, Moore obtained a bachelor's degree from West Virginia Wesleyan College, a master of divinity degree from Duke University, a master of arts degree from West Virginia University, and a doctorate degree in English from the University of South Carolina. His master's thesis was done on John Donne, seventeenth-century Anglican clergyman, and his doctoral dissertation focused on James Boswell, eighteenth-century acquaintance of John Wesley and good friend of Martha Wesley Hall, John's sister.

When not on the road with his "Wesley Visit," Dr. Moore teaches business, humanities, and English courses for Bristol University.

The public is invited to St. Paul's for the Wesley event.

SOJOURN MOVERS can move a household full of belongings locally or long distance. Pictured above in front of the moving van is Chad DeWitt, left, and Stan DeWitt, owners.

Let's Get Down To Business!

This is a feature of *The Republican* to better acquaint our readers with various area business establishments.

Sojourn Movers

Recently opened in the Deer Park area is Sojourn Movers, a moving and general hauling business owned and operated by Stan DeWitt and his son, Chad.

The company specializes in moving and general hauling, both local and long distance.

"We've been considering our own business for some time, and, realizing the need for this type of service in the area, chose to start a moving company," DeWitt stated. "Our primary service is moving families from one home to another, both local and long distance. But we're also willing to do general hauling with our 21-foot box truck." DeWitt explained that his 21-foot truck will hold an entire household.

DeWitt, a Vietnam veteran who also drives a school bus for Garrett County, was born and raised in the Oakland area. He now lives in Deer Park with his wife, Karen, son, Chad, and daughter, Larissa.

"We offer free estimates, he says. "Give us a call. We'll definitely give you a good deal!"

Sojourn Movers can be reached by calling 301-334-4498. Their answering machine is checked every hour on the hour.

4-H Club News

NORTH GLADE
by Adam Herbert, reporter

A nature hike was taken by eight members and five adults of the North Glade 4-H Club prior to the regular monthly meeting on September 8. Animal signs, food and habitats were observed by the members as part of the Wildlife Project.

All members participated at the fair in some way. The club's booth received Reserve Champion in 4-H judging and first place in Soil Conservation judging. The float received second place. Beef tickets were distributed and are to be returned no later than October 13.

The club will be providing and serving lunch at an auction on September 18, with proceeds going to the Missouri 4-H Foundation for flood relief. The club will do Adopt-A-Highway on September 19 at 2 p.m. A haunted hayride or a trip to haunted caverns is being planned for Oct. 23.

There will be a record book workshop at the next meeting on October 13. Members are to bring all record book materials along with their Wildlife reports.

Chris Herbert Receives 4-H Scholarship

Christopher D. Herbert has been named the recipient of the Beatrice Streaker Pfefferkorn Memorial Scholarship awarded through the Maryland 4-H Club Foundation.

Herbert is an 11-year member of the North Glade 4-H Club. His major involvement has been in the areas of leadership, citizenship and sheep. He currently serves as club president.

A 1993 graduate of Southern High School, he is currently a student at Garrett Community College.

Herbert is the son of Barbara and Douglas Herbert of North Glade.

Jennifer Weller Earns Sealing Scholarship

Jennifer Lee Weller was awarded the John Thomas Sealing Memorial Scholarship for 1993. Weller is a sophomore at Garrett Community College, majoring in elementary education.

She has been active in the 4-H program in Garrett County for 11 years, sings in the Emmanuel Lutheran Church Choir, and serves as substitute organist for St. John's and Zion Lutheran Churches. She was in the North Garrett Marching Band for four years and also was active in sports in high school.

Weller is the daughter of Kathleen Weller, Ellicott City, and the granddaughter of Don and Jane Sealing of Bittinger, with whom she resides.

"I was quite pleased to be awarded the scholarship, as John was my uncle and we shared a close relationship. It is dear to my heart," Weller said.

John Thomas Sealing was active in all phases of 4-H. He was on the livestock judging team that won the national event. He was a Maryland 4-H All-Star, and a youth leader in the 4-H program.

ty Council and former school board member; Maryland Congress of PTA's President Vicki Rafel; and Kathy Romaine, senior projects manager, Commercial Credit Corporation, representing the Maryland Business Roundtable.

Dinner will be held Wednesday at 6 p.m. with no speaker scheduled. The casual atmosphere, Mrs. Murphy explained, is to encourage "sharing good news, learning from each other, and generally enjoying the unique fellowship of board members."

"Mini-round" sessions will be conducted Wednesday evening. Participating boards and their topics will be as follows: Kent, board meeting decorum/staff recognition; Wicomico, business partnership; Howard, human relations; Allegany, kids on the block; Dorchester, superintendent search; Caroline, board self-evaluation; Queen Anne's, computer implementation; and Baltimore City, Tesseract.

In order the strengthen communications between the state board and local board members, the committee has invited the state board to share its vision for the role of Maryland boards and education, to be heard at breakfast on Thursday. MABE's annual business meeting will follow at 10 a.m., after which leisure time has been scheduled to provide guests with a scenic tour of Swallow Falls State Park, the Hickory Center, and of local schools.

The Presidents' Reception and Dinner will begin at 7 p.m. at which past MABE presidents will be honored, and the Charles W. Willis Award for outstanding school board service will be presented.

Friday will begin with four concurrent clinics: Alternative High School Schedules, Intergovernmental Cooperation; Dealing with Irate Publics; and Negotiations.

Friday's closing luncheon speaker, Dr. Edward "Gene" Causby, executive director of North Carolina School Boards Association, will speak on the challenges of changing roles, and how to meet the challenges with courage.

The conference will end with a boat excursion on Deep Creek Lake Friday afternoon, courtesy of the local education board.

The Golden Years
by Melissa Groves

The "aging of America" is widely recognized -- the rapidly growing population that is over 65. What lies ahead is more pronounced. The Census Bureau now projects the over-65 population at 80 million in the year 2050, compared to 32 million today. Because of immigration and birth rates, the Bureau estimates that in the year 2050, white non-Hispanics will account for 65 percent of the elderly, vs. 76 percent now.

Rams Defeat Huskies, 9-3, In First Soccer Contest In 42 Years

Tuesday, September 14 1993, will always be remembered as a night of firsts in Garrett County soccer history. At the Southern High athletic field following pregame activities that simulated those used in the international version of the sport, the Southern Rams and Northern Huskies competed against each other for the first time since the consolidation of area high schools before a crowd of over 200 people. The last time soccer was played at this level in Garrett County happened in 1951.

After a close first half, which ended with the Rams on top, 3-2, the Southern squad pulled away in the second half to record a 9-3 win.

The Rams opened the scoring approximately four minutes into the game when center midfielder Derek Spirk received credit for the first assist when he placed an outlet pass toward the right side of the Huskies' goal to a streaking forward Joey DiSimone, who ran onto the ball and drilled it past a defenseless goalkeeper. This became the first goal scored in the history of Southern High.

Just two minutes later, the Huskies posted their first ever goal when forward Eduardo Maggiolo collected a well placed pass from David Adamo and split through the Rams' defense for a one-on-one rush at Southern keeper Jason Pressley. He nailed a hard shot high into the right corner of the net for the score. Adamo was credited with the assist.

At approximately 15 minutes into the half, the Rams got another first when Spirk picked up a 50-yard punt from the Huskies' keeper and drove down the left sideline leaving four defenders in his wake before he went one-on-one at the man in the net. Spirk patiently waited for the keeper to make his move, then pushed it under his right hand and into the far side of the net for the goal. This became the first unassisted goal for the Rams.

Just five minutes later, Spirk hit a blast from 25 yards out following a well placed centering pass from left midfielder Kevin Andrews who received the assist. This put the Rams up by a 3-1 margin.

But the Huskies were not willing to lie down and quit. With less then two minutes left in the half, Maggiolo broke through the right side of the Rams' defense, picked up a pass from Noah Rawe, and one-touched it into the far left side of the net.

Both teams returned to the field following halftime with renewed intensity that had the crowd on their feet instantly, as Southern made a breakaway run down the left wing. Andrews' attempt to center the ball hit a Husky in the hand inside the penalty area which set up a penalty kick for the Rams. Spirk was called upon to take the kick which he pushed accurately into the left corner of the net out of reach from a diving Husky keeper. This became the first penalty kick for the Rams and also the first "hat trick" performance on record by a Southern player. The score was posted just 37 seconds into the half.

Three minutes later the Rams had a goal called back when defensive stopper Steve Goralski placed a throw-in to the far post which hit the post and caromed into the net. This goal was disallowed because a throw-in is a form of indirect play which must touch at least one other player before it can be scored. Goralski quickly made up for the unlucky event when he took another throw-in from 40 yards out into open space where DiSimone picked up the ball with his breakaway speed and cracked a shot into the near side of the net for goal #5 for the Rams.

With 12 minutes off the clock, the Rams recorded their sixth goal when Goralski again placed a huge throw-in to the feet of Andrews, who was waiting on the far post and he tapped the ball into the net.

The Huskies continued to show heart in spite of the mounting deficit by returning to the Rams' goal with 17 minutes off the clock. Rawe picked up a long goal kick from Jeff Meyers, Ram defender, and quickly passed the ball up to an on-rushing Martin Strnad who turned and quickly converted the pass into the third score of the night for Northern.

The Rams answered with 21 minutes gone when midfielder Danny Gomez was called upon to take a corner kick following a shot from midfielder Matt Sincell that was deflected over the goal line. Gomez's chip shot cleared all defenders, and Ram forward Danny Nelson crashed through a pack to pick up the bounding ball and headed it down and into the left corner just inside the post for a goal.

The eighth score for the Rams occurred when Goralski tossed another high arching throw-in into the pack of defenders. This one hit a defender and rebounded into the net for an unassisted goal, which left the sophomore defender with one goal and two assists for the night.

The final goal of the contest came with four minutes left in the game. Christian Coviello, playing at the center midfield position, picked up a ball chipped forward from right fullback C.T. Granke. On a well timed bounce, Coviello lifted the ball high over the defense to allow forward Nathan Rickman to get under the arch after fending off two Huskies. He turned and quickly lifted a shot over the left shoulder of the keeper.

"We were pleased to see the improvement displayed by our squad," stated Rams Coach Tom Powers. "They really fired up in the second half and put on a display that had the stands on their feet most of the game. We were surprised by Northern in the first half. We had seen them at the pre-season tournament at Allegany Community College and it looks like they picked up a couple pretty fine players since then. I think the next match-up could be very interesting."

The Rams play away this Saturday against perennial powerhouse Bishop Walsh. Game time is set for 1 p.m. The next game for Coach Tom Ables' Huskies is set for Tuesday at home against Salisbury, beginning at 7:30 p.m.

ON HIS WAY FOR A GOAL against the Northern Huskies Tuesday night is Southern Ram Derek Spirk, accompanied by teammate Kevin Andrews, on the Southern athletic field. Spirk finished the game with a hat trick (three goals), as the Rams defeated the Huskies, 9-3. It was the first meeting in soccer between the two schools in over 40 years. See story

Huskies Blanked By Beall, 5-0

The Northern High soccer team was topped by host Beall last Thursday evening, 5-0.

Matt Herron scored two goals for the Mountaineers, while Brad Thomas, David Tummino, and Mike Pressman each recorded one.

Northern goalkeeper David Neumark had 13 saves and David Adams recorded 12 of Beall's 20 saves.

The 0-2 Huskies then played at Southern Tuesday night (see separate story).

Soccer Sponsors Named By MSA

The Mountaintop Soccer Association, which has kicked off its fourth season of recreation soccer, announced this week a record number of team sponsors.

Sponsors of teams in the various age divisions of the league include: Ali Ghan Shrine, A&A Realty, Arrowhead, Bausch & Lomb, Booter's Club, Diamond Auto Glass, Don Nuce Northwestern Mutual Life, Englander's Pharmacy, First United National Bank & Trust, Innlet Motor Lodge, Oakland V&S Variety, Party Line, Pizzeria Uno's, Point View Inn, Railey Realty, Rob Michael State Farm Insurance, Shaffer Ford, *The Republican*, The Vision Group, and The Toy Chest.

"We are overwhelmed by the generous support of businesses and organizations in our region," stated Carole Ann Lovett, MSA president. "In addition, we are very fortunate to have a sponsor come forward for each of our 20 teams, also our highest number."

Competition among the various league teams will begin this Saturday at the Southern and Southern Middle schools.

DCL Soccer Club Defeats "Acts II" In Cumberland

The Deep Creek Lake Soccer Club traveled to Cumberland last Sunday for a contest with the "Acts II" team at Allegany Community College field. The match was not decided until the 79th minute, when Deep Creek prevailed 3-2.

Players on both teams were apparently frustrated with interruptions by the lone referee which resulted in four penalty shot situations in the first half. Neil Beggy opened the scoring in the 15th minute from the left side of the goal area on a short pass from Mike Hoffeditz, who had drawn the defenders and the goal-keeper toward himself in the middle.

Acts II responded immediately, as still in the 15th minute Aaron Ryan scored against the momentarily "flat" Deep Creek Club. Toward the end of the first 20-minute quarter, Deep Creek was awarded a penalty kick on an incidental hand ball in the area, but it went wide.

Keeper John Steele denied George Martin's penalty shot with a diving save to his right in the second quarter, and the ensuing corner kick was cleared away by Deep Creek. Martin got another chance later in the period, when Deep Creek was penalized for charging from behind. This time Martin converted and Acts II took the lead 2-1.

Before the end of the half however, Deep Creek tied the score 2-2 on a "legitimate" goal by Aaron Ostrander from Jaston Ostrander, both mid-fielders.

A second official was found for the second half, and the game proceeded more smoothly from that point. There were more free kicks, but none inside the penalty areas, and there was no more scoring until the end of the fourth quarter. Neil Beggy found Mark Gwiazdowski at the opposite end of the field from his normal "sweeper" position, as he lofted a corner kick between the goal area and the penalty spot, and "Gwiz" headed it high inside the far post for the victory.

Deep Creek is now 2-0 on the season, having won its first game 3-1 against "Valley Novelty," Mt. Savage, on August 29 at Southern Middle School. Goals in that contest were made by Mike Hoffeditz, Steve Prosser, and Jason Hinkle, assisted by Steve Heatwole, Mike Hoffeditz, and Jason Ostrander, respectively.

The Deep Creek Lake Soccer Club is sponsored by A&A Realty and plays in the Western Maryland Adult Soccer League. The next game will take place Sunday, Sept. 19, at 3 p.m. at the ACC field, when Deep Creek will rival "When Pigs Fly" of Frostburg.

RECEIVES ZUMPANO SCHOLARSHIP – Tim Nightengale, LaVale, was selected as the 1994 recipient of the Aaron Zumpano Memorial Scholarship Fund at Frostburg State University. The Zumpano Scholarship, through the FSU foundation, recently received $866 from the sales department of Spoerl's Pontiac, Cadillac and Nissan. The employees of Spoerl's annually contribute to the scholarship fund through a special project. The award is given annually to a male student from Allegany, Garrett or Mineral County who participated in basketball or baseball in high school or at Allegany Community College, Garrett Community College, or Potomac State College. It was founded in memory of Aaron Zumpano, who was a standout athlete at Northern High School, GCC, and FSU. Also pictured are Bernie Beal, left, sales manager at Spoerl's; Jack Aylor, far right, from the FSU Foundation; and Gene Zumpano, second from right, family representative and salesman at Spoerl's.

Soccer Coaching Clinic Sunday

Local soccer coaches and parents are reminded that a coaches' clinic, instructed by Graham Ramsay, director of education and training for the Maryland State Youth Soccer Association, will be held at Southern Middle School this Sunday, Sept. 19, from 8:45 a.m. to 5 p.m.

All Mountaintop Soccer Association coaches, as well as others who are interested in becoming coaches, are urged to participate in the course, which will include both indoor and outdoor sessions.

Ram Offense Shut Down By Falcons In 14-0 Loss

The Southern High School offense was held scoreless last Friday night while Frankfort running back Brandon Harden basically had his way with the Southern defensive unit and led his team to a 14-0 defeat of the Rams on the Falcons' gridiron.

The 6-4, 190-pound junior recorded 145 yards on 21 carries and scored all but one of his team's points, while senior fullback David Ortt added 55 yards on 11 carries.

The Southern defense kept Harden and the rest of the Falcons out of the end zone through the entire first half, but the scoreless tie was broken in the third quarter when Harden capped a nine-play, 69-yard drive with a three-yard touchdown run at the 7:45 mark. He also booted the extra point to give the Falcons a 7-0 lead.

The Rams responded with their own drive in the fourth quarter, which involved 11 plays and about seven minutes, only to stall on the Falcons' 31-yard line with 3:40 left in the game.

After a one-yard loss on Frankfort's first play from scrimmage, Harden broke through the Southern defense and raced 70 yards for his second touchdown. Chris Wolford concluded the scoring for the night by kicking the extra point.

The Rams were outgained by a 234-156 margin, as David Crosco led the Southern attack with 61 yards on 10 carries.

"I want to give Frankfort credit," said Southern Coach Fred Gregg. "They played well, but we didn't play well defensively and we didn't control the line of scrimmage. We knew we had to do that in order to win the game."

Southern	0	0	0	0-0

Gregg said that he thought his team may have been slightly over confident following the previous week's upset win over Walkersville. "We were definitely flat," he said, "and I'm not convinced that our players really believed in their hearts that Frankfort was a very good football team."

He said that the performance of Harden "was certainly no surprise," but he hoped the Rams could better control the line of scrimmage up front. "By not being able to do that the impact of a player as talented as Harden was certainly increased," he said.

Gregg said that players of the week were not selected for the Frankfort game because the players requested that the coaches not select award winners when the team loses. "I thought that was really admirable of them," he said.

Things will certainly not get any easier this week for the Rams, who must travel to Martinsburg, W.Va., this Friday evening to meet perennial power Musselman. The Applemen are coming off a loss to a strong Martinsburg team last Friday after opening their season with a win over Keyser.

"As usual, they have excellent team speed, they are very big, and they have a number of talented athletes," Gregg said.

Among their leaders on their wing-T offense are senior halfback Tony Mosby (6-2, 175), senior tackle Tardino (5-10, 240), junior guards Enns (6-1, 190) and Faircloth (6-0, 220), and senior split end Chris Luttrell (6-0, 180).

Their 4-4 defense is spearheaded by Tardino at inside linebacker and junior linebacker Gibson (6-3, 215).

Another problem for the Rams this week is the loss of senior running back/defensive back Josh Woods, who re-injured his ankle in the Frankfort bame and is definitely out this week. Also missing from the line-up will be junior lineman Josh Hinebaugh, who is still nursing a foot injury from the Walkersville game.

"It is a tough place to play down there," Gregg said. "But I think we will be ready to play and I believe our kids learned a good lesson from last week."

The kickoff is slated for 7:30 p.m.

SORRY, LARRY - Larry Shrave, a member of the Southern High School varsity football team, was selected the Defensive Player of the Week last week following the Rams' win over Walkersville. While his name and award were published correctly, we mistakenly printed a photo of Galen Glotfelty instead of Larry. Thus, pictured above is the real Larry Shreve.

Steelers Record Second Win By Topping Vikings

The Northern Steelers recorded their second Mountaintop Youth Football League win in as many starts Saturday evening by whipping the visiting Parsons Vikings, 38-19.

The Steelers took a 26-0 lead in the contest before the Vikings were able to record their first points.

Scott Sisler, the Steelers' quarterback, put the first points on the board when he broke loose for a 56-yard touchdown run in the first quarter. John Snelling made it 12-0 later in the same period with a five-yard scoring run.

Joey Wilhelm capped a drive in the second quarter with a one-yard touchdown run and Snelling booted the two-point conversion to give the Steelers a 20-0 lead.

Sisler then connected with Chris Herman on a 14-yard touchdown pass later in the period to make it 26-0.

The Vikings got on the board before halftime when Jason Hedrick hit Josh Bowley with a 31-yard scoring strike.

T.J. Snelling returned a punt 63 yards for a touchdown early in the third period to give the Steelers a 32-6 advantage.

Bowley responded with a 70-yard scoring run for the Vikings and Steve Lambruno ran for the extra point to narrow the gap to 32-13.

The Steelers' final touchdown came on a six-yard carry by Brad Mason late in the third period.

A 42-yard touchdown pass from Lambruno to Wesley Lambert concluded the scoring.

Defensive standouts for the Steelers were Mason, Joey Wilhelm, John Snelling, and Jed Wilhelm.

The 2-0 Steelers will meet the 1-0 Jets in a re-match of last season's championship game this Saturday evening at Southern High School.

"I expect a very tough, competitive football game," stated Steeler Coach Ben Sisler. "The Jets have very skilled players in quarterback Chad Warnick and tailback Chris Gidley, who display speed and quickness. Tommy Gank (fullback) is also very tough.

"We have played very well the last two weeks," he continued. "We're anxious to see how we respond against the Jets."

Stock Car Racing Continues At Cumberland

There were 73 cars in the pits and all features had inverted starts for Diehl's Ford Night, sponsored by Diehl's Ford Sales of Grantsville, at the Cumberland Raceway on Saturday, September 11.

Bob Salathe, of Bedford, Pa., put the R.G. Food Shops Late Model in Victory Lane for the third time this year and received an extra $150 from Diehl's Ford Sales, a hat from Cycle Outlet and $25 decal package from General Graphics. Mike Altobelli, of Saxton, Pa., got win number four in the Semi-lates, an extra $100 from Diehl's Ford, a hat from Cycle Outlet, and a $25 decal package from General Graphics. Wade Peer, of Ridgeley, W.Va., won for the fifth time in the Pure Stocks and received an extra $50 from Diehl's Ford, a hat from Cycle Outlet and a $25 decal package from General Graphics. The top three finishers in each feature received a hat from Diehl's Ford Sales.

In the 24 car Late Model Feature, Tony Flanagan, from his outside pole position, grabbed the lead and held it for seven laps before he did a complete 360 degree turn on the backstretch, putting Wayne Johnson in the lead. Flanagan did not stop and there was no yellow flag for the spin. Wayne Johnson led until lap 15, when he lost the handling in turn four and came in contact with Bob Salathe, who took the lead when Johnson retired to the pits. On the restart, Bob Salathe held off first-timer Neal Paugh for the win. Bob Hershman came from 11th to finish third behind Paugh. Hershman was followed by Larry Wright, Scott Brode, J.R. Keifer, Tony Flanagan, Mike Altobelli, Johnny Bauer and Greg Tressler. Tom Clise, who wrecked in the Heat race, drove Tony Flanagan's back-up car to the 15th spot and Scott Rhodes, in his first start at Cumberland, finished 11th. Heat winners were Chuck Clise and Scott Rhodes.

In the Semi-late Feature Allen Buckley, from the pole, led for 14 laps before Mike Altobelli, who started ninth, got the lead. Altobelli held off Buckley and Jerry Robinson in a blanket finish, with Altobelli getting the win. Allen Buckley finished second, followed by Jerry Robinson, Lynn Ogden, Donnie Witt, Jim Deneen, Bob Albin, Wayne Joy, Brian Lowery, and Eldon Mickel. Heat winners were Dave Hoover and Mike Altobelli.

In the Pure Stock Feature, Denny Sponaugle led for three laps, when Johnny Harr took the lead until lap nine, when Wade Peer, who came from ninth, went to the front and his fifth win this year at Cumberland. Behind Peer was Johnny Harr, Dennis Sponaugle, Troy Harrison, Greg Fuller, Rick Saville, Gary Kimmel, J.R. Isner, Tony Crim and Darras Deneen. Heat winners were Rod Bollman, Wade Peer and Troy Harrison. The Consy winner was Wally Mowery. Howell Automotive, of Keyser, W.Va., gave a set of Accel Spark Plugs to Wade Peer and Wally Mowery.

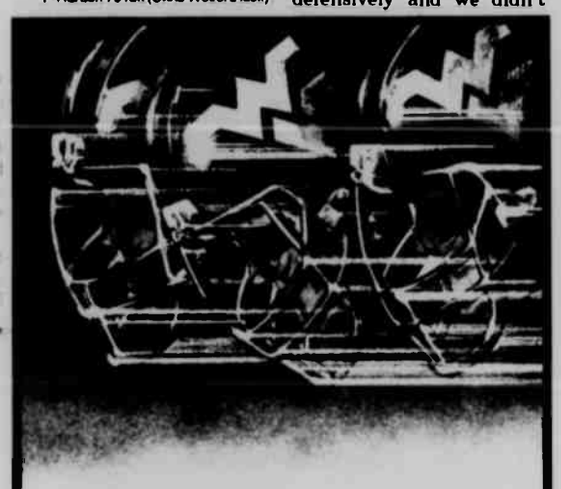
During Intermission, the Pure Stock drivers went through the stands and collected $749 for Pure Stock driver Donnie Twigg, who was injured two weeks ago at the track.

The Tri-State Racing Photos Hard Charger Award went to Bob Hershman, of Swanton. Janet Herring, of McHenry, was the winner of the mini race car drawing.

This Saturday, September 18, will be the final point race and R.G. Food Shops Night, with added money for the feature winners, plus Flanagan Auto Sales, of Fort Ashby, W.Va., will give a 10-speed Free Spirit bike to a lucky fan. The drawing for the Fan of the Year will also be held.

October 9 will be the Queen City 50 for Late Models plus Semi-lates, and the final race of the 1993 season.

Scuba Course To Begin Oct. 10



A course in Beginning Scuba (AVS190) is being offered by Garrett Community College (GCC) at the Frostburg State University (FSU) pool on six consecutive Sunday afternoons, from October 10 through November 14.

According to Mike Logsdon, director of the Adventure Sports academic program, the class will meet from 3:30 to 5:30 p.m. in Room 105 of the Physical Education building and from 6 to 8 p.m. at the pool.

The first class will meet in the Garrett Community College gymnasium at 2:30 p.m. October 10, and will travel as a group to the Frostburg State University pool. Students will drive directly to FSU and meet at 3:30 p.m. for subsequent classes.

Instructor for the scuba course will be Denny Savage of Breathe Deep Scuba, McHenry.

Persons desiring further information should call Logsdon at 387-3013.

Mason Paces Huskies To Easy Win Over Poolesville

A three-touchdown performance by Derek Mason, one through the air and two more on the ground, highlighted an easy 40-0 victory by the Northern High Huskies over Poolesville last Friday night in Accident. It was the second blowout by the Huskies in as many starts this season.

As in last week's opening game against Westmar, the Northern offense started slowly, but then scored in every quarter, while the Husky defensive unit held the visitors to just 109 yards of total offensive production and forced six fumbles, five of which were recovered by Northern defenders.

Larry Wakefield opened the scoring for Northern late in the first quarter with a 20-yard touchdown run. The kick for the extra point failed.

In the second quarter Pete Forno hauled in a seven-yard touchdown pass from Mason. The conversion run was stopped short, leaving the Huskies with a 12-0 lead.

Later in the same period Mason broke loose for a 27-yard touchdown run and Alan Sebold ran successfully for the two-point conversion to make it 20-0 at halftime.

Mason accounted for his third touchdown of the night when he capped a drive with a two-yard scoring run in the third period. The conversion kick was good, giving the Huskies a 27-0 advantage.

The Huskies added two insurance scores in the final period, as Sebold reached paydirt on a three-yard run. Tim Hinebaugh scored late in the game on a four-yard carry, and Lee Collins tacked on the final two points of the evening by catching Mason's conversion pass.

Sebold finished with 98 yards on 19 carries, while Wakefield picked up 65 yards on 12 attempts.

Chris Bittner, who recovered two fumbles, was named the Most Valuable Defensive Player for the second week in a row, while Mason was named the Most Valuable Offensive Player for the second week. Brad Williams was selected Most Valuable Special Teams Player of the Week and Tim Hinebaugh was the recipient of the Hammer Award.

Northern Coach Tom Vent commented little on the contest, other than to express pleasure at the performance of his team's defense. "Our defense played another very good game," he said, noting a "great goal line stand" early in the contest.

The main reason Vent did not give more comment on the contest was that, immediately following the game, his focus was directed at the Huskies' next opponent: the Beall Mountaineers, who are currently ranked as the number one team in the area.

"I believe there are only three teams on their schedule who have a realistic chance of beating them this year," Vent said. "One of them is Hampshire, who already lost to them. The other two are Frankfort and us. But it's going to take an outstanding effort on our part."

The Mountaineers opened with a win over Frankfort two weeks ago and then crushed Hancock last week. They are led offensively by senior quarterback Jason Feagley (6-2, 175), big senior running back Adam Patterson (6-2, 222), and senior tight end Phillip Carter (5-10, 188).

"They are a big, strong football team," Vent said. "They are huge up front and very physical. Their line probably averages 230 pounds per player. They run from the wishbone and don't usually try anything fancy.

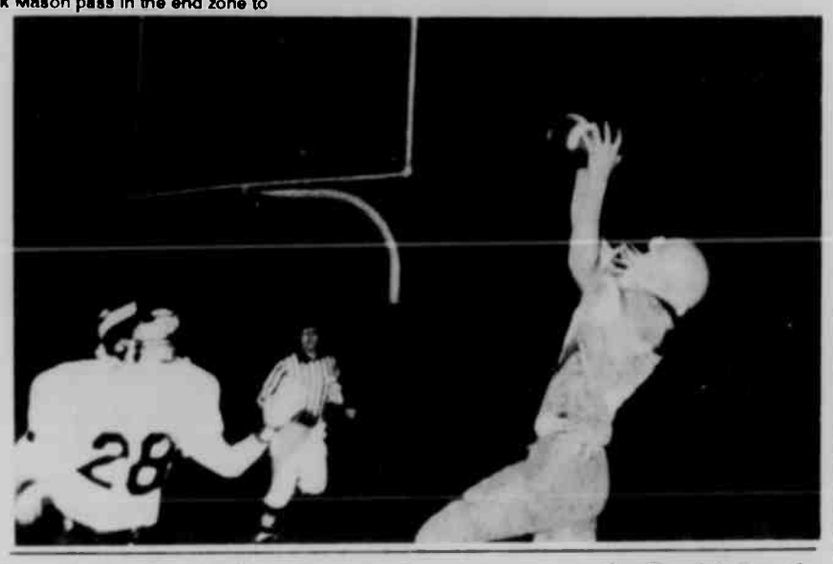
"The Patterson boy, who is 'All-Everything', is just a great running back," he added."

But Vent said his team will be ready to play. "We don't talk about winning; we just talk to the kids about giving 110 percent. They (Beall) are going to be favored, but we have had great practices this week and we are going down there with the confidence that we can beat them."

While the Huskies are not experiencing major injury problems right now, Larry Wakefield is listed as "doubtful" for the Beall game because of influenza. "If Larry can get back to school this week, then he will probably play," Vent said, "but he probably isn't going to be able to play very well if he plays at all."

Vent says he and his staff have planned some "new wrinkles" for the Mountaineers and they include "lots of passing," but he said that it also depends somewhat on the status of Wakefield.

He said that he plans to continue the rather unusual practice of alternating Mason and Rob Speicher at the quarterback position. "They work very well together and are we are still comfortable with this arrangement," Vent said. "Derek had a little better game last week at quarterback than Rob, but Rob is one of our best receivers when he isn't playing quarterback. Plus, he's a very good athlete and just a great team player."



Vent concluded by saying that he believes the Mountaineers are "one of the best teams in the state" and defeating them would give the same distinction to the Huskies.

FINDING LOTS OF DAYLIGHT around the left side of his offensive line is Northern Husky Alan Sebold in last Friday night's contest against Poolesville. Sebold scored one touchdown and a two-point conversion in the Huskies' 40-0 rout of the visitors. Below, Pete Forno grabs a Derek Mason pass in the end zone to score the Huskies' second touchdown of the evening. Northern, ranked number three in the area, will put its 2-0 mark on the line this Friday night in Frostburg against Beall, currently the top rated squad in the area.

Women Golfers Select Flight Play For Sept. 9

Members of the Oakland Golf Club Women's Association met September 9 for flight play.

In First Flight Karen Browning won low gross with 89 and Anne Jesnak took low net with 76. Margaret Moran won low gross for Second Flight, carding 95, while Betty Humberson's 75 was good for low net. In Third Flight, Ruth Ann Porter won low gross with 103, and Hazel Wright took low net prize with 72. Low gross score of 110 by Jo Cook was good for low gross in Fourth Flight, while the 73 net carded by Vickie Regnier won low net.

Committee assignments for 1994 were posted, and plans were continued for the closing luncheon September 23.

Sports League Planning Autumn Glory Run, Walk

Plans have been finalized for the annual Autumn Glory Run and Walk, according to Mike Kozier of the Garrett Sports League.

There will be a new distance and a new location for the run. The five-kilometer (3.1 mile) run and one-mile walk will start and finish at Herrington Manor State Park. The run will be on a grass cross-country loop trail.

The run and walk will be held Sunday, October 17, and will start at noon. Registration on race day will be from 11 to 11:45 a.m.

Applications for the event are available at the Garrett County Promotion Council or from the Garrett Sports League, P.O. Box 52, Oakland, MD 21550. Persons should send a self-addressed, stamped envelope. The registration fee is $8 until October 10, after which it will be $10. Race proceeds will benefit the Southern High School cross-country team and the Garrett Sports League.

Various prizes will be awarded in several age categories male and female. Volunteers are also needed to help with the event that day. The run and walk are being sponsored by Rob W. Michael-State Farm Insurance and the Garrett Sports League.

Oakland Raiders Whip Rams, 32-6, In Youth League

The Oakland Raiders recorded their first Mountaintop Youth Football League win of the season Saturday night on the Northern High field by crushing the Thomas-Davis Rams, 32-6.

Jesse Coddington opened the scoring immediately with an 11-yard touchdown run just 53 seconds into the first quarter. Josh Helbig successfully ran for the conversion.

The Raiders struck again late in the first period with a touchdown pass from Helbig to Coddington to make it 13-0.

Nick Dolan scored on a six-yard carry in the second period and Helbig again ran for the conversion. Derek Everd concluded the first half scoring with a 40-yard run for a touchdown. The conversion attempt failed, leaving the Raiders on top 26-0 at halftime.

Oakland added an insurance touchdown early in the third period on a two-yard run by Everd before the coaches pulled the first string unit and cleared the bench. The Rams scored a touchdown in the fourth quarter.

Everd finished with 171 yards and two touchdowns on just six carries, while Helbig recorded 105 yards on 14 attempts. Helbig, Coddington, and Jesse Black excelled on defense, as Helbig had a sack and an interception and Coddington recovered a fumble.

Also playing well offensively was Brandon Peck, who left the game just before halftime with an injury.

The win improved the Raiders' record to 1-1. They will play again on Sunday, Sept. 26, at 3:30 p.m. against the Parsons Vikings, at Parsons.

Husky Jayvees Crush Wildcats

The Northern High School junior varsity football team coasted to a 42-0 victory over host Westmar Saturday, as quarterback Tim Sines passed for two touchdowns and ran for a third.

The Huskies wasted no time taking control of the contest, as Brian Heslop scored on runs of 62 and 58 yards in the first period.

Sines connected with Andy Brenneman on scoring strikes of 42 and 35 yards in the second period to give Northern a 28-0 halftime lead.

Matt Umbel recovered a fumble in the end zone and Sines broke loose for a 41-yard scoring run in the second half to conclude the scoring.

Mike Minnick, Billy Spiker, and Brandon Baumgardner paced the Husky defense.

The Northern High freshman team was also victorious, topping the Westmar freshmen, 12-0. Zack Leverenz scored all of the Huskies' points on a 38-yard run in the third quarter and a 19-yard pass interception in the final stanza.

Leverenz finished with 103 yards, while Steve Hinebaugh and Doug Sines also excelled on offense. Cody Brenneman was credited with 13 tackles for the Huskies. E.J. Schofield and T.J. Griffith also played well on defense.

The Northern jayvees, who opened their season the previous Saturday with a scoreless tie against Southern, will play again this evening at Fort Hill. The freshman team will play at Keyser Sept. 25.

RAM JAYVEES LOSE

Meanwhile, the Southern High junior varsity team dropped a 20-8 decision to Frankfort on Saturday. Clinton Kauffman scored two touchdowns for the Falcons on 17-yard runs in the first and second quarters, while Chris Flanagan added the third six-pointer on a one-yard run. Brian Plummer booted two extra points.

Harold Crosco scored for the Rams on a nine-yard run in the fourth quarter and Aaron Newcomb ran for the two-point conversion.

Further details of the game were unavailable.

The Southern freshman team is slated to play at Preston County this evening at 7 p.m., while the jayvees are scheduled to play at Fort Hill Monday.

GCC Volleyball Team Opens With Several Wins

The Garrett Community College volleyball team opened its 1993 campaign in impressive fashion this past week by winning the Essex Invitational Tournament Saturday afternoon and then defeating Potomac State College and McKeesport in a tri-match at McHenry Monday evening. The results left the Lakers with a 5-1 mark, which they will put on the line tonight at home against Hagerstown Junior College and Penn State-New Kensington.

In the Essex tourney, Coach Margaret Quinn's squad edged the host team, 15-13, 16-14, 10-15, and 15-13 in the title match. Earlier the Lakers lost to Charles CC and then defeated Essex and Potomac State.

Cara Wachter, Dawn Deshong, Elaine DeBerry, and Sheila Butt paced the Lakers, as Wachter went 14 for 18 in serving and 15 of 16 in serves received in the first two games. Deshong was 34 for 35 in sets and DeBerry went eight for eight in attacks with five kills in the second game. Butt was 16 of 17 in sets in the third game and 19 of 20 in the fourth, while Wachter and Rebecca Few were perfect in six attacks each.

Deshong and Butt also led the Lakers in the 12-15, 15-10, 13-15 loss to Charles. Deshong went 11 for 11 in sets in the first game and eight for nine in the second with four kills. Butt went 11 for 12 in sets in the second game and 17 of 18 in the third.

Garrett first defeated Essex by scores of 15-13, 3-15, and 15-12, as Butt was 36 for 45 in sets in the three games and Deshong was 12 for 12 in attacks with two kills in the first two games.

The Lakers topped Potomac State, 15-13 and 15-12. Butt led in sets with 35 of 36, Few was eight for eight in serves and Deshong went eight for nine in the first game. DeBerry was eight for eight in serves, Charity Taylor went seven for 10 in attacks, and Deshong was 15 for 16 in sets in the second game.

In Monday's tri-match, the Lakers defeated the PSC Catamounts, 15-5 and 15-10, and then breezed by McKeesport, 15-6 and 15-6.

Butt recorded one ace, five kills, six assists, and 16 of 16 sets in the match against PSC, while DeBerry had four kills, Taylor finished with two, and Deshong had eight assists a 19 of 20 effort in sets. Wanda Swartzwelder added an ace and three kills and Wachter was eight for nine in service reception and eight for eight in passing.

Against McKeesport, Butt was 12 for 14 in serving with three aces and went 16 for 17 in sets. Taylor successfully handled seven of eight serves and was eight for nine in attacks. DeBerry converted 11 of 13 passes and seven of eight attacks with three kills, while Deshong was effective on 17 of 18 sets and had four assists.

Tonight's match will get underway at 6 p.m.

Ram Volleyball Team Topped By Spartans, Campers

The Southern High School volleyball team dropped an exciting five-game match to the undefeated Spartans of Bishop Walsh Tuesday evening in Oakland and then fell to visiting Allegany last night in three straight games.

The Rams, who are 1-2, dropped the first two games Tuesday to the 4-0 Spartans, 15-3 and 15-9, came back to win the next two, 15-9 and 15-13, and then dropped the deciding game, 15-10.

Angie Elsey recorded 11 service points for the Rams, while Jennifer Moyer finished with nine and Lisa Harvey had seven, including six aces.

"We really played very well against this team, especially when you consider that we have only one starter back from last year," stated Ram Coach Sue Snyder.

The Southern junior varsity was also defeated, 15-8 and 15-7. Lori Evans led Southern with five points and Cindy Niner had four aces. Kristi Carpenter recorded eight points for the Spartan jayvees.

Southern fell to the Allegany Campers last night, 15-7, 15-12, and 15-10.

Moyer finished with 11 service points, including five aces, and also had five kills to lead the Rams, while Rebecca Wagoner and Dawn Deringer recorded 12 and 11 points, respectively, for the Campers. It was the second win in five matches for Allegany.

Allegany also won the junior varsity match, topping the Southern jayvees, 15-8 and 15-5. Heather Melton had four points, including two aces, while Lori Evans recorded three points with one ace for the Rams. Christy Self and Tiffany Atkins earned eight and seven, respectively, for Allegany.

The Rams opened their season last week with a 3-2 win over Flintstone. Jennifer Moyer finished with 20 points for the varsity, while Heather Melton scored 14 for the junior varsity, which was also victorious.

The Rams will host Northern next Wednesday, with the varsity match slated to begin at 6:30 p.m.

Huskies Open With Easy Win Over Fort Hill

The 1993 Northern Volleyball squad opened its season this week with a shut out of the Fort Hill Sentinels, 15-13, 15-8, and 15-9.

Alison Buckel led the Northern scorers with 14 service points. Lisa Stephens followed with 10 points. At the net Northern's offense was generated by Ellida Schofield with eight spikes including two kills.

Defensively, Stephens led the Huskies with two blocks. The defense was also aided by outstanding back row plays from Wrenny Smith and Stacey Anderson.

Northern's junior varsity ended last year undefeated, going 9-0. They have started out this year running again toward a successful season by defeating the Fort Hill junior varsity squad in two straight games, 15-4 and 15-6. Leading scorer for Northern was freshman Mindy McCarty with 16 service points. Sophomore Nikki Elliott supplied the power at the net with four spikes.

Coach Vonda Yunker has had four returning starters from last year's 9-3 squad, a team that went into the regional playoff seeded third. Returning starters include this year's captain Lisa Stephens, the only starting senior.

"Stephens is an all around player who plays offense and defense equally well," Yunker said. "Her leadership on and off the court is also an important attribute."

Kandi Buckel has sharpened her setting skills and should provide Northern's hitters plenty of opportunities for kills.

"Kandi is also capable of sometimes attacking from her setting position," Yunker said.

Amy Platter is the power hitter from the outside position. "She has become much stronger and more confident in her attack skills and could be one of the dominant hitters in the western region of 1-A schools," stated Yunker.

Alison Buckel completes the roster of returning starters. According to Yunker, Buckel has worked hard to improve all facets of her game. "She is probably the most consistent player in our line up; giving us stability," said Yunker.

Joining the four returning starters will be Amanda Galica, Ellida Schofield, and Stephanie Kamp, all of whom will see considerable playing time. Stacey Anderson and Wrenny Smith have been designated as back row defensive specialists. Rounding out the squad are Tina Savage and Amber Close, primarily service specialists.

Yunker feels that this year's squad could produce big results. "They have as much potential or more than our 1985 state championship team. However, it takes more than potential. This year's team will have to keep improving its skills, work very hard, and keep focused on the task at hand. Then at the end of the season, we'll see where this has taken us. Their dedication to the game has already been demonstrated. Thirteen players on this year's varsity and junior varsity squads gave up part of their summer to attend volleyball camps. Four players attended a camp at the University of Delaware and nine others attended the Global Volleyball Camp at Frostburg State."

The Huskies will host Allegany Monday and then play at Southern Wednesday.

Members of the team are Dave Schwinabart, manager player, Harold Schwinabart, Roger Niner, Bill Cline, Gary Simpson, Clint Taylor, Bobby Reeves, Jim Llwellyn, Mike Lyons, Joe Harvey, Bill Dunithan, Hugh Schrier, Jerry Tichnell, Dave Tichnell, and Barney Barnhouse.

Local Cyclists Invited To Join ALA Bike Tour

Cyclists from the Western Maryland area are being given a special invitation to participate in the fourth annual Deep Creek Lake Autumn Bike Tour to benefit the American Lung Association of Maryland (ALAM) on the weekend of September 25 and 26.

Garrett County cyclists are entitled to a special rate of $25 to ride either day. Routes of 15, 25 or 50 miles will begin and end at the Wisp Resort at Deep Creek Lake. This is a fully supported tour with ride leaders, sag wagons, and generous refreshments. Local riders will also receive free commemorative T-shirts.

Saturday night entertainment featuring a pasta buffet and the comedy of "Holly and Lou" is just $25 more for local participants who wish to attend.

Pre-registration is required. Contact the Western Maryland ALAM office at (800) 222-9974 for more information. All proceeds of this event will assist the ALAM in the fight against lung disease.

NHS Girls Win Tri-Meet, Boys Finish Second

The Northern High School girls' cross country team, led by Danelle Fike, defeated Fort Hill and Beall in a tri-angular meet Tuesday afternoon on the Huskies' track.

The Huskies finished with 30 points, while Fort Hill recorded 34 and Beall scored 61.

Meanwhile, the Northern boys' squad placed second with 36 points, behind Beall with 31 and ahead of Fort Hill with 61.

Fike completed the 3.1-mile course with a time of 19:51, well ahead of Fort Hill's Sarah Manger who placed second in 21:04. Huskies Stacey Dolan and Cindy Weimer finished third and fifth, respectively, while Chrissy Umbel placed ninth.

Brandon Swisher of Beall won the boys' race in a time of 16:25, while Huskies Rich Bowser and Dan Seaman were second and third with times of 16:41 and 16:46. Aaron Hordubay finished eighth for the Huskies.

The Northern teams will compete again Saturday at Smithsburg in the Don Stoner Invitational.

FINISHING FIRST in a cross country meet Tuesday at Northern High School is Northern's Danelle Fike, who completed the 3.1-mile course in 19 minutes, 51 seconds. The Northern girls defeated both Fort Hill and Beall, while the Northern boys placed second. Photo by C. Speicher.

Ram Harriers Top Northern, Bishop Walsh

The Southern High School cross country teams opened their 1993 season last Thursday with a pair of victories, as the Southern boys defeated both Northern and Bishop Walsh and the Southern girls defeated Northern at Allegany Community College.

The Ram boys finished with 22 points, Northern recorded 38, and BW had 83. Southern captured seven of the top 10 places, with Bryan Clickener leading the way in first place. Clickener finished the 3.1-mile course with a time of 17:39, despite having to make-up about 100 yards when he took a wrong turn and had to backtrack. Teammate Nathan McBee did the same thing, but still finished in third place with a time of 18.08.

Northern's Rich Bowser finished second, just one second behind Clickener. Danny Seaman of Northern was fourth, followed by Southern's Matt Newcomb, Todd Howard, Andy Craver, and Matt Devins.

This was the first season of cross country for both McBee and Devins.

Jenny Reams led the Southern girls with her first place finish in 21:42, while Northern's Danelle Fike was right behind in 21:43. Stacy Dolan of Northern was third (23:18), followed by Southern's Andrea Devens, Shannon Dabney, and Lauren Newcomb.

The Southern girls won with a score of 24, while the Huskies finished with 32 points.

The Rams, who are coached by Carl Booth (boys) and Louis Newcomb (girls) will compete again this afternoon at Berkeley Springs.

The Huskies hosted Fort Hill and Beall Tuesday (see separate story).

Bow Hunting Season For Deer Now Underway

Thousands of Maryland bow hunters are now in the woods to continue the centuries-old tradition of hunting deer. The 1993-94 white-tailed deer season officially opened with bow hunting season on Wednesday, Sept. 15.

More Maryland sportsmen participated in deer hunting than any other type of hunting in Maryland, according to the Md. Department of Natural Resources. In 1992, approximately 110,000 deer hunters spent more than one million man days afield and harvested 51,098 deer. Hunters can take part in the 17-week-long bow season, two-week firearms season, and two-week muzzleloader season.

Garrett County led the state in deer harvest by bow last year, with a total of 1,118.

"Although Maryland doesn't have a reputation as a big deer hunting state, the deer herd has increased dramatically over the past 10 years," said Maryland Department of Natural Resources Secretary Torrey C. Brown, M.D.

"The liberalized bag limits and expanded seasons are management tools aimed at stabilizing the growth of the deer herd to keep it in harmony with its habitat and other land uses and provide increased recreational opportunities for Maryland hunters," Dr. Brown said.

During the deer seasons -- bow, firearm and muzzleloader -- hundreds of licensed deer hunters will try to harvest white-tailed deer within the bag limits set by DNR. Only about one-third of the hunters will be successful, but again this year hunting is expected to provide more than one million man-days of recreation in Maryland during the season.

"Man is the only predator the deer have," said Josh Sendt, DNR Wildlife Division director. "We use hunting as a wildlife management tool in an effort to keep the population at an acceptable level. Uncontrolled deer herds create serious problems, such as vehicle strikes and crop damage."

Hunters may hunt on private lands or designated public lands, including state forests, wildlife management areas (WMAs) and designated undeveloped park lands.

About 71 percent of the acreage in Maryland's WMAs were bought with hunter dollars through federal excise taxes on weapons and ammunition under the Federal Aid in Wildlife Restoration Act, Sandt said. Licensing revenues bring in $4.2 million annually to support conservation of hunted and non-hunted species.

"The deer herd in Maryland has been increasing rapidly over the past 10 years and it is currently estimated to be in excess of 160,000 animals statewide," Sandt said.

In recent years, the deer population has expanded to the point where they are damaging crops, gardens, and ornamental shrubs. To control growth and expansion of Maryland's deer herd, DNR lengthened hunting seasons and liberalized bag limits. In fact, in 1992, DNR made the firearms season two weeks in length for the first time this century.

For more information about hunting in Maryland, persons may call (410) 974-3195 or contact the regional wildlife office in their area: Western Region (Cumberland), (301) 777-2136; Central Regional (Bel Air), (410) 836-4550; Southern Region (Gaithersburg), (301) 258-0817; or Eastern Region (Salisbury), (410) 543-6595.

DNR Announces Antlerless Deer Permit Quotas

Maryland Department of Natural Resources Secretary Torrey C. Brown, M.D. announced last week that 4,390 antlerless deer permits will be allocated in the Western Maryland counties for the 1993-94 deer firearms season. In Garrett, Allegany, Washington (Zone 2) and Frederick (Zone 1) counties, an antlerless deer permit is required to take an antlerless deer during the deer firearms season.

Quotas by county and zone are as follows: Garrett County Zone 1, 550; Garrett County Zone 2, 840; Allegany County Zone 1, 630; Allegany County Zone 2, 770; Washington County Zone 2, 600; and Frederick County Zone 1, 1,000.

In response to hunters' concerns that too many deer are being killed in those counties, DNR has reduced the number of permits by 30 percent in Allegany and Garrett counties, by 25 percent in Washington County Zone 2, and by 17 percent in Frederick County Zone 1.

This is a reduction of 1,590 antlerless deer permits from the 1992-93 deer firearms season. Information and forms for applying for the permits are in the "1993-94 Guide to Hunting and Trapping in Maryland." Applications must be received in the DNR Wildlife Division's Annapolis Office no later than 4:30 p.m. on Friday, Oct. 15.

New Germany Friends Sponsor Fishing Rodeo

Friends of New Germany State Park sponsored a fishing rodeo on July 14 at New Germany State Park. Over 125 contestants from a four-state region participated and everyone who registered received a prize. The volunteers from the Friends group solicited prizes, food, and money from various businesses and individuals.

Diawa Corp. donated the rods and reels for first and second place winners in the 7-15 age group, valued at approximately $600.

Other contributors were: The Trading Post at Keyser's Ridge, Subway, Hay Pizza, K-Mart, Sports Unlimited, Pepsi Cola, McDonald's, B.J.'s Store, Legion Post 214, Town of Grantsville, Billy Bender Chevrolet, Grantsville Rotary, New Germany State Park, Savage River State Forest, State Forest and Park Service, Roy Rogers in Cumberland, Value City, Sears, Coney Valley, Foodland, Salisbury Legion, and Country Club Mall.

"We can't thank these wonderful people enough for their generous contributions to such events. This is only one of several activities that the Friends of New Germany sponsor at New Germany each year," said Bill Martin, the chairman of Friends of New Germany.

Kenny Hawk and Chad Fridley each won firsts in the youth division with respective scores of 227 and 225; Fridley and C.W. Nesselrodt won seconds with scores of 206 and 222; and Angela Hipp (190) and Jeremy Bittinger (193) each won thirds.

In the cub division, Brian Roderick won two firsts and the top archer award with scores of 226 and 201. Teddy Bell (171) and Dean Davey (186) were second place finishers and Jamie Delawder won two thirds (152 and 172).

Todd Morris was the top archer in the fingers competition, finishing with a first (177) and a second (189). Eric Branthoover won second (166) and third (159), while Todd Morris won a second (189) and John Qualls earned a third place (148).

The next shoot is scheduled for this Sunday, Sept. 19. For more information about the event, persons may call 304-693-7854.

Junior Hunter Day Program Scheduled

The Maryland Department of Natural Resources (DNR), Maryland Wildlife Division, in conjunction with the State Forest and Park Service, is sponsoring a Junior Hunter Day on Saturday, October 2.

This event is designed to familiarize Junior Hunters with upland game hunting and to increase the participation of junior hunters within the "hunting fraternity." The schedule includes sessions on upland game hunting, hunter safety, and sportsmen clubs, as well as a rabbit hunting dog demonstration and a trap range shooting exercise.

The Junior Hunter Day, conducted jointly by the Mt. Nebo Wildlife Area and Potomac-Garrett State Forest, will be held at Potomac State Forest Headquarters. The event is limited to 25 junior hunters, and pre-registration is required.

Further information and registration forms may be obtained by contacting Potomac State Forest at 334-2038, or Mt. Nebo Wildlife Management Area at 334-4255.

Hunting, Fishing Day Designated

Governor William Donald Schaefer has announced that he will proclaim Sept. 25 "Hunting and Fishing Day in Maryland." The celebration of the state's natural and wildlife resources is part of National Hunting and Fishing Day.

"For more than 100 years, anglers and hunters have been active in the conservation of our fisheries and wildlife, ensuring that these living resources will be available to future generations," Governor Schaefer said.

Department of Natural Resources (DNR) Secretary Torrey C. Brown, M.D., added, "Fees and taxes paid by hunters and anglers have raised billions of dollars, benefitting hundreds of species in Maryland and across the country. Hunting and Fishing Day offers the opportunity to communicate the values, traditions and rationale for these activities to the public and to our young people."

Throughout the fall, DNR will facilitate Junior Hunter Days, one-on-one hunter safety courses which combine hands-on experience and education. For information about the program, persons may call 410-974-2040.

and housing permits improved over July 1992 levels.

In the western region, jobless increases in both Garrett and Washington counties pushed the regional rate up from 10.1 percent in June to 10.3 percent in July. The largest change took place in Washington County where unemployment rose by 0.5 percentage points to 9.8 percent. While hiring took place in the county's business services industry, layoffs in manufacturing boosted joblessness.

Statewide, unemployment rates in July ranged from a low of 3.7 percent in Montgomery County to a high of 11.5 percent in Garrett County.

ed last Thursday on the charge of "contributing to the conduct of a child," according to the report. The charge arose after a complaint concerning the defendant's relationship with a 17-year-old male, according to a sheriff office spokesperson.

Mark E. Whitacre, 24, Mtn. Lake Park, was arrested by sheriff office deputies last Wednesday for violation of an exparte order. Whitacre had apparently been ordered to stay away from the home of Concetta Whitacre, Mtn. Lake Park, but was found there by officers and was subsequently charged.

A bench warrant was issued for the arrest of Chris G. Pagliarulo, 36, Espyville, Pa. The defendant apparently failed to appear in Garrett County Circuit Court.

Larry G. Wilson, 30, Deer Park, was arrested on the strength of a bench warrant charging him with violation of probation, according to the police log.

Robert E. Getty Jr., 20, Frostburg, was reportedly arrested on the strength of a bench warrant for failure to appear in court. The defendant was scheduled to face a DWI charge.

Jamie C. Kozemchak, 30, New Alexandria, Pa., was arrested for failure to appear in court, according to the police report.

A bench warrant was issued for the arrest of David E. Liller, 32, Oakland. Liller apparently failed to pay fines and costs.

Melissa Copeland Weds Sid Friend In June 19 Double-Ring Ceremony

Melissa Ann Copeland became the wife of Lewis Ian Sidwell Friend on June 19, 1993. The double-ring ceremony took place at St. Paul's United Methodist Church with the Rev. Berlin Wilhelm officiating.

Cindy Carr was the organist. Shelly Upole, Holly Stoner, and Christy Stoner were vocalists. Prior to the ceremony, both mothers lighted candles on the altar and during the ceremony, the couple lighted the unity candle.

The bride is the daughter of Mr. and Mrs. Douglas Copeland, Oakland. The groom's parents are Mr. and Mrs. John Friend, Terra Alta, W.Va.

Escorted to the altar by her father, the bride chose a gown of bridal satin with a jeweled neckline and graceful long sleeves with shoulder poufs studded with pearls. The gown featured an exquisitely beaded Schiffli lace bodice and Basque waist. The full skirt dramatically dropped to a lace edge. The semi-cathedral train was embellished with pearls cut-outs and topped with a double peplum and butterfly bow. Satin roses and pearl sprays featured a small pouf and short veiling.

The bride wore pearl earrings that were a gift from the groom. She carried a lace-trimmed handkerchief that once belonged to her grandmother, along with a bouquet of white miniature carnations, stephanotis freesia, and baby's breath. A bouquet of white, peach, and teal flowers was placed on the altar in memory of the bride's grandmother, Viola V. Shahan.

Serving as her sister's matron of honor was Shari Hinebaugh. She wore a peach tea-length satin gown and carried a bouquet of peach and teal miniature carnations with baby's breath. Bridesmaids were Regina Welch, friend of the bride; Brenda Shahan, cousin of the bride; and Jennifer and Marty Friend, sisters of the groom. They all wore matching teal tea-length satin gowns and carried bouquets similar to the matron's of honor bouquet.

Brandy and Britney Hinebaugh, nieces of the bride, were flower girls. They wore peach tea-length satin gowns which matched the gown of the matron of honor.

Best man was Jay Freeland, uncle of the groom. Groomsmen were Brad Freeland, uncle of the groom; Leroy Friend, brother of the groom, Charles Stemple, friend of the groom, and Doug Copeland Jr., brother of the bride.

Ring bearer was Joshua Freeland, cousin of the groom. The groom and groomsmen wore black tuxedos with tails. The groom wore a black tie and vest. The groomsmen wore ties and cummerbunds matching the gowns of the bridal attendants.

Before the wedding ceremony, Larissa, Erin, and Tina Freeland, cousins of the groom, registered guests and distributed wedding programs. Afterward, Carrie Yommer and Krista Friend, nieces of the groom, presented bird seed packets to the guests.

A reception was held in the church fellowship hall. The three-tier wedding cake with peach and teal flowers was prepared by Michael and Jutta Alexander, cousins of the bride. Following the reception, the couple was chauffeured away in the Oakand Fire Department's Engine #42, driven by John Feather.

Following a honeymoon trip to the Poconos, the couple set up residence in Oakland.

The bride is a graduate of West Virginia University with a bachelor of science degree in recreational therapy. She is currently employed by Dennett Road Manor Nursing Home as activity director. The groom is a graduate of East Preston High School and is presently employed by Lakeview Exxon as an attendant and mechanic. He is also a member of the Oakland Volunteer Fire Department.

A rehearsal dinner was hosted by the groom's parents at their home. The bride was a guest of honor at two bridal showers; one given by the matron of honor and attendants, and the other by her co-workers.

Wedding guests attending from out of state were from West Virginia, Ohio, and Alabama.

Cheryl Yeager To Wed Gary Darbey

Mrs. Diane Nagy, Oakland, and Gary Yeager, Ohio, announce the forthcoming marriage of their daughter, Cheryl Yeager, Friendsville, to Gary Darbey, Bruceton Mills, W.Va.

The wedding will take at the First United Methodist Church, Friendsville, on September 25 at 2 p.m.

A reception will follow at the Sang Run pavilion (The Green). All friends and relatives are invited to attend.

Tichnell-Mertz Couple To Wed

Mr. and Mrs. Robert E. Tichnell, Swanton, announce the engagement of their daughter, Cindy Luann, to James Francis Mertz, son of Mr. and Mrs. James E. Mertz, Westernport.

Cindy is a student at Frostburg State University majoring in chemistry. She participates in competitive aerobics and is employed at Fox's Pizza Den in Westernport.

James is currently employed with Community Alternatives of West Virginia and Fredlock's Funeral Home. He is a member of Potomac Fire Company of Westernport and Tri-Towns Rescue Squad.

No date has been set for the wedding.

Marriage Vows Recited June 19 By Samuel Ruggiero, Heidi Ridder

Marriage vows were recited by Samuel Andrew Ruggiero and Heidi Elizabeth Ridder on June 19, 1993. The double-ring ceremony took place at St. John's Lutheran Church, Red House, with the Rev. Paul Poerschke officiating.

The bride is the daughter of Carl Ridder, Oakland, and the late Willovene Ridder. The groom is the son of Joseph and Ruth Ruggiero, West Palm Beach, Fla.

Escorted to the altar and given in marriage by her father, the bride was attired in a designer ivory gown. It featured sheer Shantung with beaded Alencon lace on sheath gown highlighting the heavily pearled portrait neckline. The gown also sported ornate, detachable gauntlets and a detachable train with hemmed pearled lace. She wore a picture hat of satin, repeating the Alencon lace and pearls with rhinestones and silk flower accents and featuring a cloud pouf of English netting mixed with illusion netting. She carried a cascading bouquet of ivory lilies and sweetheart roses accented with ivy.

Serving as maid of honor was Susan Snyder, friend of the bride. Bridesmaids were Rebecca Smith, niece of the bride; Vicki Skeweris, cousin of the bride; Johnna Jones and Linda Lewis, both friends of the bride.

Flower girls were Katrina Iden and Brittany McKinley, both great-nieces of the bride. They wore matching emerald green tea-length gowns with drapes of ivory ruffles and bows on the backs.

Best man was Terry Ravenscraft, friend of the groom. The groomsmen were Joseph Ruggiero II, Reuben Ruggiero, Tim Ruggiero, and Gian Ruggiero, all brothers of the groom. The groom and groomsmen wore black tuxedos with tails and matching vests and ties and ivory shirts.

The candle lighting was done by Tim Ruggiero and Gian Ruggiero. The lighting of the unity candle was performed by Susan Piper, sister of the bride; and Ruth Ruggiero, mother of the groom.

Photographer was Carla Holland, friend of the bride. The wedding was videotaped by Shane Moreland, brother-in-law of the groom. Soloist was Amy Roberts and organist was Mary Jane Gnegy.

All bouquets, flowers, and arrangements were designed by Betty DiCarlo, cousin of the bride.

The couple was honored at a rehearsal dinner hosted by the groom's parents at the Hill Top Restaurant, Grantsville.

Following the wedding, the bride and groom were escorted to the reception at the Pleasant Valley Community Building by the best man and maid of honor. The buffet dinner was catered by Butch Whisner.

The three-tier wedding cake and side cakes were decorated with white icing and trimmed with black lace and flowers. The cake was accented by a fountain. The cake top was a fresh flower arrangement of white sweetheart roses and black baby's breath accented with ivy. The cake was baked by Christy Thomas, Friendsville, and was served by Stephanie Sisler, niece of the bride, and Jackie Hinebaugh, friend of the bride.

Guests were from Maryland, Pennsylvania, Florida, California, and Virginia.

Following a honeymoon trip to Niagara Falls, Canada, the couple set up residence in Springs, Pa.

Crellin Youth Compete In Nat'l Fine Arts Fest

Six young people from Crellin Assembly of God recently attended and competed in the National Fine Arts Festival and Youth Congress, held at the Convention Center in Minneapolis, Minn., August 7-13. The local teenagers, competing nationally for the first time, received "excellent" ratings in the categories of female vocal solo, instrumental solo, and drama group.

The process to the national competition began in February when the youth group competed in District Competition in Manassas, Va. The "superior" rating they were awarded at that contest entitled them to compete at the national level.

Tim Miller, minister of Youth and Worship at Crellin Assembly, accompanied the group, as did several parents. Rev. Ray and Becky Beahm joined them during the week while attending the Assemblies of God Bi-Annual General Council, also being held in Minneapolis.

While in the city, the teenagers visited the Mall of America and toured the Metrodome. They also went rollerblading on a three-mile track circling on one of the many lakes in the city, Miller said.

The financial preparation for the trip included fundraisers throughout the summer and several contributions by various individuals and groups. Miller expressed gratitude to the parents of the youth and to the congregation of Crellin Assembly for their support of the endeavor.

(See accompanying photo.)

YOUTH GROUP ATTENDS ARTS FESTIVAL, YOUTH CONGRESS - Six young people from the Crellin Assembly of God recently competed in the National Fine Arts Festival and Youth Congress, held in Minneapolis, Minnesota. In competitions involving vocal solos, instrumental solos, and drama, the local group received "excellent" ratings - a notable achievement since this was their first experience in a national competition. See story. The competitors and their chaperones are pictured above. Kneeling, left to right, are Rebecca Witt, Larissa DeWitt, Leslie Miller, and Chad DeWitt. Standing in the same order are Amy DeWitt, Paul Mellott, Alex Mellott, Tim Miller, Rev. Ray Beahm, Becky Beahm, Stanley DeWitt, Karen DeWitt, and Carolyn Mellott.

Clean-Up Day Slated At Broad Ford Play Area

A clean-up day will be held this Saturday, Sept. 18, beginning at 8:30 a.m. at the Broad Ford Elementary School outside play area.

Volunteers will be painting, placing borders, spreading mulch, and conducting other general clean-up activities. More volunteers are needed for the effort and are invited to bring tools and a packed lunch. Baked goods and beverages will be provided.

Accident Church Homecoming And Conference Set

Rev. and Mrs. John Lancaster

The annual Homecoming Bible Conference services will begin next Wednesday, Sept. 22, in the Grace Brethren Church of Accident.

The church building, one of the oldest buildings of the area, is located on Bumble Bee Road just south of Accident. Services will be held each night at 7 p.m., and on Sunday, September 26. A Homecoming dinner will follow the Sunday morning Sunday school and worship and will be served by the ladies of the church in the Accident Fire Department building dining room.

Services will include musical numbers vocal and instrumental. There will be a different speaker each service, including: Rev. John Lancaster, with Mrs. Lancaster (pictured above) singing specials; Rev. Joe Nass, with Thelma Bowman and Opal McCartney providing music and singing; the Birkby family musicians, with Lacie Berkebile and her violin; Rev. Shimer Darr; and Dr. and Mrs. Charles Gray of Canton, Ohio, with her cow bells.

Following the Sunday services the Homecoming dinner and fellowship will be shared in the fire hall dining room.

Many area church groups will share in the sacred music and Homecoming Fellowship and the pastor extends an invitation to everyone to attend and participate.

Flu Shots

- Monday, October 11; Kitzmiller Senior Meal Site - Wednesday, October 13; Finzel Senior Meal Site -- Thursday, October 14; and Jennings Senior Meal Site - Monday, October 18.

Influenza, or flu, is caused by a virus. Typical influenza symptoms may include the abrupt onset of fever, aching, sore throat, headache, chills, extreme malaise or tiredness, and a nonproductive cough. More severe infections can result if the virus invades the lungs. The flu incubation period is 24-72 hours, with the illness usually lasting two to seven days. The period of infection is approximately three days after the onset of symptoms.

Pneumococcal pneumonia is caused by a bacteria that is responsible for a substantial number of illnesses and deaths in the United States. This bacteria can cause serious infections of the lungs (pneumonia), the blood stream (bacteremia), and the covering of the brain (Meningitis).

Both the influenza and pneumococcal vaccinations can be given at the same time at different sites without increasing side effects. The influenza vaccine is given annually, while the pneumococcal vaccine is given only once under current recommendations.

Most young, healthy people recover completely from influenza within one to two weeks. Older people and those with certain chronic diseases are more likely to develop serious medical complications following the influenza infection. Influenza is associated with an average 20,000 deaths yearly in the United States.

For more information on the current schedule of flu clinics, persons are asked to call the Garrett County Health Department at 334-8111.

APPALACHIAN MOUNTAIN CRAFTS -- Owner Jim Iden stands beside a display of sporting goods, which along with fur hats, knives, jewelry, buck lure, leatherwork, and hunting supplies can be found in the store in the McHenry Plaza.

Let's Get Down To Business!

This is a feature of *The Republican* to better acquaint our readers with various area business establishments.

Appalachian Mountain Crafts

If you are in need of black powder or a custom-made muzzle loading rifle, then you are in luck. There's a store in McHenry Plaza that can accommodate that need and many other sporting needs.

Appalachian Mountain Crafts, owned by Jimmy and Larry Iden, opened in May 1992.

The store sells hunting, fishing, and camping supplies. Sports equipment and lawn equipment and repairs are also available.

According to Cheryl Iden, Larry and Jimmy have lived here all of their lives and they opened the store because they are both avid sportsmen.

Cheryl Iden said that business has increased a lot since last summer. She said that the store has enlarged and the inventory has expanded.

Appalachian Mountain Crafts is the only store in McHenry that repairs small engines, like "weed eaters" or small boat engines.

The store also sells hunting and fishing licenses.

For more information, persons are asked to call 387-7064.

In the back row, same order, are Andrew Hames, Christopher Miller, Todd Deegan, Joshua Boone, Zachary Deegan, and Jason Brenneman, counselor.

Movement, Arts, And Fitness Camp Deemed Success

Because of the "great success" of this year's first Movement, Arts, and Fitness Camp, held at Garrett Community College (GCC) in August, the camp will be scheduled again for next summer, according to Ann Wellham, co-director. Plans are being made to hold the camp at the college during the third week of July for children aged 5-16.

This year's 43 campers participated in a variety of activities, including rollerblading, mime, and juggling, Tae Kwon Do, visual arts, tumbling, aerobic dancing, mountain biking, fitness, and orienteering. Wellham plans to employ the Adventure Sports Institute more for next year's camp, possibly offering flatwater canoeing and kayaking or sailing as additional activities.

The camp was sponsored by the GCC Physical Education Department, Brenda's Body Shop, and Kim's Studio, with partial funding by the Garrett County Arts Council. Also serving as camp co-director was Brenda Brosnihan. Instructors included Mike Stonesifer, Lexi Freye, Edna Bender, Brian Heselbach, Theresa Yoder, Mike Logsdon, Paul Shogren, and Beth Doerr, with Michelle Duling, Jason Brenneman, and Demetrius Toler as student counselors.

Persons interested in receiving information about next year's camp should call Wellham at GCC, 387-3052, so that a mailing list can be developed.

Thank You

The family of Nellie Cosner would like to express our sincere thanks to everyone for their many acts of love and kindness during her long illness and after her death. Thanks to Dennett Road Manor Nursing Home for the care they gave her during the 7 years she was a patient. Also thanks to Dr. Thomas Johnson. A special thanks to our family and friends for the food, flowers, phone calls, visits, cards and prayers following her death. Many thanks to the Presbyterian Church, the choir, and ministers for the beautiful service. Thanks to Stewart Funeral Home for their sincerity and kindness during the time we needed it most.

Fall Meetings Of Star Resume

Oakland Chapter No. 67, Order of the Eastern Star, met Tuesday, September 7, at the Paul B. Naylor Masonic Temple.

Worthy Patron Theodore Raynovich opened the meeting. Rosemary Harvey, Worthy Matron, greeted Archie Minor, Worthy Grand Patron; Charee Reckner Smith, Grand Electa; Wilda Hile, Deputy Grand Lecturer and Grand Representative to West Virginia, all officers and members and Brothers holding Masonic honors.

A program and gifts were given in honor of the sideliners. All Eastern Star members are invited to attend church as a body, on September 19, at the White United Methodist Church, located on the White-Steyer Road off Rt. 560. The next stated meeting will be September 21, which is the Chapter Birthday, with a covered dish dinner at 6:30 p.m. and the Deputy Grand Lecturer will make an official visit. Signs and passes were conducted by the Worthy Patron and the Conductress.

Mrs. Harvey closed with a reading, "Secure in His Love," and refreshments were served by Rhonda Savage and Rosemary Harvey.

Annual Springs Folk Festival Slated Oct. 1-2

The 36th Annual Springs Folk Festival will be held October 1-2 from 9 a.m. to 5 p.m. daily on the grounds adjacent to the Springs, Pa., Museum, located on Route 669 north of Grantsville. This traditional festival, held each year during the fall foliage season, is a celebration of the local historical arts, crafts, and culture.

Craftspersons using natural materials and native skills will offer contemporary handicrafts, from painting and pottery making to wheat weaving and basketmaking, as well as fungus painting and colorful hand quilting. Unique gifts may be purchased at the festival, and live music will be featured, including the music of bluegrass performers and the a cappella singing of a Mennonite choir. Visitors who stroll the forest trail will see pioneer exhibits including maple sugaring, applebutter boiling, log hewing and sauerkraut making, as well as wool dyeing, spinning and weaving, broom making, tinsmithing, and cider making.

Pennsylvania Dutch foods will be offered, including sausage burgers, bean soup, homemade baked goods, doughnuts, funnel cakes, and homemade bread. The Springs Historical Museum, located in two large buildings, will be open during the festival. This museum houses a large array of artifacts presenting the history and way of life of the early Springs settlers.

Admission to the festival and museum is $4 for anyone 12 years of age and over, $1 for children 6-12 years old, and free for children 5 and under. Admission is $3 per person for pre-registration groups of 20 or more, with ample free parking for cars, buses and RV's.

For more information, persons may contact the Springs Folk Festival, Box 293, Springs, PA 15562, (814) 662-2625 or 662-4159, or the Deep Creek Lake-Garrett County Promotion Council, 200 South Third St., Oakland, MD 21550-1581; telephone (301) 334-1948.

Frostburg State To Hold Marching Band Competition

Phi Mu Alpha Sinfonia, the professional men's music fraternity, in cooperation with Frostburg State University, is sponsoring their Second Annual High School Marching Band Competition on Saturday, September 25, at 1 p.m. located at Frostburg's Bobcat Stadium.

The competition will showcase seven high school bands from Pennsylvania, West Virginia, and Maryland. The bands include Southern and Northern Garrett HS, Allegany HS, Central HS, Westmar HS, Hedgesville HS, and Keyser HS. The Frostburg State University marching band will also be performing an exhibition field show.

Phi Mu Alpha Sinfonia encourages and actively promotes the highest standards of musical creativity, performance, education, and research in America. According to one of the event organizers, Michael Dunty of Phi Mu Alpha, the group hopes to promote the art of music, draw potential students to Frostburg State University, and provide a unique and entertaining event to the students and people of Western Maryland.

There is a small admission fee for this event. For more information, persons may contact Michael Dunty at (301) 689-7296.

EVERYBODY TALKS ABOUT POOR HEALTH

But unlike the weather, you can do something about it. Even though the human body can take a great amount of abuse, it sometimes calls for help. When it develops minor pain or discomfort that goes away but returns, if you suddenly begin to lose weight or energy, these are danger signals.

Without delay visit a physician for a health check-up. It takes medical knowledge to find out what is wrong and how to properly help your body enjoy better health. Your physician has this ability.

BAG AND BAGGAGE

Garfield thinks he's got problems. Compared to me, he's in high clover. This is the last meow. I'm outa here, bag and baggage, leaving my troubles behind!

Our little feline friend doesn't know it, but our troubles have a way of stealthily slipping into our baggage and stowing away, no matter how far we travel.

The desire to flee our troubles is as old as time. In Psalm 55:6 even the wise King Solomon laments, "Oh that I had wings like a dove! I would fly away and be at rest." However, we must deal with that which cannot be avoided.

Reading further in Psalm 55:16, Solomon reinforces his wise reputation as he declares, "But I call upon God; and the Lord will save me."

Let us not choose to run away from our troubles, but toward God's waiting arms. Worship each Sabbath. Get rid of that excess baggage. Travel light!

THE BIBLE SPEAKS

BY LAWRENCE W. ALTHOUSE

ON BEING TOO CLEVER
September 19, 1993

Background Scripture:
Genesis 3:1-13
Devotional Reading:
Psalms 51:1-4, 6, 9, 17

The times in my life when I have been most foolish are ironically the times when I thought I was most clever. Knowledge has never done me in. Neither has wisdom or understanding. But cleverness will every time.

If we are truly knowledgeable, truly wise and truly understanding, we will also have some degree of humility. We will recognize that, in spite of all that we do know, there is still a lot we do not know. And, no matter how much we may celebrate the powers of the intellect, we will know that there are limits beyond which intellect alone can not carry us. But, when we are clever we are also likely to be arrogant.

No one exalted wisdom and understanding more than the writer of Proverbs, but he also warns us: "Be not wise in your own eyes" (Prov. 3:7). I'm not saying there's anything inherently wrong in cleverness, but all too often it causes conceit and conceit often leads to trouble.

MORE SUBTLE

There are a number of varied strands in the story of the garden of Eden, but cleverness seems to be the besetting sin. First, with the serpent, whom the writer says is "more subtle than any other wild creature that the Lord God had made." The serpent's mouth drips with cleverness--(I can recognize it for mine has too, at times)--"Did God say, 'You shall not eat of any tree of the garden'?" He begins by sowing a clever seed of doubt. When Eve says that God warned that touching the fruit of the tree would bring death, the serpent replies with what must have seemed to be inside knowledge: "You will not die. For God knows that when you eat of it your eyes will be opened, and you will be like God, knowing good and evil" (3:4).

If I had not read this story many, many times, I would have bet my bottom dollar that the serpent would not be successful in beguiling Eve. Think of it: the man and woman have it made. They live in a magnificent garden. All their needs are provided for. Their relationship with God and with each other leaves nothing lacking. What could the serpent possibly offer the woman to lead her to disobey?

What the serpent could and did offer the woman was the opportunity to be more clever than God. They didn't need the fruit of the tree; they could have lived forever without it--literally! But why not grab it! The man and the woman were too clever to believe that disobeying God would have any dire consequences.

THE SERPENT'S FAULT

There's no end to their cleverness. When God reproaches the man, he tries to load the blame on the woman and, indirectly, God himself: "The woman whom thou gave to be with me, she gave me the fruit of the tree and I ate" (3:12). And the woman cleverly tries to pass the buck to the serpent: "The serpent beguiled me and I ate" (3:13).

At the end of the story, the serpent could have appeared to Adam and Eve and said, "See! I told you that you wouldn't die, he's just thrown you out of the garden, that's all!" But what neither the serpent nor the man and woman were smart enough to know is that living outside the garden eventually would mean death, for they had lost their innocence and with it their immortality.

Like the parable of Jesus, this story has different levels of interpretation and meaning for us. But, whatever else it may mean to you, it says that the genesis of sin is disobedience to God. And the source of disobedience is often an excess of cleverness and a deficit in humility.

COVER STORY

Fox's 'Untrue Story' smells like a winner

BY JOHN CROOK

Ricki Lake

Morgan Fairchild stars as a seductive perfume executive stricken with "a rare but insidious disorder" in "Based on an Untrue Story," a frequently funny send-up of TV movies. It airs Monday, Sept. 20, on Fox.

At a press conference to launch her new fragrance, "Puppy," beautiful Satin Chau (Fairchild) finds that she has lost her sense of smell. After being rushed to the hospital, Satin learns from her physician (Harvey Korman) that she suffers from anosmia, an ultimately fatal malady. Her life depends on receiving an olfactory nerve transplant from a blood-related donor.

Satin is devastated by the shocking revelation that the Korean couple who raised her are not her birth parents. Her only hope is to find her natural mother or her two long-lost sisters, Velour (Ricki Lake) and Corduroy (Victoria Jackson). Accompanying her on the quest are a handsome and lusty chauffeur named Crack (Michael St. Gerard) and a run-down detective, Caprowolski (Dan Hedaya).

For Lake, the broad comic mood of "Untrue Story" brought back memories of her campy comedies with director John Waters, who launched her movie career with "Hairspray" in 1987, when she was 18.

"They sent the ("Untrue Story") script to me, and I just thought it was hilarious," she recalls. "I mean, the notion of parodying the thing that you're actually doing, which is a TV movie. ... And the idea of me being Morgan Fairchild's long-lost triplet sister, with Victoria Jackson, just made me laugh out loud."

Making "Based on an Untrue Story" hardly seemed like work at all, says Lake. "The set was so much fun, because we had such a big cast, all different types of people from all areas of the business. It was really refreshing to hang out with such an eclectic group. And I had an old friend, Michael St. Gerard, (who) played my boyfriend in 'Hairspray.' So for us, it was like coming home, and it was so exciting to work with him again.

"Harvey Korman is the funniest man alive," she adds. "We would have to do 10 extra takes because everyone would crack up at him. He was amazing to watch. Oh, and Robert Goulet (who plays Satin's husband) and I sang together — not in the movie. I just walked up to him one day and said, 'Sing with me, Robert.' It was like a dream come true, singing a duet with Robert Goulet."

The actress, who turns 29 the day after "Based on an Untrue Story" airs, is currently focusing all her energy on "Ricki Lake," her new syndicated weekday talk show. She also has four features awaiting release, including "Inside Monkey Zetterland" with Sandra Bernhard and "Cabin Boy" with Chris Elliott.

Lake says she's most excited about "Serial Mom," the typically bent Waters-directed film set for an early 1994 release, in which she co-stars with Kathleen Turner and Sam Waterston. "It is hilarious, and John (Waters) is very, very pleased," she says. "Kathleen is a genius. She's perfect, and I can't wait for everyone to see her."

Randall, Klugman star in 'Odd Couple'

BY CANDACE HAVENS

Gloria kicks Felix out of the house, and he has to move in with his old friend Oscar. This is no rerun from the 1970s series, but a new movie titled "The Odd Couple," airing Friday, Sept. 24, on CBS.

Things are a little different this time for the famous pair. Felix's (Tony Randall) daughter is getting married, and Oscar (Jack Klugman) is recovering from throat cancer.

The operation means a change in careers for sportscaster Oscar, and Felix and friends try to help him adjust.

"It was Jack's idea to do a story about Oscar having throat cancer and surviving," says Randall. Klugman had the same operation and is a cancer survivor.

"We had a deal with Paramount for the last five years to do a movie, but there were never any scripts that pleased us both. Then Jack got sick, and we had to postpone for a while," says the actor.

"This past summer Jack and I worked together in 'Three Men on a Horse' for the National Actors Theater (Randall founded the theater), and he became stronger," says Randall. "He bellowed on stage for eight weeks straight. Then he decided he was ready to do the movie."

Randall wondered how they would make a story about throat cancer funny. "I told Jack I didn't think it would be possible, but he said 'It will be funny, don't worry,' and it is," Randall says.

Penny Marshall reprises her role as Myrna, Oscar's secretary at the newspaper. Felix and Oscar's poker-playing friends are portrayed by Jerry Adler (Murray), Dick Van Patten (Roy) and Garry Walberg (Speed). Barbara Barrie portrays Gloria, and Peggy Crosby is Oscar's girlfriend, Jeannie.

TV-PIPELINE

BY TAYLOR MICHAELS

Michael Dudikoff

Q: Please tell me anything you possibly can about the handsome and talented Michael Dudikoff. What other shows and movies has he done? Where can I write to him? –Nancy Davidson, Paint Lick, Ky.

A: Dudikoff stars this season in "Cobra," Stephen J. Cannell's new first-run syndicated series. He plays Robert "Scandal" Jackson, a Navy SEAL who went AWOL and then joined an undercover agency seeking justice for crime victims abandoned by the system. Born in Redondo Beach, Calif., Dudikoff got his first big break in an episode of "Happy Days," which led to a major role in the short-lived 1982 ABC comedy "Star of the Family." Other TV appearances include the role of Lt. Rudy Bodford in the 1986 miniseries "North and South, Book II." He played one of Tom Hanks' best buddies in the raunchy "Bachelor Party," but has become best known for his work in such macho movies as the "American Ninja" series, "Avenging Force," "Platoon Leader," "River of Death" and "Human Shield." He is unmarried. You can write Dudikoff c/o The Cannell Studios, 7083 Hollywood Blvd., Hollywood, Calif. 90028.

Q: Is there any relation between Carroll and Hugh O'Connor on the show "In the Heat of the Night"? –J. Lewis, Kailua, Hawaii.

A: Hugh is Carroll's son.

Q: I'd like to know the name of a movie I saw some years ago. I'm pretty sure it had "Stairs" in the title, and I believe it starred Dorothy McGuire and Robert Preston and was set in Oklahoma. Also, what was the movie starring Preston and Jean Simmons in which he is killed in a car wreck? Are these movies available on video? –K.A. McGinnis, Meeker, Okla.

A: "The Dark at the Top of the Stairs" was based on William Inge's play of the same name. "All the Way Home," set in 1915 Knoxville, was adapted from James Agee's "A Death in the Family." Both were superior dramas; unfortunately, neither is available on videotape.

Q: I'm a big fan of Leonard Stabb, who plays Hart Jessup on "Guiding Light." Where can I write to him? –A.L. Lindsey, Sioux Falls, S.D.

A: As you probably know by now, Stabb was critically injured in a July 31 hang-gliding accident, which left him with severe head trauma. Sean McDermott has been playing Hart while Stabb recovers. If he's still away when you read this, send your get-well cards to: Leonard Stabb, P.O. Box 2041, Murray Hill Station, New York, N.Y. 10156.

Send questions to TV Pipeline, Features Dept., TV Data Technologies, P.O. Box 90100, Fort Worth, Texas 76161-0100. Because of the volume of mail received, personal replies cannot be sent.

THIS WEEK

AND THE WINNER IS: Sunday, Sept. 19, ABC presents "The 45th Annual Primetime Emmy Awards," hosted by Angela Lansbury. • Series debuts during the week include "NYPD Blue" (Tuesday, Sept. 21); "Grace Under Fire" (Wednesday, Sept. 22); and "Boy Meets World" (Friday, Sept. 24), all on ABC. • The new Faye Dunaway-Robert Urich sitcom, "It Had to Be You," debuts Sunday on CBS opposite the Emmys. Other CBS debuts include "Dave's World" with Harry Anderson (Monday, Sept. 20); "Family Album" with Peter Scolari and Pamela Reed (Friday); and "Harts of the West," the new Beau Bridges family drama (Saturday, Sept. 25). • Blossom (Mayim Bialik) visits her estranged mother (Melissa Manchester) in "Blossom Goes to France," a TV movie based on the popular sitcom, airing Friday on NBC. • Morgan Fairchild, Ricki Lake and Victoria Jackson play triplets separated at birth in "Based on an Untrue Story," a send-up of TV movies of the week, Monday on Fox. • Lindsay Crouse is the host for "Campus Culture Wars: Five Stories About PC," a look at a quintet of incidents in which "political correctness" clashed with freedom of speech, Friday on many PBS affiliates. • Timothy Dalton stars in the thriller "Framed," Sunday and Monday on A&E.

"Grace Under Fire"

TRIVIA

As a boy, Abraham Lincoln earned money by rowing tardy passengers to steam boats traveling down the Ohio River.

TRIVIA

Some members of Congress questioned Mary Todd Lincoln's loyalty to the Union because she was from the South.

Morgan Fairchild stars as perfumer Satin Chau, who suffers from a potentially fatal loss of her olfactory powers, in "Based on an Untrue Story," a comedy airing Monday on Fox.

MOVIE MARQUEE

Selleck, Eastwood, Connery on small screen

BY CANDACE HAVENS

A night of confrontations is in store for viewers Sunday, Sept. 19. On NBC, Tom Selleck and Alan Rickman face off in the 1990 Western "Quigley Down Under." When Quigley (Selleck) arrives in Australia as a hired gun, he learns he was hired for more than shooting dingoes. Meanwhile, on ABC, Sean Connery causes trouble for Alec Baldwin in "The Hunt for Red October." This adaptation of the Tom Clancy novel stars Connery as a Russian submarine captain who may or may not want to defect. Baldwin stars as the American Intelligence officer who tries to interpret the captain's every move. On A&E, a British detective (David Morrissey) interrogates a master criminal (Timothy Dalton) in "Framed."

Tom Selleck

Monday, Sept. 20, Fox presents two hours of fun with "Based on an Untrue Story." Morgan Fairchild, Dyan Cannon and Harvey Korman star in the tale of a perfume mogul who loses her sense of smell. Jennie Garth ("Beverly Hills, 90210") and Ted Wass ("Blossom") star in Danielle Steel's contemporary love story "Star" on NBC. Blamed for the accidental death of her brother, A young woman (Garth) is banished from her family's ranch and begins a new career as a nightclub singer.

Charles Bronson and Dana Delany are a father and daughter cop team in the CBS movie "Donato and Daughter," Tuesday, Sept. 21. The two don't get along but are forced to work together to catch a serial killer. The film carries a violence advisory.

Wednesday, Sept. 22, on the USA network, rapper Marky Mark is a wise-cracking student who discovers his teacher's (Amanda Donahoe) wicked past in "The Substitute." On TBS, John Wayne stars as a man on a quest in "The Searchers."

In "Play Misty for Me," starring Clint Eastwood, a psychotic listener stalks a disc jockey, Thursday, Sept. 23, on USA. This was Eastwood's directorial debut. On American Movie Classics, Cary Grant tries to resist the charms of a shop girl in "Every Girl Should Be Married."

Friday, Sept. 24, on CBS, Tony Randall and Jack Klugman star in the 1993 movie "The Odd Couple." Blossom (Mayim Bialik) visits her estranged mother (Melissa Manchester) in the NBC movie "Blossom in France."

It's Sci-Fi Night on TNT, Saturday, Sept. 25. "Forbidden Planet" stars Walter Pidgeon and Anne Francis. "Destination Moon" is a fictional, Oscar-winning account of the first manned lunar voyage.

TIME OUT

Agassi leads U.S. into Davis Cup match

BY MICHAEL SCOGIN

The United States Davis Cup tennis team begins to make amends for a surprising loss to Australia earlier this year when Andre Agassi marches the troops into a qualifying match against the Bahamas in Charlotte, N.C. ESPN covers the singles matches on Friday, Sept. 24, and the doubles matches on Saturday, Sept. 25.

The loss to Australia was due in part to the absence of Jim Courier and Pete Sampras, who couldn't make the long trip to the outback due to scheduling problems. Courier and Sampras will be lost once again when the United States takes on the Bahamas, but announcer Cliff Drysdale, who covers the event for ESPN, doesn't believe their absence will create as many problems for the U.S.

"They felt they didn't need to be a part of it because it was going to be a pretty easy match for the U.S.," says Drysdale. "There's no doubt in my mind that the U.S. is going to win it, but it's not going to be as easy as people think."

Singles players Andre Agassi and Malivai Washington, and doubles team Richey Reneberg and Patrick McEnroe try to prevent the Bahamas from pulling off the upset. While Agassi is a veteran of Davis Cup play and Reneberg was a member of the team that traveled to Australia last year, the Bahamas match will be the first Davis Cup experience for Washington and McEnroe.

"McEnroe has been around the Davis Cup quite a bit in the days of his brother (John), so I think he should react just fine," says Drysdale.

Andre Agassi

The transition to Davis Cup play may not be as easy for the 23-year old Washington.

"It's going to be difficult for him," Drysdale predicts. "He's expected to win, and he should win, but when you're playing for your country, it does put a different light on things."

Reneberg is a tough 27-year old player who may not be familiar to most tennis fans.

"Richey is a very solid, great player who has had some injuries. When he's fit, he's always up there in the latter stages of tournaments," says Drysdale.

Most fans will be showing up and tuning in to see the often flamboyant, never understated Andre Agassi, who after a rocky start has compiled an impressive Davis Cup record.

"He's the biggest draw tennis has, for sure," says Drysdale. "The Davis Cup suits him down to the ground. He's a showman, and Davis Cup is made for showmen because you just have to get onstage for two matches in the week."

CABLE OVERVIEW

Try 'Framed' for thrills, 'The Substitute' for fun

BY JOHN CROOK

Fans of PBS' "Prime Suspect" and its sequel will want to tune in for "Framed," an elegant, fact-based and very complex four-hour miniseries written by "Suspect" creator Lynda La Plante. "Framed" airs in two parts, Sunday and Monday, Sept. 19 and 20, on A&E. Timothy Dalton stars in the thriller about a naive but honest police officer (David Morrissey) who finds himself manipulated by a masterful "supergrass" — British slang for a police informer.

Adding extra irony to this stylish production is the fact that La Plante's teleplay is based on an actual case of an informer who underwent plastic surgery in order to resemble real-life English actor Timothy Dalton. The writer spent extensive time underground with the man in question to gain perspective on his bizarre story.

"I thought it was one of the best scripts I had read," says Dalton. "She's (La Plante) a wonderful writer, and it was a wonderful piece of work, even more fascinating when you realize that it's actually based on truth."

He adds that he's not entirely sure to what extent the real character really resembles him. "I hope he's not looking like me," he says dryly. "I mean, I have enough trouble with the police."

Bad movie aficionados will be in seventh heaven with "The Substitute," a hysterically awful made-for-TV horror film debuting Wednesday, Sept. 22, on the USA Network. Amanda Donohoe ("L.A. Law") plays a demented high-school teacher who seduces one of her pupils (rapper Marky Mark, in his dramatic debut), then throws him over in favor of his father. Donohoe sits provocatively on the edge of her desk, wearing absurdly sexy skirts slit up to her earlobe, while the school is rocked by a series of murders that even Inspector Clouseau could solve. One absurdity piles atop another, until the viewer has to believe it can't possibly get any worse. Thank goodness, it does. Make some popcorn and get ready to wallow.

Amanda Donohoe

Linda Ellerbee's "Nick News," named best children's program of the year by the Television Critics' Association, returns Saturday, Sept. 25, on Nickelodeon. An offbeat animated series about a wallaby, "Rocko's Modern Life," debuts Monday.

The Nashville Network airs "The Canadian Country Music Awards" on Saturday. Lorianne Crook and Charlie Chase are hosts of an hour-long preview just before the awards telecast.

SOAP TALK

'General Hospital' gets new writing staff

BY CANDACE HAVENS

Claire Labine has taken over the head writing duties from Bill Levinson at "General Hospital." The change took place virtually overnight, and the entire writing staff has been replaced.

Labine is no newcomer to ABC. In 1974 she co-created Ryan's Hope, and was a head writer and executive producer for the program. In the 12 years Labine actively wrote for RH, the program received 12 Writers Guild of America awards for Best Written Daytime Serial, and she won eight Emmy awards.

Claire is one of the most extraordinarily talented and accomplished individuals in the industry," executive producer Wendy Riche says. "She is also a fan of GH, and has expressed a remarkable understanding for our characters.

Labine's hiring comes at a critical time for the show, with the return of popular characters Luke Anthony Geary) and Laura (Genie Francis). It seems an awkward time for the show to switch gears with a new writing team.

Under Levinson's direction the show had steadily climbed in the ratings. It will be interesting to see the many changes Labine is sure to make as she cleans the slate of old story lines and characters.

There is big news on the "As the World Turns" set, with the hiring of Nicolas Coster to portray Eduardo Grimaldi. Duncan – Paolo Seganti cousin Eduardo will be the love interest for some of Oakdale's wealthiest available women.

Nicolas Coster

We are absolutely thrilled that Nicolas is joining our already talented cast," says Laurence Caso, the executive producer. "We have an exciting story planned, and our fans are in for a real treat.

This is Coster's second time on the soap. In 1986 he portrayed Dr. John Eldridge, who was married to Lisa. The actor appeared most recently as Lionel Lockridge on "Santa Barbara."

It doesn't look like Jordan Clarke will be back any time soon in the role of Billy. On "Guiding Light," the actor hit an impasse with contract negotiations and the show's executives temporarily have replaced the actor and plan to write the character out. There is no word as to how this will affect Maeve Kinkead, who portrays Billy's wife, Vanessa, on the soap. Kinkead was on vacation when the change took place.

Caring Connection Recaps Successful 1993 Funding Year

Garrett Community College's Caring Connection Program recently submitted its final report for fiscal year 1993 completing five years of program operation at GCC. The Caring Connection is a program that provides special services to adolescent single parents and pregnant teens, ages 14-19.

The program provided services to 27 parenting and pregnant individuals this past funding year. Services included career counseling, skills identification, interest testing, personal development assistance, pre-employment skills training, vocational skills training in both credit and non-credit courses, job awareness assistance, and service agency referrals.

Sixteen adolescents, or 59.2% of total program participants, still attending high school participated in "Choices" curriculum presented by The Caring Connection staff during the funding year at both Northern and Southern high schools.

Six seniors graduated from high school upon completion of their education, one of whom attended evening high school. Eight adolescents, one of whom was also attending high school, were enrolled in credit vocational, career advancement and transfer programs at GCC. With 16 adolescents enrolled in high school, and an unduplicated count of seven adolescents enrolled in college, 85.2% total program participants in The Caring Connection served during FY 93 were enrolled in education.

Five, or 62.5% of total adolescents, received tuition assistance from The Caring Connection to enroll in credit and non-credit classes. Three adolescents were recipients of Pell Grants.

Eight, or 29.6% of total program participants, received child care/transportation through The Caring Connection.

SAND CASTLE CONTEST HELD AT DEEP CREEK - Sand sculpting was in full swing at Deep Creek Lake State Park racently as 41 participants took part in a sand castle contest, aponsored by the Maryland Department of Natural Rasources. There were 15 teams competing in two divisions, Sand Art or Traditional Castles. Brooke and Erica Nuckles, Mt. Labonan, Pa., took first place in Sand Art with their creation of the Deep Creek Lake Loch Ness Monster. First place in the Traditional Castles division went to Jeff, Doug, and Michael Adams of Centerville, Va. Cathy Clocker of WKHJ-Radio and Karen Spiker of the Deep Creek Lake Business Association judged the contest along with Diane Miller, event coordinator and naturalist with the park. Prizes for the winners were donated by The Trading Post, A&D Dairy Delite, Rudy's at Wisp, The Tourist Trap, and Frontier Adventure Golf. Plans are akeady underway for next year's contest, Miller said.

Adolescents and pregnant teens, ages 14 to 19, interested in learning more about The Caring Connection and eligibility requirements are encouraged to call 387-3071 Monday through Friday from 8:30 a.m. to 4:30 p.m.

The Caring Connection is 100% funded by Maryland State Department in the amount of $20,000.

Bay Tributary Partnership Agreement Signed

Governor William Donald Schaefer and elected officials from the state's 23 counties and Baltimore City met last week to sign Maryland's Chesapeake Bay Partnership Agreement, a state/county directive that demonstrates a joint commitment to develop tributary strategies responsive to local needs. The partnership agreement defines the necessity for cooperation between the state and local governments to meet the tributary strategy goals set forth in the 1992 Chesapeake Bay Agreement amendments.

"Maryland's Chesapeake Bay Partnership Agreement is a big step forward in our efforts to restore the Bay," Governor Schaefer said. "Moving our cleanup efforts upstream into the Bay's tributaries, and getting people directly involved in the cleanup process, is how we will meet our nutrient reduction goals."

In signing the Partnership Agreement, counties pledge to: work with state officials to develop tributary specific strategies by June 1994; encourage participation from their constituencies in developing strategies; and meet the overall Baywide 40 percent reduction goal for nitrogen and phosphorus by the year 2000.

In August 1992, Maryland, Virginia, Pennsylvania, and the District of Columbia pledged to develop a cleanup strategy to reach the 40% goal for each of the Bay's major tributaries as part of the ongoing efforts to restore the Chesapeake. These tributary strategies will improve the Chesapeake's water quality, habitat and living resources, such as Bay grasses, fish and shellfish, in the mainstem of the Bay, and also in the rivers that feed the Bay. Maryland's tributaries include the upper and lower Eastern Shore, upper and lower Western Shore, Choptank River, Patuxent River, Patapsco/Back River and the lower, middle and upper Potomac River Systems.

In Maryland, environmental, agricultural, planning and natural resources agencies, working together with local governments and citizens recently completed two sets of public meetings whose purpose was to identify needed components of the strategies to reduce nutrient pollution in each of the 10 major tributaries in the Maryland portion of the Chesapeake. Status documents, explaining in detail the living resources, land uses and water quality conditions of these tributaries, have been available since April. These documents specify the reductions which must occur in each tributary to meet the 40 percent goal.

As part of the public meeting process, possible options to reduce nitrogen and phosphorus loads were developed based on local government and citizen input. These options, collected statewide, were presented to the Chesapeake Bay Executive Council at its annual meeting yesterday.

Maryland's tributary strategy development process continues with the refinement of the developed options. Once the options have been finalized in a draft strategy plan, a third series of public meetings will be held this fall for additional public input and reaction. For more information on Maryland's Tributary Strategies, persons may call the Maryland Department of Environment at 631-3001.

MCC BUILDS BEAR DEN SHELTER – The Maryland Conservation Corps (MCC), a division of the Maryland Department of Natural Resources (DNR), State Forest and Park Service racently assisted Deep Creek Lake Recreation Area in the construction of a camping shelter, known as "The Bear Den," and located on campground site #72. The project was overseen by park ranger Kenny Myers, and completed under the direction of MCC member, Greg Dolen. In about one and one-half weeks. The shelter includes a fireplace. Pictured above in the front row, left to right, are crew members, Tom McCarty, Brian Friend, and Greg Iden. Back row, left to right are Todd Umbel, Jason Paugh, Larry Rodeheaver, and Vernon Sweitzer.

MEALS FOR BUSY FAMILIES

BRAIDED LOAF WITH OLIVES & SUN-DRIED TOMATOES

"I'm late! I'm late . . . for a very important date!"

Alice's harried hare had nothing on today's homemaker. Combining the tasks of household manager, chief cook, bottle washer and nursemaid — and often a full-time job outside the home — finds many of us often dashing about muttering the White Rabbit's lines.

While no one has yet come up with that technological marvel "Day-Stretcher," there are ways to trim time in the kitchen — where we spend the most hours at home. A little planning and using delicious, no-fuss recipes can make mealtimes enjoyable — even for the most overworked cook.

Combining selected ingredients and cooking methods is the key to successful, time-saving meals full of flavor and appetite-stimulating aromas. For example, Rhodes Bake-n-Serve frozen bread dough lets the cook bring home-baked bread to the table and add excitement to simple recipes. Simply take the dough from the freezer in the morning, let it rise and then dress it up. For the varied palates found in most families, Rhodes Bake-n-Serve bread or rolls (Dinner or Texas style) are available in white, honey wheat, raisin, cinnamon or cracked wheat varieties.

California ripe olives bring versatility to almost any menu. Their quality and rich flavors make them ideal for stews, soups, pastas or casseroles; they lend special accents to breads, stuffings, dressings or sauces, and they add both color and flavor punch to soups, salads and a range of vegetables. California ripe olives are ready to use as needed — whole, pitted, sliced or chopped, making them easy to add to any recipe or meal.

And don't overlook cookware selection in helping to shorten meal preparation time. Cookware that goes from any stove or oven to the table and to or from the refrigerator lightens the dishwashing chore afterward. Who can't appreciate that! After all, everyone knows the fun of any meal is in the preparing and eating — not in the cleanup. Revere Spectrum cookware is a perfect choice for today's busy cooks. Nonstick interiors and oven-going handles (up to 425°) make them well-suited to one-dish meals, while their attractive baked enamel exteriors offer a colorful presentation on the table. Unique double pourspouts and colander covers make steaming and straining a breeze. Fashionable Sculptured Pyrex also goes from refrigerator or freezer to any oven so meals can be prepared ahead, stored, then baked and served.

Combining all these elements in the following easy-to-prepare recipes is sure to yield fantastic palate- and olfactory-pleasing results . . . in almost no time at all.

GARLIC & HERB ROLLS

Serve these delightful rolls with a homemade soup or salad or to accompany a roast.

- 12 Rhodes Dinner *or* Texas Rolls, thawed (but not risen)
- 2 Tbsps. olive *or* vegetable oil
- 2 Tbsps. butter
- 3 cloves garlic, minced
- 2 Tbsps. mixed chopped fresh herbs *or* 2 tsps. mixed dried herbs, such as basil, oregano, rosemary, chives, dill *or* chervil

Preheat oven to 350° F.

Arrange thawed dinner rolls in a greased 13 x 9-inch baking dish. Combine oil and butter in a small saucepan, and saute garlic (don't let it burn). Stir in herbs, then brush mixture liberally over rolls, reserving one-third of the mixture. Cover rolls and let rise until doubled.

Uncover rolls and bake for 20 minutes or until golden brown. Remove rolls to cooling rack and brush on the remaining garlic mixture. Serve warm.

CHINA SHRIMP STIR FRY

No need to chop lots of vegetables for this easy stir-fry — a frozen Oriental vegetable mixture saves time and effort.

- 1/2 cup orange juice
- 1 Tbsp. cooking sherry
- 1 tsp. cornstarch
- 2 Tbsps. peanut *or* vegetable oil
- 1 lb. medium shrimp, shelled and deveined
- 2 cloves garlic, minced
- 2 tsps. minced fresh ginger
- 4 cups frozen loosepack Oriental-style vegetable mixture (such as water chestnuts, broccoli, onions, mushrooms and bean sprouts)
- 1/2 cup slivered red *or* yellow bell pepper
- hot cooked rice

In a measuring cup, stir together orange juice, sherry and cornstarch; set aside. Heat oil in a Revere Spectrum 12-inch open saute pan; add shrimp, garlic and ginger and cook over medium-high heat, tossing constantly, until shrimp are pink on all sides. Remove shrimp, leaving drippings in pan. Add vegetables and peppers to skillet; toss over medium-high heat about 3 to 4 minutes until vegetables are nearly tender. Remove from pan. Stir orange juice mixture; add to pan and cook, stirring constantly until mixture bubbles. Add shrimp and vegetables; toss well, cover and cook 2 minutes to heat through. Serve over hot cooked rice. Makes 3 to 4 servings.

NOTE: Rice may be added to the skillet with the Shrimp Stir Fry; the skillet then doubles as a serving dish.

Nutritional Information Per Serving: 263 calories (not including rice), 9 g. fat, 31% calories from fat, 18.8 g. carbohydrates, 201 mg. sodium, 172 mg. cholesterol, 26.1 g. protein.

CHICKEN-OLIVE PASTA PRIMAVERA

Use tricolored rotini, bow-tie pasta or fettuccine for this colorful main dish.

- 8 ounces pasta (tricolored rotini, bow-tie, fettuccine *or* other)
- 3 cups loosepack California-style mixed frozen vegetables (such as a carrot-broccoli-cauliflower-zucchini mixture)
- 1-1/2 cups shredded cooked chicken *or* turkey
- 1 Tbsp. butter *or* vegetable oil
- 1/2 cup chopped onions
- 2 cloves garlic, minced
- 1/2 tsp. fines herbes (such as chervil, chives, parsley and tarragon)
- 2/3 cup light cream *or* milk
- 1/4 cup grated Parmesan cheese
- 1 cup whole pitted California ripe olives

Cook pasta in 3-quart Revere Spectrum saucepan as directed but Only For Half The Recommended Cooking Time. Add vegetables to pasta; return to boil, then reduce heat and simmer until pasta is cooked tal dente. Drain pasta and vegetables (the Revere Spectrum pan's colander lid makes this easy); turn into serving bowl; add chicken or turkey and toss well. Cover and keep warm.

In same saucepan, melt butter and saute onions and garlic two minutes. Stir in the fines herbes and light cream and heat one minute. Remove from heat, stir in Parmesan and olives then pour over the pasta. Toss to coat well. Serve immediately. Makes 4 servings.

Nutritional Information Per Serving: 358 calories, 9.79 g. fat, 24% calories from fat, 40.7 g. carbohydrates, 239 mg. sodium, 82.5 mg. cholesterol, 28.3 g. protein.

BRAIDED LOAF WITH OLIVES & SUN-DRIED TOMATOES

Look for sun dried tomatoes packed in oil; reserve the oil to use for salad dressing another time.

- 2 loaves Rhodes frozen bread dough, thawed (but not risen)
- 1/2 of an 8-ounce jar of sun-dried tomatoes, drained and finely chopped
- 1/2 cup pitted California ripe olives, cut in wedges
- 1/4 cup finely chopped onions
- 1/3 cup finely chopped mushrooms
- 2 tsps. fresh chopped basil *or* 1/2 tsp. crushed dried basil
- 1 egg
- 1 tsp. water
- poppy or sesame seeds (optional)

Preheat oven to 350° F.

On a lightly floured surface, roll out one loaf to form a 10 x 8-inch rectangle. Cut dough lengthwise to form two 10 x 4-inch rectangles. In a medium bowl, stir together the tomatoes, olives, onions, mushrooms and basil until well combined. Leaving 1 inch of dough at each end, spoon 1/4 cup of this filling mixture down the center of each rectangle of dough. Bring long edges of dough together to cover filling, pinch edges together and seal all around, making two long rolls. Place the rolls on a baking sheet, seal two ends together, twist the rolls together and seal the opposite ends. Repeat this process with the second loaf of Rhodes bread dough.

Place both twisted loaves on a baking sheet. Whisk together egg and water and brush over dough. Sprinkle with seeds, if desired. Cover and let rise until doubled in size. Bake 25 to 30 minutes or until golden brown and loaf sounds hollow when tapped. Cool slightly on wire rack. Slice and serve warm or cool.

Variation: For a braided wreath loaf, pinch the ends of the braided bread loaves together to form a ring on the baking sheet. Bake as directed. Makes 2 loaves.

Nutritional Information Per Serving: 250 calories, 7.36 g. fat, 31% calories from fat, 30.8 g. carbohydrates, 786 mg. sodium, 29.5 mg. cholesterol, 5.35 g. protein.

THREE PEPPER OLIVE FRITTATA

This open-faced omelet goes from brunch to supper with ease. Add a fruit salad, rolls and a beverage.

- 6 extra-large eggs
- 2 Tbsp. water
- 1 tsp. crushed dried basil
- 1/4 tsp. dill weed
- 1/4 tsp. salt
- 1/8 tsp. pepper
- 1 Tbsp. vegetable oil
- 1-1/2 cups slivered green, red and yellow bell pepper mixture
- 1 clove garlic, minced
- 1 green onion, sliced
- 1/2 to 2/3 cup whole pitted California ripe olives, sliced
- 1/2 cup shredded Swiss, mozzarella or Monterey Jack cheese

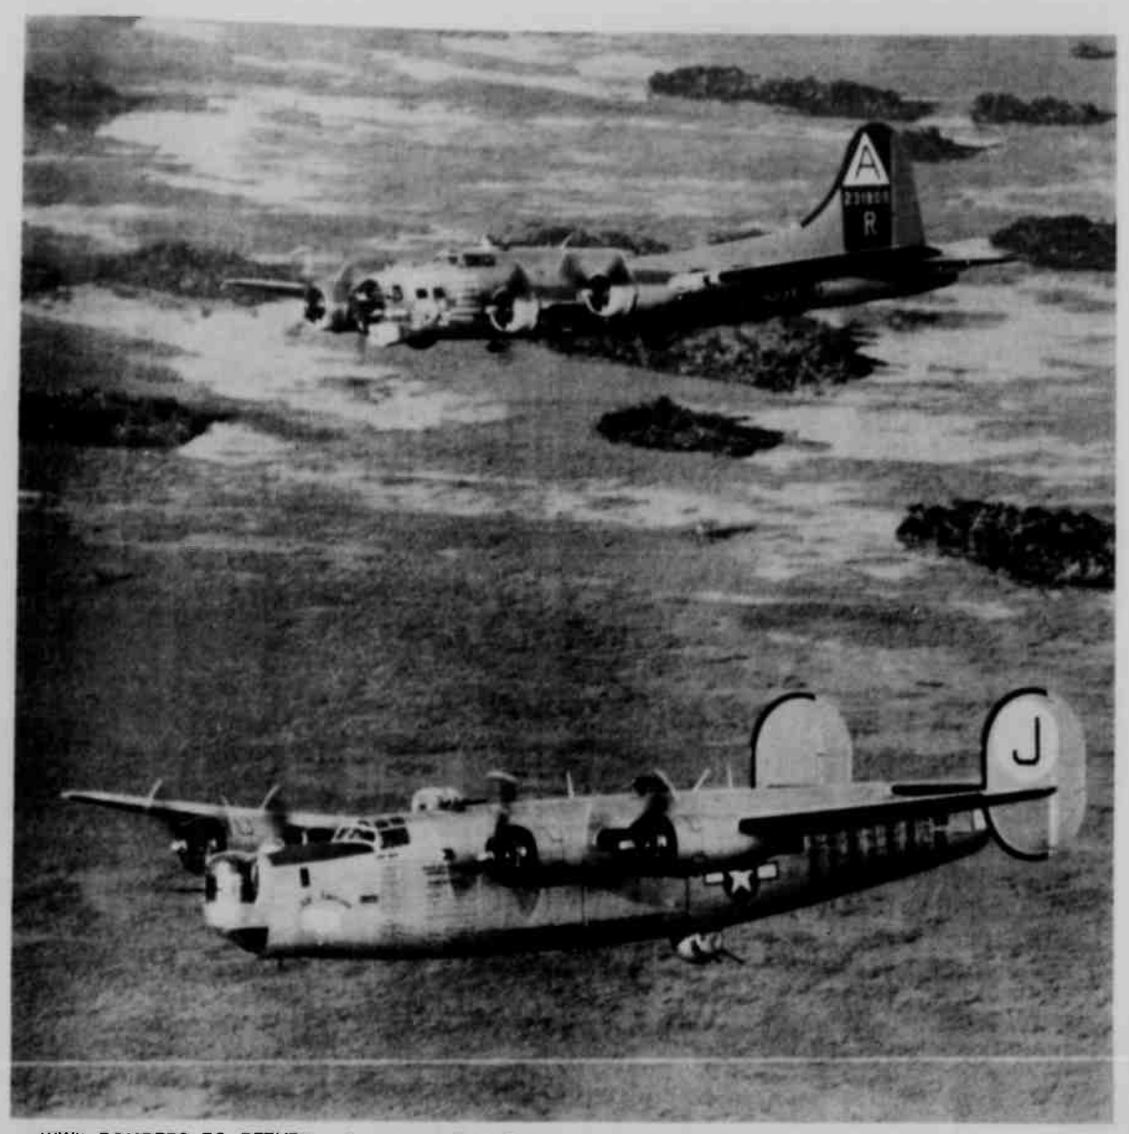
Pre-heat oven to 350° F.

In a medium bowl, whisk together eggs, water, basil, dill weed, salt and pepper; set aside. Heat oil in a 10-inch open saute pan. Saute peppers, garlic and onion for 3 minutes. Sprinkle olives over the mixture. Whisk egg mixture; pour it evenly over the vegetables and cook over medium-high heat 5 minutes. Sprinkle cheese over eggs and place skillet in oven 3 to 4 minutes or until top is set and cheese is melted. Cut into 6 wedges and serve at once. Makes 6 servings.

Nutritional Information Per Serving: 178 calories, 12.4 g. fat, 62% calories from fat, 5.45 g. carbohydrates, 406 mg. sodium, 223 mg. cholesterol, 11.5 g. protein.

QUICK DEEP DISH PIZZA

Vary the ingredients to suit your family's tastes.



- 8 Rhodes Dinner rolls, thawed (but not risen)
- 1/2 cup chunky pasta sauce
- 1/2 tsp. crushed dried oregano
- 1/2 cup cooked diced chicken, beef, ham *or* turkey
- 1/2 of a 10 ounce package of frozen chopped spinach, thawed and well-drained
- 1 cup shredded mozzarella *or* cheddar cheese.

Preheat oven to 400° F.

Knead rolls together into a ball. On a lightly floured surface, roll dough to fit a 2-quart shallow Corning Ware casserole or 10-inch Corning Ware quiche dish. Place dough in greased casserole or quiche dish, cover and let rise until doubled.

Spoon pasta sauce over dough to within 1 inch of edges. Sprinkle on oregano, diced meat, spinach and cheese. Bake 20 to 25 minutes or until crust is golden and filling is bubbly. Cut into squares or wedges. Makes 4 servings.

Nutritional Information Per Serving: 343 calories, 15 g. fat, 40% calories from fat, 28 g. carbohydrates, 956 mg. sodium, 49.7 mg. cholesterol, 23.5 g. protein.

WWII BOMBERS TO RETURN - A restored B-17 Flying Fortress and B-24 Liberator will make a return trip to the Cumberland Airport this Sunday afternoon and be available for touring through Tuesday. Also on Sunday will be a fly-in/fly-over involving a wide variety of other antique aircraft. See story for details.

Restored World War II Bombers Making Return Trip To Cumberland

Restored World War II bombers, the B-17 Flying Fortress "Nine-O-Nine" and the B-24 Liberator "All-American," will make a return trip to the Cumberland Airport this Sunday, Sept. 19, and be on display through Tuesday.

The bombers, which made their first visit to Cumberland last year, will not only be open for tours on the ground, but also be available for a dawn patrol (flights) for persons willing to donate $300 for the continued maintenance of the aircraft. There were two such groups of flyers last year, as flights are contingent on how many persons agree to pay the fare.

One Garrett County resident, Irving Day, who was among those responsible for arranging the visit, has a special interest in the bombers, as he was a member of the 446th Bomb Group, 8th Air Force, during the war. Day was the lead crew bombardier on a B-24 that was shot down in Europe.

The bombers are expected to arrive at the airport at about 4:30 p.m. Sunday, at which time there will also be a gathering of several locally owned classic aircraft produced between 1929 and 1951. A 1927 Pitcairn, Great Lakes replica, 1927 Waco, and a J-3 Cub are among those expected to fly in or fly over that afternoon.

Pleasure rides will also be available and various prizes will be awarded to those purchasing tickets for an interior tour of the bombers. Food vendors will also be situated on the airfield.

Requested tax-deductible donations for tours of the bombers will be $7 for adults and $3 for children under 12.

"We hope that many who previously visited these 1940s state-of-the-art military aircraft will return and spend more time in conversation with the crews, committee, and local veterans who manned these planes in combat," Day said. "We also hope our local Air Corps veterans will come by to meet the public and each other planeside."

Day said the very arrival of the aircraft as they fly over the field, land, and taxi in "will be an exciting extra for the Sunday crowd."

The original "Nine-O-Nine" belonged to the 91st Bomb Group, 323rd Bomb Squadron, Day said. She served a remarkable tour of 140 missions and sustained much battle damage, but survived the war, was returned to the states, and unceremoniously scrapped.

The present "Nine-O-Nine" was built in 1945, too late to see combat, but did see non-combatant duty before reverting to civilian status, fighting forest fires as a fire bomber. Eventually, she was carefully restored to wartime condition and honored with the original "Nine-O-Nine" identity.

The original "All-American" belonged to the 461 Bomb Group of the 15th Air Force and was credited with shooting down 14 enemy fighters during one mission on July 25, 1944, before being shot down over Yugoslavia on October 4, 1944.

The present "All-American" was initially delivered to the British RAF and served in the Pacific Theater until taken over by the Indian Air Force. Later, as a crate of virtual junk, it was acquired by Bob Collings, who expected to restore it for static display only. Day said at one point it was offered to the Smithsonian Institution, but they considered it beyond restoration.

Many veterans, including Day, helped with the restoration project and prevailed upon Collings to go for full restoration to flight status, "which was a massive undertaking," Day said.

In order to encourage donations to fund the restoration, it was decided to honor donors by inscribing their names and the names of their planes and outfits on the outside of the "All-American." Day's wife, Marin, is among those named on the "Distinguished Flying Command" section on each side aft of the waist windows. After making a donation to the project, Day had his wife's name placed there "in recognition of her steadfast support during his (Irving's) training, months of combat, and his incarceration as a POW."

Day also thought it would be of interest to persons planning to tour the bombers at the Cumberland airport next week to know about the conditions that existed inside the aircraft during missions, and thus wrote the following:

"When you walk, crawl, or squeeze through the B-17 Flying Fortress and the B-24 Liberator, give thought to conditions which you cannot appreciate without having been told. Think of the unremitting noise of the four powerful engines and propellers, plus the bone-chilling cold at 20,000 to 30,000 feet of altitude. Even with electrically heated suits and fleece-lined leather jackets, pants, and boots, there was still danger of frostbite, as the temperature was from 30 to 40 degrees below zero.

"Picture yourself in such cumbersome garb trying to keep your hands warm enough to pull a trigger, operate a radio, a navigator's calculator, or all the little switches and other controls within reach of the pilots. Your face is covered by a rubber oxygen mask and goggles with plastic lenses. In the cold your breath condenses in the mask and freezes, clogging the breathing valve, so you must often squeeze the value to break up the ice.

"Sometimes it is necessary to leave your position for another. Picture yourself; now you are carrying your parachute and a walk-around oxygen canister (there are several on board for you to see). It is difficult to squeeze through the bomb bay, or crawl through the tunnel to the nose compartment. You try to hurry because you are, of necessity, disconnected from the electricity that heats your suit.

"As you pass through the waist (the section behind the bomb bay), notice that in the B-24 the two gunners must stand back-to-back, as their guns are directly opposite each other. And, yes, those waist windows are wide open!

"The B-17 waist gunner positions are somewhat more 'user-friendly' in that they are off-set from each other, but those waist windows are not covered by Plexiglas, they, too, are wide open.

"Communication between crew members was not the best. Microphones were worn around the neck; two tiny units pressed against the throat and a headset covered each ear, push-button to talk. Messages sometimes had to be repeated, except perhaps when the message was 'Pilot to crew: bail out, bail out!'

"So, while you are day dreaming, consider bailing out. It happens at least once to a great many crewmen. If you are in a turret (nose, top, ball, or tail), you first had to extricate yourself, find and attach your parachute. Now look at the obstacles to egress: through the camera hatch (through which you entered the B-24), the waist windows (look out for the B-24 tail fins), the bomb bay (the doors must be open and the bombs away), and the nose wheel door (really quite small when you look to dive out!) There is also a top hatch above the flight deck, but it is uncertain how one would use it (and, again, watch out for the tail!)."

Youth Adventures Boy Scout Camp To Be Offered

A Youth Adventure Orienteering Camp for first class scouts, aged 13 and older, will be held at New Germany State Park on November 12, 13, and 14. The camp is being sponsored by the Adventure Sports Institute of Garrett Community College (GCC), the Potomac Council Boy Scouts of America, and the Maryland Department of Natural Resources.

Director of the camp will be Paul Shogren, veteran scoutmaster, and the orienteering will be instructed by Lt. Col. Bob Turbyfill, head coach of the U.S. Orienteering team, and Dan Davis, member of the U.S. Olympic Orienteering team.

Campers will have 15 hours of orienteering experience (navigating from place to place by using single and magnetic compasses), along with other activities during the weekend. The weekend is designed to develop decision-making, team-building, and leadership skills. Scout patrols will provide and prepare their own food.

The camping weekend will begin with arrival between 5 and 8 p.m. Friday, November 12, and will conclude by 5 p.m. Sunday, November 14. Fee for the camp is $90 per camper, and a deposit of $20 is required to be paid by November 2 to the Potomac Council, Boy Scouts of America.

ATTENTION

The Town of Oakland is trying to coordinate a Neighborhood Watch Program. The program will connsist of volunteers who will work closely with the Oakland Police Department.

The program's intention is to deter criminal activity in our town. We can not take away a criminals ability but we can take away the opportunity.

All interested persons should contact Officer Shawn Groves at the Oakland Police Department by calling 334-2100.

ARMED SERVICES REVIEW

Schreiner Promoted

James A. Schreiner was recently promoted to the rank of major in the United States Air Force. He is the son of Mary and Herb Sutcliffe, Lake Shore Drive.

Major Schreiner served in the Persian Gulf on the Island of Bahrain where he flew with 561st Technical Fighter Squadron. He piloted his F-5 G Wild Weasel aircraft from George Air Force Base in Southern California to the Persian Gulf.

Schreiner flew 33 missions in 40 days during the war in the Middle East. His duties included knocking out surface to air missile sights (SAMS). He was awarded the Gold Star while there.

He is now stationed at Holloman Air Base in Alamagordo, N.M., where he has been engaged as an instructor on The F-4 fighters for the pilots of the German Air Force.

Schreiner graduated from Walter Johnson High School in Bethesda and enrolled in the ROTC at the University of Maryland. He then transferred to the University of Vermont where he was second in command of his ROTC unit and was commissioned as a second lieutenant. He received his wings in Columbia, Miss., and became a flight instructor for the T-36 and T-38 jets. Next he spent two years as a Wing Leader at Alconberry Royal Air Force Base near London, England, flying the A-10 fighter also known as the "Wart Hog" or "Thunderbolt." He was elected to the "Order of the Daedelius," an honorary flying society.

He was decorated with the second award of the Air Force Commendation Medal while in England. This medal is awarded to those individuals who demonstrate outstanding achievement and meritorious service in the performance of their duties on behalf of the Air Force.

He is also a member of the Sons of the American Revolution and the Sons of the Confederacy.

U.S. Navy Petty Officer 1st Class Thomas P. Ambrose, son of John H. Ambrose, Deep Creek Lake, recently returned from a two-month Australian deployment aboard the combat store ship USS San Jose, homeported in Guam.

Ambrose's ship was part of the USS Independence Battle Group during exercise Spring Training 93. During the exercise, the group operated with the Australian defense forces off the coast of Western Australia. This year's training allowed ships and aircraft from the USS Independence Battle Group to conduct the first aerial training in the area since U.S. bases in the Philippines closed last year.

USS San Jose is a Mars-class combat stores ship which displaces 16,000 tons fully loaded. Ambrose is one of 438 crewmen on board the ship which is designed to conduct underway replenishment in support of operating forces.

The Navy and Marine Corps operate forward to project a positive American image, build foundations for viable coalitions, enhance diplomatic contacts, reassure friends and demonstrate U.S. power and resolve, from the sea.

Ambrose, a 1982 graduate of Smithsburg High School, Smithsburg, joined the Navy in December 1983.

Currently serving with the 2nd Infantry Division in South Korea is PV2 William D. Schrock, son of Wanda L. Paugh, Deer Park.

Schrock completed basic training at Fort Sill, Okla., in February and went to Fort Sam Houston in San Antonio, Tex., for 10 weeks of AIT Training. He received medical specialist training, graduated in April, and went to Korea in May. He is stationed with a field artillery unit about 40 miles from the DMZ between South and North Korea.

PV2 Schrock is scheduled to return to the states in May of next year and will take a flight medic course in June.

Schrock's address is: HHS 6 37 FA, Unit #15410, APO AP 96257-0230.

On Dean's List

A student from Garrett County was among the 172 students honored for outstanding achievement at Washington College in Chestertown for the spring semester. Students must achieve a grade point average of 3.40 or better to quality for dean's list. Named to the dean's list for the spring 1993 term was freshman Janet D. Hutzel, daughter of Mr. and Mrs. Glenn D. Hutzel, Grantsville, and a graduate of Northern High School.

Washington College is a private liberal arts college in historic Chestertown on Maryland's Eastern Shore.

55 Alive/Mature Driving Course To Be Offered

A "55 Alive Mature Driving Course" will be offered to area senior citizens in a cooperative effort between the Area Agency on Aging (AAA) and the American Association of Retired Persons (AARP). The eight-hour classroom refresher, developed by AARP, is designed to help drivers 50 years or age or older improve driving skills and avoid traffic accidents.

The two-session course will be held Monday, Sept. 27, and Tuesday, Sept. 28, at the Mary Browning Senior Center, 104 E. Center Street, Oakland. A $7 fee will be charged to each student to cover materials.

The driving course is designed to meet the specific needs of older drivers, a spokesperson said. It covers age-related physical changes, declining perceptual skills, rule of the road, local driving problems, and license renewal requirements. Volunteer instructors, recruited and trained by AARP, conduct the course, which is presented through a combination of slide presentations and group discussions. The instructor for this course will be Betty Foy.

An AAA spokesperson noted that automobile insurance companies in Maryland may provide a premium discount to graduates of 55 Alive Mature Driving, which is a state-approved driver improvement course.

For more information or to register for the class, persons may call 334-9431 or 334-3630.

ELCA WOMEN MEET

The Women of the ELCA, Zion Lutheran Church, Jennings, held their monthly meeting in the church on September 7, with four members present.

The topic, "Community Building: A Christian Perspective," was led by Leota Baker. The program endeavored to help the group to gain an understanding of what it means to be a Christian community; to value each other as called disciples with unique gifts; and to deepen and broaden the bonds of community.

Scripture lessons were read by the various members. Devotions closed with the purpose statement of Women of the ELCA.

Ruthella Resh presided over the business meeting.

Subscription were received for the devotional guide, "Christ in Our Home."

A copy of the *Daily Steppingstones* by Helen Steiner Rice, was sent to Dorothy Burow following her recent surgery at Sacred Heart Hospital.

A tribute to the memory of Mr. and Mrs. Norman Baker on their wedding anniversary was made through a gift offering to Women of the ELCA Specific Ministries. This offering will be designated for Rural-Farmland Ministries.

A package containing invalid gowns, bibs, washcloths, and potholders was sent to the Lutheran Home in Kane, Pa.

The next meeting is scheduled for October 5, with the topic being, "Lutheran Identity."

Amateur Radio Service To Hold "Novice" Classes

The Garrett County Amateur Radio Service will conduct free "novice" classes soon for persons interested in becoming FCC-(Federal Communications Commission) licensed amateur radio operators.

"Amateur (HAM) radio offers many challenges," said President Jim McRobie. "There is something of interest for all."

Persons desiring additional information are invited to attend a club meeting on Tuesday, September 21, at 7 p.m. at the Garrett County Memorial Hospital Board Room.

Eastern Garrett VFD Names Auto Show Winners

The 14th Annual Antique and Custom Auto Show hosted by the Eastern Garrett County Volunteer Fire Company and Ladies Auxiliary was held on Sunday, August 22, on the grounds of the Route 40 Elementary School on Longstretch.

The show included 175 vehicles from throughout Maryland, Pennsylvania, Virginia, and West Virginia. Trophies were awarded to the top three vehicles in 30 different classes.

The longest distance award was presented to Charlie Hilton of Chesapeake Beach, who traveled 215 miles to the show. People's Choice was presented to Ed Thomas of Frostburg, who displayed a 1956 Ford F-100 pickup converted into a street rod. Thomas also captured a first place trophy in the class for the vehicle.

CAMPGROUND HOSTS PLAN TO RETURN – The Maryland Department of Natural Resources (DNR), State Forest and Park Service welcomed the first "campground hosts" Marie and Harry Wilson at Deep Creek Lake Recreation Area this summer, and they plan to return next year. The Wilson's, originally from Glouster County, N.J., first came to Deep Creek Lake Recreation Area (DCLRA) in 1984 after they sold their home and purchased a travel trailer. After learning of the campground host program at Sideling Hill Visitor Canter, they expressed an interest. The couple performed volunteer work for seven years with the U.S. Forest Service at George Washington National Forest in Virginia. Anyone interested in becoming a campground host at Deep Creek Lake Recreation Area next year should contact the office at (301) 387-5563.

Local Santa Needs Yard Sale Items

Lou Stouffer, who serves as a local Santa Claus for the area's low-income families, continues to collect toys, household appliances, and clothing to give away during the 1993 Christmas season. He is requesting that persons who have had, or are planning to have, yard sales, to contact him after the sales and he will pick up all unsold items.

"If you don't want to put it away, call me and I'll come take it away," Stouffer told *The Republican* this week.

Stouffer, who is among President George Bush's 1,000 Points of Light, has made literally thousands of deliveries over nearly two decades. He may be contacted by telephone at 304-789-6743.

Legacy Course Set For GCC

"Leaving a Legacy: Telling and Writing Family Stories" is the title of a course being offered by Garrett Community College (GCC) on Wednesday afternoons from 1-2:30 p.m. at the Oakland Senior Meal Site, beginning on September 22. The class will meet for the first several weeks at the Holiness Campground Assembly Hall on "G" Street in Mtn. Lake Park.

Students may register for the course at the first class. The course is being taught by Dr. Gail Herman and Joan Crawford.

Tuition for Garrett County residents is $50 plus a registration fee of $10, and a course fee of $4. For persons 60 years of age or older the tuition fee is waived.

Anyone desiring further information about the course mav call Crawford at 387-3046.

Student Named To Who's Who List

Robert Swiger, a tenth-grader at Southern High School, was recently named to Who's Who Among American High School Students, and his biography will appear in the 27th annual edition of Who's Who. Only five percent of the nation's high school students are honored with the award each year, according to a spokesperson.

Robert is a member of Southern's soccer team and was recently certified as a United States Soccer Federation Referee. He received third place in the school and county science fair and in the regional Science Expo. He was awarded the Tam Science Achievement Award by Francis Tam of Frostburg State University's physics department. He plans to pursue a college education in engineering

The student attends Pleasant View Baptist Church where he is an active member of the youth group. His hobbies include snow skiing, roller blading, and collecting baseball cards. He is the son of Jerry and Jann Swiger, and the paternal grandson of Roscoe and Barbara Swiger, Oakland. His maternal grandparents are Helen Fitzwater, Oakland, and the late John L. Fitzwater Jr.

Zion Christian College Releases Fall Schedule

Zion Christian College, located just off the lower New Germany Road, Grantsville, has announced a full schedule of college courses for the fall semester. These classes are held in the evenings to enable students to continue their education while being employed. Classes start the week of September 13, but late registration is possible for any of the classes listed.

New Testament Survey is offered Monday nights. This is taught by Guy Stanton and is a study of the background, culture, and life of the New Testament writers.

English Bible and Soteriology I are offered Tuesday nights. English Bible is taught by George McDowell Jr., and is a study of the inspiration, canonicity, authenticity and genuineness of the scriptures. Soteriology is taught by Mary Downton and examines the principles which relate to the doctrine of salvation.

Tabernacle and Advanced Pastoral Studies are offered on Wednesday nights. Tabernacle is taught by Linda Stanton and is an examination of the general structure of the Tabernacle with emphasis on typology of sections. Advanced Pastoral Studies is taught by Benny Simmons and includes grief counseling, hospital visitations, and church administration.

History of Evangelism is offered on Thursday nights. This is taught by Bill Durst and is a study of the movements in evangelism from pre-reformation to the present.

All classes start at 6:30 in the evenings and are three-credit courses. More information may be obtained by calling Zion Christian College, 301-895-5978 or by writing to Zion at P.O. Box 44, Grantsville, MD 21536.

Earns Convocation Honors At Hood

Heather Hamilton, daughter of Mrs. Katharine C. Kierstead, Swanton, a junior at Hood College, recently received convocation honors.

She is a dean's list student and is a Maryland Distinguished Scholar. She is also a Beneficial-Hodson Scholar and has been inducted into Pi Delta Phi, the French Honor Society, and the Ionic Society. She is also a Hood Scholar.

A Hood student must earn at least 24 credits for the academic year and maintain a 3.5 grade point average, based on a scale of 4.0, to receive convocation honors. Hood scholars have received convocation honors for two consecutive years.

St. Paul's Youth To Host "Bash"

Farm Bureau Says Streamlining U.S. Ag Department Good Idea

Streamlining and modernizing the U.S. Department of Agriculture is a good idea--especially the goal of eliminating duplicate services, according to American Farm Bureau Federation President Dean Kleckner.

His reaction came last week as the administration released its National Performance Review, a comprehensive proposal to "reinvent government." The proposal, presented to President Clinton by Vice President Al Gore, includes a plan to reduce USDA's structure from 43 agencies to 30 proposed divisions.

"Farm Bureau wants government to operate as efficiently as possible," Kleckner said. "Farmers especially want a government that responds in a timely and coherent manner, one that avoids duplication, bureaucratic runaround and excessive red tape.

"But, the streamlining must be real. It's not enough to pull existing agencies under a single head, if there is not corresponding reform to make programs and services operate better."

The Gore plan calls for the closing or consolidating of 1,215 USDA field offices throughout the country, resulting in an estimated savings of $1.7 billion through 1999.

'Farmers can support a reduction in county USDA offices if services to farmers and rural communities can be maintained or improved," Kleckner said.

"The nation's farmers and ranchers prefer the single agency, one-stop approach to local offices. Office closures, however, should be evaluated on a case-by-case basis to determine if such changes offer increased efficiency or if such closings would force a farm family to travel unreasonable distances to fill out required paperwork."

While some of the proposed changes can be made administratively, most will requirecongressionalapproval to become effective. Many changes may occur to the proposals, and considerable time may elapse before many of the recommendations are finalized.

The Gore proposal also contains certain recommendations that USDA Secretary Mike Espy opposes--including shifting the authority for meat and poultry inspection to the Food and Drug Administration.

Kleckner said such transferring of USDA's food safety responsibilities to FDA "may not result in any improved efficiency" and needs further scrutiny.

The USDA plan calls for creation of a single Farm Service Agency, which will combine many of the functions currently performed by the Agricultural Stabilization and Conservation Service, the Federal Crop Insurance Corporation and the farmer-oriented programs now provided by the Farmers Home Administration.

In addition, a single National Appeals Division will be created, a move applauded by Kleckner.

"We support the call for an improved national appeals process on government decisions, which in our judgment could include conservation compliance, swampbuster and wetlands determinations and farm program decisions," the Farm Bureau leader said.

Several new entities will be created to report to the undersecretary for rural economic and community development. The Rural Electrification Administration, the Rural Development Administration and the rural housing programs now contained in FmHA will be combined.

There will be a minor restructuring of authority for natural resources issues. SCS will be merged with conservation functions now contained in ASCS in a new Natural Resources Conservation Service. The Forest Service also will report to the assistant secretary in this area.

In a major shift in emphasis, the plan calls for creating an undersecretary for food, nutrition and consumer services, which elevates the position from the level of assistant secretary.

Other key points of the Clinton-Gore reorganization plan include the elimination of federal support payments for wool, mohair and honey producers, and increased presidential authority to cut spending items in lieu of a line-item veto.

Other key points of the USDA reorganization plan:

* Elimination of at least 7,500 USDA jobs at the federal level over the next five years, resulting in annual savings of about $400 million. Jobs will be eliminated through attrition and cuts.

* Creation of the International Trade Service Agency, which combines the Foreign Agricultural Service and the Office of International Cooperation and Development. (The national appeals division also will be in this agency.)

* The Packers and Stockyards Administration will be merged with the Federal Grain Inspection Service.

* The Agricultural Research Service, Extension Service, Cooperative State Research Service and the National Agricultural Library will be merged into the Agricultural Research and Education Service.

* A new Agricultural Economics Service will combine the Economics Research Service and the Office of Energy.

Farming In Maryland.....

Silage Harvest Reaches Midpoint

Through the week ending September 12, Maryland farmers harvested 50 percent of the corn silage acreage. This was more than the 11 percent harvested at this time last year and the 42 percent normally harvested at this time of year.

Across the state, the topsoil moisture rating improved to 17 percent very short, 50 percent short, 33 percent adequate, and none surplus. Subsoil moisture also improved to 22 percent very short, 72 percent short, six percent adequate, and none surplus. Conditions allowed an average of 6.1 days suitable for fieldwork during the week, according to tha Maryland Agricultural Statistics Service.

Statewide, hay supplies were short to mostly adequate and cool weekend temperatures improved pastures slightly to average in very poor to poor condition. Soybean condition was stable and averaged in poor to mostly fair condition, field corn was in poor to fair condition, and sorghum was in fair to good condition. Spider mites and earworms continue to be moderate problems in many areas.

Maryland's progress for the week ending September 12 was as follows, listing the item, this year's percentage, last year's percentage and a percentage for the 5-year average.

Corn in dough stage or later, 96, 80, 93; dent, 81, 61, 79; mature, 46, 24, 40; grain harvested, 11, 3, 8; silage harvested, 50, 11, 42.

Soybeans setting pods, 91, 87, 89; turned, 23, 9, 14; shedding leaves, 3, 2, 3.

Sorghum turned, 32, 40, N/A; mature, 10, 9, N/A.

Sweet corn harvested, 97, 92, 94.

Alfalfa hay, fourth cutting, 56, 30, 36; other hay, third cutting, 47, 58, 37; fourth cutting, 43, 13, 8.

Peaches picked, 97, 91, 93.

Apples picked, 30, 23, 34.

N/A: Not available.

WEATHER

Maryland weather for the week ending September 10 had above normal temperatures and near normal precipitation. Temperatures averaged 75.1 degrees, 5.2 degrees above the normal of 69.9 degrees for the September 4 to September 10 period. Minimum temperatures ranged from 46 degrees at Oakland to 66 at Patuxent, but generally around 60. Maximum temperature was 96 degrees at College Park and Upper Marlboro and generally around 90. Precipitation averaged 0.84 inch, 0.02 inch below the normal of 0.86. Precipitation ranged from 0.05 at the Wye Research Center to 1.80 inch at Hancock. Regional averages were: western, 1.24; north central, 0.83; southern Maryland west of the Bay, 0.74, and the Eastern Shore, 0.71.

Legislative Meeting Set By Farm Bureau

Garrett County Farm Bureau will hold its annual Legislative Meeting Thursday, September 23, beginning at 7 p.m., at the Hilltop Inn in Grantsville.

Jack Miller and Norman Astle, legislative liaisons for Maryland Farm Bureau, will attend to discuss what happened in last year's General Assembly. They will also make predictions and discuss future legislation, especially growth management. Growth management is a topic which Miller expects to be pushed this year by legislators because of the Chesapeake Bay.

Senator John Hafer, Delegate George C. Edwards and the Garrett County Commissioners have all been invited to the meeting.

All Garrett County Farm Bureau members are urged to attend.

DeBerry Places In State Tractor Driving Contest

Jamie DeBerry, a member of the Oakland FFA Chapter, placed ninth in the Maryland FFA Safe Tractor Operator Contest held September 2 during the Maryland State Fair in Timonium. The contest is sponsored by the Mid-Eastern Equipment Dealers Association as a special project of the Maryland FFA Foundation. The first place winner was Ashton Frey, of the Smithsburg FFA Chapter, and second place was won by Joshua Phillips, of the Kent Co. High School Chapter.

According to Contest Superintendent Dr. Lee Grant, of the Department of Agricultural Engineering at the University of Maryland at College Park, the contest consisted of three components -- a written examination, safe tractor operation, and a problem solving activity. Each student drove a tractor through two courses, one with a two wheel implement and one with a four wheel implement towed behind. The students were evaluated during the driving section on safety, time, and their accuracy while driving the course. In the problem solving, each student was given a tractor that would not start and had to find the problem and correct it.

DeBerry is the son of Gary and Cathy DeBerry, of Oakland.

Oakland FFA Places Third In Livestock Judging

The Oakland FFA Chapter placed third in the Livestock Judging Contest held September 4 during the Maryland FFA and 4-H State Fair Judging Contests.

The contests are hosted by the Maryland State Fair at the Cow Palace in Timonium. The Livestock Contest is sponsored by R.D. Bosman & Sons, Inc. as a special project of the Maryland FFA Foundation. The high scoring individual for the Livestock Judging Contest was Robert Dinsmore, FFA member of the Brunswick Chapter. The winning chapter was South Carroll FFA, and Flintstone FFA placed second.

According to Contest Superintendent Bill Curry, livestock extension specialist in the Animal Science Department at the University of Maryland at College Park, there were six teams registered with 20 members participating. Contestants were asked to place six classes of livestock of four animals each and to prepare and present one set of oral reasons.

Scoring individually for the Oakland Chapter were Allen Mason, ninth, receiving a silver medal; Laah Broadwater, 11th, bronze medal, Jamie Bolyard, 13th, bronze medal; and Jamie DeBerry, 20th, bronze medal.

Total milk produced in the state last year amounted to 125 million gallons.

OUTSTANDING CLUB AWARDS -- During the awards ceremony at the Garratt County Fair, saveral 4-H awards were presented to clubs and individuals. Three clubs were prasantad plaques for being named Outstanding Clubs for the 1992 year. This recognition, sponsored by the Maryland Chapter of 4-H All-Stars, was previously announced during tha State Recognition Program. Pictured, laft to right above, are: David Butler, North Star 4-H Club; Jamie DeBarry, Country Kids 4-H Club; Sarah Hutzal, Garrett County Farm Queen; Jennifer Weller, recipient of the John Thomas Sealing Memorial Scholarship; and Katia Steyer, Ryan's Glade 4-H Club.

Hints To Growers

Now!! – Kill Those Perennial Weeds

Harvesting is almost completed on the major vegetable crops such as sweet corn, snap beans, etc. If you have some problem weeds in the field such as quackgrass, nutsedge and dock, now is the time to eliminate them. Perennial weeds are now storing up food for the winter, therefore, herbicides are readily absorbed into the plant. I would recommend using a systemic non-selective herbicide such as Round-up to kill the weeds. Using a herbicide now can certainly eliminate a lot of weed problems next year

Important – Record Your Problems

Look back over this growing season and jot down on paper the problems that you had in production. Problems such as poor growth, diseases and insects, over or under production, or poor quality can many times be over-come by first identifying the problem followed by identifying solutions.

For example

Problem --	Poor Growth
Possible Causes --	Low fertility or improper balance of nutrients
--	low pH
Solution --	Have soil tested
Problem --	Late blight on tomatoes
Potential Causes --	Did not use fungicides
--	Variety non-resistant
--	Weather conditions
Solutions --	Plan a fungicide spray schedule
--	Use tomato varieties that have resistance to late blight

Now if you're like me, you say to yourself, "I don't need to write this down. I'll remember all the problems until next spring." I can almost guarantee you that you won't remember all the problems. Take time now to record and evaluate

Each month, "Crop Talk" will address four agronomic questions that crop producers have asked agronomist Dr. Richard Bohling. The column will emphasize problems and solutions to these issues -- not products -- and he wishes to encourage readers to send him any crop related questions they might have.

Dear Dr. Bohling, Because of the late planting season and the cool growing season, I'm concerned my corn may not reach maturity. What are my chances of "dry corn" if the crop is frosted prematurely?

The chances of harvesting "dry grain" depend on the ear's stage of development when the frost occurs. If the corn is frosted in the milk stage, you'll be restricted to using the crop as silage or possibly as high-moisture ear corn. If it's in the late milk to soft dough stage, you'll probably be able to harvest the crop as grain if some of the plant tissue survives the frost and the dry down conditions are favorable after the frost. If the corn reaches the early dent stage, your potential for "dry grain" is quite high.

Your final yield and harvest potential depends on the severity of the frost and how much, if any, of the plant survives. Although you may have complete leaf kill, sugar from the stalk, ear shank and husk can be transferred to the developing ear. This can add up to 20 percent of the final grain yield. However, this will cause the stalk to deteriorate quickly and promotes stalk rot and the potential for lodging. So where you have fields with leaf kill from frost you'll want to monitor the crop closely for lodging. Until you see the black layer, which indicates maximum dry matter accumulation, don't give up hope that some addition to grain weight can occur.

The dry down rate for immature frozen corn is similar to that of normal corn. But you'll notice a temporary delay in the dry down process immediately following the frost. The delay could be 5 to 10 days. So, a frosted field would have wetter corn than a field that wasn't frosted.

Dear Dr. Bohling, If my corn gets frosted before the milk stage and I decide to harvest it for silage, what are the best management practices to follow?

The optimum moisture for silage fermentation occurs when the whole plant moisture is 65 percent. It's best to wait until the whole plant moisture reaches this level for silage harvesting. However, while waiting for this to happen you may experience some field loss. You'll need to balance your losses against the quality problems you might experience with too wet silage. When you ensile corn too high in moisture, the silage will sour, you'll lose some nutrients through seepage, and livestock consumption will be lower. One thing you can do if you elect to harvest above the optimum moisture content is to add dry grain at a rate of 30 pounds per 1 percent moisture reduction per ton. This will help further dry the silage. For example, if you harvest at 75 percent moisture and you want to get it down to 70 percent, you'll need to drop it 5 points. You'll need to add 150 pounds of dry grain to a ton of silage. (5 moisture points ton x 30 pounds grain moisture point = 150 pounds of dry grain per ton.)

Don't immediately run to the field and cut the crop for silage after a frost. Balance the field loss with quality before making a decision when to harvest for silage.

Dear Dr. Bohling, My corn crop suffered a number of stresses this year from various weather, disease and insect problems. What should I expect at harvest?

Corn that's been stressed is subject to stalk rot problems. Anytime the plant is placed under stress, stalk rot organisms have a better opportunity to infect the plant. This can lead to yield losses. I recommend growers inspect susceptible fields regularly during late August and September. You'll need to do more than a windshield survey. As you walk your fields, make sure you adequately cover different soil types, drainage patterns, rainfall differences, soil fertility levels and hybrids. To estimate the severity of stalk rot, pinch stalks near the ground and up toward the ear. If it easily collapses that's a good sign of advanced stages of stalk rot. If this occurs, monitor the field carefully and be prepared to harvest soon after the grain reaches physiological maturity, if necessary. That's when maximum dry matter has accumulated and a black layer forms at the tip of the corn kernel. Grain moisture will be between 30 to 35 percent.

Dear Dr. Bohling, In my field there are several wet spots. At harvest time there's going to be patches of crops in the same field that are ready at different times. Do you have any suggestions on how I can minimize the impact of moisture differences?

I recommend that areas of the field with significant differences in grain moisture be harvested separately. Treat those spots just like you would if you had two hybrids in the same field that reached maturity at different times. Although blending is an option, I prefer keeping the grain separate by harvesting at different times. Often blending just results in turning good grain into bad grain, instead of turning bad grain into good grain. Although it might be inconvenient, let Mother Nature do the field drying for you whenever possible.

FRIENDS OF 4-H – The Garrett County 4-H program recently completed the presentation of Friends of 4-H Awards previously announced at the Annual 4-H Achievement Program. This year's recipients were the individuals who volunteer their time in support of the Annual 4-H/FFA Livestock Sale at the Garrett County Fair. Pictured above, left to right, are: Sarah Hutzel, Garrett County Farm Queen; James Glotfelty, clerk; Leonard Custer, Custer's Auction Service; Joe Friend, Jr., Friend's Stockyard; and Robert Custer, Custer's Auction Service. Joe Friend, of Friend's Stockyard (not pictured), was recognized as the annual auction started. Awarded certificates during the Achievement Program were Gary Fratz, announcer, and Ellsworth Yoder, ringman. The 4-H program appreciates the time and support these individuals have given in support of Garrett County youth in the 4-H/FFA Livestock Program.

The Last Cutting Of Alfalfa

If you receive the *Pennsylvania Farmer* magazine, I would recommend that you read an article in the September issue titled "When to Take That Last Cutting of Alfalfa." The important point of the article is that alfalfa needs four to six weeks of regrowth before a killing frost. During that period of regrowth the alfalfa plant stores up its winter food supply. After a killing frost and the plants go dormant, you can take the last cutting. It is recommended that you cut a little higher than usual leaving 4 to 6" stubble. As suggested by Les Vough in the article, your cutting schedule should be planned backward from that expected frost date. Now in Garrett County that makes planning somewhat difficult. However, alfalfa can absorb a light frost, so probably we can use around October 1 as a harvest date to plan our cutting schedule. On a good alfalfa field I feel you should plan for a four cut system. At the community college plots we have our trials on three, four, and five cut systems. We should have some good results to give to you this year.

Silo Gases!

I generally write about this topic around this time each year. We have to watch that we don't become too complacent about the dangers in the silo. It is so easy to think that accidents won't happen to me or my family.

As soon as corn silage begins fermenting, gases are produced. Some of the gases are deadly if inhaled for a period of time. The dangerous gases are odorless and colorless, and affect the nervous system. It's easy to convince yourself that you won't stay long in the silo, but if the gases affect your brain functioning, you lose control of time. If you must enter the silo, make sure you are equipped with safety equipment.

Private Applicator's Pesticide Licenses

For those of you who need to obtain your pesticide licenses mark the following dates on your calendar. Maryland Department of Agricultural will be giving the exam on November 17 (Wednesday) at 7:30 p.m. at the Garrett County Extension Office. To help you prepare for the test, I am holding a workshop on November 9 at 7:30 p.m. at the Extension Office. This workshop is not a requirement. If you do not have the study manuals, contact my office for copies.

Exploding Pig

(From Farm Safety News/Spring 1993)

"Romanian farmer" was hospitalized three days when e pig he had slaughtered for his holiday dinner exploded. A doctor who treated the farmer's wounds said the man had inflated the pig with gas to make it easier to clean the skin.

Transylvania farmers usually inflate the pig using the exhaust of a vacuum cleaner or a pump to tauten the skin and burn straw to remove the hair and clean it. The farmer's vacuum cleaner was broken so he used bottled gas and the pig exploded when he singed it with a naked flame.

The type of gas used to inflate the pig is not identified in the story. From the circumstances given, it was probably propane, a highly explosive gas.

LIONS CLUB NEWS

The mowing of the Town Park was done on September 9 by Lions Bill MacLane, Oscar VanScheetz, and Marlin Lawson. Use of equipment was donated by MacLane and Lawson.

The footers for the dugouts were constructed by Lions Homer Rodeheaver, Ken Metheny, Laura Leilich and Doug Georges. Rob Smith and other members will be laying the blocks for the dug-outs starting this Saturday.

Kenneth Harding Sr. presented a sizeable donation to Marlin Lawson, president of the club, to be used specifically for the lights for the ball field. The Lions will be purchasing the lights by this fall.

Lawson sponsored a new member to the club at the September 9 meeting. He is Rob Smith, of Buffalo Run, Friendsville.

The first zone meeting will be held September 20 at the Raven's Inn, Markleysburg, Pa., at 6:30 p.m. It will also be ladies night. All members are urged to attend. Anyone planning to attend should contact club secretary Oscar VanScheetz at 746-5823.

Descendants Of Chaneys Reunite

The descendants of the late Thomas and Josephine (Porter) Chaney recently held their annual reunion at Little Meadows Lake pavilion as guests of John E. Davies, owner of Little Meadows Lake and Campgrounds, near Grantsville. Some 30 family members and friends were in attendance.

The invocation for the meal was given by Rev. Connell Chaney. A memorial service was also conducted by Rev. Chaney for family members who had died since the last reunion. Poems, music, and anecdotes were presented. Viola Chaney presided at the business meeting and a collection was taken to cover expenses for the next year.

The next Chaney reunion will be held the last Sunday of August 1994.

Lighthouse Holds Health Workshops

Garrett County Lighthouse, Inc., with the assistance of the Garrett County Health Department, division of Personal health, recently sponsored a series of health education workshops.

Jackie Snelson, of the Health Dept., led a workshop Sept. 7 for Lighthouse consumers and staff on infection control. Topics reviewed were: how to prevent the spread of diseases, universal precaution, and proper handwashing techniques.

On Sept. 9, Becky Parks presented the first of three seminars on parenting and family health topics.

"The importance of health education with the awareness of good health habits are part of our program at Lighthouse," stated Debbie Jo Adams-Noroski, executive director. "Each month when we begin planning for activities we try to arrange for guest speakers on health, education, career planning, nutrition, and other related topics."

GRANTSVILLE NEWS

FELLOWSHIP DINNER

The 26th annual Women's Fellowship Dinner was hosted by the Christ's Lutheran Church in Grantsville last Wednesday. The Rev. David Fetter, pastor, led devotions and gave a welcome. Vivian Diehl played the organ.

A memorial service was held for James Robinson, Donald Kamp, Ellis Crowe and Callen Weimer.

The current officers were still retained. Margie Menges is secretary and Alice Younkin, president.

The group then moved to the social room for a meal and fellowship. There were 48 persons in attendance.

The ladies from St. Paul's United Methodist Church had the program, which was called, "My Sister's Keeper." Marsha Swauger chaired the program. Nancy Jones, Marsha Swauger, Kelly Ann Allen, Josephine Oestor and Ruth Hetz gave the readings. Ruth Hetz closed with prayer. Each one present was given a carnation before going home.

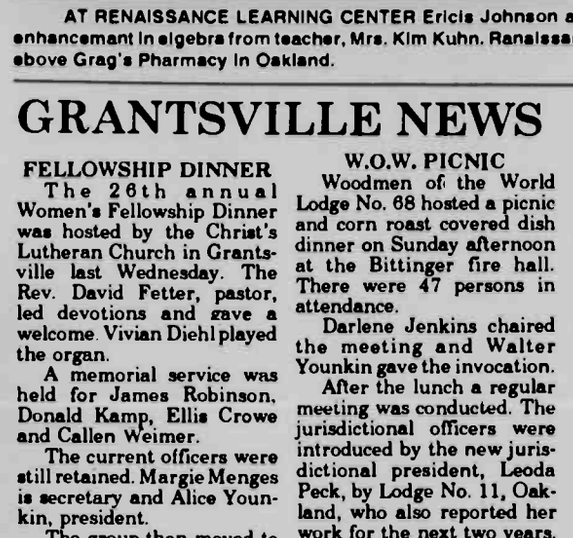
In 1994 St. Ann's Catholic Church will host the event and Christ Lutheran Church will have the program.

W.O.W. PICNIC

Woodmen of the World Lodge No. 68 hosted a picnic and corn roast covered dish dinner on Sunday afternoon at the Bittinger fire hall. There were 47 persons in attendance.

Darlene Jenkins chaired the meeting and Walter Younkin gave the invocation.

After the lunch a regular meeting was conducted. The jurisdictional officers were introduced by the new jurisdictional president, Leoda Peck, by Lodge No. 11, Oakland, who also reported her work for the next two years.



Kathryn Jenkins, coordinator from Lodge 1, reported on the planned senior camp in October and the Youth Camp which was held at Camp Hickory in August.

Robert Rodeheaver was given the opportunity to speak.

Darlene Jenkins has been appointed the legislative committee for the next four years.

Lodge banquets are scheduled as follows: Cumberland Lodges, October 9; Lodge No. 41, October 16; and Lodge No. 68, November 6.

The Spring Meeting will be hosted by Lodge No. 41 on April 24 at the Grantsville fire hall.

SNOW-MOVER'S EFFORTS APPRECIATED - Dave Stephens, Sand Flat Road, was recently presented with an Award of Appreciation by the Villages of Wisp Homeowner's Association in recognition of his tireless efforts of snow removal during the past winter. "With the county providing its usual good job of cleaning Marsh Hill Road," said Steve Sawin, president of the Association's board of directors, "Dave took over from there and kept the Villages of Wisp roadways and parking lots open, making sure skiers had access to their houses and the slopes." Stephens apparently worked 29 consecutive hours after the March snowfall. Pictured above, left to right, are Catherine King, board of directors vice-president; Sawin, Stephens, and Linda Crozier, secretary/treasurer of the board of directors.

Md. Arts Council To Award Solo Artists' Grants

The Maryland State Arts Council has recently announced that Individual Artists awards for outstanding solo performing artists, including actors, dancers, instrumental musicians, and singers, will be awarded, with grants ranging from $1,000 to $6,000. Residents of Maryland, 18 years of age or older, are eligible to apply, according to the guidelines.

This awards program is for solo performing artists only. Groups or ensembles of two or more artists are not eligible for consideration; however, a solo instrument with accompaniment is acceptable.

Deadline for applications is October 22, and application forms are available by calling the Maryland State Arts Council at 410-333-8232.

Solo instrumental and vocal performance applicants must supply audio-cassettes for judging; solo dance performance and theater performance applicants must supply VHS format video-cassettes. All tapes submitted must be of performances within two years prior to the date of application. Entries will be judged anonymously by out-of-state jurors whose decisions will be based solely on artistic merit.

Miss Rodeheaver Named To U.S. Nat'l Honor Roll

Chasity Rodeheaver, daughter of Paul and Linda Rodeheaver Jr., Oakland, was honored recently for academic achievement as a United States National Honor Roll Award winner, sponsored by the United States Achievement Academy (USAA).

The USAA honor roll awards provide chosen students with various benefits and services, a spokesperson said. Miss Rodeheaver's biography and picture will appear in the USAA National Awards Yearbook, to be published by Dec. 30.

The student is a seventh-grader at Southern Middle School, and is a member of the school band in which she plays the clarinet. She also plays piano.

Her grandparents are Stanley and Inez Thomas and Paul and Mary Ellen Rodeheaver Sr., all of Oakland.

Tommy Dorsey Orchestra To Perform At PSC

Highland Arts Unlimited invites the public to the Church-McKee Arts Center on the Campus of Potomac State College, Keyser, W.Va., on October 4 to hear the Big Band sound of Tommy Dorsey's Orchestra, conducted by Buddy Morrow. The program will begin at 8 p.m.

The 17-member orchestra plays such favorites as 'Night Train" and "On the Sunny Side of the Street" in retaining the authentic sound and style of the late Tommy Dorsey.

'Buddy Morrow, who is recognized as one of the greatest trombone players ever, is one of the rare Big Band leaders whose skill on his horn is both an inspiration to his band and a thrill to audiences wherever he appears," stated one critic.

The remaining HAU schedule for this season is as follows:

Oct. 19 - Ted Brown will play the music and portray the genius of Mozart.

Dec. 13 - The season presentation of Babes in Toyland.

Feb. 10 - Jazz Dance Theatre South will perform.

Mar. 7 - Renaissance Winds of the Pittsburgh Symphony, consisting of five wind instruments and the concert pianist, will present an evening performance.

April 14 - The versatile Dutton Family will perform, utilizing a variety of instruments.

Family memberships, which grant admission to entire families, are available for $60. Other membership categories are: Contributor (one adult), $30; Patron, $75; Sustaining Member, $100; Angel, $150; and Archangel, $500 or more.

Persons may become members by mailing their checks to Highland Arts Unlimited, P.O. Box 63, Keyser, WV 26726. For more information, persons may call 304-788-1235, 788-0111, or 788-1069.

All programs are made possible by the financial support of memberships, Potomac State College, the Vive I Heinz Endowment, the West Virginia Commission on the Arts, and the National Endowment Foundation of the Arts.

The Garrett County Crime Solvers organization is currently seeking information into a breaking, entering, and theft incident at Sisler Lumber Company in Mountain Lake Park.

Unknown persons broke into the establishment on July 15, sometime between 12:30 and 6:30 a.m., and entered two storage rooms. They apparently removed two Poulen chain saws, a Stihl chain saw, and assorted mechanic's tools. The loss was estimated at $3,795.

Any person with information about this or any other unsolved crime is urged to contact Crime Solvers at 334-1975. Rewards of up to $1,000 are available to persons who provide tips that lead to arrests. Callers do not have to give their names nor appear in court.

Bartlett Receives Licensed Firearms Dealers Award

Sixth District Congressman Roscoe G. Bartlett this week received a public service award from the Maryland Licensed Firearms Dealers Association for his display of gun rights leadership in the 103rd Congress. Presenting a plaque and accompanying resolution at the Congressman's office was Sandy Abrahms, president of the Maryland Licensed Firearms Dealers Association. In its resolution, the association recognized that the state of Maryland, in its constitution, has no formal protection of the right to keep and bear arms.

The association based its decision to give the congressman his award on a piece of legislation he introduced last spring, HR 1276, "The Citizen's Self Defense Act," giving all citizens the right to own a gun, and to use that gun in defense of self, family, or home.

"Roscoe Bartlett has decided to stand up for the rights of gun owners in this state and in the other 49 states . . . Roscoe Bartlett has earned the thanks of every member of the Maryland Licensed Firearms Dealers Association, Inc., as well as every gun owner in the state of Maryland and the United States," stated the resolution.

"The right of an individual to defend himself, his loved ones, and his home is one of the basic building blocks upon which all civilizations are built. Without this basic right, all other rights and liberties are meaningless," said Bartlett. "I applaud the Maryland Licensed Firearms Dealers Association for all of their activity in defending the right to keep and bear arms and am honored to receive this award," he said.

State Discharge Permit Application Number: 93-DP-0598, NPDES Number: MD0020761, Basin Number: 05-02-02-04, (Casselman River Drainage Area). The Town of Grantsville has applied for a renewal permit to discharge at a rate of 0.3 million gallons per day (mgd) of treated municipal wastewater from Grantsville Wastewater Treatment Plant located approximately ¼ mile east of the town limit, near the bridge on Casselman River on alternate Route 40, Garrett County, into the Casselman River, which is Classified as Use IV water, protected for the put and take trout fishing. The treatment at the facility is provided by a recently constructed rotating biological contractor (RBC) based plant, with ultraviolet (UV) disinfection.

Tentative determination: to reissue discharge permit, wastewater to be treated to meet the following effluent limitations: BOD5, 30 mg/1 maximum monthly arithmetic mean, 45 mg/1 maximum weekly arithmetic mean; total suspended solids, 30 mg/1 maximum monthly arithmatic mean, 45 mg/1 maximum weekly arithmetic mean; total kjaldahl nitrogen, 20 mg/1 maximum monthly arithmetic mean, 30 mg/1 maximum weekly arithmatic mean (from 5/1 to 9/30 only); facal coliform, 200 MPN/100 m1 maximum monthly log mean value; dissolved oxygen, 5.0 mg/1 minimum at any time and 6.0 mg/1 minimum daily average; and pH maintained between 6.5 and 8.5. If chlorine is used in the treatment process, de-chlorination is required to reduce the total residual chlorine to the non-detectable level. The effluent limits reflect water quality based requirements necessary for compliance with the State of Maryland Water Quality Standards. Regular effluent monitoring is required. The expiration date of the permit may be adjusted, if necessary, to a maximum of five years after the actual date of issuance of the permit.

Save Over $22,000 on a $70,000 Mortgage.

How you pay your mortgage affects how much you pay

A ***Biweekly Mortgage*** from American Trust not only saves you money, it lets you build equity in your home faster and pay off your loan sooner. And since your payments are automatically deducted from your American Trust checking account, you will never have to write a mortgage check again!

With the ***Biweekly Mortgage*** program from American Trust, instead of making one large house payment every month, you make half that monthly payment every two weeks. As a result, the principal balance of your loan is reduced quicker - allowing you to save thousands of dollars and own your home in a shorter period of time than you would with a conventional mortgage. Compare the facts for yourself.

BIWEEKLY MORTGAGE COMPARISON

$70,000 Mortgage	MONTHLY	BIWEEKLY
APR*	7.241%	7.224%
Payment Amount	$415.20	$207.60
Total Interest Paid	$100,651.83	$78,501.24
Years to Own Home	30	24.5

Amount of interest saved with biweekly is $22,150.59

*APR based on 5.90% discounted interest rate plus one point and is subject to increase after consummation. Above example based on a 6 month adjustable rate mortgage, 5% downpayment, 20% down required without Private Mortgage Insurance.
